Phrasal Verbs for English Language Learners

This book is a resource for English language users, and provides a comprehensive list of phrasal verbs defined in easily accessible language, as well as examples of common usage for each. Beyond serving as a reference, it is accompanied by exercises written to aid non-native speakers of English in achieving a more thorough understanding of English phrasal verbs. Anyone looking to achieve a more native-like level of fluency, or simply increase their mastery of an unpredictable aspect of the English language will be well served by this text.

The English Verb

Every language has its peculiar problems of meaning for the foreign learner. In the English language, some of the biggest yet most fascinating problems are concentrated in the area of the finite verb phrase: in particular, tense, aspect, mood and modality. Meaning and the English Verb describes these fields in detail for teachers and advanced students of English as a foreign or second language. This new third edition uses up-to-date examples to show differences and similarities between American and British english, reflecting a great deal of recent research in this area. It also takes account of the subtle changes

which are taking place in the language today. In print for over 30 years, *Meaning and the English Verb* has established itself as a recognised authority on the meaning and use of verb constructions in English. This updated third edition will ensure that it remains an invaluable text for teachers and students of English worldwide.

Meaning and the English Verb

All the English verbs you need to know in one place! This comprehensive guide is your one-stop resource for learning English verbs. It includes 555 of the highest frequency verbs--unlike Barron's 501, which excludes common verbs such as "answer" and "wash"--with conjugations and sample sentences. The Big Book of English Verbs also has a list of all complement types that are used by each verb, as well as all the common phrasal verb constructions that the verb can be used with in a sentence. The CD-ROM contains more than 200 interactive practice exercises, plus diagnostic and review tests to assess competency.

The Big Book of English Verbs

The Cambridge Advanced Learner's Dictionary is the ideal dictionary for advanced EFL/ESL learners. Easy to use and with a great CD-ROM - the perfect learner's dictionary for exam success. First published as the Cambridge International Dictionary of English, this new edition has been completely updated and redesigned. - References to over 170,000 words, phrases and examples explained in clear and natural English - All the important new words that have come into the language (e.g. dirty bomb, lairy, 9/11, clickable) - Over 200 'Common Learner Error' notes, based on the Cambridge Learner Corpus from Cambridge ESOL exams Plus, on the CD-ROM: - SMART thesaurus - lets you find all the words with the same meaning - QUICKfind - automatically looks up words while you are working on-screen - SUPERwrite - tools for advanced writing, giving help with grammar and collocation - Hear and practise all the words.

Cambridge Advanced Learner's Dictionary

Practice Makes Perfect: English Verbs offers ESL students an effective way to master English verbs. Concentrating on the three most challenging aspects of verbs--form, meaning, and use--it features comprehensive overviews along with exercises that present common regular and irregular verbs in everyday contexts. Students get to practice verb conjugations while gaining valuable insights into how context influences verb form in English. Coverage progresses from basic verb phrases to more complicated forms, such as modal verbs and verbal complements, and includes examples of sentence constructions in which verbs play a central role, such as imperatives, conditionals, and passives.

Vocabulary of Verbs with Their Meanings and a List of Irregular Verbs

Regular verbs, irregular verbs, two-word verbs... 'The Verb Well' covers them all! Each book in the series is a reproducible illustrated compendium of verbs, verb forms and verb use (150 verbs each book). Thematically arranged so as to promote meaningful use and effective recall, "The Verb Well" introduces learners to the formal variations and the grammatical patterns required for accurate utilisation of a carefully selected range of essential verbs and also displays representative contexts in which these verbs are likely to be encountered in real life. A valuable reference for students when difficulties arise, and a practical core text for the systematic study or review of English verbs, "The Verb Well" will be one of those indispensable books you keep coming back to again and again.

Practice Makes Perfect: English Verbs

In this rich reference work, Beth Levin classifies over 3,000 English verbs according to shared meaning and behavior. Levin starts with the hypothesis that a verb's meaning influences its syntactic behavior and develops it into a powerful tool for studying the English verb lexicon. She shows how identifying verbs with similar syntactic behavior provides an effective means of distinguishing semantically coherent verb classes, and isolates these classes by examining verb behavior with respect to a wide range of syntactic alternations that reflect verb meaning. The first part of the book sets out alternate ways in which verbs can express their arguments. The second presents classes of verbs that share a kernel of meaning and explores in detail the behavior of each class, drawing on the alternations in the first part. Levin's discussion of each class and alternation includes lists of relevant verbs, illustrative examples, comments on noteworthy properties, and bibliographic references. The result is an original, systematic

picture of the organization of the verb inventory. Easy to use, English Verb Classes and Alternations sets the stage for further explorations of the interface between lexical semantics and syntax. It will prove indispensable for theoretical and computational linguists, psycholinguists, cognitive scientists, lexicographers, and teachers of English as a second language.

The Verb Well

Useful English phrasal verbs and their meanings in simple words | Alphabetical list of English phrasal verbs 1500 Useful phrasal verbs for daily use Sample this: What are "Phrasal Verbs"? A PHRASAL VERB is made up of a Verb and an Adverb or a Preposition or both. Adverbs or prepositions which are used in Phrasal Verbs are called 'Particles'. English Verb Classes and Alternations

A verb can be described as transitive or intransitive based on whether it requires an object to express a complete thought or not. A transitive verb is a verb that requires (takes or allows) an object to receive the action. "Object" may be in the form of a noun, phrase, or pronoun that refers to the person or thing that is affected by the action of the verb. A sentence with a transitive verb can generally be changed into passive voice (however, sometimes a transitive verb cannot be used in the passive voice). A transitive verb can't stand alone with only a subject. An intransitive verb does not take an object. However, there may take prepositional phrases or adverbs. Adding adverbs or prepositional phrases modifies the verb but doesn't change its meaning. A sentence with an intransitive verb can never be changed into a passive voice. Some verbs have multiple meanings and can be transitive or intransitive, depending on the sense in which they are used. In some instances, a verb may require an object, while in others it does not require an object. -- Based on their transitive or/and intransitive uses, verbs may be categorized as follows: 01. Verbs that are usually used only transitively for all their meanings/senses. - 02. Verbs that are usually used only intransitively for all their meanings/senses. - 03. Verbs that are usually used both transitively and intransitively for all their meanings/senses. - 04. Verbs that are used only transitively for one or more particular meanings/senses and also used only intransitively for one or more particular

meanings/senses. - 05. Verbs that are used only transitively for one or more particular meanings/senses and also used both transitively and intransitively for one or more particular meanings/senses. - 06. Verbs that are used only intransitively for one or more particular meanings/senses and also used both transitively and intransitively for one or more particular meanings/senses. - 07. Verbs that are used only transitively for one or more particular meanings/senses and also used only intransitively for one or more particular meanings/senses. -- You will find the detailed list of verbs under each of these 7 categories. (Very Important Note: Verbs have been generally categorized based on their usual meanings/senses. You may find some variation with the other resources.) In this book, you will find the list of transitive verbs that may take two objects. You will also find the list of transitive and intransitive verbs that are used with prepositional phrases or adverbs. - Following are some verbs that are usually used only transitively for all their meanings/senses: abandon / abase / typecast / typeset / outrun / rerun / overlay / underpay / mispend / rend / withhold / behold / outgrow / befall / underlie / outdo / abbreviate / abduct / abet / abhor / abolish / abominate / abrade / abridge / abrogate / absent / absolve / absorb / abstract / abuse / accent / accentuate / access / accompany / accomplish / accost / account / accredit / accuse / acquaint / acquire / acquit / action / actuate / addle / address / adduce / adjudge / adjure / administer / admire / adore / adorn / adulterate / adumbrate / advantage / advocate / aerate / affect / affirm -- Following are some Verbs that are usually used only intransitively for all their meanings/senses: abscond / abseil / abstain / accede / acquiesce / adhere / alight / amble / apologize / fall / dwell / appeal / appear / arc / arise / arrive / aspire / assent / atone / atrophy / augur / backfire / backpack / back-pedal / backspace / backtrack / balloon / banter / barf / bargain / barrel / bask / bay / beef / beetle / belly / bellyache / belong / bet / bicker / bicycle / bifurcate / billet / billow / binge / biodegrade / bitch / bivouac / blabber / blare

Transitive and Intransitive Verbs

1. Get + third form of verb, 1a. get + third form of verb, 1b. have/has + got + third form of verb, 1c. got + third form of verb, 1d. had + got + third form of verb, 1e. will or would + get + third form of verb, 1f. will or would + have + got + third form of verb, 1g. other modal verbs + get + third form of verb, 1h. getting + third form of verb, 1i. verb + to + get + third form of verb, 2. get to + first form of verb, 2a. get to + first form of verb, 2b. got to + first form of verb, 2c. will/would + get to + first form of verb, 3. phrases/idioms, 4. get - causative sentences, 5. more daily sentences using 'get'

Easy Learning English Verbs: Your essential guide to accurate English (Collins Easy Learning English)

This Book Covers The Following Topics: 1. ENGLISH VERB -- 'GET' 2. Meanings of Main Verb 'GET' 3. GET + THIRD FORM OF VERB 3A. Get + Third Form of Verb 3B. Have/Has + Got + Third Form of Verb 3C. Got + Third Form of Verb 3D. Had + Got + Third Form of Verb 3E. Will + Get + Third Form of Verb 3F. Will + Have + Got + Third Form of Verb 3G. Modal Verbs + Get + Third Form of Verb 3H. Getting + Third Form of Verb 3I. Verb + To + Get + Third Form of Verb 4. GET TO + FIRST FORM OF VERB 4A. Get To + First Form of Verb 4B. Got To + First Form of Verb 4C. Will + Get To + First Form of Verb 5. HAVE + GOT TO + FIRST FORM OF VERB 6. 'GET' + ADJECTIVE 7. 'GET' + USED TO 8. Use of 'Get' In Causative Sentences 9. English Idioms With 'Get' 10. Phrasal Verbs With 'Get' 11. Other Sentences With 'Get' 12. Conjugation of Verb 'Get' Exercises: 1(A) and 1(B) Exercises: 2(A) and 2(B) Exercises: 3(A) and 3(B) Sample This: 1. ENGLISH VERB -- 'GET' Get is an irregular verb. Its three forms are as follows: First Form (Base Form) -- GET Second Form (Past Form) -- GOT Third Form (Past Participle) -- GOT/GOTTEN Present Perfect of 'Get' -- Have/Has Got || Have/Has Gotten Past Perfect of 'Get' -- Had Got || Had Gotten Gotten (past participle form of 'get') is generally used in Spoken American English. Gotten is incorrect in British English. -ING Form of 'Get' -- Getting Infinitive of 'Get' -- To Get IMPORTANT NOTE: "Have/has got" is the 'Present Perfect' Form of 'get'. But it is mainly used in the present indefinite (simple) tense. "Have/has got" is generally used with 'simple present meaning' to show characteristics, ownership, illnesses, and relationships. 'Have got' and 'has got' have the same meaning as 'have' and 'has' respectively. They can be used as present indefinite (simple) tenses. Affirmative Sentences -- They have got computers. = They have computers. He has got a computer. = He has a computer. Negative Sentences -- They have not got computers. = They do

not have computers. He has not got a computer. = He does not have a computer. Note:- Negative form of 'have/has got' is made by adding 'not' between 'have/has' and 'got'; whereas, the negative form of 'have/has' is made by using 'do/does not'. Interrogative Sentences -- Have they got computers? = Do they have computers? Has he got a computer? = Does he have a computer? Note:- Interrogative pattern of 'have/has got' is made by putting auxiliary verb 'have/has' before the subject; whereas Interrogative pattern of 'have/has' is made by putting auxiliary verb 'Do/Does' before the subject. However, in past events, you should prefer using 'had' instead of 'had got' to show characteristics, ownership, illnesses, and relationships. More Common -- They had computers. They did not have computers. Did they have computers? Less Common -- They had got computers. They had not got computers. Had they got computers? Also Note: Use of 'have got' and 'has got' in present perfect tenses: Pattern: Have/has got + past participle of the verb A project has got stuck. || Many projects have got stuck. And, in past perfect tenses, you should use 'had got'. A project had got stuck. || Many projects had got stuck. ALSO NOTE: GOTTA - Very informal and non-standard way of referring to 'have got to' or 'have got a' in writing. This form is grammatically incorrect. Avoid using writing this form. English Verb 'Get' can be used in a number of patterns and has lots of different uses and meanings.-- A. "Get" is used as a main verb with many different meanings. B. "Get" is used in several idioms. C. "Get" is used in several phrasal verbs. Meanings of Main Verb 'GET' THE MOST COMMON MEANINGS OF "GET" AS THE MAIN VERB ARE AS FOLLOWS: to receive / to obtain or acquire (to gain, attain, achieve something) / to bring / to receive prison term / to receive broadcasts / to buy something / to earn / to receive marks or grade in an exam / to become affected by (a disease or bodily condition) / to be infected with an illness, etc. / to start doing something / to arrive/come/reach / to move to a particular direction or place / to use transport (to catch) / to answer (receive) the phone call / to capture somebody / to understand / to have / to memorize / to find out by calculation / to deliver / to prepare a meal, etc. 1. TO RECEIVE We get assurance every time, but nothing has materialized. I got the medal and the money. I got an appointment letter today. Flood-affected families got compensation. We got some high-resolution images.

The English Verb

A verb can be described as transitive or intransitive based on whether it requires an object to express a complete thought or not. A transitive verb is a verb that requires (takes or allows) an object to receive the action. "Object" may be in the form of a noun, phrase, or pronoun that refers to the person or thing that is affected by the action of the verb. A sentence with a transitive verb can generally be changed into passive voice (however, sometimes a transitive verb cannot be used in the passive voice). A transitive verb can't stand alone with only a subject. An intransitive verb does not take an object. However, there may take prepositional phrases or adverbs. Adding adverbs or prepositional phrases modifies the verb but doesn't change its meaning. A sentence with an intransitive verb can never be changed into a passive voice. Some verbs have multiple meanings and can be transitive or intransitive, depending on the sense in which they are used. In some instances, a verb may require an object, while in others it does not require an object. Based on their transitive or/and intransitive uses, verbs may be categorized as follows: 01. Verbs that are usually used only transitively for all their meanings/senses. 02. Verbs that are usually used only intransitively for all their meanings/senses. 03. Verbs that are usually used both transitively and intransitively for all their meanings/senses. 04. Verbs that are used only transitively for one or more particular meanings/senses but also used only intransitively for one or more particular meanings/senses. 05. Verbs that are used only transitively for one or more particular meanings/senses but also used both transitively and intransitively for one or more particular meanings/senses. 06. Verbs that are used only intransitively for one or more particular meanings/senses but also used both transitively and intransitively for one or more particular meanings/senses. 07. Verbs that are used only transitively for one or more particular meanings/senses but also used only intransitively for one or more particular meanings/senses and also used both transitively and intransitively for one or more particular meanings/senses. You will find the detailed list of verbs under each of these 7 categories. (Very Important Note: Verbs have been generally categorized based on their usual meanings/senses. You may find some variation with the other resources.) In this book, you will find the list of transitive verbs that may take two objects. You will also find the list of transitive and intransitive verbs that are used with prepositional phrases or adverbs. Following are some verbs that are usually used only transitively for all their meanings/senses: abandon / abase / typecast / typeset / outrun / rerun / overlay / underpay / misspend / rend / withhold / behold / outgrow / befall / underlie / outdo / abbreviate / abduct / abet / abhor / abolish / abominate / abrade / abridge / abrogate / absent / absolve / absorb / abstract / abuse / accent / accentuate / access / accompany / accomplish / accost / account / accredit / accuse / acquaint / acquire / acquit / action / actuate / addle / address / adduce / adjudge / adjure / administer / admire

/ adore / adorn / adulterate / adumbrate / advantage / advocate / aerate / affect / affirm Following are some Verbs that are usually used only intransitively for all their meanings/senses: abscond / abseil / abstain / accede / acquiesce / adhere / alight / amble / apologize / fall / dwell / appeal / appear / arc / arise / arrive / aspire / assent / atone / atrophy / augur / backfire / backpack / back-pedal / backspace / backtrack / balloon / banter / barf / bargain / barrel / bask / bay / beef / beetle / belly / bellyache / belong / bet / bicker / bicycle / bifurcate / billet / billow / binge / biodegrade / bitch / bivouac / blabber / blare

The Key to English: Two-word verbs

To speak a new language, you need vocabulary. You need words, phrases, key sentences, and idioms. To speak a language really well, you need a lot of vocabulary, and you need to know the different meanings for the vocabulary. One of the most difficult part of English is a special vocabulary group called phrasal verb. Phrasal verbs have two or three words. The first word is usually a very common one-syllable verb like take, come, put, or go. The second part is usually a preposition or adverb like off, up, in, or away. These parts together have a new meaning. You can know the meaning of take and the meaning of off, but take off has a different meaning. The goal of this book is to help you learn the most frequent phrasal verb with their most important meetings. Instead of long vocabulary lists, each lesson in this book teaches you only three phrasal verbs, with meanings and many useful examples. There are also many short exercises for you to practice the phrasal verbs in a very direct way. They can be completed in a day, a week, or as much time as you need.

Get- Popular English Verb

There are over 5,000 common English verbs that are useful for talking and writing

Get- Popular English Verb: Sentences Using Verb 'Get'

The second volume in one of the most useful vocabulary series you'll find! To speak a new language, you need vocabulary. You need words, phrases, key sentences, and idioms. To speak a language really well, you need a lot of vocabulary, and you need to know the different meanings for the vocabulary. One of the most difficult parts of English is a special vocabulary group called phrasal verbs. Phrasal verbs have two or three words. The first word is usually a very common one-syllable verb like take, come, put, or go. The second part is usually a preposition or adverb like off, up, in, or away. These parts together have a new meaning. You can know the meaning of take and the meaning of off, but take off has a different meaning. The goal of this book is to help you learn the most frequent phrasal verb with their most important meetings. Instead of long vocabulary lists, each lesson in this book teaches you only three phrasal verbs, with meanings and many useful examples. There are also many short exercises for you to practice the phrasal verbs in a very direct way. They can be completed in a day, a week, or as much time as you need.

Transitive and Intransitive Verbs: English Verb Types

The third volume in one of the most useful vocabulary series you'll find! The five books in this series for learners of English feature the most common phrasal verbs in English, presented in order—the 30 most common phrasal verbs are in Book 1, the next 30 most frequently used verbs are in Book 2, and so on. However, you do not need to use the books in order. Advanced students may wish to start the series in the middle. Each unit presents three phrasal verbs. You'll see the verbs used in context, study definitions, and then practice using them in a variety of different exercises. There's even additional online practice. Throughout the book, phrasal verbs from previous units are recycled, so you have additional support in remembering them. You can learn and practice at your own pace. You can use the book to support a class you are taking or just to learn on your own.

English Phrasal Verbs Book 1

One of the keys to learning the Turkish language is to understand the importance and function of the verb. The stem of the verb, together with various suffixes of mode, tense, person, along with a subject and/or object, may be the equivalent of an entire English sentence. A Dictionary of Turkish Verbs is an aid to both the beginning and more advanced student of the language by providing approximately 1,000 verbs in context as they appear in up-to-date colloquial Turkish phrases and sentences, or short dialogues in translation. Contrasting English and Turkish ways of expression, this multipurpose dictionary also helps the English speaker avoid the most common errors--with

most verbs cross-referenced to related verbs, synonyms, or antonyms, and to the broader themes or categories of meaning to which they belong. Includes an English-Turkish index and a thesaurus section (using Roget's categories) where verbs of related meaning appear together and a short reference list of verb-forming suffixes. For students at any stage of learning the Turkish language, or for the self-motivated traveler, this unique dictionary will help open the door to greater understanding in an increasingly important area of the world.

5,000+ Common English Language Verbs and Their Meanings

This comparative analysis of the inter-lingual differences between English and Spanish allows instructors to comprehend and analyze the linguistic behaviors of their students and thereby help them achieve bilingualism. Intended for advanced upper-division and graduate students intending to teach Spanish-to-English speakers, English-to-Spanish speakers, and translators of both languages. Plastic comb binding. Annotation copyrighted by Book News, Inc., Portland, OR.

English Phrasal Verbs Book 2

For sale in all countries except Japan. For customers in Japan: please contact Yushodo Co. The principal focus of this book concerns various shifts of complements which verbs of implicit negation (e.g. "forbid," "forbear," "avoid," "prohibit," and "prevent") have experienced in the history of English. "Forbid," for example, was once followed by "that"-clauses, while in contemporary English it is in usual cases followed by "to"-infinitives except in the fixed form "God forbid" "that" Although a number of English verbs have undergone similar syntactic changes, the paths they have selected in their historical development are not always the same. Unlike "forbid," the verb "prevent" is now followed by gerunds often with the preposition "from." This book describes some of the most representative paths followed by different verbs of implicit negation and reveals the major complement shifts that have occurred throughout the history of English. It will be of particular interest to researchers and students specializing in English linguistics, historical linguistics, and corpus linguistics."

English Phrasal Verbs Book 3

All the English verbs you need to know in one place! This comprehensive guide is your one-stop resource for learning English verbs. It includes 555 of the highest frequency verbs--unlike Barron's 501, which excludes common verbs such as "answer" and "wash"--with conjugations and sample sentences. The Big Book of English Verbs also has a list of all complement types that are used by each verb, as well as all the common phrasal verb constructions that the verb can be used with in a sentence. The CD-ROM contains more than 200 interactive practice exercises, plus diagnostic and review tests to assess competency.

A Compendium of English Grammar

The new edition of the Cambridge Phrasal Verbs Dictionary covers around 6,000 phrasal verbs current in British, American and Australian English. Clear explanations and guidance help learners master this difficult yet essential aspect of the English language. * Fully updated with new phrasal verbs, e.g. cosy up to, copy in, sex up * Clear advice on grammar and usage * Thousands of example sentences show phrasal verbs in typical contexts * Most common phrasal verbs highlighted so students know which to learn * A thematic section shows phrasal verbs in topic groups for vocabulary expansion

A Dictionary of Turkish Verbs

This complete guide to over 850 Phrasal Verbs used in daily life by native speakers, also includes a section with over 200 business idioms and phrasal verbs. Exercises are included to test your knowledge on the most commonly used phrasal verbs. Cross that bridge and start mastering the language today. About phrasal verbs Phrasal verbs, or multi - word verbs as they are often referred to, can be rather daunting for non natives of the English language. A mistake in using the wrong particle or the wrong word order can completely change the intended meaning. This can lead to misunderstandings which can either be horrific or hilarious. Students of the English language are not expected to be able to remember all the phrasal verbs - they are too numerous - but they should be familiar with the most common ones and they should also be able to recognise their meanings in context. Phrasal verbs play an important role in the English language. There is no getting away from them. Every time natives speak they use them. Take a look at the ones below. Did you know that the following two sentences have

different meanings? Peter hung up after a few minutes = he ended the telephone call. Peter hung up on me after a few minutes = he ended the call by interrupting the conversation abruptly, angrily and rudely. How about this one? I saw through him and I saw him through. Both have different meanings. I saw through him = I understood his deception/the mask he wore, whereas I saw him through = I gave him my support during a difficult period of his life. Now look at these two examples: Pretty flabbergasting! I've gone off cheese = I no longer like cheese. The cheese has gone off = the cheese is not fresh anymore. It is not good to eat. If you eat it you could become sick. The alarm clock has just gone off = Can you turn it off please? I want to sleep for another few minutes. Does this mean that the alarm clock is not fresh anymore? NOOOO!!!! Does it mean the alarm clock doesn't like someone or something anymore? NOOO!!! Well what does it mean you may be asking yourself. You should be able to understand from the context. Out of context 'to go off' is devoid of any meaning whatsoever. In the case of the alarm clock, it means, it rang. Another example is: He turned on me = he either attacked me physically or verbally. He turned me on = he caused me to become excited. Now can you see why the wrong use can lead to numerous misunderstandings? Phrasal verbs can be separable, that is, as seen in the example 'he turned me on', and inseparable as in the example 'he turned on me'. There are also phrasal verbs which are both separable and inseparable Example: She took off her jacket/she took her jacket off = she removed her jacket. In this book you will learn and become familiar with each phrasal verb type. Good clear examples are set out to illustrate the meanings. ABOUT THE AUTHOR The author has been a teacher of English as a foreign language for over 18 years. Born in the North East of Scotland, she has spent most of her adult life abroad, teaching students of various nationalities how to speak English effectively.

Bilingual Grammar of English-Spanish Syntax

This book illustrates the structuralist idea that language creates the reality we perceive. The data presented in this volume focus on the problematic issues of the passive construction and irregular (strong) verbs, with examples taken primarily from English with separate subsections on German and Russian. The author presents a new and different analysis of these complex topics which proceeds from the levels of form to meaning rather than the traditional and generative methodologies that follow the opposite path from meaning to form. This book will be of interest to all linguists who have ever confronted the controversial question of the interaction between lexical exceptions and grammatical rules. The scope of this volume is rather broad and it compares and contrasts text grammar versus sentence grammar in an innovative way.

Verbs of Implicit Negation and Their Complements in the History of English

The series is a platform for contributions of all kinds to this rapidly developing field. General problems are studied from the perspective of individual languages, language families, language groups, or language samples. Conclusions are the result of a deepened study of empirical data. Special emphasis is given to little-known languages, whose analysis may shed new light on long-standing problems in general linguistics.

The English Verb

Presents the most common regular and irregular English verbs alphabetically arranged in table form, one verb per page, and completely conjugated in all tenses.

The Big Book of English Verbs with CD-ROM (set)

Impersonal constructions in the history of English form a puzzling category, in that there has been uncertainty as to why some verbs are attested in such constructions while others are not, even though they look almost synonymous. This book tackles this under-discussed question in one of the most popular topics of English historical syntax, with special reference to verbs of emotion in Middle English.

Cambridge Phrasal Verbs Dictionary

A quick and easy guide to the most frequent and useful verbs and how to form them. A great way to improve your word power.

Phrasal Verbs

The bestselling Emotion Thesaurus, often hailed as “the gold standard for writers” and credited with transforming how writers craft emotion, has now been expanded to include 56 new entries! One of the biggest struggles for writers is how to convey emotion to readers in a unique and compelling way. When showing our characters’ feelings, we often use the first idea that comes to mind, and they end up smiling, nodding, and frowning too much. If you need inspiration for creating characters’ emotional responses that are personalized and evocative, this ultimate show-don’t-tell guide for emotion can help. It includes: • Body language cues, thoughts, and visceral responses for over 130 emotions that cover a range of intensity from mild to severe, providing innumerable options for individualizing a character’s reactions • A breakdown of the biggest emotion-related writing problems and how to overcome them • Advice on what should be done before drafting to make sure your characters’ emotions will be realistic and consistent • Instruction for how to show hidden feelings and emotional subtext through dialogue and nonverbal cues • And much more! The Emotion Thesaurus, in its easy-to-navigate list format, will inspire you to create stronger, fresher character expressions and engage readers from your first page to your last.
