Have you ever wondered how our bodies work inside?

Immune, Lymphatic, Renal (or Urinary)

Endocrine and Integumentary!

I'm your Skeleton! My bones support you.

Protect your organs from things that could hurt you!

I'm your Muscles and I help you move!

Circulatory here, with blood vessels and heart.

I'm a system that may seem a little nervous...

We're Digestive and Excretory! Welcome to the intestine loop

We're the Reproductive Systems, and here's what we're doin

Take a breath! Respiratory System's on your side.

Airways bring in oxygen and let go of carbon dioxide!

I'm your Immune System, and I fight off disease!

I protect you better when you wash your hands, so wash your hands...

I'm Lymphatic, I drain and kill toxins, and help with immunity...

I'm the Renal! I clean your blood, and make pee.

Oh, come on... everybody pees!

I'm the Endocrine! My glands send hormones in.

Integumentary means nails, hair and skin, from your head to your toe!

Keeping you going takes cooperation!
