The night I'm released from prison, she's in my bed. It's been eight years since I touched a woman, and the Native American beauty is half-dressed, beaten, bruised, and devastatingly exquisite. We're toxic together, but we want the same things. Blood. Vengeance. Violent relief in a warm body. Beneath her touch, I'm alive. Against her skin, I'm redeemed. Buried inside her, I forget the past. Until the past takes her from me. Prison made me cold, but losing Raina makes me cruel. Ruthless. Unforgiving. I killed before. For her, I'll kill again. I'll end this once and for all or die in my boots. TRAILS OF SIN series (HEAs with no cliffhangers - must be read in order): Knotted #1 - Jake and Conor Buckled #2 - Jarret and Maybe Booted #3 - Lorne and Raina.

This is H. G. Wells' 1906 science fiction novel, "In the Days of the Comet". The strange vapours of a nearby comet begin to alter the air of Earth itself, engendering an incredible, long-lasting transformation in the way people think. An entertaining and thought-provoking novel, "In the Days of the Comet" represents the classic sci-fi that Wells is famous for, and it is not to be missed by fans and collectors of his seminal work. Herbert George Wells (1866 - 1946) was a prolific English writer who wrote in a variety of genres, including the novel, politics, history, and social commentary. Today, he is perhaps best remembered for his contributions to the science fiction genre thanks to such novels as "The Time Machine" (1895), "The Invisible Man" (1897), and "The War of the Worlds" (1898). Although never a winner, Wells was nominated for the Nobel Prize in Literature a total of four times. Many vintage books such as this are becoming increasingly scarce and expensive. We are republishing this book now in an affordable, modern, high-quality edition complete with a specially commissioned new biography of the author. First published in 1906.

What a rare mushroom can teach us about sustaining life on a fragile planet Matsutake is the most valuable mushroom in the world—and a weed that grows in human-disturbed forests across the northern hemisphere. Through its ability to nurture trees, matsutake helps forests to grow in daunting places. It is also an edible delicacy in Japan, where it sometimes commands astronomical prices. In all its contradictions, matsutake offers insights into areas far beyond just mushrooms and addresses a crucial question: what manages to live in the ruins we have made? A tale of diversity within our damaged landscapes, *The Mushroom at the End of the World* follows one of the strangest commodity chains of our times to explore the unexpected corners of capitalism. Here, we witness the varied and peculiar worlds of matsutake commerce: the worlds of Japanese gourmets, capitalist traders, Hmong jungle fighters, industrial forests, Yi Chinese goat herders, Finnish nature guides, and more. These companions also lead us into fungal ecologies and forest histories to better understand the promise of cohabitation in a time of massive human destruction. By investigating one of the world's most sought-after fungi, *The Mushroom at the End of the World* presents an original examination into the relation between capitalist destruction and collaborative survival within multispecies landscapes, the prerequisite for continuing life on earth.

The Mushroom at the End of the World

At the dusk of the twenty-first century, Welsh technophobe Huw is one of the billion or so hominids left on Earth, living in a preserve at the bottom of a gravity well. The rest have emigrated, uploading their consciousness to a vast cloud that fogs the inner solar system with a dust of molecular machinery, and occasionally spams Earth with plans for cataclysmically disruptive technologies. Wary of anything more sophisticated than his bicycle, Huw jumps at the chance to attend tech jury service and defend the Earth from the scum of the post-singularity patent office. Trail of Lightning

Erasmus reached England after a stay in Italy early in the summer of 1510. Soon afterwards, in Thomas More's house at Bucklersbury, he rapidly wrote his famous satire, the *Encomium Moriae*, or "Praise of Folly," in which Folly celebrates her own praises as the great source of human pleasures. He had been meditating this piece on the long journey from Rome; it is a kaleidoscope of his experiences in Italy, and of earlier memories. As to the title, *Moria*, the Greek word for "folly," was a playful allusion, of course, to the name of his wise and witty host. This "Praise of Folly" is a satire, not only in the modern but in the original sense of that word,—a medley. All classes, all callings, are sportively viewed on the weak side. But in relation to the author's own life and times, the most important topics are the various abuses in the Church, the pedantries of the school-men, and the selfish wars of kings. If this eloquent Folly, as Erasmus presents her, most often wears the mocking smile of Lucian or Voltaire, there are moments also when she wields the terrible lash of Juvenal or of Swift. The popularity of the satire, throughout Europe, was boundless. The mask of jest which it wore was its safeguard; how undignified, how absurd it would have been for a Pope or a King to care what was said by Folly! And, just for that reason, the *Encomium Moriae* must be reckoned among the forces which prepared the Reformation.

Rapture of the Nerds

Last Bus to Woodstock is the novel that began Colin Dexter's phenomenally successful Inspector Morse series. 'Do you think I'm wasting your time, Lewis?' Lewis was nobody's fool and was a man of some honesty and integrity. 'Yes, sir.' An engaging smile crept across Morse's mouth. He thought they could get on well together . . . The death of Sylvia Kaye figured dramatically in Thursday afternoon's edition of the *Oxford Mail*. By Friday evening Inspector Morse had informed the nation that the police were looking for a dangerous man – facing charges of wilful murder, sexual assault and rape. But as the obvious leads fade into twilight and darkness, Morse becomes more and more convinced that passion holds the key . . . *Last Bus to Woodstock* is followed by the second Inspector Morse book, *Last Seen Wearing*.

The Praise of Folly

"If now a swell from the Deep has swept over this planetary ship of earth, and I, who alone chanced to find myself in the furthest stern, as the sole survivor of her crew... What then, my God, shall I do?." The *Purple Cloud* is widely hailed as a masterpiece of science fiction and one of the best "last man" novels ever written. A deadly purple vapor passes over the world and annihilates all living creatures except one man, Adam Jeffson. He embarks on an epic journey across a silent and devastated planet, an apocalyptic Robinson Crusoe putting together the semblance of a normal life from the flotsam and jetsam of his former existence. As he descends into madness over the years, he becomes increasingly aware that his survival was no accident and that his destiny - and the fate of the human race - are part of a profound, cosmological plan.

For the Win

"This series is so well written that you can not help but fall in love and feel the emotions, the pain, the heartache." ~ Laura, BookBistroBlog Two lies. Two men who don't share. I never stopped loving Cole. Not when he left me. Not when he disappeared for three years. Not when he crashed back into my life in a violent explosion of testosterone and fury. His sudden reappearance questions everything I thought I knew, including how I came to love another man. Trace is an intoxicating breeze of seduction over ice. My rock. My second chance at forever. And he's committed to annihilating the competition. The battle

that ensues wrenches me back and forth between them. Fighting and f*cking. Resisting and submitting. Together, they entangle me in a web of lies, rivalry, and desire that weaves as deeply as their devotion to me. I love two men, and if I can only have one, I choose none. The TANGLED LIES series must be read in order. One is a Promise Two is a Lie Three is a War Contains: love triangle, angst, suspense, music, dance, alpha, dominate, submissive, series, trilogy, romance, billionaires, sports, military

Meet Me Under the Mistletoe

In 1926, on the advice of his doctor, former newspaperman William Caruthers, whose writings appeared in most Western magazines during a career spanning more than 25 years, retired to an orange grove near Ontario, California. Once there, he would go on to spend much of his time during the next 25 years in the Death Valley region, witnessing the transition of Death Valley from a prospector's hunting ground to a mecca for winter tourists. This book, which was first published in 1951, is William Caruthers' personal narrative of the old days in Death Valley—"of people and places in Panamint Valley, the Amargosa Desert and the big sink at the bottom of America." A wonderful read.

Two is a Lie

They call me a slut. Maybe I am. Sometimes I do things I despise. Sometimes men take without asking. But I have a musical gift, only a year left of high school, and a plan. With one obstacle. Emeric Marceaux doesn't just take. He seizes my will power and bangs it like a dark note. When he commands me to play, I want to give him everything. I kneel for his punishments, tremble for his touch, and risk it all for our stolen moments. He's my obsession, my master, my music. And my teacher.
