Marian Shrines of Italy

During this Jubilee year there will be many millions world-wide going on pilgrimages to special designated shrines to gain the Jubilee Indulgence. It is estimated that there will be millions of pilgrims converging on Italy during this Jubilee year. There are over 1500 Marian Shrines in Italy, which account for 85% of all their shrines. Marian Shrines in Italy is both timely and informative. Anyone reading this book during this Jubilee year will have a greater appreciation of what it means to be Catholic, and to be Catholic means to be Marian. The history, the culture, the great masterpieces of Italy, and above all the Faith that inspired the building of these great Marian Shrines can not help but to make one proud of being a member of the Holy, Roman, Catholic Faith. The book has over 40, well illustrated chapters on the Marian shrines. Each inspiring story shows dramatically how Mary has helped her children both collectively and individually, visibly shown at her shrines through the many thousands of ex-voto offering for favors received. The chapters vary from apparitions of Our Lady which motivated the building of a shrine where many graces and miracles have been recorded and documented. Other topics include; a Basilica built on a plot of ground marked off by snow in the hottest month of the year in Rome; the Holy House of Mary in Nazareth appearing in Loreto, Italy; a beautiful Icon of Our Lady on a piece of heavy slate floating from an overflowing well; the building of a whole city around a basilica in honor of Our Lady of the Rosary constructed by a lawyer who was a former Satanist priest, and more.

Marian Shrines of Italy

This book is the first volume of 8 volumes of the Authentic Marian Shrines of the World that have been approved by the Catholic Church as places worthy of being visited for pilgrimages and private prayer. The 13 major Marian Shrines included in this volume include Austria, Poland, Cuba, Italy, Malta, France, Canada, Germany and Lithuania. In explaining the significance of each Marian Shrine the writer also gives the background to each country and the contact details of each Shrine along with the appropriate website.

Authentic Marian Shrines of the World- Volume 1

A story of love and sacrifice for our time This book is sure to challenge the faithless, excite the interest of the wavering, and inspire the faithful to aspire to holiness. Over 40 chapters including the two inspirational homilies given by Pope John Paul II during the beatification celebration in Rome, May 2 and 3, 2000. Part one of the book is a short biography. The second part is on Padre Pio's spirituality, charisms, apostolate of the confessional, and his great work of charity, 'The House for the Relief of Suffering.' One must see the contents to appreciate the wide coverage. "Padre Pio is one of those saints, like St. Francis of Assisi, who transcends his own time. Thus, this book will always have a timeless value and appeal. May the Blessed Mother enlighten and guide all who read The Wonder Worker." - Fr. Andrew Apostoli, CFR, popular guest speaker in Mother Angelica's EWTN You learn from this book... - An account of prodigy and heroism from a saint of Gargano - The life and mission of Padre Pio - The importance of Catholic family upbringing in producing saints - Detailed account of the saint's stigmata - The heroic virtues of Padre Pio for imitation - Accounts of miracles through Padre Pio's intercession

Padre Pio - the Wonder Worker

The Virgin Mary continues to attract devotees to her images and shrines. In *Moved by Mary*, anthropologists, geographers and historians explore how people and groups around the world identify and join with Mary in their struggle against social injustice, and how others mobilize Mary to impose ideas and rules and legitimize acts of violence and suppression. Far from an outdated practice of little relevance to the modern world, Marian pilgrimage expresses the deep and urgent concerns of a wide range of people. With examples of Marian pilgrimages from all over the world, *Moved by Mary* explores the ways in which men and women of different ages and religious, political, social-economic and ethnic backgrounds empower themselves to deal with modern-day issues with Mary's help. The ethnographic cases reveal the cultural and devotional variation of Marian pilgrimage, but also global similarities. Collectively, the contributors to *Moved by Mary* show how in many places religion dramatically suffuses everyday life.

Shrines of Our Lady

This groundbreaking book looks at the major approved Marian apparitions of the last five centuries and relates them to important historical moments: the Reformation, the French and Russian Revolutions, the rise of Nazism. These Marian apparitions, and particularly Fatima, are not historically unimportant events, but rather follow a preordained plan: they have a crucial role in helping us to see how the modern world, with all its problems, has developed. Donal Foley makes clear the fascinating and intriguing connections between Marian apparitions and the Scriptural types of Mary found in the Bible, a crucial element in the theology and exegesis of the early Church Fathers. By understanding these biblical types and their symbolism we see that each of the apparitions has a much greater significance for both the Church and the modern world than has generally been recognised. Here is a convincing demonstration that the future of the Church, and the papacy, is intimately bound up with a proper understanding of the role of Mary: there will only be true peace in the world when her message is accepted and lived. If you thought you really understood how the modern world developed, and the role and meaning of Marian apparitions, then this book will make you think again. 'Donal Foley has written a book with an extraordinary message.' Aidan Nichols, O.P.

Moved by Mary

The Oxford Handbook of Mary offers an interdisciplinary guide to Marian Studies, including chapters on textual, literary, and media analysis; theology; Church history; art history; studies on devotion in a variety of forms; cultural history; folk tradition; gender analysis; apparitions and apocalypticism. Featuring contributions from a distinguished group of international scholars, the Handbook looks at both Eastern and Western perspectives and attempts to correct imbalance in previous books on Mary towards the West. The volume also considers Mary in Islam and pilgrimages shared by Christian, Muslim, and Jewish adherents. While Mary can be a source of theological disagreement, this authoritative collection shows Mary's rich potential for inter-faith and inter-denominational dialogue and shared experience. It covers a diverse number of topics that show how Mary and Mariology are articulated within ecclesiastical contexts but also on their margins in popular devotion. Newly-commissioned essays describe some of the central ideas of Christian Marian thought, while also challenging popularly-held notions. This invaluable reference for students and scholars illustrates the current state of play in Marian Studies as it is done across the world.

Marian Shrines of France

Christian Pilgrimage in Modern Western Europe is a commanding exploration of the importance of religious shrines in modern Roman Catholicism. By analyzing more than 6,000 active shrines and contemporary patterns of pilgrimage to them, the authors establish the cultural significance of a religious tradition that today touches the lives of millions of people. Roman Catholic pilgrimage sites in Western Europe range from obscure chapels and holy wells that draw visitors only from their immediate vicinity to the world-famous, often-thronged shrines at Rome, Lourdes, and Fatima. These shrines generate at least 70 million religiously motivated visits each year, with total annual visitation exceeding 100 million. Substantial numbers of pilgrims at major shrines come from the Americas and other areas outside Western Europe. Mary Lee Nolan and Sidney Nolan describe and interpret the dimensions of Western European pilgrimage in time and space, a cultural-geographic approach that reveals regional variations in types of shrines and pilgrimages in the sixteen countries of Western Europe. They examine numerous legends and historical accounts associated with cult images and shrines, showing how these reflect ideas about humanity, divinity, and environment. The Nolans demonstrate that the dynamic fluctuations in Christian pilgrimage activities over the past 2,000 years reflect socioeconomic changes and technological transformations as well as shifting intellectual orientations. Increases and decreases in the number of shrines established coincide with major turning points in European history, for pilgrimage, no less than wars, revolutions, and the advent of urban-industrial society, is an integral part of that history. Pilgrimage traditions have been influenced by -- and have influenced -- science, literature, philosophy, and the arts. Christian Pilgrimage in Modern Western Europe is based on ten years of research. The Nolans collected information on 6,150 shrines from published material, correspondence with bishops and shrine administrators, and interviews. They visited 852 Western European shrines in person. Their book will be of interest to many general readers and of special value to historians, cultural geographers, students of comparative religion, anthropologists, social psychologists, and shrine administrators.

Marian Apparitions, the Bible, and the Modern World

A compendium of inspiring articles on Kolbe Of all the books in the Marian Saints and Shrines series, this one is the most controversial and thus the most needed in order to do justice to the Saint, whom Pope John Paul II spoke of as "the Saint of our difficult century [twentieth]." Is it true, as reported in a PBS documentary, that the Saint was anti-Semitic? What is the reason behind misrepresenting this great modern day Saint? Is a famous Mariologist right in accusing the Saint of being in error by holding that Mary is the Mediatrix of all Graces? The book has over 35 chapters by over ten authors, giving an in-depth view of one of the greatest Marian Saints of all times. You will find this book helpful... - Understanding that Kolbe is not anti-semitic - Great apostolic work of this saint to honor Mary - In understanding Kolbe's Mariology that forged him to be a great saint - To learn Kolbe's example as an authentic priest and missionary - and more...

Marian Shrines of the Americas

Our Lady of the Nations is a detailed and scholarly overview of the apparitions of Mary in 20th-century Catholic Europe. Chris Maunder discusses apparitions in general and how they are interpreted in Catholicism by, for example, Karl Rahner and Benedict XVI. The role of women and children as visionaries is considered, including issues concerning changing views of gender, children's spirituality, and the protection of minors. He covers cases that are well known and approved by the Church (Fatima, Beauraing, Banneux, and Amsterdam), others that are well known but not approved (such as Garabandal and Medjugorje), and many that are neither well known nor approved, such as those in Belgian Flanders or Nazi Germany in the 1930s, or in France, Italy, or Germany after the Second World War. Resources include academic studies of particular apparitions, some Catholic theological and devotional literature, and occasionally travel writing. There is also coverage of material in French which is not known to the English reader. Shrines and visionaries are believed to be indicators of the presence of Mary. In the visionary perspective, she has appeared in order to reassure her followers and to warn of divine judgement. Her messages echo doctrinal Catholic Mariology with some innovations, but also express a deep dissatisfaction with the events and trends of the 20th century, from communism to Nazism to liberalism and religious indifference. While the Marian cult evolves according to new templates for apparitions and developments in Mariology, the fundamental message of presence, consolation, and admonition remains constant.

The Oxford Handbook of Mary

Informative, yet easy to understand This excellent, handy treatise (125 pages) covers the rich and profound references to Mary, as prefigured in the Old Testament women and prophecies and as found in the New Testament, at the momentous events of Salvation History, from the Annunciation to Pentecost. In keeping with the Church's long tradition of placing Mary's role in the center, beside her Divine Son, through legitimate Scriptural interpretation, the author demonstrates a number of times how Scripture supports Mary's role as Mediatrix of All Graces. The coverage of the historicity of the Infancy Narratives in the Gospel is particularly good in answering Scriptural scholars who attempt to discredit what the Church has always held as historically true.

Christian Pilgrimage in Modern Western Europe

In these pages Benedict XVI shares his reasons for retiring from the papacy in 2013 in an interview with the author. Many saw his astonishing retirement as a sign of the Church's decline, but he intended it as a seed sown in the hope of bringing the Church a younger, more vigorous leadership in the face of daunting challenges. Among those challenges are the financial and sexual scandals that continue to undermine the Church's mission. When Ratzinger was elected Pope in 2005, he opened a path of purification for the Church, while calling upon the Western world to return to its Christian roots and to build a new humanism for the twenty-first century, and his call for renewal is still relevant. Widely recognized as one of the most important theologians and spiritual leaders of our time, Joseph Ratzinger served throughout the papacy of John Paul II as the Prefect of the Congregation for the Doctrine of the Faith. Both men had witnessed how atheistic philosophies and war had ravaged twentieth-century Europe, and they shared in the effort of revealing to modern man his need for God, for redemption in Jesus Christ.

Kolbe - Saint of the Immaculata

This stunning and exquisite oversized volume of more than 200 original photos by a renowned Catholic photographer showcases 70 Marian shrines throughout Europe.

Our Lady of the Nations

This text tells the story of the birth of the post-war Italian political system through the lens of a single event: the Italian national election of 1948. It is a story about the fall of Fascism and the achievements of the Italian Resistance, and Italian political culture.

Do You Know Our Lady?

A vital collection of interdisciplinary essays that illuminates the significance of Marian shrines and promises to teach scholars how to “read” them for decades to come. *American Patroness: Marian Shrines and the Making of US Catholicism* is a collection of twelve essays that examine the historical and contemporary roles of Marian shrines in US Catholicism. The essays in this collection use historical, ethnographic, and comparative methods to explore how Catholics have used Marian devotion to make an imprint on the physical and religious landscape of the United States. Using the dynamic malleability of Marian shrines as a starting place for studying US Catholicism, each chapter reconsiders the American religious landscape from the perspective of a single shrine to Mary and asks: What does this shrine reveal about US Catholicism and about American religion? Each of the contributors in *American Patroness* examines why and how Marian shrines persist in the twenty-first century and subsequently uses that examination to re-read contemporary US Catholicism. Because shrines are not neutral spaces—they reflect and shape the elastic yet strict boundaries of what counts as Catholic identity, and who controls prayer practices—the studies in this collection also shed light on the contested dynamics of these holy sites. *American Patroness* demonstrates that Marian shrines continue to be places where an American Catholic identity is continuously worked on, negotiations about power occur, and Marian relationships are fostered and nurtured in spaces that are simultaneously public and intimate.

Benedict XVI

Michael Carroll is the first to bring psychoanalytic theory to bear on a range of Catholic cults and devotions, including the Rosary, the Angelus, the Stations of the Cross, the Blood Miracles of Naples, the Stigmata, the Forty Hours, the Brown Scapular, and the Sacred Heart of Jesus. Carroll assembles a great deal of historical information that until now has been widely scattered in obscure publications.

He suggests why such devotions are absent from the Protestant tradition and argues for a new and more subtle appreciation of the role that Italian Catholicism played in shaping Catholicism generally.

The Madonnas of Europe

The Blessed Virgin Mary is venerated by many followers of Jesus Christ as an important part of their practice of the faith. Believing that she is the Mother of God because her Son is the Second Person of the Blessed Trinity, who for our salvation took on human nature, Christians of both East and West honor Mary in various ways. They strive to imitate her as a great model of Christian discipleship. Cardinal Arinze wrote this book for both those devoted to the Blessed Mother and those who do not yet know or understand her. Based on the Scriptures, the teachings of the Church, and the sacred liturgy, the cardinal provides a solid foundation for Marian veneration—one that can benefit all Christians, regardless of their church affiliation.

From Fascism to Democracy

In his acclaimed *Madonnas That Maim*, Michael Carroll began his systematic examination of popular Catholicism in Italy. Now, in *Veiled Threats*, Carroll delves more deeply into the distinctive character of Italian popular Catholicism. He explores in detail the complex relationship between popular and official Catholicism in Italy from the fifteenth century to the present, bringing to light a considerable body of recent Italian scholarship on the Catholic experience in Italy never before translated into English. Carroll places special emphasis on miraculous images and the cults that form around them, on public performances such as self-flagellation during Holy Week processions, on devotion to souls in Purgatory, on the success of preaching orders in adapting to local beliefs, on the role of relics and the incorrupt bodies of saints, and on differing responses to the Reformation in northern and southern Italy. Throughout *Veiled Threats*, Carroll discovers in the beliefs and practices of popular Catholicism and implicit logic and vital creativity that reflect local experiences and needs far removed from those of official Catholicism.

American Patroness

This little book, *A Month with Mary*, also originated from an act of charity of Father Dolindo. Father Dolindo wrote *A Month with Mary* on pocket-sized pages joined into small fascicles of 8 to 12 pages. He sent them to Laura de Rosis every two to three days and later transcribed them with some modifications in volume III of his *Autobiography: The Story of My Life in the Plan of the Great Mercy of God*, pp. 1140 ff (cf. *Epistolario* 1:212n, 218n). This work is from 1912: one of those years which passed in the life of Father Dolindo with the cadence of a "Way of the Cross" ... But he, serene as ever, loved Christ the more, loved Our Lady the more and reflected this love in these few pages to which he wished to give the significant title: *A Profound Reform of Heart in the School of Mary*. These meditations are written in the style of the *Imitation of Christ*. Meditations for just one soul!

Catholic Cults and Devotions

John Pollard's book surveys the relationship between Catholicism and the process of change in Italy from Unification to the present day. Central to the book is the complex set of relationships between traditional religion and the forces of change. In a broad sweep, *Catholicism in Modern Italy* looks at the cultural, social, political and economic aspects of the Catholic church and its relationship to the different experiences across Italy over this dramatic period of change and 'modernisation'.

Marian Veneration

This book points out how pilgrimage studies rely on interdisciplinary academic interests, being always more determined by anthropological, social, cultural and economic factors. The volume gathers interdisciplinary contributions revealing different approaches and academic interests when researching pilgrimage. Finally, the proposal introduces a comparative international breath to reflect upon such complex phenomenon that since Antiquity still impregnates the history of human being across the world. As pilgrimage studies are closely related to mobility issues, how the contemporary mobile world is altering and re-signifying pilgrimage dynamics and meanings will also be discussed in detail. The term "pilgrimage" evokes key concepts deriving from different fields, all of them collected in the final glossary. The primary audience of this work are academics and researchers from different fields involved in pilgrimage studies. The work may also be useful in teaching (advanced) university courses.

Veiled Threats

In 1295, a house fell from the evening sky onto an Italian coastal road by the Adriatic Sea. Inside, awestruck locals encountered the Virgin Mary, who explained that this humble mud-brick structure was her original residence newly arrived from Nazareth. To keep it from the hands of Muslim invaders, angels had flown it to Loreto, stopping three times along the way. This story of the house of Loreto has been read as an allegory of how Catholicism spread peacefully around the world by dropping miraculously from the heavens. In this book, Karin Vélez calls that interpretation into question by examining historical accounts of the movement of the Holy House across the Mediterranean in the thirteenth century and the Atlantic in the seventeenth century. These records indicate vast and voluntary involvement in the project of formulating a branch of Catholic devotion. Vélez surveys the efforts of European Jesuits, Slavic migrants, and indigenous peoples in Baja California, Canada, and Peru. These individuals contributed to the expansion of Catholicism by acting as unofficial authors, inadvertent pilgrims, unlicensed architects, unacknowledged artists, and unsolicited cataloguers of Loreto. Their participation in portaging Mary's house challenges traditional views of Christianity as a prepackaged European export, and instead suggests that Christianity is the cumulative product of thousands of self-appointed editors. Vélez also demonstrates how miracle narratives can be treated seriously as historical sources that preserve traces of real events. Drawing on rich archival materials, *The Miraculous Flying House of Loreto* illustrates how global Catholicism proliferated through independent initiatives of untrained laymen.

A Month with Mary

In 1560 a poor woman named Margherita left the Italian city of Piacenza to check on her crop. In the field she heard herself being called, and turned to see a woman dressed in white. It was "the blessed Mother of God, Queen of Heaven, the Virgin Mary". Mary was soon joined by a male figure, whom she identified as Christ. "The blasphemies of Piacenza angered Christ"

Catholicism in Modern Italy

A comprehensive and simple presentation of devotion to Mary This book is a must for all those who desire to know the beauty and value of Marian devotion and want to increase their fervent love towards their heavenly Mother. Since it draws abundantly from the examples and writings of the Saints, it offers the devotee a very concrete and practical aid for living out a truly Marian life. You will learn from this book - a simple treatment of various devotion to Mary ranging from scapulars, rosaries to a more spiritual one - The purpose and fruits of devotion to Mary - How the saints are devoted to Mary - The greatest devotion to Mary which is total consecration to her.

Geography of World Pilgrimages

The Reformation of the sixteenth century shattered the unity of medieval Christendom, and the resulting fissures spread to the corners of the earth. No scholar of the period has done more than Carlos M.N. Eire, however, to document how much these ruptures implicated otherworldly spheres as well. His deeply innovative publications helped shape new fields of study, intertwining social, intellectual, cultural, and religious history to reveal how, lived beliefs had real and profound implications for social and political life in early modern Europe. Reflecting these themes, the volume celebrates the intellectual legacy of Carlos Eire's scholarship, applying his distinctive combination of cultural and religious history to new areas and topics. In so doing it underlines the extent to which the relationship between the natural and the supernatural in the early modern world was dynamic, contentious, and always urgent. Organized around three sections - 'Connecting the Natural and the Supernatural', 'Bodies in Motion: Mind, Soul, and Death' and 'Living One's Faith' - the essays are bound together by the example of Eire's scholarship, ensuring a coherence of approach that makes the book crucial reading for scholars of the Reformation, Christianity and early modern cultural history.

The Miraculous Flying House of Loreto

What ever happened to the Virgin Mary in the modern Catholic Church? For the past forty years her presence has been radically minimized. In a groundbreaking work, Charlene Spretnak cuts across the battle lines delineated by the left and the right within the Church to champion the recovery of the full spiritual presence of Mary. Spretnak, a liberal Catholic, asserts that a deep loss ensues for women in particular when Mary's female embodiment of grace and mystical presence is denied and replaced with a strictly text-bound version of her as a Nazarene housewife. Complete with a striking insert of contemporary Marian art, *Missing Mary* is a deeply insightful reflection on Mary in the modern age.

Madonnas That Maim

This handbook on Our Lady of Guadalupe assembles historical, anecdotal, devotional, and theological commentary on the "Mother of the Americas."

Devotion to Our Lady

The Politics of Religion in Napoleonic Italy explores the intense cultural conflict created by French rule in Italy at the start of the nineteenth century. Napoleon's desire for cultural conformity struck at the heart of Italian religious life. Yet the reforms imposed by French rule created resentment and resistance across Italy, finally leading to Napoleon's famous quarrel with Pope Pius VII. In this fascinating study, Mike Broers traces the events leading up to the ex-communication of Napoleon and the Pope's arrest and exile from Rome. Using previously neglected French and Italian archival sources, this book reveals how the alliance between Church and people grew in the face of alien, imperial rule. It exposes the vital role this union played in preventing Italy from being totally assimilated into the French empire.

A Linking of Heaven and Earth

The Companion to Venetian History, 1400-1797 provides a single volume overview of the most recent developments. It is organized thematically and covers a range of topics including political culture, economy, religion, gender, art, literature, music, and the environment. Each chapter provides a broad but comprehensive historical and historiographical overview of the current state and future directions of research.

Missing Mary

Embark on an unforgettable journey through the heart of Italy with the comprehensive "Italy Travel Guide." This expertly crafted companion is your key to unlocking the secrets of Italy's vibrant culture, rich history, and breathtaking landscapes. Explore Italy's Diverse Charms: From the enchanting canals of Venice to the ancient wonders of Rome, and from the sun-drenched Amalfi Coast to the majestic Dolomites, Italy boasts a tapestry of regions, each with its unique allure. Immerse yourself in the essence of this captivating nation as you traverse its cities, villages, and countryside. Practical Insights for All Travelers: Whether you're a seasoned adventurer or a first-time explorer, this guide provides valuable advice to enrich your Italian odyssey. Discover the optimal times to visit, navigate Italy's renowned culinary scene, and gain tips for connecting with the welcoming locals. Decode the intricacies of Italian coffee culture effortlessly. Cultural Odyssey: Unearth Italy's soul through its art, history, and traditions. Follow in the footsteps of artistic giants in Florence, relive the grandeur of ancient Rome, and witness the Renaissance come to life in Tuscany. This guide offers deep insights into Italy's rich tapestry of festivals, from the Venice Carnival to Siena's Palio. Off-the-Beaten-Path Adventures: Venture off the tourist trail with our carefully curated selection of hidden gems. Explore lesser-known regions such as Puglia, where charming whitewashed villages meet the azure Adriatic, or embark on a hiking adventure through the Aeolian Islands of Sicily. Whether you seek serenity, excitement, or an authentic Italian experience, we've got you covered. Gastronomic Delights: Indulge in Italy's culinary treasures, from delectable pasta dishes to sumptuous gourmet feasts. Navigate the bustling markets of Bologna, tour the vineyards of Tuscany, and savor street food delights in Palermo. Learn the art of pairing wine with regional delicacies and order with confidence, just like a local. Traveler's Essential Toolkit: Prepare for your Italian escapade with practical advice on visas, transportation, and lodging options. Find indispensable information on healthcare, safety, and currency exchange, ensuring a seamless experience as you traverse Italy's enchanting landscapes. Maps and Visual Inspirations: Enhanced with detailed maps, vivid photographs, and enlightening illustrations, our guide allows you to envision your Italian sojourn even before your arrival. Your Gateway to Italy's Charms: "I Italy Travel Guide" is more than just a travel handbook; it's your gateway to savoring the Italian way of life. Whether you dream of gondola rides in Venice, Tuscan vineyard vistas, or the artistic wonders of Florence, this book is your trusted companion for creating indelible Italian memories. Italy beckons. Dive into this guide, relish every moment, and let "Italy Travel Guide" be your guiding light on this extraordinary journey.

A Handbook on Guadalupe

This book provides a sociological understanding of transformations within Eastern Orthodoxy and the settlement of Orthodox diasporas in Western Europe. Building a fresh framework on religion and migration through the lenses of religious glocalization, it explores the Romanian Orthodox diaspora

in Italy as a case study in the experience of Eastern Orthodoxy in a Western European country. The research brings to light the Romanian Orthodox diaspora's reshaping of the more customary social traditionalism largely spread within Eastern Orthodoxy. In its position as an immigrant group and religious minority, the Romanian Orthodox diaspora develops socio-cultural and religious encounters with the receiving environment and engages with certain contemporary challenges. This book refutes the vague image of Orthodox Christianity as a monolithic religious system composed of passive religious institutions, rather showing current Orthodox diasporas as flexible agents marked by dynamic features.

Politics and Religion in Napoleonic Italy

After the Mass Ordinary, the Magnificat was the liturgical text most frequently set by Renaissance composers, and Orlando di Lasso's 101 polyphonic settings form the largest and most varied repertory of Magnificats in the history of European music. In the first detailed investigation of this repertory, David Crook focuses on the forty parody or imitation Magnificats, which Lasso based on motets, madrigals, and chansons written by such composers as Josquin and Rore. By examining these Magnificats in their social, historical, and liturgical contexts and in terms of composition theory, Crook opens a new window on the breadth and subtlety of an important composer often harshly judged on his use of preexistent music. Crook places Lasso amidst the Counter-Reformation reforms at the Bavarian court where he composed the Magnificats, and where there emerged a fanatical Marian cult that favored this genre. In a section on compositional procedure, Crook explains that Lasso abandoned the traditional eight psalm-tone melodies in his imitation Magnificats, considers the new ways he found to represent the tones, and describes how Lasso's experimentation reflected the complex relationship between mode and tone in Renaissance theory and practice. Arguing that Lasso's varied uses of preexistent music defy current definitions of parody technique, Crook, in his final chapter, reveals the imitation Magnificats as vastly more imaginative and innovative than previous characterizations suggest. Originally published in 1994. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

A Companion to Venetian History, 1400-1797

The first comprehensive historical study of the images and shrines of New Spain, rich in stories and patterns of change over time.

Italy Travel Guide

How widespread belief in fortune-telling, prophecies, spirits, magic, and protective talismans gripped the battlefields and home fronts of Europe during the First World War.

The Romanian Orthodox Diaspora in Italy

This guidebook describes the Way of St Francis a 550km month-long pilgrimage trail from Florence through Assisi to Rome. Split into 28 day stages, the walk begins in Florence and finishes in the Vatican City. Stages range from 8km to 30km with plenty to see, including ancient ruins, picturesque towns, national treasures, and stunning churches. This comprehensive guidebook fits in a jacket pocket or rucksack, and contains information on everything from accommodation and transport in Italy, to securing your credential (pilgrim identity card), budgeting, what to take, and where to do laundry. Stories of Francis of Assisi's life are also included. Although the route includes climbs and descents of up to 1200m, no special equipment is required - although your hiking boots and socks definitely need to get along. Following the steps of heroes, conquerors and saints on this pilgrim trail is manageable all year round, but is best done from April to June and mid-August to October. Route maps are given for every stage, and basic Italian phrases are included in the guidebook.

Orlando di Lasso's Imitation Magnificats for Counter-Reformation Munich

Theater of a Thousand Wonders
