Warm up your brain with the first brain teaser! John came to the village and found the right street. There were three houses. John walked over to the house he thought was weird. Which house looks suspicious?

Boost your logic and attentiveness right now! John rang the bell. The vampire's wife opened the door. Wife: "A human at last! You have to help us. Someone attacked my husband, the vampire! Figure out who did it!" John walked in and saw the vampire family. He asked them one question: What were they doing during the attack? Who was the attacker?

This mind-blowing riddle will make you do some hard thinking! The wife started hitting her brother in law. It was a good time to leave. But the door was gone! Oh, no! The vampire's son was staring at John. He had an evil grin...for such a small vampire. Who's smarter? John or the tiny vampire? John: "Hey, your mum said I helped a lot, and I can go now. Where's the exit?" The vampire started to sing: "Fun, Shoe, Free, More, Hive. Why are the words in this order?" John solved the riddle... can you?

It's time to make a difficult choice! The vampire's son got angry. "The exit's there! Through one of those three rooms. But careful! There's poisonous gas in the first room. It'll burn your skin and lungs. There's a 300-pound weight above the second door. As soon as you step inside...it'll crush you. There's a hungry tiger waiting in the third room." John thought for a moment. Which room did John choose?

Think outside the box to solve another brainy puzzle! John was in a big room. There was a chest, inside was an invisibility cloak. The vampires were smashing on the door. Time to go! John grabbed the cloak. There were 3 tunnels leading from the room. What should John do to escape?

The last tricky riddle to speed up your brain! John got out of the vampire house. But wait! Oh, man! He lost the invisibility cloak. No time to worry about it! Twilight is here. That means the vampires can go outside! They're still hungry for John. John ran and fell into a hole. The Vampire family was on one side. There was still time for John to escape! But zombies came out of the forest. They blocked him in. He was trapped! John hid in the hole till morning. Which side should John escape out of?

All Girls You Should Know Them

If you feel ready to embark on a serious romantic relationship, or are already in it, getting to know your partner well is imperative. If you want to know more about his past and what makes him tick, you

need to know what questions to ask. At first, you might feel uncomfortable asking questions. Some questions will get answers right away, and others you will soon find out for yourself. But, for a healthy and successful married life, it is important to know, understand and accept your partner. When you have the answers to your questions, you will know whether or not you can tolerate certain things. Some questions will reveal your partner's goals, values, some will make you laugh, and some may shock you. Whether you've been together for six days or six years, this list of questions is the perfect way to open communication, create intimacy, and get to know your partner better.

Men Who Hate Women and the Women Who Love Them

Is this the way love is supposed to feel? • Does the man you love assume the right to control how you live and behave? • Have you given up important activities or people to keep him happy? • Is he extremely jealous and possessive? • Does he switch from charm to anger without warning? • Does he belittle your opinions, your feelings, or your accomplishments? • Does he withdraw love, money, approval, or sex to punish you? • Does he blame you for everything that goes wrong in the relationship? • Do you find yourself "walking on eggs" and apologizing all the time? If the questions here reveal a familiar pattern, you may be in love with a misogynist — a man who loves you, yet causes you tremendous pain because he acts as if he hates you. In this superb self-help guide, Dr. Susan Forward draws on case histories and the voices of men and women trapped in these negative relationships to help you understand your man's destructive pattern and the part you play in it. She shows how to break the pattern, heal the hurt, regain your self-respect, and either rebuild your relationship or find the courage to love a truly loving man. BONUS: This edition contains an excerpt from Susan Forward's Toxic Parents.

The Guyde

The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the

internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.
