know the routing of the belt on the pulleys

replenish the supercharger oil

install the superduper charger

pull the plug

draw fluid out of the container

draw the oil into the syringe
fill it to the bottom of the threads
clean the engine
disconnect the battery ground cable
mark the forward edge of the power steering and air-conditioning
make a little mark with the paint pen on the ford side
loosen the pinch nut in the center of the ac compressor belt
get the ac belt off
adjuster bolt for the power steering
work it off the crankshaft pulley
remove the final belt
loosen the lock nut for the adjuster
turn the adjuster bolt
slip it off the pulley of the alternator
remove the air intake tube
pull this vacuum hose off this part of the air tube
disconnect all the cable connections to the throttle body
get all your cable connections to the front of the throttle body
disconnect the electrical connections
remove the vacuum hoses from the throttle
remove the diagnostic
remove all the tubes
slip this vacuum tube out of this clip
attaches to the lower plenum with a 12 millimeter bolt
take this vacuum hose out of the bracket
remove the nuts and bolts
disconnect the bolts and nuts
attaches to the lower plenum with a 10 millimeter bolt
pulling the lower plenum off this engine lift bracket
cutting out a section of this timing cover
get all that plastic bits off the top of the engine
putting the wires back on to the timing cover
compress this plastic clip for the wiring loom
attach the mounting bracket for the dynamic tensioner
hold the tensioning bracket to the engine
get the other bolt hole lined up i'm inserting the longer bottom bolt
remove this bottom bolt
get the dynamic tensioner on to the mounting plate
install the valve in a straight section of the hose
lower the supercharger on to the engine
replace all the spark plugs with these special plugs
replace all the spark plugs
cut a quarter inch off this sleeve
attach it to the superchargers
pick up the supercharger a little
get all the bolts for the supercharger started
start plugging in all the electrical connectors
connect up this front electrical connection to the throttle position sensor
