The Paramount Rule

Functional and Dysfunctional Sexual Behavior explores the full consequences of the dissociation between sexual behaviors and reproduction. Among the themes covered is the difference between the stereotyped sexual behaviors in non-human mammals and the astounding variety of human sexual behaviors. The role of learning in shaping sexual behaviors is explained, and it is shown how particular sexual experiences may be at the origin of common human sexual dysfunctions. Chapters on sexual incentives and a summary of the endocrine and central nervous control of sexual behaviors are included. Analyzes the origin and foundations of some of the myths surrounding sexual behaviors Highlights how learning shape human sexual behaviors Provides an overview of the endocrine and neural regulation of mammalian sexual behaviors Presents a comprehensive analysis of human sexual desire disorders Employs many entertaining examples for illustrating main points Written by a scientist thoroughly familiar with the research literature Presents examples of translational sex research

Functional and Dysfunctional Sexual Behavior

Welcome to one of the most disturbing minds of Japanese manga! Hideshi Hino has long been considered a master of the horror manga genre since his coming out in the late '70s. And the four stories in Lullabies From Hell will show you how demented the man can be. The self-titled first tome introduces you to the author himself, a horror quasi-biography of sorts. The second story tells of Hino's having willed his pregnant wife into birthing a horrible, planet-devastating reptile baby that eats puppies and children! And you can imagine how the stories progress from there.

Lullabies from Hell

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world),

and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Kidnapped by Cannibals

"A tour de force: meticulously argued, nuanced, and wideranging in its interpretations. In the hands of a master, the prodigious scholarship and large intellectual appetite make for a very convincing, comprehensive work."—George Marcus, coeditor of *Writing Culture* "The sheer scope of *Cannibal Talk* is remarkable, and its contribution to the anthropology of colonialism outstanding. Obeyesekere's research, original thinking, and applied reading are unrivalled on the discourses of cannibalism and their implications."—Paul Lyons, University of Hawai'i

Cannibal Talk

Can there still be anything new to say about the erotic, sexy play, and desire? YES, because what drives each of us to any sexual fixation—from feet or fat to latex or ponyplay—may hold mysteries, but can never be inexplicable. YES, because even the most seemingly unusual kinks and fetishes, like trample and crush, cannibal play, quicksand and male pregnancy, derive from such universal themes as power and transformation. YES, because when some taboos crumble, others emerge, with often surprising, delightful, and even disturbing consequences for our psyches and libidos. YES, because as human culture evolves, we newly discover sexual excitement and fulfillment from scenarios (such as car accidents) and objects (like gas masks and medical equipment) that never existed before. YES, because wherever there is darkness, secrecy, and silence, what's most essential is light, revelation, and ever better communication.

Deviant Desires

Inspired by the romantic misadventures in her own family, Ceilan takes readers jauntily through real-life stories about love: what demented things people do for love, the wildly unusual choices people have made in their selection of a mate, and the joys and horrors of ending a relationship.

Weirdly Beloved

Delve into the insightful "The Idea of Progress," a series of lectures and speeches from the 1920s by William Ralph Inge. Exploring the concept of progress and its implications, this work offers a thought-provoking perspective on societal evolution. A valuable read for those interested in philosophical discussions and historical lectures.

The Idea of Progress

Andrew McCarthy grows concerned for his family after he catches a young man, Zachary Denton, photographing his daughter, Grace McCarthy, and other children at a park. To his dismay, Zachary talks his way out of trouble when he's confronted by the police. He hopes that's the end of it. Then he finds Zachary at a diner and then at a grocery store. He knows their encounters aren't coincidences. And just as Andrew prepares to defend his family, Grace vanishes. As the police search stalls and the leads dry up, Andrew decides to take matters into his own hands. He starts by searching for sex offenders in the area and researching enhanced interrogation techniques... He convinces himself he'll do anything to rescue his daughter, unaware of the pure evil he'll face in his journey. He's willing to hurt—to torture—anyone to save his family. Jon Athan, the author of *Into the Wolves' Den* and *The Abuse of Ashley Collins*, delves into the underworld of internet predators in this disturbing horror novel. Are your children safe? WARNING: This book contains graphic content. Reader discretion is advised.

Swallow

Barbarian warriors, sexy slaves, and swordplay on a Counter-Earth in the series that's "a legend in speculative fantasy" (*Boing Boing*). Long ago in their intraspecific conflicts, a violent, technologically sophisticated life form, the Kurii, destroyed their native world. They now seek another. Between Earth

and Gor, or the Counter-Earth, and the power of the imperialistic, predatory Kurii, now ensconced in the "Steel Worlds," a number of satellite colonies concealed amongst the debris of the asteroid belt, stands only the defensive might of the Priest-Kings of Gor. Tarl Cabot, once of Bristol, England, laboring on behalf of the Priest-Kings, once managed to foil a Kur attempt to set the stage for an invasion of Gor. But to pursue this mission, Cabot must enter and traverse the Barrens, the vast Eastern prairies of the primary Gorean continent, lands contested by tribes of warring savages, lands forbidden to strangers. Rediscover this brilliantly imagined world where men are masters and women live to serve their every desire. *Savages of Gor* is the 17th book in the Gorean Saga, but you may enjoy reading the series in any order.

The Groomer

"Originally published in hardcover by Charles River Media."

Savages of Gor

Follow this team of zombies hunters as they try to survive a salvage expedition. What first seemed like a harmless bit of extracurricular looting has now gone horribly wrong, and the team finds themselves fighting for their survival armed with nothing but improvised weapons and mouths full of colourful profanities. A comic that began as a short story for friends on the web, *The Zombie Hunters* has grown into an exploration of what the world would be like, following a deadly apocalypse. With a society and a zombie threat unlike any other, the story quickly grows beyond its original concept and begins to explore the divide between the Infected, sent to scavenge the wastelands, and those who are not, who live in the safety and comfort of the Argus Research Campus. This title is a graphic novel.

Sex in Video Games

"The book takes the reader on a sweeping journey, critiquing the so-called "journals" of the European trespassers who traveled to Africa beginning in the 17th century to "discover" and arrogantly rename lakes, rivers, mountains, and even countries that already had African names. The early European travelers were agents of imperialism. They mapped out Africa for later colonial conquest. Their "journals" demonized Africans in order to justify conquest, colonization, and exploitation of Africa--the people and the resources--under the false narrative of "civilizing" Africa. This "civilizing" mission was carried out by genocidal killings. An estimated 10 million Africans perished in Congo alone while King Leopold II of Belgium enriched himself by plundering the resources. The book critiques dozens of articles, dating from decades ago, in publications such as *The New York Times*, *National Geographic* magazine, *Time* magazine, and *The New Yorker*. It shows how these media outlets inherited their racist depictions of Africa from the European travelers' "journals." The book analyzes letters exchanged by *New York Times* reporters sent to Africa beginning in the 1950s and a long-serving foreign news editor. These letters, unearthed from the *Times*' archives during the author's research, document the racist animus toward Africa harbored by the *Times* foreign news editor and some of his reporters. The *Times* even fabricated incidents that never occurred in Africa in order to depict the continent as "backward." The book will enlighten any reader who wants to know how Africa, and African descendants, became the "other" in Western media."--The back cover

The Zombie Hunters

Real life stories of chilling killers

Manufacturing Hate

From a PEN/Faulkner Award-winning author, *The Caprices*, seduces readers with a thriller praised as "dazzling . . . lovely, literate and deeply unnerving" (*The New York Times Book Review*). When we meet Katherine, the winning—and rather disturbing—twenty-three-year-old narrator, she has just left Italy and arrived in New York City, but what has propelled her there is a mystery. She soon strikes up an affair with a middle-aged Russian émigré novelist she meets on the subway, and almost immediately moves into his apartment. Katherine's occasional allusions to a frighteningly eccentric mother and tyrannical father suggest a somberness at the center of her otherwise flippant and sardonic demeanor. Soon restless, she begins journeying across the continent, trailed, everywhere she goes, by a string of murders. As the ritualistic killings begin to pile up, Katherine takes to meditating on cannibalism in literature, art, and history. The story races toward a hair-raising conclusion, while Katherine and the

reader close in on the reasons for both her and her mother's fascination with aberrant, violent behavior. A brilliantly subtle commentary on twenty-first-century consumerism and Western culture's obsession with new frontiers, *A Carnivore's Inquiry* is an unsettling exploration of the questionable appetites that lurk beneath the veneer of civilization. "Murray paces her psychological thriller with consummate control, keeping the reader enthralled through subtle suggestion and a scattering of grisly details . . . Readers will be hooked by Murray's classy treatment of her sexy-sinister subject matter." —Publishers Weekly

Cannibal Killers

'Gormenghast is, to my mind and to my taste, a perfect creation' Neil Gaiman Welcome to the world of Gormenghast, the classic fantasy series from the imagination of Mervyn Peake As the first novel opens, Titus, heir to Lord Sepulchre, has just been born: he stands to inherit the miles of rambling stone and mortar that stand for Gormenghast Castle. Inside, all events are predetermined by a complex ritual, lost in history, understood only by Sourdust, Lord of the Library. There are tears and strange laughter; fierce births and deaths beneath umbrageous ceilings; dreams and violence and disenchantment contained within a labyrinth of stone. 'A gorgeous volcanic eruption... A work of extraordinary imagination' New Yorker

A Carnivore's Inquiry

"This is a serial cannibalistic killer's wet dream come true. The author Wrath James White had written something beyond dark, beyond morbid." - John Rizo, HorrorNews.Net "The Resurrectionist by Wrath James White the kind of novel that can unsettle even the most hardened gore fanatic. White writes the kind of horror that gets under your skin, and reading his brand of hardcore fiction may have the unintended side effect of making you feel...wrong. Seriously wrong." - I.E. Lester, Dark Scribe Magazine Fifteen years ago Joseph Miles was abducted, tortured and almost killed by a serial killer with the taste for blood, but Joseph got away. He is the only survivor. Now Joseph has a problem - he is convinced that his torturer passed a virus on to him. A sickness that will turn him into a serial killer. Joseph must find a cure before the woman he loves - the woman who is currently chained to his bed - becomes his next victim.

The String of Pearls

On the run from a death squad, General Half-Ear lures his pursuers into the land of the Red Savages on the planet of Gor. Half-Ear, or Zarendargar, a Kur general fallen from favor in the Steel Worlds, now sought by a death squad of his savage compeers, has determined to lure his pursuers into the Barrens, the vast prairies to the east of known Gor, populated by warring tribes known to Goreans as the Red Savages. He has arranged matters in such a way that he will be abetted in his stand against the death squad and its human allies by a human ally of his own—his former foe, Tarl Cabot. The ancestors of the Red Savages, like those of many other Goreans, were brought to Gor long ago in Voyages of Acquisition by the Priest-Kings. The Red Savages were settled in an area not unlike that of their former home, a sweeping, almost endless grassland, where they tend to continue their former ways of life—and war. Rediscover this brilliantly imagined world where men are masters and women live to serve their every desire. *Blood Brothers of Gor* is the 18th book in the Gorean Saga, but you may enjoy reading the series in any order.

Titus Groan

Mark Twain is the rambunctious father of all cynics. His wry observations and biting jibes made him the first modern humorist. His sardonic sketches on everything from politicians, preachers, journalists, barbers, nagging wives, devious children, and gullible low-lives are as hilarious and true today as they were when Twain hammered them out to make a name for himself on the frontier newspapers in the 1870s. Though humor saturates all his best-loved work, it is in the freewheeling exuberance of these early sketches and yarns that his love of pranks, hoaxes, yarns, slapstick, and parodies is shown to best effect. Throughout these tales, the violence, cruelty, and plum stupidity of human nature is woven into comic gold as he makes us roar with laughter at our own idiotic self-deception and vain conceit.

Succulent Prey

This is the first volume published about Wells County people in seventy-three years.--Page 6.

Blood Brothers of Gor

In a quaint old restaurant, a chef relies on a devilish secret ingredient In Sbirro's restaurant, there is no electric lighting, no music, and no menu. The only sound is the contented sighs of the regulars, who come every night in hopes that Sbirro will treat them to his signature dish, the famed lamb Amirstan, which comes from a beast so rare, only Sbirro knows how to obtain it. Tonight, two diners at this spectacular relic of a forgotten age will find that lamb Amirstan costs more than they are willing to pay. "The Specialty of the House" was the first story published by Stanley Ellin, who would go on to become one of the great short fiction authors of the twentieth century. From crime to horror to grim tragedy, every story in this collection is as delectable as a cut of meat prepared by Sbirro himself.

Gloomverse

"Utterly engaging...a page-turner that is certain to win the author legions of new readers and fans."—George R. R. Martin, author of *A Game of Thrones* It's spring on Nantucket and everything is perfectly normal, until a sudden storm blankets the entire island. When the weather clears, the island's inhabitants find that they are no longer in the late twentieth century...but have been transported instead to the Bronze Age! Now they must learn to survive with suspicious, warlike peoples they can barely understand and deal with impending disaster, in the shape of a would-be conqueror from their own time.

Cannibalism in the Cars

Bob Howard is an IT specialist and field agent for the Laundry, the branch of Her Majesty's secret service that deals with occult threats. Overworked and underpaid, Bob is used to his two jobs overflowing from a strict nine to five and, since his wife Mo has a very similar job description, he understands that work will sometimes follow her home, too. But when 'work' involves zombie assassins and minions of a mad god's cult, he realises things are spinning out of control. When a top-secret dossier goes missing and his boss Angleton is implicated, Bob must contend with suspiciously helpful Russian intelligence operatives and an unscrupulous apocalyptic cult before confronting the decades-old secret that lies at the heart of the Laundry: what is so important about the missing Fuller Memorandum? And why are all the people who know dying . . . ?

Wells Co, In

From the mind of #1 New York Times bestselling author Larry Niven, come twenty-six tales and vignettes from this interplanetary gathering place, collected for the first time in one volume. When a tremendous spacecraft took orbit around the Earth's moon and began sending smaller landers down toward the North Pole, the newly arrived visitors quickly set up a permanent spaceport at Mount Forel in Siberia. Their presence attracted many, and a few people grew conspicuously rich from secrets they learned from talking to the aliens. One of these men, Rick Schumann established a tavern catering to all of various species of visiting aliens, a place he named the Draco Tavern. This collection includes: "The Subject Is Closed": A priest visits the tavern and goes one-on-one with a chirpsithra alien on the subject of God and life after death. "Table Mannners: A Folk Tale": Rick Schumann is invited to hunt with five folk aliens, but he's not quite sure what their hunt entails, or if he will be the hunted. "Wisdom of Demons": The age-old question of wisdom vs. knowledge is asked when Rick is confronted by a human who has been granted the wisdom of an individual gligstith(click)optok alien. "Losing Mars" in this unpublished tale, a group of aliens who call Mars and its moon home, arrive at the Tavern only to find that humans have mostly forgotten about their neighboring planet. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
