The Mystery of Mercy Close

*** CONGRATULATIONS TO THE BRITISH BOOK AWARDS AUTHOR OF THE YEAR 2022*** Discover the seriously funny, stunningly written novel about one woman's attempts to put her past behind her, from the No. 1 bestselling author of Grown Ups 'A brilliant, unusual, brave book . Confirms Keyes's

place as one of our finest writers' Jojo Moyes _____ Meet Helen Walsh. Wasp-tongued private investigator Helen doesn't believe in love, fear or hot drinks. But when a missing persons case takes her into the dark, glamorous world of her dodgy ex, Jay Parker, she is drawn away from Artie Devlin, her distinctly unglamorous detective boyfriend. This isn't good news for Helen. For Jay's fame-hungry world is one of smoke and mirrors, and Helen is no longer sure what she's doing, or quite why she's doing it... To save herself from the brink, she'll have to start believing in something - and fast. But will it be fear? Or love? Love the Walsh sisters? Don't miss out on the eagerly awaited sequel to Rachel's Holiday: AGAIN, RACHEL . . . _____ 'Zips along with engaging characters, fabulous plotting and spot-on dialogue. Marian Keyes: what a genius' Daily Mail 'Gut-bustingly funny' Independent on Sunday FAMOUS FANS AND WHY THEY LOVE MARIAN KEYES 'Marian's writing is the truth. With big laughs' Dawn French 'A giant of Irish writing' Naoise Dolan 'Will make you laugh and make you cry, but will also reveal the truth of who you really are' Louise O'Neill 'Keyes weaves the joy and pain of life in a unique and magical way' Cathy Rentzenbrink 'One of the most honest writers writing today' Pandora Sykes 'Compassionate, tender, incisive writing' Lucy Foley 'Her talent for tackling serious issues with such humanity and wit is balm for the soul' Nigella Lawson 'Marian Keyes is a brilliant writer. No one is better at making terrifically funny jokes while telling such important, perceptive and agonizing stories of the heart. She is a genius' Sali Hughes 'Irresistible, profound. Keyes's comic gift is always evident' Independent 'Joyful. Keyes' clever way with words and extraordinary wit. People stared at me as I laughed to myself' C.L. Taylor 'A born storyteller' Independent on Sunday Winner of 'Author of the Year' at the British Book Awards May 2022

Mammy Walsh's A-Z of the Walsh Family

Dive into Mammy Walsh's A-Z of the Walshes with this laugh-out-loud ebook-only short guide to everyone's favourite dysfunctional Irish family 'Marian Keyes: what a genius' DAILY MAIL _____ It does exactly what it says on the tin, but here's a brief word from its author, Mammy Walsh herself: "There's this woman I know from bridge, Mona Hopkins, a lovely woman she is, even if I must admit I'm not that keen on her myself, and she said a great thing the other day. I was expecting her to say "Two no trumps," but instead she comes out with a saying about her children. She says, "Boys wreck your house and girls wreck your head." Isn't that a marvellous bit of wisdom - "Boys wreck your house and girls wreck your head!" And God knows it's the truest thing I've heard in a long time. I should know. I have five girls. Five daughters. And let me tell you, my head is wrecked from them. Although, now that I think of it, so is my house . . ." Mammy Walsh's A-Z of the Walshes is the perfect re-introduction to the beloved Walsh family, featured in Marian's bestselling novels about the Walsh sisters: Watermelon, Rachel's Holiday, Angels, Anybody Out There and The Mystery of Mercy Close. Praise for Marian Keyes: 'When it comes to writing page-turners that put a smile on your face and make you think, Keyes is in a class of her own' Daily Express 'An astounding writer and chronicler of our times' Independent on Sunday 'The voice of a generation' Daily Mirror

Watermelon

Life is perfect for Anna Walsh. She has the "Best Job in the World" as a PR exec for a top-selling urban beauty brand, a lovely apartment in New York, and a perfect husband - the love of her life, Aidan Maddox. Until the morning she wakes up in her mammy's living room in Dublin with stitches in her face, a dislocated knee, and completely smashed-up hands - and no memory of how she got there. While her mammy plays nursemaid (just like all of her favorite nurses on her soaps), and her sister Helen sits in wet hedges doing her private investigator work for Lucky Star PI, Anna tries to get better and keeps wondering why Aidan won't return her phone calls or e-mails. Recuperating from her injuries, a mystified Anna returns to Manhattan. Slowly beginning to remember what happened, she sets off on a search to find Aidan - a hilarious quest involving lilies (she can't stop smelling them), psychics, mediums, and anyone in the city who can promise her a reunion with her beloved.

Anybody Out There?

*** CONGRATULATIONS TO THE BRITISH BOOK AWARDS AUTHOR OF THE YEAR 2022*** Discover this hilarious, heart-warming story about how far one woman will go to find herself, from the No. 1 bestselling author of Grown Ups 'Keyes writes brilliantly, as always, about love, grief, jealousy and friendship' Daily Mail 'Funny, compassionate, well-observed and irreverent' Time Out _____ Meet Maggie Walsh. Unlike the rest of her family, Maggie has always done everything right. At thirty-three she has a proper job, is happily married to Garv and never puts a foot wrong. So when she makes

a break for Hollywood with her best friend, Emily, her family and friends don't know what to think. In the City of Angels, Maggie gets to do things she's never done before: mixing with film stars, pitching scripts, partying non-stop. No one ever expected predictable Maggie to do something so unpredictable. And in LA, Maggie can be whoever she wants to be. But sooner or later, Maggie must face the life - and the people - she left behind, and discover whether finding herself, means losing the people she loves . . . Love the Walsh sisters? Don't miss out on the eagerly awaited sequel to Rachel's Holiday: AGAIN, RACHEL . . . _____ 'Witty, wicked, yet moving. Mad Honey

Speculative fiction from the acclaimed bestselling author of *Exit*, *Pursued by a Bear* and *Star Wars: Ahsoka*. Victoria-Margaret is the crown princess of the empire, a direct descendent of Victoria I, the queen who changed the course of history. The imperial tradition of genetically arranged matchmaking will soon guide Margaret into a politically advantageous marriage. But before she does her duty, she'll have one summer of freedom and privacy in a far corner of empire. Posing as a commoner in Toronto, she meets Helena Marcus, daughter of one of the empire's greatest placement geneticists, and August Callaghan, the heir to a powerful shipping firm currently besieged by American pirates. In a summer of high-society debutante balls, politically charged tea parties, and romantic country dances, Margaret, Helena, and August discover they share an extraordinary bond and maybe a one-in-a-million chance to have what they want and to change the world in the process. Set in a near-future world where the British Empire was preserved not by the cost of blood and theft but by the effort of repatriation and promises kept, *That Inevitable Victorian Thing* is a surprising, romantic, and thought-provoking story of love, duty, and the small moments that can change people and the world. 'Great fun' The Times 'The smell of chat and kachoris seems to waft from the page' Daily Telegraph Meet Vish Puri, India's most private investigator. Portly, persistent and unmistakably Punjabi, he cuts a determined swathe through modern India's swindlers, cheats and murderers. In hot and dusty Delhi, where call centres and malls are changing the ancient fabric of Indian life, Puri's main work comes from screening prospective marriage partners, a job once the preserve of aunties and family priests. But when an honest public litigator is accused of murdering his maidservant, it takes all of Puri's resources to investigate. How will he trace the fate of the girl, known only as Mary, in a population of more than one billion? Who is taking pot shots at him and his prize chilli plants? And why is his widowed 'Mummy-ji' attempting to play sleuth when everyone knows Mummies are not detectives? With his team of undercover operatives - Tubelight, Flush and Facecream - Puri ingeniously combines modern techniques with principles of detection established in India more than two thousand years ago -- long before 'that Johnny-come-lately' Sherlock Holmes donned his Deerstalker. The search for Mary takes him to the desert oasis of Jaipur and the remote mines of Jharkhand. From his well-heeled Gymkhana Club to the slums where the servant classes live, Puri's adventures reveal modern India in all its seething complexity.

The Mystery of Mercy Close

In this #1 New York Times bestselling thriller from Harlan Coben, a dead man's secrets fall into the hands of a vigilante antihero--drawing him down a dangerous road. Over twenty years ago, the heiress Patricia Lockwood was abducted during a robbery of her family's estate, then locked inside an isolated cabin for months. Patricia escaped, but so did her captors -- and the items stolen from her family were never recovered. Until now. On the Upper West Side, a recluse is found murdered in his penthouse apartment, alongside two objects of note: a stolen Vermeer painting and a leather suitcase bearing the initials WHL3. For the first time in years, the authorities have a lead -- not only on Patricia's kidnapping,

but also on another FBI cold case -- with the suitcase and painting both pointing them toward one man. Windsor Horne Lockwood III -- or Win, as his few friends call him -- doesn't know how his suitcase and his family's stolen painting ended up with a dead man. But his interest is piqued, especially when the FBI tells him that the man who kidnapped his cousin was also behind an act of domestic terrorism -- and that the conspirators may still be at large. The two cases have baffled the FBI for decades, but Win has three things the FBI doesn't: a personal connection to the case; an ungodly fortune; and his own unique brand of justice.

Hanna Slivka is on the cusp of fourteen when Hitler's army crosses the border into Soviet-occupied Ukraine. Soon, the Gestapo closes in, determined to make the shtetle she lives in "free of Jews." Until the German occupation, Hanna spent her time exploring Kwasova with her younger siblings, admiring the drawings of the handsome Leon Stadnick, and helping her neighbor dye decorative pysanky eggs. But now she, Leon, and their families are forced to flee and hide in the forest outside their shtetle- and then in the dark caves beneath the rolling meadows, rumored to harbor evil spirits. Underground, they battle sickness and starvation, while the hunt continues above. When Hanna's father disappears, suddenly it's up to Hanna to find him- and to find a way to keep the rest of her family, and friends, alive. Sparse, resonant, and lyrical, weaving in tales of Jewish and Ukrainian folklore, My Real Name Is Hanna celebrates the sustaining bonds of family, the beauty of a helping hand, and the tenacity of the human spirit.

The Scream

Wars destroy, no they destroyed, memories, people & all what is created in the best calendar... When man cannot find peace, then either is he shot or dead out of hunger. When you think of seeking refugee to one of the neighboring Arabian countries, you will be surprised when you find out that the ruler is in collusion with your country's dictator. When death is more merciful because, you will be in Hands of God not man. You see many tragic scenes becoming now familiar: Mother begging bread to feed her children, you see shameful & shocking attitudes from the rich Arabs who take advantage of her. They only think of satisfying their instincts that controls them all the time then they speak by the name of God. Some of the refugees in the camps found a rotten breadcrumb, its color was Dark Green, and Hunger does not differentiate between hot fresh bread and that covered by rottenness to go down in a stomach that was not fed for days. Some people may aid her; the roads could hug her where she lays her head down on the sidewalk, holding her children tight to protect them from coldness... This is the refugee definition in the Middle East countries, although our religion is complete but the deficiency is in us. His name was Adnan a Lieutenant & Air Coach in Aleppo's Air Force University. Married, has a son & two daughters. The boy is 11 years old, the eldest daughter 15 years & the younger is one year & six month old. His folks lives in Daraa, & he lived in (Al Hajjar Al-Aswad) along with his family He got promoted one month before his marriage from Major to Lieutenant Pilot & was transferred to the Military Air Force University to work as (Day Night Air Coach) But, after his wedding his happiness did not last long. The happy occasion was disturbed a few days after his wedding by his arrest as if

he was a criminal or committed a terrible political crime. His eyes were covered with black tight cloth, handcuffed his hands & lead him to a dungeon in a prison built for politicians. He can only hear the prisoners who were tearing the horizon of darkness by their screams penetrated the nightshade. The sound of screams rises with the parks of the dogs to the sky filled with the cold winter clouds. He heard screams of another type, screams of men being tortured whose fingers were taken off & whip ripped their bodies. Their screams torn the place apart. Before taking him to prison they took off his military suite... it was rankles. So, the jailor thought Adnan was a regular soldier, especially no information was ever told about his job or the reason of his arrest. He was in solitary dungeon for a long time no one knew his crime. Whenever he tries to sleep he was panicked from the weeps & the scream sounds. Beyond the iron cages the prisoners lived in incomparable horror movies. Brutal torture & no one has the authority to stop the arrogance & abuse used, they did not touch Adnan as if they brought him to discipline him from something he made.

Ambition will fuel him. Competition will drive him. But power has its price. It is the morning of the reaping that will kick off the tenth annual Hunger Games. In the Capitol, eighteen-year-old Coriolanus Snow is preparing for his one shot at glory as a mentor in the Games. The once-mighty house of Snow has fallen on hard times, its fate hanging on the slender chance that Coriolanus will be able to outcharm, outwit, and outmaneuver his fellow students to mentor the winning tribute. The odds are against him. He's been given the humiliating assignment of mentoring the female tribute from District 12, the lowest of the low. Their fates are now completely intertwined - every choice Coriolanus makes could lead to favor or failure, triumph or ruin. Inside the arena, it will be a fight to the death. Outside the arena, Coriolanus starts to feel for his doomed tribute . . . and must weigh his need to follow the rules against his desire to survive no matter what it takes.

The Ballad of Songbirds and Snakes (A Hunger Games Novel)

How our collective intelligence has helped us to evolve and prosper Humans are a puzzling species. On the one hand, we struggle to survive on our own in the wild, often failing to overcome even basic challenges, like obtaining food, building shelters, or avoiding predators. On the other hand, human groups have produced ingenious technologies, sophisticated languages, and complex institutions that have permitted us to successfully expand into a vast range of diverse environments. What has enabled us to dominate the globe, more than any other species, while remaining virtually helpless as lone individuals? This book shows that the secret of our success lies not in our innate intelligence, but in our collective brains—on the ability of human groups to socially interconnect and learn from one another over generations. Drawing insights from lost European explorers, clever chimpanzees, mobile hunter-gatherers, neuroscientific findings, ancient bones, and the human genome, Joseph Henrich demonstrates how our collective brains have propelled our species' genetic evolution and shaped our biology. Our early capacities for learning from others produced many cultural innovations, such as fire, cooking, water containers, plant knowledge, and projectile weapons, which in turn drove the expansion of our brains and altered our physiology, anatomy, and psychology in crucial ways. Later on, some collective brains generated and recombined powerful concepts, such as the lever, wheel, screw, and writing, while also creating the institutions that continue to alter our motivations and perceptions. Henrich shows how our genetics and biology are inextricably interwoven with cultural evolution, and how culture-gene interactions launched our species on an extraordinary evolutionary trajectory. Tracking clues from our ancient past to the present, *The Secret of Our Success* explores how the evolution of

both our cultural and social natures produce a collective intelligence that explains both our species' immense success and the origins of human uniqueness.

From the award-winning author of *The Field Guide to the North American Teenager* comes a whip-smart and layered romantic comedy. Perfect for fans of Nicola Yoon and Jenny Han. Henri "Halti" Haltiwanger can charm just about anyone. He is a star debater and popular student at the prestigious FATE academy, the dutiful first-generation Haitian son, and the trusted dog walker for his wealthy New York City neighbors. But his easy smiles mask a burning ambition to attend his dream college, Columbia University. There is only one person who seems immune to Henri's charms: his "intense" classmate and neighbor Corinne Troy. When she uncovers Henri's less-than-honest dog-walking scheme, she blackmails him into helping her change her image at school. Henri agrees, seeing a potential upside for himself. Soon what started as a mutual hustle turns into something more surprising than either of them ever bargained for. . . . This is a sharply funny and insightful novel about the countless hustles we have to keep from doing the hardest thing: being ourselves.

THE FIRST NOVEL IN THE BESTSELLING OUTLANDER SERIES. As seen on Amazon Prime TV. What if your future was the past? 1946, and Claire Randall goes to the Scottish Highlands with her husband Frank. It's a second honeymoon, a chance to learn how war has changed them and to re-establish their loving marriage. But one afternoon, Claire walks through a circle of standing stones and vanishes into 1743, where the first person she meets is a British army officer - her husband's six-times great-grandfather. Unfortunately, Black Jack Randall is not the man his descendant is, and while trying to escape him, Claire falls into the hands of a gang of Scottish outlaws, and finds herself a Sassenach - an outlander - in danger from both Jacobites and Redcoats. Marooned amid danger, passion and violence, her only chance of safety lies in Jamie Fraser, a gallant young Scots warrior. What begins in compulsion becomes urgent need, and Claire finds herself torn between two very different men, in two irreconcilable lives. (Previously published as *Cross Stitch*)

Charming as a Verb

The basis of the fourth season of the television phenomenon starring Aidan Turner, *The Angry Tide* is the seventh novel in Winston Graham's hugely popular *Poldark* series. Cornwall, towards the end of the 18th century. Ross Poldark sits for the borough of Truro as Member of Parliament - his time divided between London and Cornwall, his heart divided about his wife, Demelza. His old feud with George Warleggan still flares – as does the illicit love between Morwenna and Drake, Demelza's brother. Before the new century dawns, George and Ross will be drawn together by a loss greater than their rivalry – and Morwenna and Drake by a tragedy that brings them hope . . . *The Angry Tide* is followed by the eighth book in the *Poldark* series, *The Stranger From The Sea*.

Hugo and Shirley Jackson award-winning Peter Watts stands on the cutting edge of hard SF with his acclaimed novel, *Blindsight* Two months since the stars fell... Two months of silence, while a world held its breath. Now some half-derelict space probe, sparking fitfully past Neptune's orbit, hears a whisper from the edge of the solar system: a faint signal sweeping the cosmos like a lighthouse beam. Whatever's out there isn't talking to us. It's talking to some distant star, perhaps. Or perhaps

to something closer, something en route. So who do you send to force introductions with unknown and unknowable alien intellect that doesn't wish to be met? You send a linguist with multiple personalities, her brain surgically partitioned into separate, sentient processing cores. You send a biologist so radically interfaced with machinery that he sees x-rays and tastes ultrasound. You send a pacifist warrior in the faint hope she won't be needed. You send a monster to command them all, an extinct hominid predator once called vampire, recalled from the grave with the voodoo of recombinant genetics and the blood of sociopaths. And you send a synthesist—an informational topologist with half his mind gone—as an interface between here and there. Pray they can be trusted with the fate of a world. They may be more alien than the thing they've been sent to find. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

A REESE'S BOOK CLUB PICK * INSTANT NEW YORK TIMES BESTSELLER * BELLETRIST BOOK CLUB PICK * INDIE NEXT SELECTION * LIBRARY READS SELECTION * AMAZON EDITORS' CHOICE * WASHINGTON POST BEST OF THE YEAR The "terrifying, wise, tender, and thrilling" (R.O. Kwon) adventure story of a fugitive girl, a mysterious gang of robbers, and their dangerous mission to transform the Wild West. In the year of our Lord 1894, I became an outlaw. The day of her wedding, 17 year old Ada's life looks good; she loves her husband, and she loves working as an apprentice to her mother, a respected midwife. But after a year of marriage and no pregnancy, in a town where barren women are routinely hanged as witches, her survival depends on leaving behind everything she knows. She joins up with the notorious Hole in the Wall Gang, a band of outlaws led by a preacher-turned-robber known to all as the Kid. Charismatic, grandiose, and mercurial, the Kid is determined to create a safe haven for outcast women. But to make this dream a reality, the Gang hatches a treacherous plan that may get them all killed. And Ada must decide whether she's willing to risk her life for the possibility of a new kind of future for them all. Featuring an irresistibly no-nonsense, courageous, and determined heroine, *Outlawed* dusts off the myth of the old West and reignites the glimmering promise of the frontier with an entirely new set of feminist stakes. Anna North has crafted a pulse-racing, page-turning saga about the search for hope in the wake of death, and for truth in a climate of small-mindedness and fear.

But everything changes when a former slave steals money from Elijah's friend, who has been saving to buy his family out of captivity in the South. Now it's up to Elijah to track down the thief -- and his dangerous journey just might make a hero out of him, if only he can find the courage to get back home.

The Bulletin

Felix is a special sort of hero. He is brave and resourceful, but has a heart condition that threatens his life. His parents take him on holiday to Costa Rica, where they visit the Divide, a place where the waters that run down to the Pacific and Atlantic oceans separate. But at this exact, magical spot Felix faints, and when he opens his eyes, he discovers he's arrived in an amazing back-to-front world where mythical creatures and magic are real, and humans and science are just rumour and legend. And so begins a journey beyond their wildest dreams. Fast-paced and funny, *The Divide* is a quirky and immensely enjoyable adventure.

The Spectator

First published in Germany in 1929, *The End and the Beginning* is a lively personal memoir of a vanished world and of a rebellious, high-spirited young woman's struggle to achieve independence. Born in 1883 into a distinguished and wealthy aristocratic family of the old Austro-Hungarian Empire, Hermynia Zur Muhlen spent much of her childhood travelling in Europe and North Africa with her diplomat father. After five years on her German husband's estate in czarist Russia she broke with both her family and her husband and set out on a precarious career as a professional writer committed to socialism. Besides translating many leading contemporary authors, notably Upton Sinclair, into German, she herself published an impressive number of politically engaged novels, detective stories, short stories, and children's fairy tales. Because of her outspoken opposition to National Socialism, she had to flee her native Austria in 1938 and seek refuge in England, where she died, virtually penniless, in 1951. This revised and corrected translation of Zur Muhlen's memoir - with extensive notes and an essay on the author by Lionel Gossman - will appeal especially to readers interested in women's history, the Central European aristocratic world that came to an end with the First World War, and the culture and politics of the late nineteenth and early twentieth centuries.

Bruno JasieDski was a bilingual Polish-Russian writer who died in exile in Siberia in 1939. This volume traces his literary evolution. The introductory biographical sketch is followed by a discussion of JasieDski's contribution to Polish poetry, specifically the Futurist movement which, like its parallels in Russia and Italy, revolutionized poetic language. An analysis and evaluation of JasieDski's prose work sheds light on the relationship between politics and literature in early twentieth-century Poland and Russia. Most of JasieDski's novels and short stories were written in the approved Soviet tradition of Socialist Realism. His *Man Changes His Skin* is considered one of the best Soviet industrial novels of the 1930s. The author's comprehensive and skillful treatment of JasieDski's literary production, the first to appear in English, also makes a valuable contribution to the knowledge of Futurism in Eastern Europe and Socialist Realism in the Soviet Union. The volume contains numerous quotations from Polish and Russian literature, both in English translation (prepared by the author) and in the original. It will be of interest to students of Slavic literature, comparative literature, and the literature of ideology.

Mariana, who was once herself a student at the university, quickly suspects that behind the idyllic beauty of the spires and turrets, and beneath the ancient traditions, lies something sinister. And she becomes convinced that, despite his alibi, Edward Fosca is guilty of the murder. But why would the professor target one of his students? And why does he keep returning to the rites of Persephone, the maiden, and her journey to the underworld?
