### Selected Letters

'You ask what is the proper measure of wealth? The best measure is to have what is necessary, and next best, to have enough. Keep well!' The letters written by the Stoic philosopher and tragedian Seneca to his friend Lucilius are in effect moral essays, whose purpose is to reinforce Lucilius' struggle to achieve wisdom and serenity, uninfluenced by worldly emotions. Seneca advises his friend on how to do without what is superfluous, whether on the subject of happiness, riches, reputation, or the emotions. The letters include literary critical discussions, moral exhortation, exemplary heroes and episodes from Roman history, and a lurid picture of contemporary luxury. We learn about Seneca's household and estates and about life in the time of Nero; the topic of death is never far away. This readable new translation is the largest selection of Seneca's letters currently available. Accompanied by an invaluable introduction and notes, it opens a window on to Seneca's world. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

#### Selected Letters

This selection of Cicero's letters not merely documents in detail Cicero's career but simultaneously provides a month-by-month record of the collapse of the republic and its replacement by a tyranny. It provides a vivid picture of daily life and politics in Rome, the assassination of Caesar, and Cicero's vain resistance to the rise of Mark Antony.

#### Selected Letters

'How I wish that you had invited me to that most attractive feast on the Ides of March!' Cicero lived through some of the most turbulent years in the history of Rome, and witnessed at first-hand the overthrow of the republic and its replacement by a tyranny. His letters to friends and family are an astonishingly detailed record of daily life and politics in Rome. This selection, covering the years 68-43 BC, not merely documents in detail Cicero's career but simultaneously provides a month-by-month record of the final collapse of the Roman senatorial government. The letters provide from the inside a vivid picture of events from the high point of Cicero's consulship of 63, through the humiliation of his exile and subsequent subjection to the dynasts, to the assassination of Caesar in 44, and Cicero's brief hour of glory in leading senatorial resistance to the tyranny of Mark Antony. In P. G. Walsh's lively new translation, Cicero's correspondence once more brings alive the excitement and danger of ancient Rome. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

#### Selected Letters

In one of her personal letters, Jane Austen wrote "Little Matters they are to be sure, but highly important." In fact, letter-writing was something of an addiction for young women of Jane Austen's time and in her social position, and Austen's letters have a freedom and familiarity that only intimate writing can convey. Wiser than her critics, who were disappointed that her correspondence dwelt on gossip and the minutiae of everyday living, Austen understood the importance of "Little Matters," of the emotional and material details of individual lives shared with friends and family through the medium of the letter. Ironic, acerbic, always entertaining, Jane Austen's letters are a fascinating record not only of her own day-to-day existence, but of the pleasures and frustrations experienced by women of her social class which are so central to her novels. Vivien Jones's selection includes nearly two-thirds of Austen's surviving correspondence, and her lively introduction and notes set the novelist's most private writings in their wider cultural context.

#### Dialogues and Essays

Stoic philosopher and tutor to the young emperor Nero, Seneca wrote moral essays - exercises in practical philosophy - on how to live in a troubled world. Strikingly applicable today, his thoughts on happiness and other subjects are here combined in a clear, modern translation with an introduction on Seneca's life and philosophy.

#### Complete Letters

"In the introduction to his new translation, P.G. Walsh examines the background to these often intimate and enthralling letters."--Jacket.

#### Seneca: Selected Letters

The letters of Seneca are uniquely engaging among the works that have survived from antiquity. They offer an urgent guide to Stoic self-improvement but also cast light on Roman attitudes towards

slavery, gladiatorial combat and suicide. This selection of letters conveys their range and variety, with a particular focus on letters from the earlier part of the collection. As well as a general introduction, it features a brief introductory essay on each letter, which draws out its themes and sets it in context. The commentary explains the more challenging aspects of Seneca's Latin. It also casts light on his engagement with Stoic (and Epicurean) ideas, on the historical context within which the letters were written and on their literary sophistication. This edition will be invaluable for undergraduate and graduate students and scholars of Seneca's moral and intellectual development.

#### Letters of a Peruvian Woman

'It has taken me a long time, my dearest Aza, to fathom the cause of that contempt in which women are held in this country ...' Zilia, an Inca Virgin of the Sun, is captured by the Spanish conquistadores and brutally separated from her lover, Aza. She is rescued and taken to France by D  terville, a nobleman, who is soon captivated by her. One of the most popular novels of the eighteenth century, the Letters of a Peruvian Woman recounts Zilia's feelings on her separation from both her lover and her culture, and her experience of a new and alien society. Fran  oise de Graffigny's bold and innovative novel clearly appealed to the contemporary taste for the exotic and the timeless appetite for love stories. But by fusing sentimental fiction and social commentary, she also created a new kind of heroine, defined by her intellect as much as her feelings. The novel's controversial ending calls into question traditional assumptions about the role of women both in fiction and society, and about what constitutes 'civilization'. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

#### The Paston Letters

"The Pastons of Norfolk left behind them an incomparable picture of life in fifteenth-century England in the earliest great collection of family letters in English."--BOOK JACKET. "The letters span three generations and most were written during the reigns of Henry VI, Edward IV, and Richard III, in a period of political turmoil, local anarchy and war abroad and at home. They reveal personal hopes and anxieties, and contain as well as business matters a wealth of information on leisure pursuits, education, and domestic life. The writers express themselves with a clarity and vigour that is remarkable at this early date, and the letters illustrate, as no other documents can, the state of the language in daily use immediately before and after the introduction of printing."--BOOK JACKET. "This modernized selection prepared from the original manuscripts is designed to present the full range of the Pastons' principal concerns."--BOOK JACKET.

#### The Essential Writings

Drawn from the full range of Gandhi's published work--books, articles, broadcasts, interviews, letters--this superb selection illuminates his thinking on religion and spirituality, on society and its problems, on politics and British rule, and on non-violence and civil disobedience.

#### Letters Concerning the English Nation

This authoritative edition brings together a unique selection from the full range of Swift's fifty-year career--prose, poetry, and letters--to give the essence of his work and thinking. Jonathan Swift (1667-1745) is best known as the author of *Gulliver's Travels*, which alone would have secured his place in the history of English literature. But in addition to this classic fictional satire, Swift wrote numerous works concerning politics, religion, and Ireland, some savage, others humorous, all suffused with his tremendous wit and inventiveness. This anthology includes satirical works such as *A Tale of a Tub* and *The Battle of the Books*, political pamphlets, pieces for the popular press, poems, and a generous selection from Swift's correspondence. Presented chronologically, the anthology offers a new and clearer awareness of the unity as well as the complexity of Swift's vision, and the powerful bonds between disparate pieces.

#### Jonathan Swift

A model for the ideal state includes discussion of the nature and application of justice, the role of the philosopher in society, the goals of education, and the effects of art upon character.

#### Republic

Illustrated throughout with black-and-white plates, this book offers a valuable selection of letters written by Charlotte Brontë from her schooldays to her death in 1855 - chosen by the editor of the complete correspondence. Biographical notes introduce Charlotte's family, friends, and correspondents.

#### Selected Letters

This is the fullest collection of La Rochefoucauld's writings ever published in English, and includes the first complete translation of the *Miscellaneous Reflections*. A table of alternative maxim numbers and an index of topics help the reader to locate any maxim quickly.

#### Collected Maxims and Other Reflections

This new translation offers a more representative selection of the Grimms' tales by including fables and morality tales as well as all the best known 'fairy' tales. It faithfully conveys the Grimms' own texts and provides a wealth of information about the origins of the stories, their literary evolution at the hands of the Grimms, with examples of earlier versions and stories that were omitted as being unsuitable for children.

#### Selected Tales

Offers the fullest one-volume selection in English of Shelley's major works, including all but one of his longer poems, a wide range of shorter poems, and "A Defence of Poetry" and other major prose works.

#### The Major Works

'My object is to have you fit to live; which, if you are not, I do not desire that you should live at all.' So wrote Lord Chesterfield in one of the most celebrated and controversial correspondences between a father and son. Chesterfield wrote almost daily to his natural son, Philip, from 1737 onwards, providing him with instruction in etiquette and the worldly arts. Praised in their day as a complete manual of education, and despised by Samuel Johnson for teaching 'the morals of a whore and the manners of a dancing-master', these letters reflect the political craft of a leading statesman and the urbane wit of a man who associated with Pope, Addison, and Swift. The letters reveal Chesterfield's political cynicism and his belief that his country had 'always been governed by the only two or three people, out of two or three millions, totally incapable of governing', as well as his views on good breeding. Not originally intended for publication, this entertaining correspondence illuminates fascinating aspects of eighteenth-century life and manners. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

#### Lord Chesterfield's Letters

This is a lively, readable and accurate verse translation of the six best plays by one of the most influential of all classical Latin writers. The volume includes *Phaedra*, *Oedipus*, *Medea*, *Trojan Women*, *Hercules Furens*, and *Thyestes*, together with an invaluable introduction and notes.

#### Six Tragedies

This book contains a collection of Keats' letters, written over four years. With extraordinary candour and self-knowledge he gives us his experience of almost everything that can happen to a young man between the ages of 21 and 25.

#### Selected Letters

HEART OF DARKNESS \* AN OUTPOST OF PROGRESS \* KARAIN \* YOUTH The finest of all Conrad's tales, 'Heart of Darkness' is set in an atmosphere of mystery and menace, and tells of Marlow's perilous journey up the Congo River to relieve his employer's agent, the renowned and formidable Mr Kurtz.

What he sees on his journey, and his eventual encounter with Kurtz, horrify and perplex him, and call into question the very bases of civilization and human nature. Endlessly reinterpreted by critics and adapted for film, radio, and television, the story shows Conrad at his most intense and sophisticated. The other three tales in this volume depict corruption and obsession, and question racial assumptions. Set in the exotic surroundings of Africa, Malaysia, and the east, they variously appraise the glamour, folly, and rapacity of imperial adventure. This revised edition uses the English first edition texts and has a new chronology and bibliography. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

#### W.B. Yeats

'Nowhere, beloved, can world be but within us' Rainer Maria Rilke (1875-1926) is one of the leading poets of European Modernism, and one of the greatest twentieth-century lyric poets in German. From *The Book of Hours* in 1905 to the *Sonnets of Orpheus* written in 1922, his poetry explores themes of death, love, and loss. He strives constantly to interrogate the relationship between his art and the world around him, moving from the neo-romantic and the mystic towards the precise craft of expressing the everyday in poetry. This bilingual edition fully reflects Rilke's poetic development. It contains the full text of the *Duino Elegies* and the *Sonnets to Orpheus*, selected poems from *The Book of Images*, *New Poems*, and earlier volumes, and from the uncollected poetry 1906-26. The translations are accurate, sensitive, and nuanced, and are accompanied by an introduction and notes that elucidate Rilke's poetic practice and his central role in modern poetry. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

#### Heart of Darkness and Other Tales

'A good essay must draw its curtain round us, but it must be a curtain that shuts us in, not out.' According to Virginia Woolf, the goal of the essay 'is simply that it should give pleasure...It should lay us under a spell with its first word, and we should only wake, refreshed, with its last.' One of the best practitioners of the art she analysed so rewardingly, Woolf displayed her essay-writing skills across a wide range of subjects, with all the craftsmanship, substance, and rich allure of her novels. This selection brings together thirty of her best essays, including the famous 'Mr Bennett and Mrs Brown', a clarion call for modern fiction. She discusses the arts of writing and of reading, and the particular role and reputation of women writers. She writes movingly about her father and the art of biography, and of the London scene in the early decades of the twentieth century. Overall, these pieces are as indispensable to an understanding of this great writer as they are enchanting in their own right. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

#### The Selected Letters of Lady Mary Wortley Montagu

The study of Greco-Roman civilisation is as exciting and innovative today as it has ever been. This intriguing collection of essays by contemporary classicists reveals new discoveries, new interpretations and new ways of exploring the experiences of the ancient world. Through one and a half millennia of literature, politics, philosophy, law, religion and art, the classical world formed the origin of western culture and thought. This book emphasises the many ways in which it continues to engage with contemporary life. Offering a wide variety of authorial style, the chapters range in subject matter from contemporary poets' exploitation of Greek and Latin authors, via newly discovered literary texts and art works, to modern arguments about ancient democracy and slavery, and close readings of the great poets and philosophers of antiquity. This engaging book reflects the current rejuvenation of classical studies and will fascinate anyone with an interest in western history.

#### Selected Poems

"A fictional world of stories, plays, and poems that document the unfettered imaginations of four aspiring young writers- Charlotte, Branwell, Emily, and Anne- as they explore their intellectual and physical surroundings"--Introduction.

### Selected Essays

This authoritative edition was originally published in the acclaimed Oxford Authors series under the general editorship of Frank Kermode. It brings together a unique combination of Keats's poetry and prose - all the major poems, complemented by a generous selection of Keats's letters - to give the essence of his work and thinking. In his tragically short life Keats wrote an astonishing number of superb poems; his stature as one of the foremost poets of the Romantic movement remains unassailable. This volume contains all the poetry published during his lifetime, including *Endymion* in its entirety, the Odes, "Lamia\

### Classics in Progress

This volume brings together the major political writings of Mary Wollstonecraft in the order in which they appeared in the revolutionary 1790s. It traces her passionate and indignant response to the excitement of the early days of the French Revolution and then her uneasiness at its later bloody phase. It reveals her developing understanding of women's involvement in the political and social life of the nation and her growing awareness of the relationship between politics and economics and between political institutions and the individual. In personal terms, the works show her struggling with a belief in the perfectibility of human nature through rational education, a doctrine that became weaker under the onslaught of her own miserable experience and the revolutionary massacres. Janet Todd's introduction illuminates the progress of Wollstonecraft's thought, showing that a reading of all three works allows her to emerge as a more substantial political writer than a study of *The Rights of Woman* alone can reveal. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

### Tales of Glass Town, Angria, and Gondal

'Gaius Pliny sends greetings to his friend Septicius Clarus...' In these letters to his friends and relations, Pliny provides a fascinating insight into Roman life in the period 97 to 112 AD. Part autobiography, part social history, they document the career and interests of a senator and leading imperial official whose friends include the historians Tacitus and Suetonius. Pliny's letters cover a wide range of topics, from the contemporary political scene to domestic affairs, the educational system, the rituals and conduct of Roman religion, the treatment of slaves, and the phenomena of nature. He describes in vivid detail the eruption of Vesuvius which killed his uncle, and the daily routines of a well-to-do Roman in the courts, and at leisure, enjoying rural pursuits at his country estates. In the introduction to his lively and sympathetic new translation, P.G. Walsh examines the background to these often intimate and enthralling letters. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

### The Major Works

'Dangerous as lucifer matches.' That was how Arthur Nicholls, Charlotte Brontë's husband for the last nine months of her life, described her letters. Full of acute observations, pithy character sketches, and passionate convictions, the letters are our most direct source of information about the lives of the Brontës and our closest approach to the author of *Jane Eyre*. In them Charlotte writes of life at Haworth Parsonage, her experiences at a Belgian school, and her intense feelings for the Belgian schoolteacher, M. Heger. She endures the agony of the death of her siblings, and enjoys the success as a writer that brings her into contact with the London literary scene. Vivid and intimate, her letters give fresh insight into the novels, and into the development of her distinct literary style. Margaret Smith's fine edition includes invaluable notes on Brontë's correspondents, and Janet Gezari contributes a new introduction that relates the letters to both Brontë's life and her creative accomplishment. ### Selected Writings

The letters of John Keats are, T. S. Eliot remarked, what letters ought to be; the fine things come in unexpectedly, neither introduced nor shown out, but between trifle and trifle. This new edition, which features four rediscovered letters, three of which are being published here for the first time, affords readers the pleasure of the poet's trifles as well as the surprise of his most famous ideas emerging unpredictably. Unlike other editions, this selection includes letters to Keats and among his friends, lending greater perspective to an epistolary portrait of the poet. It also offers a revealing look at his posthumous existence, the period of Keats's illness in Italy, painstakingly recorded in a series of moving letters by Keats's deathbed companion, Joseph Severn. Other letters by Dr. James Clark, Percy Bysshe Shelley, and Richard Woodhouse--omitted from other selections of Keats's letters--offer valuable additional testimony concerning Keats the man. Edited for greater readability, with annotations reduced and punctuation and spelling judiciously modernized, this selection recreates the spontaneity with which these letters were originally written.

### A Vindication of the Rights of Men; A Vindication of the Rights of Woman; An Historical and Moral View of the French Revolution

This authoritative edition was first published in the acclaimed Oxford Authors series under the general editorship of Frank Kermode. It brings together a unique combination of Yeats's poetry and prose - all the major poems, complemented by plays, critical writings, and letters - to give the essence of his work and thinking. W. B. Yeats was born in 1865, only 38 years after the death of William Blake, and died in 1939, the contemporary of Ezra Pound and James Joyce. His career crossed two centuries, and this volume represents the full range of his achievement, from the Romantic early poems of *Crossways* and the symbolist masterpiece *The Wind Among the Reeds* to his last poems. Myth and folk-tale influence both his poems and his plays, represented here by Cathleen ni Houlihan and *Deirdre* among others. The importance of the spirit world to his life and work is evident in his critical essays and occult writings, and the anthology also contains political speeches, autobiographical writings, and a selection of his letters. This one-volume collection of poems and prose offers a unique perspective on the connectedness of Yeats's literary output, showing how his aesthetic, spiritual, and political development was reflected in everything he wrote.
