Firstly babies don't read the books!

Thirdly, feeding often is normal because babies have tiny tummies and need frequent feeds

How would you feel if your partner didn't give you a hug when you were upset?

as it can help protect against sudden infant death syndrome

those who followed the advice to put their baby into a routine

Breastfeeding works best when it is done responsively

Trying to stretch out or miss feeds can decrease milk supply

We also found that mothers who tried to follow a strict routine

Mums can end up feeling that they have 'failed'
