Call and Response

A compilation of modern call and response litanies intended for congregational use. Whether your community is liturgical and looking for fresh language, or contemporary and looking to incorporate liturgical elements, this volume contains relevant, reflective prayers that call congregations deeper into the story of Divine Love. Written with attention to beauty, theological resonance, and justice-mindedness, these prayers probe the depths of what it means to live out faith in today's context. People of faith from various traditions can find helpful language for integrating spirituality and contemporary life in this rich trove of communal prayers.

Welcome to the mind—to the world—of Fake Steve Jobs. Fake Steve the counterintuitive management guru: “Obviously we can’t literally put our employees’ lives at risk. But we have to make them feel that way.” Fake Steve the celebrity hobnobber: “I like Bono. He’s the only person I know who’s more self-absorbed than I am.” Options is the book that had the critics howling—with laughter: “A voice for our own digital age....Mac-slappingly funny.”—Newsweek.com “Hilarious.”—New York Times “There’s a laugh-out-loud moment on nearly each one of the book’s pages.”—Wall Street Journal “Wickedly funny.”—San Francisco Chronicle

White House Interpreter

What is going on behind closed doors when the President of the United States meets privately with another world leader whose language he does not speak. The only other American in the room is his interpreter who may also have to write the historical record of that meeting for posterity. In his introduction, the author leads us into this mysterious world through the meetings between President Reagan and Mikhail Gorbachev and their highly skilled interpreters. The author intimately knows this world, having interpreted for seven presidents from Lyndon Johnson through Bill Clinton. Five chapters are dedicated to the presidents he worked for most often: Johnson, Nixon, Ford, Carter, and Reagan. We get to know these presidents as seen with the eyes of the interpreter in a lively and entertaining book, full of inside stories and anecdotes. The second purpose of the book is to introduce the reader to the profession of interpretation, a profession most Americans know precious little about. This is done

with a minimum of theory and a wealth of practical examples, many of which are highly entertaining episodes, keeping the reader wanting to read on with a minimum of interruptions.

Hand-made Fables

Now a major motion picture nominated for nine Academy Awards. Narrative of Solomon Northup, a Citizen of New-York, Kidnapped in Washington City in 1841, and Rescued in 1853. *Twelve Years a Slave* by Solomon Northup is a memoir of a black man who was born free in New York state but kidnapped, sold into slavery and kept in bondage for 12 years in Louisiana before the American Civil War. He provided details of slave markets in Washington, DC, as well as describing at length cotton cultivation on major plantations in Louisiana.

When asked by his son why some churches have smoke machines, worship pastor Manuel Luz found himself responding, "Well, technically, you need smoke machines to see the lasers." But when you take down the smokescreen, what do you have left? Where do we encounter the Holy in the midst of all this? Where can we worship with our full selves—heart, soul, mind, and body—in Spirit and truth? Drawing from his own experience leading worship in a large congregation and feeling the pull of performance, Manuel Luz guides us on a journey through worship that takes us far beyond style and deep into our own souls. He calls us back to an honest worship that moves past facades and pulls us inward toward the true self that God is forming within each of us. Each chapter ends with a spiritual practice designed to help us set aside pretense and enter into the very presence of God.

"*Work of Art*" by Sinclair Lewis is a classic novel that delves into the intricacies of human relationships, ambitions, and societal expectations. Lewis, with his keen observational skills and sharp wit, crafts a narrative that is both engaging and thought-provoking. Set against the backdrop of a rapidly changing society, this novel is a testament to Lewis's ability to capture the zeitgeist of his time, presenting readers with a story that is as relevant today as it was when it was first published.

In *Manhood Impossible*, Scott Melzer argues that boys' and men's bodies and breadwinner status are the two primary sites for their expression of control. Controlling selves and others, and resisting being dominated and controlled is most connected to men's bodies and work. However, no man can live up to these culturally ascendant ideals of manhood. The strategies men use to manage unmet expectations often prove toxic, not only for men themselves, but also for other men, women, and society. Melzer strategically explores the lives of four groups of adult men struggling with contemporary body and breadwinner ideals. These case studies uncover men's struggles to achieve and maintain manhood, and redefine what it means to be a man.

"Church is boring." "It's irrelevant." "It's full of hypocrites." You've heard the excuses—now learn the real reasons men and boys are fleeing churches of every kind, all over the world, and what we can do about it. Women comprise more than 60% of the adults in a typical worship service in America. Some overseas congregations report ten women for every man in attendance. Men are less likely to lead, volunteer, and give in the church. They pray less, share their faith less, and read the Bible less. In *Why Men Hate Going to Church*, David Murrow identifies the barriers keeping many men from going to church, explains why it's so hard to motivate the men who do attend, and also takes you inside several fast-growing congregations that are winning the hearts of men and boys. In this completely revised, reorganized, and rewritten edition of the classic book, with more than 70 percent new content, explore topics like: The increase and decrease in male church attendance during the past 500 years Why Christian churches are more feminine even though men are often still the leaders The difference between the type of God men and women like to worship The lack of volunteering and ministry opportunities for men The benefits men get from attending church regularly Men need the church but, more importantly, the church needs men. The presence of enthusiastic men is one of the surest predictors of church health, growth, giving, and expansion. *Why Men Hate Going to Church* does not call men back to church—it calls the church back to men.

Why Men Hate Going to Church

This is a new release of the original 1941 edition.

Imagine That

This book offers an account of the moral foundations of pastoral ethics and the underlying interpersonal dynamics that make the practice of ministry powerful--and also morally dangerous, even for those with the best of intentions. Sondra Wheeler examines the personal disciplines and spiritual practices that help sustain safe ministry, including the essential practices of prayer and spiritual accountability. She equips ministers to abide by ethical standards when they come under pressure and offers practical strategies for navigating challenges. The author also stresses personal vulnerability and "unselfish self-care."

Exit Laughing

A story that deals with a successful white man who well into his life discovers that he is part black, quite a controversial subject for 1947. A very honest and masterful tale of a man trying to connect with his "blackness" and the society and heritage to which he belongs, including insights into the racism of the time and the relationships between blacks and whites.

Sustaining Ministry

""This book, comprising a sweeping range of well-documented articles on Pentecostal theology, hermeneutics, missiology, and the social sciences, provides for the student of Pentecostals a window on contemporary Pentecostal scholarship that discloses vigorous engagement with critical issues. The editors have provided a resource that promises to stimulate further research and reflection."" William Menzies, Chancellor, Asia Pacific Theological Seminary, Baguio City, Philippines. Excerpts from Respondents Jose Miguez Bonino on Changing Paradigms: ""An updating of Pentecostal thinking on a whole spectrum of theological disciplines: systematics, missiology, biblical studies, history, and praxis . . . a wealth of information and reflection."" Vinay Samuel on Global Culture: ""Global Pentecostalism can bring a new impetus to the movement for Christian unity . . . it has much to contribute to the shaping of a new 21st century definition for Christian unity."" Harvey Cox on A Postmodern World: ""There was a time when Pentecostals warned themselves and anyone else who would listen not to become entangled with and dependent on the 'things of the world.' Pentecostals were suspicious of the passing fads of stylish clothing, the latest hairdo, and glitzy new consumer products. They were also, as it turns out rightly, suspicious that the powerful new mass media could be a seductive lure, tricking people into the empty values of the consumer market culture. Perhaps it is time for a rebirth of that ethic of simplicity, that suspicion for 'the things for the world' for which the early Pentecostals were so famous.""

PREFACE. THE Author of this very practical treatise on Scotch Loch - Fishing desires clearly that it may be of use to all who had it. He does not pretend to have written anything new, but to have attempted to put what he has to say in as readable a form as possible. Everything in the way of the history and habits of fish has been studiously avoided, and technicalities have been used as sparingly as possible. The writing of this book has afforded him pleasure in his leisure moments, and that pleasure would be much increased if he knew that the perusal of it would create any bond of sympathy between himself and the angling community in general. This section is interleaved with blank sheets for the readers notes. The Author need hardly say that any suggestions addressed to the case of the publishers, will meet with consideration in a future edition. We do not pretend to write or enlarge upon a new subject. Much has been said and written-and well said and written too on the art of fishing but loch-fishing has been rather looked upon as a second-rate performance, and to dispel this idea is one of the objects for which this present treatise has been written. Far be it from us to say anything against fishing, lawfully practised in any form but many pent up in our large towns will bear us out when we say that, on the whole, a days loch-fishing is the most convenient. One great matter is, that the loch-fisher is dependent on nothing but enough wind to curl the water, -and on a large loch it is very seldom that a dead calm prevails all day, -and can make his arrangements for a day, weeks beforehand whereas the stream-fisher is dependent for a good take on the state of the water and however pleasant and easy it may be for one living near the banks of a good trout stream or river, it is quite another matter to arrange for a days river-fishing, if one is looking forward to a holiday at a date some weeks ahead. Providence may favour the expectant angler with a good day, and the water in order but experience has taught most of us that the good days are in the minority, and that, as is the case with our rapid running streams, -such as many of our northern streams are, -the water is either too large or too small, unless, as previously remarked, you live near at hand, and can catch it at its best. A common belief in regard to loch-fishing is, that the tyro and the experienced angler have nearly the same chance in fishing, -the one from the stern and the other from the bow of the same boat. Of all the absurd beliefs as to loch-fishing, this is one of the most absurd. Try it. Give the tyro either end of the boat he likes give him a cast of ally flies he may fancy, or even a cast similar to those which a crack may be using and if he catches one for every three the other has, he may consider himself very lucky. Of course there are lochs where the fish are not abundant, and a beginner may come across as many as an older fisher but we speak of lochs where there are fish to be caught, and where each has a fair chance. Again, it is said that the boatman has as much to do with catching trout in a loch as the angler. Well, we dont deny that. In an untried loch it is necessary to have the guidance of a good boatman but the same argument holds good as to stream-fishing...

The Globalization of Pentecostalism

NEW YORK TIMES BESTSELLER • “A fascinating look at how consumers perceive logos, ads, commercials, brands, and products.”—Time How much do we know about why we buy? What truly influences our decisions in today’s message-cluttered world? In *Buyology*, Martin Lindstrom presents the astonishing findings from his groundbreaking three-year, seven-million-dollar neuromarketing study—a cutting-edge experiment that peered inside the brains of 2,000 volunteers from all around the world as they encountered various ads, logos, commercials, brands, and products. His startling results shatter much of what we have long believed about what captures our interest—and drives us to buy. Among the questions he explores: • Does sex actually sell? • Does subliminal advertising still surround us? • Can “cool” brands trigger our mating instincts? • Can our other senses—smell, touch, and sound—be aroused when we see a product? *Buyology* is a fascinating and shocking journey into the mind of today’s consumer that will captivate anyone who’s been seduced—or turned off—by marketers’ relentless attempts to win our loyalty, our money, and our minds.

Harvest of My Years - An Autobiography

Visitor-Centered Exhibitions and Edu-Curation in Art Museums promotes balanced practices that are visitor-centered while honoring the integrity and powerful storytelling of art objects. Book examples present best practices that move beyond the turning point, where curation and education are engaged in full and equal collaboration. With a mix of theory and models for practice, the book: • provides a rationale for visitor-centered exhibitions; • addresses important related issues, such as collaboration and evaluation; and, • presents success stories written by educators, curators, and professors from the United States and Europe. • introduces the edu-curator, a new vision for leadership in museums with visitor-centered exhibition practices. The book is intended for art museum practitioners, including

educators, curators, and exhibitions designers, as well as higher education faculty and students in art/museum education, art history, and museum studies.

Jesus made claims about redemptive community throughout his ministry when he called people to extravagant grace. Even in the midst of the oppression of his day, Jesus preached and taught that redemptive community was possible if his followers would simply stop hoarding, hiding, and excluding. What a prophetic word for today in the midst of modern day oppression and fears of scarcity! In this edited volume, in honor of religious education scholars Jack Seymour and Margaret Ann Crain, eight of their PhD advisees--each scholars in their own right--join Seymour and Crain to lay out their vision of redemptive community. Rooted in their own scholarship, each contributor proposes ways in which Jesus' vision of redemptive community can become reality in churches and congregations, and in our larger world. In addition to essays by Jack Seymour and Margaret Ann Crain, scholars contributing to this volume include Dori Grinenko Baker, Reginald Blount, Evelyn L. Parker, Mai-Anh Le Tran, Leah Gunning Francis, Carmichael Crutchfield, Debora B.A. Junker, and Denise Janssen. The foreword by Mary Elizabeth Moore and afterword by Seymour and Crain set the volume in the larger context of the church and academy.

The largest company in the world by far, Wal-Mart takes in revenues in excess of \$280 billion, employs 1.4 million American workers, and controls a large share of the business done by almost every U.S. consumer-product company. More than 138 million shoppers visit one of its 5,300 stores each week. But Wal-Mart's "everyday low prices" come at a tremendous cost to workers, suppliers, competitors, and consumers. The Bully of Bentonville exposes the zealous, secretive, small-town mentality that rules Wal-Mart and chronicles its far-reaching consequences. In a gripping, richly textured narrative, Anthony Bianco shows how Wal-Mart has driven down retail wages throughout the country, how their substandard pay and meager health-care policy and anti-union mentality have led to a large scales exploitation of workers, why their aggressive expansion inevitably puts locally owned stores out of business, and how their pricing policies have forced suppliers to outsource work and move thousands of jobs overseas. Based on interviews with Wal-Mart employees, managers, executives, competitors, suppliers, customers, and community leaders, The Bully of Bentonville brings the truths about Wal-Mart into sharp focus.

Educating for Redemptive Community

'Nagaland for Christ' and 'Jesus Saves' are familiar slogans prominently displayed on public transport and celebratory banners in Nagaland, north-east India. They express an idealization of Christian homogeneity that belies the underlying tensions and negotiations between Christian and non-Christian Naga. This religious division is intertwined with that of healing beliefs and practices, both animistic and biomedical. This study focuses on the particular experiences of the Angami Naga, one of the many Naga peoples. Like other Naga, they are citizens of the state of India but extend ethnolinguistically into Tibeto-Burman south-east Asia. This ambiguity and how it affects their Christianity, global involvement, indigenous cultural assertiveness and nationalist struggle is explored. Not simply describing continuity through change, this study reveals the alternating Christian and non-Christian streams of discourse, one masking the other but at different times and in different guises.

"This is a powerful and exciting work. Mosse has produced a work of scholarship that is lively and readable without any loss of subtlety and sophistication. It is a ground-breaking study, of critical importance to the ways we understand religious nationalism and the anthropology of postcolonial experience."—Susan Bayly, author of *Asian Voices in a Postcolonial Age*

How does humility feature as a part of human experience, and how can opportunities to decenter the self empower us through present day circumstances? *Radical Humility* is a collection of essays written by people attempting to be humble at a time when public humility is scarce. Contributors come from a diverse group of experts, activists, makers, scholars, and practitioners: philosophers, psychologists, artists; a librarian, a farmer, a lawyer, a U.S. Navy Captain, and others who've reflected upon the role of humility. Some are leading scholars in their field; others are as-yet unpublished writers. All--the farmer, the librarian, the journalist, the sailor--speak to the ordinary everyday actions that offer significant opportunity for restraint and reflection to empower us personally and politically. For every person who feels uneasy and diminished after subjecting the most intimate parts of their lives to Likes and Followers, and for every person who is uneasy with presidential boasting and disregard for truth, *Radical Humility's* writers' perspectives are crucial at this turning point in our personal and political lives. Contributors: Aaron Ahuvia, Russell Belk, Charles M. Blow, Richard C. Boothman, Agnes Callard, Lynette Clemetson, Tyler Denmead, Nadia Danienta, Mickey Duzyj, Kevin Em, Eranda Jayawickreme, Kevin Hamilton, Eranda Jayawickreme, Troy Jollimore, Melissa Koenig, Aric Rindfleisch, Valerie Tiberius, and Ami Walsh

Radical Humility

Pentecostalism is the most rapidly growing branch of Christianity since the 20th century, yet it does not lend itself well to a singular doctrine and there is, therefore, no single comprehensive account of Pentecostal theology worldwide. Wolfgang Vondey suggests an account of Pentecostal theology that is genuine to Pentecostals worldwide while allowing for different adaptation and explication among the various Pentecostal groups. He argues that Pentecostal theology is fundamentally concerned with the renewal of the Christian life identified by the transforming work of the Holy Spirit and directed toward the kingdom of God. The book unfolds in two main parts illustrating the full gospel story and theology. Eleven chapters identify the spiritual underpinnings and motivations for Pentecostal theology, formulate a Pentecostal theology of action, translate, apply, and exemplify Pentecostal practices and experiences, and integrate Pentecostal theology in the wider Christian tradition.

Harvesting Our Souls

Most books on church planting offer a model for churches to replicate--usually one that is tied to a particular style, generation, or demographic. But what churches really need is a process that is flexible, not bound to a particular time or current fad. In *The Nuts and Bolts of Church Planting*, trusted author and church-planting expert Aubrey Malphurs shares the basic steps any church planter will need, regardless of his or her generation now or in the future. These steps include establishing values, mission, vision, and strategy reaching the community making disciples recruiting a team determining location and facilities raising money for the ministry With instant practical takeaway based on proven techniques, this book will be invaluable to any church planter.

Church planting has become a cottage industry. National conferences, hip planting organizations, and all-in-one resource kits celebrate the thrill of pioneering a church and inspire visions of glorious victories. Yet few who respond to the call are warned what they'll actually encounter: the relentless opposition they'll endure; the eventual scattering of their entire core group; the failure of their tried-and-true, field-tested system. Here's the dirty little secret of church planting: the roadside is strewn with casualties. Many have closed their churches. Some left ministry permanently. Others abandoned the faith altogether. Church planting is at once the greatest and most grueling ministry work on earth. This book is for those toiling in the trenches, those about to bail out, and those considering jumping in. It's for the church planters laboring and struggling, seeing little movement, and wondering what they're doing wrong or why God is failing them. It's also for mother churches, planting organizations, and denominations, as a challenge to rethink and re-calibrate the way they approach and measure planting endeavors. The Honest Guide to Church Planting is a fresh and candid conversation about the challenges and joys of planting new churches. Tom Bennardo speaks the truth so that those involved in church planting can embrace a more accurate and realistic picture of what planting a church is really like; one that not only enables them to survive, but to thrive in this wondrous work.
