The Secret Agenda

9/11 was an inside job. There was a secret agenda for vested interests at the highest levels of power. John O'Rourke, a former priest now working as a journalist, comes into possession of crucial evidence establishing the long-term plans of those in power in both the US and the UK., plans which show the

events of 7/7 are not everything they appear to be either. O'Rourke knows too much and his life is at risk as he follows a trail of deception and intrigue that stretches from Dubai to the Balkans. But as O'Rourke amasses his proof, an unexpected development occurs. He is offered a stark choice with a 48-hour deadline: accept a million pounds to keep silent or face the prospect of death for himself and his family. The Secret Agenda some of the most important issues that face the world today, but told through the bleak dilemma of one man whose commitment to truth may mean the destruction of those he loves most. The book ends with the death of bin Laden at the hands of Seal Team Six, who knew he could not be captured alive due to his links with the Agency. Before each chapter factual extracts of information, of which the public are largely unaware, whet the reader's appetite and an epilogue deals with the archetypal significance of the events. ' James Best is a vivid writer and his work will transport you to distant realms of place and mind. When you emerge, your soul will be better for the trip.' —J.H. Brennan.

Secret Agenda

The exposé that reveals “a prostitution ring, heavy CIA involvement, spying on the White House as well as on the Democrats, and plots within plots” (The Washington Post) Ten years after the infamous Watergate scandal that brought down the Nixon presidency, Jim Hougan—then the Washington editor of Harper's Magazine—set out to write a profile of Lou Russell, a boozy private-eye who plied his trade in the vice-driven underbelly of the nation's capital. Hougan soon discovered that Russell was “the sixth man, the one who got away” when his boss, veteran CIA officer Jim McCord, led a break-in team into a trap at the Watergate. Using the Freedom of Information Act to win the release of the FBI's Watergate investigation—some thirty-thousand pages of documents that neither the Washington Post nor the Senate had seen—Hougan refuted the orthodox narrative of the affair. Armed with evidence hidden from the public for more than a decade, Hougan proves that McCord deliberately sabotaged the June 17, 1972, burglary. None of the Democrats' phones had been bugged, and the spy-team's ostensible leader, Gordon Liddy, was himself a pawn—at once, guilty and oblivious. The power struggle that unfolded saw E. Howard Hunt and Jim McCord using the White House as a cover for an illicit domestic intelligence operation involving call-girls at the nearby Columbia Plaza Apartments. A New York Times Notable Book, Secret Agenda “present[s] some valuable new evidence and explored many murky corners of our recent past . . . The questions [Hougan] has posed here—and some he hasn't—certainly deserve an answer” (The New York Times Book Review). Kirkus Reviews declared the book “a fascinating series of puzzles—with all the detective work laid out.”

Secret Agenda

The author presents startling discoveries that indicate that the American public has been seriously misinformed about the Watergate Scandal and reveals the actual culprits, sexual scandals, and malicious interagency spying

Secret Agenda

Barry O'Shea is back and he's smokin'! When O'Shea joins a team of high-powered lawyers in a mega-watt arson case, the old legal beagle find him self jumping from the frying pan into the fire. Ouch! As if facing off against a polished opposition wasn't tricky enough, O'Shea isn't even sure if his own client is on his side. And that's just the first twist of the trial. If O'Shea doesn't want to get cooked in the court room, he has to rely on his gritty talents and wit like never before. Vital to the Defense sizzles with courtroom drama.

Secret Agenda

They are the most powerful men in America: billionaires born to privilege and linked by their membership in the nation's most elite fraternity. But as they gear up for their biggest takeover of all-the U.S. presidency-they discover that someone else has a secret agenda too. One by one, they are being castrated by an unknown attacker....

Secret Agenda

After fifty years of widespread speculation about UFOs and abductions by aliens, a distinguished historian and UFO researcher presents the first evidence-based explanation of alien intentions. Based on over thirty years of personal research, Professor Jacobs exposes the aliens' profoundly alarming agenda: to create a breed of alien-human 'hybrids' who will eventually colonise - and control - Earth. He explains why aliens are here, what they want and why their agenda has been kept secret. In doing so he presents a disturbing picture of a profoundly changed future in which humans will be relegated to inferior status. This incredible story is all the more remarkable because every account of an alien abduction is thoroughly documented and is corroborated by independent testimony. This book answers in astonishing depth some of the most important questions about the UFO phenomenon that researchers have been asking since the beginning of the controversy.

Secret Agenda

On paper, Vivienne Neal had a lifestyle most people would envy. Only she knows what a sham her marriage really was. So when her politician husband is killed in a hit-and-run accident, she moves to Florida and takes a job as a personal assistant to Diego Cole-Thomas, a powerful CEO with an intimidating reputation. Vivienne's intelligence and social grace prove invaluable to Diego, and on a business trip to South Carolina's lush Low Country, their business relationship takes a sensual detour. But when threatening letters arrive at Diego's office, he realizes that Vivienne's husband's death was no accident—and that she will meet a similar fate unless they can uncover the scandalous truth together....

Secret Agenda

Vengeance on his mind, millionaire Herbie Dalley has returned to the upstate New York village of Marble Falls for his fifteenth high school reunion. Pretending to be the poor nerd who left for California years before, he sabotages his child tormentors while helping others in need. Dollars, discreetly spent, become his means to every end. A job at the local newspaper, a front for his scheme, develops into a rewarding vocation. Romance with a former high school classmate, along with unexpected political success, has Herbie flying high. However, his world crumbles, and he faces a long prison term when his manipulations backfire. Rationalizations and suspicions gradually yield to soul searching, but Herbie's difficulties persist until a bizarre twist of DNA reverses his fortunes. Even then he is yet to discover the strange way in which he had become his own worst enemy.

His Secret Agenda

FROST (Copy 1): From the John Holmes Library Collection.

Secret Agenda

Why your political views are more self-serving than you think When it comes to politics, we often perceive our own beliefs as fair and socially beneficial, while seeing opposing views as merely self-serving. But in fact most political views are governed by self-interest, even if we usually don't realize it. Challenging our fiercely held notions about what motivates us politically, this book explores how self-interest divides the public on a host of hot-button issues, from abortion and the legalization of marijuana to same-sex marriage, immigration, affirmative action, and income redistribution. Expanding the notion of interests beyond simple economics, Jason Weeden and Robert Kurzban look at how people's interests clash when it comes to their sex lives, social status, family, and friends. Drawing on a wealth of data, they demonstrate how different groups form distinctive bundles of political positions that often stray far from what we typically think of as liberal or conservative. They show how we engage in unconscious rationalization to justify our political positions, portraying our own views as wise, benevolent, and principled while casting our opponents' views as thoughtless and greedy. While many books on politics seek to provide partisans with new ways to feel good about their own side, *The Hidden Agenda of the Political Mind* illuminates the hidden drivers of our politics, even if it's a picture neither side will find flattering.

The Threat

This is the rare paperback edition of journalist Linda Hunt's classic "Secret Agenda: The United States Government, Nazi Scientists, and Project Paperclip," a controversial book that faced opposition from the halls of power. Although Project Paperclip documentaries consistently fill cable TV slots today, the subject was still taboo in the 1990s. Despite such pre-internet suppression, luckily, today's reader can

still enjoy the benefits of the intricate research herein. From the book jacket: The subject of this book is hauntingly familiar: a group of men in the Pentagon decide that they alone know what is the best for the country. Project Paperclip - their effort to bring German scientists, including known Nazis, to the U.S. after WWII - ran roughshod over official American policy; its details and deceptions were then covered up for decades - until now. Even before the war in Europe was over, U.S. intelligence agents were scouring Germany in search of the Reich's top scientists - to gain the "spoils of war" and keep them out of the hands of the Soviets. It did not matter that many of these scientists had been members of the Nazi party, or been accused or even convicted at Nuremberg, or that President Truman had issued a presidential directive forbidding the immigration of ardent Nazis. The men who ran Paperclip simply cleansed the scientists' records and installed them in high-level military and industrial positions. "Secret Agenda" for the first time exposes the full story of Project Paperclip, from its earliest deceptions in the 1940s and 1950s to the work of Arthur Rudolph and Wernher von Braun on the Apollo program. Thoroughly researched and fact-checked, "Secret Agenda" is an important and disturbing book about one of the darkest chapters in American history. Linda Hunt is a Washington-based reporter whose Paperclip stories received international attention and won the Investigative Reporters and Editors Award in 1985. She is formerly executive producer of CNN's investigative unit.

Secret Agenda

Beneath the outward appearance of legitimate government and accountable officials there lurk hidden agendas, shadowy personalities and special interest groups seeking to seize control of the nation for their own ends. These 'states within a state', unfettered by legal norms and unworried by public opinion, are known as 'deep states'. In this fascinating account, Ian Fitzgerald examines what a deep state really is and how they have emerged in various places across the world and throughout history. Ranging from the police state of East Germany in the 1950s to the narco states of Latin America in the 1970s to the institutional corruption of 21st century Nigeria, he explores the many ways people have sought to seize the apparatus of power for themselves while remaining out of sight. Now the subject of modern conspiracy theories the world over as a worrying trend toward unelected power emerges, this book is more timely than ever, and helps separate fact from fiction. Looks at deep state conspiracies around the world, including: • the narco-states of Colombia and Mexico - where legitimate institutions have been corrupted by the power and wealth of the illegal drug trade • the illicit tax haven of Panama and the 2016 "Panama Papers"

Secret Agenda

Mormonism is a truly unique American religion. Born in upstate New York and suckled on the breast of freedom, a small group of self-styled "Saints" began preaching the gospel of Christ as revealed to Joseph Smith by divine revelation. Smith spoke of a heavenly visitation by God the Father and His Son Jesus Christ, endowing young Joseph with the authority to restore God's one, true church here on earth. Under the direction of Joseph Smith, Jr. and later Brigham Young, The Church of Jesus Christ of Latter-day Saints quickly rose to a position of prominence in the mid 19th century. Latter-day Saints are largely regarded by society as industrious, honest, moral and descent people, but there is another side of Mormonism hidden from the prying eyes of outsiders. Secret Agenda is a well documented exposé revealing an ongoing conspiracy, stretching all the way back to the first prophet of the Church and his vision of establishing a theocratic government. Written by a seventh generation Mormon with ancestral ties to the ultra secretive Council of Fifty, Timothy pulls back the veil of secrecy to reveal the true aim of the Church. Beneath the deceptively calm surface of a global religious institution, a storm is raging. With more than 15 million members world-wide, The Church of Jesus Christ of Latter-day Saints is preparing to fulfill its ultimate destiny. Unbeknownst to American citizens, an unassuming adversary patiently waits in the shadows - ready to pounce at a moment's notice. Lurking just around the corner, a well organized shadow government is waiting for all of the right pieces to fall into place. Imagine what would happen if only a small portion of "The Mormon Plan for America" is allowed to be implemented. Personal freedoms currently enjoyed by all American citizens would be stripped away under the tyrannical rule of a theocratic government. Make no mistake, America is under siege!

Secret Dossier

Space expert Mike Bara looks at the secret space program of the American military that has been going on for over 60 years. Bara looks at the Army Ballistic Missile Agency (TB)'s proposed Project Horizon which was a study to determine the feasibility of constructing a scientific / military base on

the Moon. On June 8, 1959, a group at the Army Ballistic Missile Agency (ABMA) produced for the U.S. Department of the Army a report entitled Project Horizon, A U.S. Army Study for the Establishment of a Lunar Military Outpost. The permanent outpost was predicted to cost \$6 billion and was to become operational in December 1966 with twelve soldiers stationed at the Moon base. Wernher von Braun, head of ABMA, appointed Heinz-Hermann Koelle to head the project team at Redstone Arsenal. Their plans called for 147 early Saturn A-class rocket launches to loft spacecraft components for assembly in low Earth orbit at a spent-tank space station. A lunar landing-and-return vehicle would have shuttled up to 16 astronauts at a time to the base and back. While officially Project Horizon was scrapped by the military, or was it? Bara looks into the secret space program, the possibility of secret bases on the Moon and many rumors surrounding the military (TM)s secret projects in space. The book will ask and answer many questions. Was Wernher von Braun involved in the Roswell crash investigation? Why did he suddenly become fascinated with highly advanced theoretical physics propulsion systems during the Apollo years, and why did all of this public research suddenly go black in the early 1960s? Did NASA and the Pentagon know and expect to find evidence of alien bases on the Moon? Did the Apollo 12 astronauts deliberately damage the TV cameras in order to hide their explorations of one of these bases? What was the top secret Oscar Bell experiment on Apollo 16? Has teleportation been developed from captured alien technology and used to transport humans to secret NASA/DOD bases on Mars? Do space shuttle videos taken in the 1990s show proof of a highly advanced secret US space fleet? Does hacker Gary Mackinnon (TM)s discovery of defense department documents identifying non-terrestrial officers serving in space mean that the US has secret space platforms designed to fight a war with an alien race? And, have these secret military space platforms been photographed by civilian observers here on Earth?

The Hidden Agenda of the Political Mind

A detailed look at the hidden agenda within Israel's Mossad intelligence agency.

Secret Agenda: the United States Government, Nazi Scientists, and Project Paperclip, 1945-1990

Space expert Bara delves into the secret space program, examining the possibility that there are secret bases on the Moon, and exploring the many other rumors surrounding the military's secret projects in space. Starting with the mysterious airship flap of 1897, tracing its possible origin to a 19th century Prussian secret society, Bara posits that man has had anti-gravity technology for quite a long time. What else doesn't the public know? Bara brings to light a lot of evidence showing that there is plenty.

- On June 8, 1959, a group at the Army Ballistic Missile Agency produced for the U.S. Army a report entitled Project Horizon, a "Study for the Establishment of a Lunar Military Outpost." The permanent outpost was predicted to cost \$6 billion and was to become operational in December 1966 with twelve soldiers stationed at the Moon base. Did this happen?
- The Brookings Report drawn up at the inception of NASA said we could expect to find alien artifacts in our exploration of space. Did NASA and the Pentagon find evidence of alien bases on the Moon? Did the Apollo 12 astronauts deliberately damage the mission's TV cameras in order to hide their explorations of one of these bases?
- Does hacker Gary Mackinnon's discovery of defense department documents identifying "non-terrestrial officers" serving in space mean that the U.S. has clandestine space platforms designed to fight a war with an alien race? And, have civilian observers here on Earth photographed these secret military space platforms?

Bara explores the evidence surrounding these questions and more in this explosive book. He maintains that aside from the actual secret space program, even the public space program—NASA—has at its core a secret agenda. Bara also examines the many allegations that the government has long been clandestinely working with aliens in various covert programs.

The Deep State

In May 1940, the British War Cabinet debated over the course of nine meetings a simple question: Should Britain fight on in the face of overwhelming odds, sacrificing hundreds of thousands of lives, or seek a negotiated peace? Using Cabinet papers from the United Kingdom's National Archives, David Owen illuminates in fascinating detail this little-known, yet pivotal, chapter in the history of World War II. Eight months into the war, defeat seemed to many a certainty. With the United States still a year and half away from entering, Britain found itself in a perilous position, and foreign secretary Lord Halifax pushed prime minister Winston Churchill to explore the possibility of a negotiated peace with Hitler, using Mussolini as a conduit. Speaking for England is the story of Churchill's triumph in the face of this pressure, but it is also about how collective debate and discussion won the day—had Churchill been

alone, Owen argues, he would almost certainly have lost to Halifax, changing the course of history. Instead, the Cabinet system, all too often disparaged as messy and cumbersome, worked in Britain's interests and ensured that a democracy on the brink of defeat had the courage to fight on.

Secret Agenda

The Angels of heaven are ready! Are you? Kevin Zadai had a supernatural encounter where he received insight and revelation on angels that will prepare Gods people for coming days of glory. For Heaven to flood the Earth with miracles and divine acceleration to take place, you need to learn how to partner with the angelic realm! Prepare to go behind the veil. Spiritual maturity is not just learning doctrine; its also discovering how to operate with the unseen realm. The Other Side of Deception

In this book, Dennis Smith argues that we need to look afresh at globalization. So far analysts have seen globalization in terms of three logics. Yet these approaches ignore important historical and human aspects of globalization.

Hidden Agenda

Each of us pitches ideas every day. Regardless of what idea we're selling-or who we're selling it to-it all boils down to the act of stirring someone to join you, to agree to follow you. Yet we consistently underestimate how critical it is to recognize the role of the decision maker. Decisions are, after all, made by people; and people have needs and agendas, spoken and unspoken. Understanding these needs and agendas are critical to success in business. Kevin Allen's approach is not about persuading, but about creating a connection that assures a mutual win. By unearthing the true motivation or desire of the decision maker, Allen shows how to craft a story or message around it, creating a predictable and repeatable end result. Full of stories and examples, this entertaining book teaches you how to effectively find, connect, and finally to speak to the Hidden Agenda to win business unfailingly, every time.

Cabinet's Finest Hour

Dean Garret is about to break the number one rule of undercover work.

The Agenda of Angels

"History is replete with whispers of secret societies. Accounts of elders or priests who guarded the forbidden knowledge of ancient peoples. Prominent men, meeting in secret, who directed the course of civilization are recorded in the writings of all people. The oldest is the Brotherhood of the Snake, also called the Brotherhood of the Dragon, and it still exists under many different names. It is clear that religion has always played a significant role in the course of these organizations. Communication with a higher source, often divine, is a familiar claim in all but a few. The secrets of these groups are thought to be so profound that only a chosen, well-educated few are able to understand and use them. These men use their special knowledge for the benefit of all mankind. At least that is what they claim. How are we to know, since their knowledge and actions have been secret? Fortunately, some of it has become public knowledge. I found it intriguing that in most, if not all, primitive tribal societies all of the adults are members. They are usually separated into male and female groups. The male usually dominates the culture. Surprisingly, this exactly resembles many civilized secret societies. This can only mean that the society is working not against established authority, but for it. In fact, could be said to actually

be the established authority. This would tend to remove the validity of any argument that all secret associations are dedicated to the "destruction of properly constituted authority." This can only apply, of course, where the secret society makes up the majority or entirety of any people which it affects. Only a very few fall into this category. Secret societies in fact mirror many facets of ordinary life. There is always an exclusivity of membership, with the resultant importance attached to being or becoming a member. This is found in all human endeavors, even those which are not secret, such as football teams or country clubs. This exclusivity of membership is actually one of the secret societies' most powerful weapons. There is the use of signs, passwords and other tools. These have always performed valuable functions in man's organizations everywhere. The stated reason, almost always different from the real reason, for the societies' existence is important...".

My Secret Agenda

This is the true story of betrayal at the nation's highest level. Unfolding with the suspenseful pace of a le Carre spy thriller, it reveals the personal motives and secret political goals that combined to cause the Watergate break-in and destroy Richard Nixon. Investigator Len Colodny and journalist Robert Gettlin relentlessly pursued the people who brought down the president. Their revelations shocked the world and forever changed our understanding of politics, of journalism, and of Washington behind closed doors. Dismantling decades of lies, *Silent Coup* tells the truth.

Globalization

Drawing from the text of the Business Week bestseller *Today Matters*, this condensed, revised edition boils down John C. Maxwell's 12 daily practices to their very essence, giving maximum impact in minimal time. Presented in a quick-read format, this version is designed to be read cover to cover in one sitting or taken in as brief lessons in a few spare minutes each day. It covers such topics as: -- Priorities -- Health -- Family -- Finances -- Values -- Growth Readers will learn how to make decisions on important matters and apply those decisions daily to put them on a path to more successful, productive, and fulfilling lives.

Hidden Agenda

"Former CIA and Mossad intelligence agents find it difficult to sleep at night since much of the old Soviet Union's arsenal of nuclear, biological, and chemical weapons is being secretly sold to fanatical international terrorists. Only a retired veteran intelligence analyst such as this author, with his many international contacts, can alert the West to the unprecedented dangers of impending global blackmail and mass-murder which he has uncovered. Written by a former Mossad intelligence agent, the threats depicted in these pages are all too real.

Buhari, His Politics, His Philosophy and the Secret Agenda

The Truth Agenda explores some of the most famous unexplained mysteries and global cover-ups of recent history. What is the truth about UFOs, pyramids, religious apparitions, psychic phenomena, visions of the future and ancient prophecies, and what is their connection to famous conspiracy theories concerning the Moon landings, 9/11, the New World Order, and claims that the planet is secretly run by a powerful ruling elite? Leading mysteries researcher Andy Thomas pulls the many threads together in an accessible, stimulating and credible overview which suggests that our world may be very different from the picture presented by the establishment. The Truth Agenda shows how we can avoid control manipulations and help to create a more positive future. Why do so many people believe in conspiracy theories, and what is the evidence to support them? What is the basis for the wide belief that we are now in a 'New Era' of massive change and consciousness shift? Why is there such huge but officially undeclared interest in paranormal phenomena from authorities and religions? How does all this tie together and explain the agendas of control and surveillance in the West, and what can we do?

Other Side of Deception

On paper, Vivienne Neal had a lifestyle most people would envy. Only she knows what a sham her marriage really was. So when her politician husband is killed in a hit-and-run accident, she moves to Florida and takes a job as a personal assistant to Diego Cole-Thomas, a powerful CEO with an intimidating reputation.

His Secret Agenda (Mills & Boon Cherish)

Dive deep into the enigmatic world of "Alien Invasion Plan - The Secret Agenda of Extraterrestrial Entities", a captivating exploration of conspiracy theories, hidden facts, and unknown events surrounding extraterrestrial encounters. Unveil 20 intriguing facts meticulously researched and presented, covering ancient texts, government cover-ups, technological influences, and more. From alleged alien abductions to secret extraterrestrial bases, this book offers a riveting journey into the clandestine agendas of beings beyond our world, sparking curiosity and challenging conventional beliefs.

Secret Societies

A new novel in the award-winning Travis Keating/Prinny Murphy series. Sigrid Sugden is a Shrike, a member of one of the toughest group of girls in school. They are experts at blackmail, extortion and bullying their terrorized classmates. But one day, the Shrikes go too far. Sigrid realizes that their favourite victim, Prinny Murphy, is in real danger. She makes a decision that will save Prinny from danger but will turn the Shrikes anger and bullying against the former friend who betrayed them to the authorities. For Sigrid, this is a transformative moment. She wants to be a better person and begins to reflect on the events that led to her being a Shrike. Participating in their mean pranks made her feel powerful and safe. But now, she realizes she needs and wants to turn over a new leaf - make new friends and be kinder to others. But overcoming her badgirl image is a whole lot harder to do than she originally thought. No one likes her, no one trusts her - no one is willing to give her a second chance. But then an unlikely ally comes forward to help her convince the rest of the students at school that she really does want to be a better person - her former victim, Prinny Murphy. 2014/2015 Red Cedar Fiction Award winner in the fiction category On Resource Links' Best of 2013 list 2015 Silver Birch Fiction Award nominee On Ontario Library Association Best Bets List 2013 Shortlisted for The Manitoba Young Readers' Choice Award, 2015

Silent Coup

How did the Duke of Windsor betray the allies and did his war time activity amount to treason? This book, the result of the author's research will seek to answer these questions.

Make Today Count

It's the world's first comic book/newspaper strip crossover event, as Spider-Man teams up with fan-favorite X-Man and Avenger the Beast! When the Brand Corporation announces that it has discovered the secret of mutation, the two heroes investigate - but run smack-dab into the Hobgoblin! Watch the action unfold in the pages of the comic book AND the daily Spider-Man newspaper strip! Plus, a classic Marvel Team-Up from yesteryear, as Spidey and the Beast battle the dual threat of Killer Shrike and the Modular Man! COLLECTING: SPIDER-MAN: THE MUTANT AGENDA 0-3, MARVEL TEAM-UP (1972) 90
