Heirs of the Motherland (The Russians Book #4)

Eighteen years after his daughter's birth, Count Dmitri Remizov returns to Russia from exile to find his only child. But Mariana, who was raised as a peasant, is hesitant to take her place in Imperial Russia. Meanwhile, Sergei and Anna must decide whether to risk emerging from hiding. Will they find a way to reunite their families and claim their heritage?

The Russians

The contemporary study of film is dominated by narrative theory – yet films include scenes and images which do not perform a narrative task but nevertheless provoke an emotional response. Stella Hockenhull looks at the painterly dimensions inherent in the medium of film, arguing that an aesthetic analysis enables a fuller appreciation of the visual 'spectacle' of cinema. In a reading of the formal aspects in film imagery in contemporary British films spanning social realist, melodrama and horror genres, Hockenhull demonstrates how the spiritual aspects of landscape and nature mobilize a Neo-Romantic effect. She traces the influence of Romanticism and notions of the Sublime in key British films including 'Sweet Sixteen', 'The Queen', 'Ratcatcher', 'Eden Lake', '28 Days Later', 'My Summer of Love' and 'The Last Great Wilderness'. Operating at the intersection between film theory, art theory and aesthetics, this is a vital contribution which enables a fuller, multidimensional understanding of cinematic experience.

The Russians

This monograph breaks new ground by weaving stories of fathers and children into the history of gender, family and nation in colonial India. Focusing on the reformist Bengali Hindu and Brahmo communities, the author contends that fatherhood assumed new meaning and significance in late nineteenth and early twentieth-century India. During this time of social and political change, fathers extended their roles beyond breadwinning to take an active part in rearing their children. Utilizing pedagogic literature, articles in scientific journals, autobiographies, correspondence, and published essays, *Fathers in a Motherland* documents the different ways the authority and power of the father was invoked and constituted both metaphorically and in everyday experiences. Exploring specific moments when educated men—as biological fathers, literary activists, and educators—assumed guardianship and became crucial agents of change, Banerjee interrogates the connections between fatherhood and masculinity. The last chapter of the book moves beyond Bengal and draws on the lives of Mohandas K.

Gandhi and Jawaharlal Nehru to provide a broader salience to its argument. Reclaiming two missing links in Indian history-fathers and children-the book argues that biological and imaginary "fathers" assumed the moral guardianship of an incipient nation and rested their hopes and dreams on the future generation.

Fathers in the Motherland

In this bestselling series set in pre-revolutionary Russia, both a peasant and a princess face the prospect of their beloved country being torn apart by conflict within and without. 1 The Crown and the Crucible 2 A House Divided 3 Travail and Triumph 4 Heirs of the Motherland 5 Dawning of Deliverance 6 White Nights, Red Morning 7 Passage Into Light

The Russians Collection

The romance of Mariana Remizov, a Russian nurse, and Daniel Trent, an American war correspondent, during the 1905 Russo-Japanese War. By the author of Heirs to the Motherland.

The Dawning of Deliverance

An "unexamined belief is a worthless belief". That is why the effectiveness of Christian Apologetics is so vital to the Church, informing them of the dangers of "Cults\

The Preeminence of Christ and the Motherland Religions

Placed between and around the temporal and spatial context of the midnineteenth and mid-twentieth century revolutions in Central Europe, fi ve generations of two families spun their interwoven lives while gallantly fi ghting against the dark undercurrents of history.

Heirs

Among the voices that speak to us from Poland today, the most important may be that of Adam Michnik. Michnik now sits in a jail belonging to the totalitarian regime, yet his first concern--and herein lies one of the keys to his thinking, and one should add, to his character--is with the quality of his own conduct, which, together with teh conduct of other victims of the present situation, will, he is sure, one day set the tone for whatever political system follows the totalitarian debacle. His essays are the most valuable guide we have to the origins of the revolution, and, more particularly, to its innovative practices.

Letters From Prison and Other Essays

'You come from a long line of mistakes,' Guy Caulder tells his daughter Alice. 'My mother married the wrong man. Her mother did the same.' At the end of a love affair, Alice journeys to Normandy to meet Guy's mother, the grandmother she has never known. She tells her that there was one true love story in the family. In the summer of 1942, Kitty is an ATS driver stationed in Sussex. She meets Ed, a Royal Marine commando, and Larry, a liaison officer with Combined Ops. She falls instantly in love with Ed, who falls in love with her. So does Larry. Mountbatten mounts a raid on the beaches at Dieppe. One of the worst disasters of the war, it sealed the fates of both Larry and Ed, and its repercussions will echo through the generations to come.

Motherland

Keeping track of prolific authors who write fiction series was quite challenging for even the most ardent fan until To Be Continueddebuted in 1995. Noew, readers will be happy that the soon-to-be-released second edition has added 1,600 new books and 400 new series. To Be Continued, Second Edition, maintains the first volume's successful formula that featured concise A-to-Z entries packed with useful information, including titles, publishers, publication dates, genre categories, annotations, and subject terms. Among the genre categories that can be found in To Be Continued are romance, science fiction, crime novel, horror, adventure, fantasy, humor, western, war, Christian fiction, and others.

To Be Continued

DigiCat Publishing presents to you this special edition of "Heirs Apparent" by Philip Gibbs. DigiCat Publishing considers every written word to be a legacy of humankind. Every DigiCat book has been carefully reproduced for republishing in a new modern format. The books are available in print, as well

as ebooks. DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature.

Bowker's Guide to Characters in Fiction 2007

This book is based on the premise that the foreign policy of any country is heavily influenced by a society's evolving notions of itself. Applying his analysis to Russia, Poland, and Ukraine, the author argues that national identity is an ever-changing concept, influenced by internal and external events, and by the manipulation of a polity's collective memory. The interaction of the narrative of a society and its foreign policy is therefore paramount. This is especially the case in East-Central Europe, where political institutions are weak, and social coherence remains subject to the vagaries of the concept of nationhood. Ilya Prizel's study will be of interest to students of nationalism, as well as of foreign policy and politics in East-Central Europe.

The Publishers Weekly

This guide identifies both in-print and out-of-print works of fiction featuring continuing themes, plots or characters in which there is a sense of development and passage of time. Entries are arranged alphabetically by author and are accompanied by bibliographic information.

Virtue

Finally, a summary section provides a brief synopsis of at least one title, representative of the author's style, and several of the writers have provided personal annotations of their works."--BOOK JACKET.

Heirs Apparent

Because of their notable achievements, Rist and Rusk have earned their new “man-names” of Thist and Thusk. They each have earned important positions in the Sisterdom of ShadowFall, but find themselves having to import and train their countrymen to help defend the Princess of ShadowFall against an invasion from the army of a new Mother and her treacherous chief priest. They prevail, but at a cost to themselves and others. Meanwhile, on the Moon, a strange child named Mien falls into a tunnel being melted by the tunneling engineers of Community. Through ancient technology used solely by the Mother of Motherland, Thist accidentally makes contact with Mien, a meeting that affects the battle for ShadowFall's survival. From their primitive, mist-bound homeland at the foot of receding glaciers, to warmer and more civilized lands downriver and below, twin diminutive “bird-rider” warriors venture southward, taking with them the seeds of revelation and revolution. On the Moon, human colonies have likewise evolved. Those two worlds after the next Ice Age are very different places from today, but human emotions, personalities, and reactions remain unchanged. The Thaw Trilogy is a tale of future conflicts—the clash of ancient institutions and ancient technologies on an unfamiliar Earth, and remnant human colonies on Earth's Moon. The Thaw Trilogy, incorporates three stories that first appeared in Analog—“Thaw” (July/August 2013), “Flow” (November 2014 - Hugo nominated), and “Fall” (July/August 2016). At the publisher's request, this title is sold without DRM (Digital Rights Management).

The Exercise of Sovereignty

Named one of NPR's Best Books of 2017 "Both original and moving—and a whole lot of fun."—CAROLINE LEAVITT, New York Times Book Review "A must-read."—People "Fans of Salinger's stories about Manhattan's elite will enjoy this novel about privileged siblings who grapple with the state of their inheritance and long-held secrets that emerge in the wake of their father's death."—InStyle Six months after Rupert Falkes dies, leaving a grieving widow and five adult sons, an unknown woman sues his estate, claiming she had two sons by him. The Falkes brothers are pitched into turmoil, at once missing their father and feeling betrayed by him. In disconcerting contrast, their mother, Eleanor, is cool and calm, showing preternatural composure. Eleanor and Rupert had made an admirable life together—Eleanor with her sly wit and generosity, Rupert with his ambition and English charm—and they were proud of their handsome, talented sons: Harry, a brash law professor; Will, a savvy Hollywood agent; Sam, an astute doctor and scientific researcher; Jack, a jazz trumpet prodigy; Tom, a public-spirited federal prosecutor. The brothers see their identity and success as inextricably tied to family loyalty—a loyalty they always believed their father shared. Struggling to reclaim their identity, the brothers find Eleanor's sympathy toward the woman and her sons confounding. Widowhood has let

her cast off the rigid propriety of her stifling upbringing, and the brothers begin to question whether they knew either of their parents at all. A riveting portrait of a family, told with compassion, insight, and wit, *The Heirs* wrestles with the tangled nature of inheritance and legacy for one unforgettable, patrician New York family. Moving seamlessly through a constellation of rich, arresting voices, *The Heirs* is a tale out Edith Wharton for the 21st century.

National Identity and Foreign Policy

Three seminal events have irrevocably changed Chinese history: the Cultural Revolution, Tiananmen Square, and now, China's initiation into capitalism via the free market. Japanese journalist Satoshi Tomisaka profiles the inspiring Chinese entrepreneurs who have weathered these changes, and even dramatically profited from them. Tomisaka's memorable cast of characters speak with a candor previously not possible, shedding light on the future of Chinese society, its people, and their role in the global economy.

A world list of books in the English language.

Contemporary Christian Authors

The definitive anthology of feminist writing, this collection presents the true history of feminism within both global and historical frameworks, and provides a vital addition to the field.

Official Gazette

Heirs Apparent is typical of Gibb's fiction in that it explores a problem taken from the headlines—in this case, Youth—and begins with scenes designed to worry the typical serious and concerned liberal reader. Young men at Oxford are wasting their time in drunken parties and stunts. Julian, the hero, is on his final warning, and decides to leave the University before being sent down. His (platonic) girl friend Audrey actually is sent down, for coming back to college late (and destroying a fellow-student's property when clambering in at a window). Breezily, Julian decides that he has had enough of education, and wants to dedicate himself to Literature (so he begins to write a verse drama). Gradually the events of the novel teach him that life is serious and earnest, and that enterprises begun in fun can end in pain. -George Simmer's Blog

Chinese Law and Government

This book provides a multi-faceted picture of the many complex processes taking place in the field of contemporary Russian media and popular culture. Russian social and cultural life today is strongly individualised and consumers are offered innumerable alternatives; but at the same time options are limited by the new technologies of control which are a key feature of Russian capitalism. Based on extensive original research by scholars in both Russia itself and in Finland, the book discusses new developments in the media industry and assesses a wide range of social and cultural changes, many of which are related to, and to an extent generated by, the media. The book argues that the Russian mass media industry, whilst facing the challenges of globalization, serves several purposes including making a profit, reinforcing patriotic discourse and popularizing liberalized lifestyles. Topics include changing social identities, new lifestyles, ideas of "glamour" and "professional values". Overall, the book demonstrates that the media in Russia is far from homogenous, and that, as in the West, despite new technologies of control, media audiences are being offered a new kind of pluralism which is profoundly influencing Russia's cultural, social and political landscape.

Heirs

Mindful of the tunnel vision sometimes created by the privileging of 'hybridity talk' and matters of culture in discussions of texts by minority writers, Delphine Munos in *After Melancholia* reads the work of the Bengali-American celebrity author Jhumpa Lahiri against the grain, by shifting the ground of analysis from the cultural to the literary. With the help of psychoanalytic theories ranging from Sigmund Freud through André Green and Nicolas Abraham to Jean Laplanche, this study re-evaluates the complexity of Lahiri's craft and offers major insights into the author's representation of second-generation diasporic subjectivity – an angle hitherto neglected by critics working from the narrower theoretical boundaries of transnationalism, diaspora studies, postcolonial theory, and Asian-American studies alike. Via

interdisciplinary incursions into the domains of literary and psychoanalytic criticism, as well as into those of trauma and diaspora studies, Munos takes up “Hema and Kaushik,” the triptych of short stories included in *Unaccustomed Earth* (2008), as exemplary texts in which Lahiri redefines notions of belonging and arrival regarding the Bengali-American second generation, not in terms of cultural assimilation – which would hardly make sense for characters born in the USA in the first place – but in terms of a resymbolization of the gaps in the parents’ migrant narratives. Munos’ in-depth reading of Lahiri’s trilogy is concerned with exploring how “Hema and Kaushik” signifies on the absent presences haunting transgenerational relationships within the US diasporic family of Bengali descent. Bringing to the forefront such ‘negative’ categories as the gap, the absent, the unsaid, the melancholically absented mother, *After Melancholia* reveals that the second-generation ‘Mother Diaspora’ is no less haunting than her first-generation counterpart, ‘Mother India’. Calling for a re-assessment of Lahiri’s work in terms of a dialectical relationship between (transgenerational) mourning and melancholia, Munos provides a compelling reading grid by means of which underrepresented aspects of the rest of Lahiri’s work, especially her novel *The Namesake* (2003), gain new visibility. Delphine Munos is a F.R.S.-FNRS postdoctoral researcher in the Department of English and American Literatures at the University of Liège (Belgium). She has published in the field of American and postcolonial literature, diaspora studies, and South Asian studies.

Melt

Samuel Tadros provides a clear understanding of Copts—the native Egyptian Christians—and their crisis of modernity in conjunction with the overall developments in Egypt as it faced its own struggles with modernity. He argues that the modern plight of Copts is inseparable from the crisis of modernity and the answers developed to address that crisis by the Egyptian state and intellectuals, as well as by the Coptic Church and laypeople.

Heirs Of The Dragon

The Miracle of Saint Nicholas

When Alexi learns from his babuskha that a Russian village church has been closed for sixty years, the resourceful young boy decides to prepare it for a Christmas miracle.

The Miracle of the Great St. Nicolas

DigiCat Publishing presents to you this special edition of "The Miracle of the Great St. Nicolas" (1920) by Anatole France. DigiCat Publishing considers every written word to be a legacy of humankind. Every DigiCat book has been carefully reproduced for republishing in a new modern format. The books are available in print, as well as ebooks. DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature.

The Life of Saint Nicholas of Sion

The life of the miracle working 6th century saint, containing many stories also attributed to St. Nicholas of Myra, is told. The 11th century Greek text and an English translation are presented.

The Legend of Saint Nicholas

From his very first day of life, when he rises from his bath to pray to God, it is clear that Nicholas is a miraculous child with a spiritual destiny. As he grows he is deeply saddened by the sickness, suffering, and death that he witnesses every day. Looking to use his special gifts to affect change in the often desperate world around him, Nicholas dedicates his life to worshipping the Lord and helping those in need. Through his good works, Nicholas becomes the youngest man to ever become a bishop and the patron saint of seafarers, children, and prisoners. He performs more than twenty miracles, including bringing those wrongly killed back to life and going to people in need as an apparition, providing solace and inspiration. In *The Legend of Saint Nicholas*, Demi describes pivotal events in the history and life of the saint, weaving a rich tapestry of luminous imagery into the story of his connection with Christmas and our modern-day Santa Claus. Demi's gilded artwork brings Nicholas to life in a way sure to mesmerize readers new to the story of this fascinating and important historical figure.

Saint Nicholas

You know him as the rotund merry-maker in the red suit. But set aside the childhood myth. In this portrait, you'll encounter the true St. Nicholas, a figure revered for his astonishing miracles and a humility that redirected all attention to God's glory. You'll be amazed to find St. Nicholas always turning up at just the right time—rescuing sailors from the certain death of a violent sea, saving three young women from a life of prostitution, and guarding an infant from the burns of a boiling bath. A tireless defender of God's truth and His people, St. Nicholas's wonderful and mysterious deeds illustrate, time and again, a heart for the weak, the poor, and the endangered—truly “the patron saint of practically everybody” and one of the most fascinating figures in all of Christian history. We learn about life through the lives of others. Their experiences, their trials, their adventures become our schools, our chapels, our playgrounds. *Christian Encounters*, a series of biographies from Thomas Nelson Publishers, highlights important lives from all ages and areas of the Church through prose as accessible and concise as it is personal and engaging. Some are familiar faces. Others are unexpected guests. Whether the person is D.L. Moody, Sergeant York, Saint Nicholas, John Bunyan, or William F. Buckley, we are now living in the world that they created and understand both it and ourselves better in the light of their lives. Their relationships, struggles, prayers, and desires uniquely illuminate our shared experience.

The Miracle of the Great St. Nicolas

'The Miracle of the Great St Nicolas' (1909) is Anatole France's satirical reimagining of the classic legend. In this short story, St Nicolas attempts to perform a miracle, resurrecting three children massacred by a crazed butcher and preserved in pickle. However, this good deed will come back to haunt the Saint, threatening to destroy everything he holds dear in his life. 'The Miracle of the Great St Nicolas' represents Anatole France at his best, picking apart the superficial virtue of religion and bringing it into the harsh reality of the real world. Fans of France's previous works, or those who wish to see the origins of Santa turn grisly, should venture into this dark but rewarding tale. For any still thirsting for dark Christmases after the 2015 horror movie 'Krampus', they will certainly find something to enjoy here. François-Anatole Thibault (1844 – 1924), better known as Anatole France, was a French journalist, poet, novelist, and Nobel laureate for literature. Spending much of his early life in his father's bookshop, France quickly rose to prominence as a respected author of over 25 works. A French Classicist writer with a style reminiscent of Voltaire and Fénelon, France's work has a strong preoccupation with scepticism and hedonism. He is best remembered for his classic French novels 'La Rôtisserie de la Reine Pédauque' (1893) and 'Le Crime de Sylvestre Bonnard' (1881). France's works have had a historic legacy, and he is recognised today as one of France's most prominent authors.

Service, Akathist, Life and Miracles of St. Nicholas the Wonderworker

St. Nicholas of Myra is one of the best-known and most popular saints of the Christian Church. It is from the stories of this early Christian Bishop that the modern figure of Fr. Christmas has been derived. This work contains all the liturgical texts specifically for the Feast day of St. Nicholas on December 6, as used by the Orthodox Church. There is also a devotional hymn in his honor and an extended prayer

asking for his help. A short life is also included followed by an account of some of the miracles worked through the prayers of the saint after his death.

The Twenty Miracles of Saint Nicolas

Ancient stories of Saint Nicholas, Bishop of Myra, who inspired the Santa Claus legend. Grades 5 and up.

Icon of Gentleness

The real Santa Claus and Father Christmas comes alive in this easy-to-read look at the life of this great man of generosity and faith. This is a perfect introduction to the saint who, if ignored, is to our peril as lovers of Advent and Christmas.

The Legend of Saint Nicholas

Retells the story of the life of Saint Nicholas, from his miraculous birth and generous nature to the many miracles he performed during his life and after his death.

The Drama of the Medieval Church

ST. NICOLAS, Bishop of Myra in Lycia, lived in the time of Constantine the Great. The most ancient and weighty of those authors who have mentioned him celebrate his virtues, his labours, and his worth: they give abundant proofs of his sanctity; but none of them records the miracle of the salting-tub. Nor is it mentioned in the Golden Legend. This silence is important: still one does not willingly consent to throw doubt upon a fact so widely known, which is attested by the ballad which all the world knows: "There were three little children In the fields they went to glean." This famous text expressly states that a cruel pork-butcher put the innocents "like pigs into the salting-vat." That is to say, he apparently preserved them, cut into pieces, in a bath of brine. This is, to be sure, how pork is cured: but one is surprised to read further on that the three little children remained seven years in pickle, whereas it is usual to begin withdrawing the pieces of flesh from the tub, with a wooden fork, at the end of about six weeks. The text is explicit: according to the elegy, it was seven years after the crime that St. Nicolas entered the accursed hostelry. He asked for supper. The landlord offered him a piece of ham: "Wilt eat of ham? Tis dainty food." "I'll have no ham: it is not good. 'Wilt cat a piece of tender veal? 'I will not make of that my meal. Young salted flesh I want, and that Has lain seven years within the vat. Wheras the butcher heard this said Out of the door full fast he fled."

The Miracle of the Great St. Nicolas

Wace's three hagiographical works, the Conception Nostre Dame and the Lives of St Margaret and St Nicholas, are brought together here for the first time in a volume containing the original texts, the first translations into English, notes and substantial introductions.

Wace, The Hagiographical Works

A study of the origin of St. Nicholas in Byzantium and the expansion of his cult to western Europe and North America. It focuses on the saint's changing iconography in art and a better understanding of his historical position in our culture.

St. Nicholas

Presents the story of St. Nicholas, in the form of a fictional open letter, and explains the inspiration behind the Christmas tradition of Santa Claus, and the spirit of gift giving.

A Gift from St. Nicholas

Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

The Miracle of the Great St. Nicolas 1920

"A joy to those who were sad, a consolation to those who were suffering, peace to those who were at odds with one another, refreshment to those who were weary from their daily toil, support for those who were poor and a healing balm for those who found themselves in prison." This is the way a fellow religious described the ministry of St. Nicholas of Tolentino. Thanks to Pope Leo XIII who gave him the title in 1884, we remember him today, though, principally as the special patron saint of the Holy Souls in Purgatory. This is a fascinating little biography of a saint whose feast is celebrated by the Augustinian Family throughout the world on September 10th each year.

Saint Nicholas of Tolentino

A picture book biography of the patron saint of children.

Saint Nicholas

How did St. Nicholas begin? What does Santa Claus have to do with Jesus? The secret of St. Nicholas, a true heroic tale for Christmas.

The Secret of St. Nicholas

For most of us, young and old, Santa Claus is a jolly old man, as described in the classic poem "A Visit from St. Nicholas." In fact, few people realize that there was a real St. Nicholas. He was the Bishop of Myra and lived during the fourth century. In this beautifully illustrated and richly designed book, Mayer creates an inviting portrait of the man who became legendary for his generosity and miraculous acts of kindness.

The Real Santa Claus

*Includes pictures *Includes contemporary accounts *Includes online resources and a bibliography for further reading Christmas is the most important holiday of the year. After the corresponding days that exalt the national pride of each country, such as Independence Day in the United States, Victory Day in Russia, or Bastille Day in France, it's December 25 that articulates the life, the work and the economy in much of the world, including many non-Christian countries. Since ancient times, the beginning of winter has been the occasion for most people to eat, drink, dance, and get together to beat the drum and take a break. Especially since the 20th century on, the days adjacent to the holiday have become an occasion to do big business. The winter season is the most solid stimulus for the economy - more than any fiscal package - since the incomes of families, spending, credit, and consumption in all productive sectors are significantly increased. In the United States alone, Christmas sales are estimated to generate \$3 trillion. One of the most important figures constantly brought up during the Christmas season is Saint Nicholas, despite the fact most people know little about him. In the 21st century, Saint Nicholas (or as people often refer to him, "Jolly Old Saint Nick") has been reduced to a pretend, adorably portly grandfather-type, a visual often accompanied by a fleet of magical reindeer and a bustling workshop staffed by endlessly cheerful elves. Most assume, quite understandably, that Saint Nicholas was the fount of inspiration that Santa Claus' myth weavers steadily drank from over the centuries. While this is accurate to some extent, it is important to remember that the parallels between Saint Nicholas and the present-day Santa Claus marketed by mass media are actually quite limited. As a result, this internationally celebrated figure has become more fiction than fact. However, when historians peel back the superficial layers of whimsy and caricatural perkiness swathed around his name, an image arises of a far more complex and fascinating character who did more than kick off the timeless tradition of gift-giving. Nicholas was not just a seasonal gift-giver, but a philanthropist who dedicated his life to helping the disadvantaged. He was not just a beloved bishop, but a fierce defender of the faith who remained undaunted in the face of persecution. To brand him a pious and God-fearing individual would be a massive understatement - indeed, he was, to those around him, the definition of a walking divinity, and an unrivaled miracle-worker sent straight from Heaven. Meanwhile, the turning point for old St. Nicholas, now Santa Claus, came with the December 24, 1881 edition of Harper's Weekly. Artist Thomas Nast gave him his definitive look for the Christmas issue as an old man with a huge round belly and a belt, a thick white beard, a red nose, a cap, mistletoe on his head, a miniature horse toy in one hand, a pipe between his fingers, and a child hanging from his neck. Ever since, Santa has been known the world over for being delightfully paunchy and endlessly jolly. To most, these two descriptors alone are enough to conjure up his name, and lead them to envision a round-bellied, grandfather-type, clad in a fur-trimmed, cherry-red ensemble, armed

with candy canes and a bottomless sack of presents, and blessed with a bushy, silvery-white beard. Saint Nicholas and Santa Claus: The History of the Man and the Character Behind the Most Popular Christmas Traditions looks at what the real bishop's life was like, and how he served as the historical inspiration for Santa. Along with pictures depicting important people, places, and events, you will learn about Saint Nicholas and Santa Claus like never before.

Saint Nicholas and Santa Claus

Miracle plays by an unknown French dramatist built on the legends of the fourth-century saint, including detailed analysis of versification, musical accompaniment, and iconography, Includes text and commentary, with a study of the music of the plays, and of the sources and iconography of the legends.

Miracle Of The Great St. Nicolas

Why not give more? Van Amsterdam the baker was well known for his honesty as well as for his fine Saint Nicholas cookies. He always gave his customers exactly what they paid for -- not more and not less. So, he was not about to give in when a mysterious old woman comes to him on Saint Nicholas Day and insists that a dozen is thirteen! The woman's curse puts an end to the baker's business, and he believes it would take Saint Nicholas to help him. But if he receives that help, will it be exactly what he imagined? Find out in this inspiring legend from Dutch colonial New York about the birth of an honored American custom. TEACHERS AND LIBRARIANS -- A READER'S THEATER SCRIPT OF THIS BOOK IS AVAILABLE IN AARON'S BOOK "FOLKTALES ON STAGE," OR FREE ON AARON'S WEB SITE.
////////// Aaron Shepard is the award-winning author of "The Legend of Lightning Larry," "The Sea King's Daughter," and many more children's books. Once a professional storyteller, Aaron specializes in lively retellings of folktales and other traditional literature, which have won him honors from the American Library Association, the New York Public Library, the Bank Street College of Education, the National Council for the Social Studies, and the American Folklore Society. ////////// HONORS American Bookseller Pick of the Lists Trumpet Book Club selection Valerie and Walter's Best Books for Children "The good will of legendary Saint Nick resonates in this tale about the origin of the term 'baker's dozen.' . . . Shepard's easy-to-follow retelling has an appropriate Old World flavor." -- Publishers Weekly, Sept. 18, 1995 "A particularly nice holiday story accented by paintings full of detail. . . . Well-paced and a good length for groups or individuals, this is right on target for audiences. Edelson's artwork is filled with marvelously-alive characters who almost step from the pages." -- Ilene Cooper, Booklist, Sept. 15, 1995 "A lush new version of a traditional tale. . . . Well-chosen words and a nicely-paced text that begs to be told aloud. A treat for the holiday season." -- School Library Journal, Oct. 1995 "Aaron Shepard retells a favorite colonial legend with the voice of the storyteller." -- Jan Lieberman, TNT, Fall 1995 "A fine tale of generosity for St. Nicholas Day or any day." -- Marilyn McPhie, Storybag, Special Review Issue 1997 "A story with a message to be heard during the holidays and all year long." -- Children's Book Review

Four Latin Plays of St. Nicholas

This is a new release of the original 1924 edition.

The Baker's Dozen

This graphic novel will illustrate the life of St. Nicholas from his beginnings as a young priest in Asia Minor in the late 3rd Century until just before his death in the mid 4th Century. As with St. Francis and Brother Duck this story needed a "set up character" for which the wisdom and early Christian teachings as shown in Nicholas' life can be revealed through dialogue. This secondary protagonist is a Greek-attired mouse named Cicero who is dressed to look like a little philosopher. His personality follows this image as well as his name as this philosophical critter questions much of Nicholas' Christian acts until the mouse's conversion late in the story. Unlike the childlike personality of Br. Duck, the non-Christian Cicero will have an educated intelligence and wit that will act in playful fashion when placed against Nicholas' gifted wisdom.

Saint Nicholas and the Nine Gold Coins

It is a long, long journey from the pious, thin Bishop Nicholas of Myra to the roly-poly dispenser of gifts on Christmas Eve. Why the tremendous appeal of a bishop in one of the remote corners of the Roman Empire? How did he become the jolly denizen of the North Pole? Here, lavishly illustrated with pictures that allow us to see as well as to read about Nicholas's transformation, is the story of an enigmatic figure. As the years flow by, the author points out, we come to know both less and more of this most popular saint. We lose and forget the details of his life, what he did and did not do, what he looked like when he walked through the streets of Myra. But paradoxically, with the accumulation of time it seems the spirit of the man drops its legendary, miraculous trappings and shines forth the more beautifully. We partake yearly of what must have been Nicholas's childlike joy, generosity, and concern for others: the soul of the saint himself. As "Saint Nicholas" persuasively argues, we have won the better part. -- From publisher's description.

The Life of St. Nicholas

Snuggle up with little ones this Christmas season and read about the origin of St. Nicholas, the story of a man who spent his life secretly helping the poor all over the world, giving gifts on Christmas Eve to remind people of the greatest gift of all, Jesus Christ. This captivating picture book about the faith-based origin of St. Nicholas is illustrated by New York Times bestselling illustrator Richard Cowdrey and written by Dandi Daley Mackall. The Legend of St. Nicholas: Is perfect for readers 4-8 who are curious about the origin of St. Nicholas or Santa Claus Celebrates the holiday season and teaches little ones about the joy of giving to others and helping those in need Shows how countries celebrate Christmas traditions across the world Is a faith-based look at the Christmas holiday and giving or receiving gifts With beautiful illustrations and a heartwarming story, The Legend of St. Nicholas is a great family read for the Advent and Christmas season.

Saint Nicholas and the Mouse of Myra

A retelling of the legend in which Saint Nicholas generously supplies the dowries for three girls from a poor family.

Saint Nicholas

"Saint Nicholas performed many miracles and great deeds in his time. In this book, "TALES of SAINT NICHOLAS" you will learn only a few. Saint Nicholas was a very devoted Christian and worshipped GOD and JESUS CHRIST everyday. He believed in the "Golden Rule" "Do unto others, as you would have them do unto you"

The Legend of St. Nicholas

Blechman describes in words and delightful drawings how little was known of the actual life of St. Nicholas until an ancient manuscript (mss.), "Vita Splendida et Illustris de Nicolo Beato," was discovered in 1989 by an Italian farmer. The farmer donated it to the church, which sold it to an antiquarian dealer. It ended up for sale by Sotheby's, but the Italian gov't. declared it a national treasure and demanded its return. After a conflict between UNESCO, the CIA, and the Italian-Amer. Cultural League, Sotheby's sold the manuscript to R. Jay Gatchall, who donated it to a museum. Blechman then tells the story of the life of St. Nicholas. A charming book!

Saint Nicholas

"Painted in Mexico: Pinxit Mexici, 1700-1790 is part of Pacific Standard Time: LA/LA, a far-reaching and ambitious exploration of Latin American and Latino art in dialogue with Los Angeles, taking place from September 2017 through January 2018. St. Nicholas in America

It was supposed to be a simple human-interest story, the kind of fluff piece hard-nosed reporter Brett Davis begrudgingly accepts only because his job is at stake. But when his newspaper editor sends him to the northernmost point of Europe to interview the head of a secretive monastery, Brett encounters a man who cannot possibly be who he claims to be—St. Nicholas of Myra. All Brett wants are the facts, but the tale Nicholas tells is too incredible to be true. Or is it? As Nicholas reveals the intricacies of his amazing long life, Brett discovers not only the origins of every facet of the much beloved Santa Claus myth, but also that, when confronted with the miraculous, faith is the only rational choice left.

Painted in Mexico, 1700-1790

It is perilous to be a Catholic in the Ireland of 1735, and almost more than can be borne for fifteen-year-old Padraic Fitzbrian. Nearly 100 years before, Lord Protector Cromwell of England had put down the Irish rebellion—confiscating lands, killing priests, outlawing the Mass and prohibiting education of any kind for Irish Catholics. Padraic and his two friends, Liam and Rose, are in their last year as scholars in the forbidden and risky “all-weather” classroom under the hedgerow. Fiery Padraic, whose family lands had been seized so long before, chafes under the injustice as though it were yesterday, making trouble for himself and those around him. Liam, as determined a patriot, holds the hope of being able to fight for his people’s freedom in an entirely different way. And warm-hearted Rose, gifted with pluck, is also—thankfully—rich in good sense. Behind the scenes, a mysterious figure called the “Kestrel” stirs the fires of Irish identity, and Padraic longs to do as much. Harmless adventures mount into dangerous trouble as the three young people strive, in each new difficulty, to take hold of the faith and patience that brings freedom amidst the worst tyranny. Gloria Whelan is a National Book Award winner for Young People’s Literature and author of many books, including *The Miracle of St. Nicholas*. The Mother of Emeralds

Excerpt from The Mother of Emeralds 'It's just throwin' away your dividends, that's what it is, Molly, bringin' me here for the cure, as these medical liars call it. Cure indeed! Is it bein' pickled like a side of bacon that's goin' to cure me, I should like to know? - it's liars they are, me dear, iviry one of them.' "Still the pains have left yon, uncle, and your right hand is better," observed the girl on whose arm he leaned. "And small thanks that is to thim; me nerves are strained and pinched like harp-strings, no less; and the devil's own fingers it is that have been playin' upon thim. He's twiddling' at my heart-strings this very moment, bad luck to him!" "Hush, Uncle Tom; you shouldn't speak like that. Remember you are a priest." "I am not. 'Tis your mother's own rheumatic brother I am, livin' on your charity. A priest ! - it's a saint, me dear, I should be called for not swearin' hourly, God forgive me! Ah well; I'm not dead yet, Molly, though it's in Purgatory I am for me sins." "Let us walk down the street, uncle." "Street indeed! - say a ram's horn rather, by the twist of it. If the inhabitants' conduct is no straighter than their houses, it's mighty hard work the good saints must have to keep the fire of Heaven from scorchin' the whole place. Well, well; maybe it's out of good taste for the crooked creatures who come here for the picklin', that they warp their cabins so; "from which it will be seen that Father O'Dwyer, like the majority of his race, could be whimsical when he chose. His niece suppressed a smile and proceeded to assist him over the uneven pavement. Never was there so deformed a town. Its name need not be set down here; no one who has been there will fail to identify it. Father O'Dwyer called it "Tumbledown Towers"; than which it would be difficult to provide a better name. Far and wide the piace is renowned for its brine baths; and to the copious excavations of salt made in connection therewith is due its present distorted appearance. The main street, and indeed most of the other streets, seem fixed as by enchantment in a series of undulations. Houses perch on hillock, or sink in hollow; now leaning cheek by jowl, now shunning one another. Obtusely they withdraw from the pavement, or acutely overhang it, avoiding with astounding unanimity all approach to the vertical. Scarce a window or a door will close as it was originally designed, and the roofs point skywards at every conceivable angle. Even the tower of the parish church lurches forward in drunken fashion, incongruous, bordering well-nigh on the disreputable. The whole place has the appearance of having suffered from a seismic seizure of undoubted severity. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format

whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

The Mother of Emeralds (Classic Reprint)

This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. The Mother of Emeralds - Primary Source Edition

She had nothing left to lose. Or so she thought . . . One woman's tragic past melds into a future of danger and deception in this suspenseful novel. Charlotte knew nothing of her parents except that they'd died when she was a child. And when her aunt's will leaves no provision for her, Charlotte must leave the only home she's known for the uncertain protection of an uncle she's never met at his manor house, Plas Melyn. Plas Melyn seems cold and unwelcoming, but when acts of violence that can only be directed at her occur, Charlotte has to wonder why anyone would want to kill a poor orphan? A powerful Welsh saga of loss and redemption, perfect for fans of Rosie Goodwin, Dilly Court, and Pam Howes.

Emerald

Twenty years ago, in England, author Richard Leviton "discovered the planet." Following quite specific guidance, he began a long process that amounted to an apprenticeship. "My mentors dispatched me to various specific locations in the Somerset landscape, and at all hours of the night and day. I sat on hills and valleys and rocks under sunlight, moonlight, rain, snow, and fog, and had visions. I started to see another landscape behind the apparent landscape. It was an apparitional landscape with stars, planets, galaxies, angels, spirits of Nature, mythic deities, divinity." As time went on, he found himself talking with angels, visiting celestial cities, and following gnomes. He came to understand that at one level we are the planet, and that both we and it have an intimate relationship with our galaxy. "I found myself living inside the myths of the world as if they were expert scripts for real-life inner adventures. I never once thought I was crazy. Why should I? Quite the opposite. I believed I was finally getting grounded in something real. But it would take me twenty years to make sense of it. That sense is embodied in The Emerald Modem." The Emerald Modem includes: direct correspondences between human chakras and the Earth's energy features--and the galactic originalstables listing locations of sacred sites around the planet where you may experience this relationshipexplanations of world myths, which provide clues to this unsuspected visionary world around us This is the first book to synthesize all the fragments of geomantic perception (sacred sites, energy points, vertexes, etc.) into a global interactive model that ties human consciousness directly to it. Leviton describes 85 subtle features in the planetary landscape, places you can go for mystical experiences. They are features of the Earth's energy body, almost all invisible to conventional sight. But psychic cognition can be trained, and you can usefully interact with any of these types of sites today without seeing what you're doing. Your intent to interact for the benefit of yourself and the planet is all that's required. Just as modems dial us into the Internet, so the features of the Earth's energy body described in The Emerald Modem help us get online with the galaxy. You can learn to visit Grail Castles, experience a Mount Olympus, or walk through the stars in a landscape zodiac--and you can learn enough to become confident that you're not traveling alone.

The Emerald Modem

A young girl describes the life that she and her brother share with their grandmother in her Caribbean island home, until their mother comes to take them away.

Emerald Blue

When an ancient warrior named Tanis is called by an emerald dragon - Demios, the first emerald dragon to be born in over a thousand years - he not only has to learn to be a dragon rider, but to interact with and eventually gain the trust of the other riders and people of Mt. Drago. The mountain lies in the middle

of a desert, but has special access to other worlds; worlds inhabited by both unusual and evil creatures. Tanis and the other riders, led by the queen of the dragons - The Ariella - must band together to create a fighting force and fly across the River Styx, beyond the Ice Caves to the Black Fortress. There they must retrieve the first of three crystal keys. These keys have held their enemies at bay since the first of dragon kind, but were captured by the Dark Lords of the Provinces. As The Ariella's riders fly over land and sea, they summon surprising courage to protect the dragons and Mt. Drago from the vile forces which stand in the way of their peaceful existence.

The Emerald Dragon

The ebook edition of this title is Open Access and freely available to read online. Revising established research, this handbook equips readers with an understanding of the complex interplay between local and global and public and private contexts in the development of young people in Asian countries.

The Emerald Handbook of Childhood and Youth in Asian Societies

Join Kimberley West, a gemologist with a knack for solving mysteries, as she unravels a 60-year-old case in a small town full of secrets. When her standard poodle digs up a rare emerald stolen in a famous museum heist, Kim can't resist investigating how the gemstone disappeared from New York only to reappear in North Carolina. But when her friends discover a man's body, Kim fears the murder may be connected to the emerald's infamous past. With humor, wit, and a dash of Indiana Jones-style adventure, The Carolina Emerald will keep you guessing until the very end. Join Kim and her charming sidekicks as they uncover buried treasure – and trouble – in this award-winning cozy mystery series that can be read in any order. Praise for The Carolina Emerald: "An EPIC AWARD FINALIST and KINDLE BOOK AWARD SEMI-FINALIST, this whodunit features a feisty heroine and charming characters that will have you hooked from start to finish. Clear, concise, and accessible, this book is perfect for cozy mystery fans who love David Rosenfelt, Kate Carlisle, and Kathi Daley." Kimberley West Gemstone Mystery Series: The Blue Diamond (book #1) The Pirate's Ruby (book #2) The Carolina Emerald (book #3) The Turquoise Treasure (book #4) What readers are saying about the series: "Took me back to that oh-so-delicious time when I couldn't put a book down." – 5-star review "Wonderful series! Warm, funny and just delightful!" – 5-star review "A perfect whodunit with characters you will love and a plot that keeps you guessing until the end. Could not put it down." – 5-star review "These are characters so real you want to call them up and visit. And get invited for dinner." – 5-star review "Perfect reading for these very imperfect times." - 5-star review

The Carolina Emerald

A guide to a just, good, honest society. How love and creativity combine with economics to meet society's needs. The truth on various religions including on Mohammed and his religion.

The Silver Paradigm in the Emerald Heaven

'The Emerald Knight: A Dark Divide' is an adventurous journey into Kalnath, a once united vibrant land now scarred by lies and rumours. Amidst the shroud of chaos, unexpected souls find themselves with their paths intertwined. For the glory of Raniel, Marin must decide whether to stand with his friends. Maleth was in the wrong place at the wrong time and Guldr, as Guardian, needs to ensure the survival of Kolgoth. Meanwhile, Talgameth, harbouring a deep-seated grudge spanning a millennium, hungers for long awaited vengeance. Ade McBain's debut novel delivers an immersive adventure in the captivating tapestry of Kalnath, a land teetering on the edge of destruction. As the arcane mist left Maleth's eyes the cobbled street raced up to meet him. Darkness followed, however before blacking out, he witnessed the aftermath of what he'd done – and the still body of the plucky little girl.

The Emerald Knight

Mira Rothenberg pioneered both the clinical distinction and treatment protocol for autistic and severely disturbed children as separate from those for the mentally retarded. Winner of a Woman of the Year award from the New York City Chamber of Commerce and the National Organization for Mentally Ill Children, she eloquently recounts a lifetime of taking on seemingly hopeless cases and bringing these children, through painstaking therapy and love, back into the world. Unflinchingly honest, whether dealing with the raw pain of her patients' lives or with Rothenberg's own complex feelings for them,

Children with Emerald Eyes explores the landscape of mental illness while never losing sight of the humanity within each patient.

Children with Emerald Eyes

If you look for parallels in baseball and the Bible, you will find them! The Emerald Home Run is a true story which combines the Bible and a book author Steven A. Janda wrote about the parables of Christ in 2008 entitled Ready or Not, Here I Come. "Suddenly," says Janda, "I began to notice many interesting parallels in Major League Baseball." On April 15, 2009, Ken Griffey Jr. hit his 613th career home run, The Emerald Home Run, after returning to the Seattle Mariners from a nine-year absence with the Cincinnati Reds and briefly with the Chicago White Sox. As soon as Griffey hit the home run, Hall of Fame Announcer Dave Neihaus said this was Griffey's 400th home run as a Mariner. "Instantly," says Janda, "I remembered Moses, who delivered the children of Israel after 400 years of bondage to the Egyptians." The author reveals numeric mysteries, including how Revelation appears in Genesis, how the tribes of Israel in the Law of Moses are joined numerically to Genesis and revealed in Major League Baseball by the Gregorian calendar. And children will love the secret formula for multiplying certain number patterns into millions without a calculator! The revelations in this book have never appeared in text books. The Emerald Home Run is truly an arithmetic lesson for the whole world to enjoy. Do not be left behind.

The Emerald Home Run

She is an Emerald. Her job is to find the young humans just coming into their magic and get them off earth as fast as possible. She sees all the signs of a youth feeling the first flush, but can't find the budding witch or warlock. She must get to them before the others find and kill the human. She locates a somewhat nerdy professor, but not the person she seeks. It's not fair to a human to allow anything to develop between them. When she discovers the full-grown man is the person she hopes to aid, she takes him home. But things have turned nasty on her world. Those who hate anyone not of the proper standing want to destroy him and she could be collateral damage physically and emotionally.

The Emerald

"Emerald" is a story of love and honor. It is set in the future and the possibilities it holds, in finding new life forms and planets that will become a new haven for what is known as the human race. It is also one of understanding, and learning to live with new life forms that have been discovered rather than destroying them. What the new life forms look like will be left to the reader's imagination. As we explore this beautiful place and her people, we will discover not only more about th

The Emerald Wiccan

Emerald Green: An Ecocritical Study of Irish Literature analyzes a wide range of Irish literature whose themes tie into a reverence for the natural world of Ireland. From an ecocritical perspective, these works, tied into an understanding of the landscape and particular aspects of nature, attain a fresh new meaning and foster a more relevant reflection of Ireland's beautiful literary landscape. The analysis begins with the first Irish writers, the hermit poets, and examines the ways in which the Irish hermit and saint were connected spiritually, through both pagan and early Christian values, to the natural world. The book then examines Irish literature from the perspective of the deforested landscape and the landscapes of farmland, divided property, famine, ruins, and a threatening natural world. Following the Famine, the book moves on to explore the establishment of the pastoral dream in this loss of landscape, and a re-connection to nature through the writers of the Irish Literary Renaissance. From there, the analysis shifts to the nature writing of Ireland's islands, including nature and community on Achill Island, storytelling on the Aran Islands, exile in nature on Skellig Michael, and the mythmaking of the Great Blasket Island. Moving north and into the twentieth century, Emerald Green focuses on four nature poets from Northern Ireland: Patrick Kavanagh, Louis MacNeice, Seamus Heaney, and Michael Longley; all four are redeemed by nature through their returns to the rural landscape of Ireland's west coast. The book concludes with an examination of modern Irish environmental writers and naturalist poets, as well as journalists weighing in on current environmental concerns in Ireland. Emerald Green concludes with an assessment of the future of nature in Ireland, and how the significant reduction of this country's natural landscape will alter its literary landscape as well.

Emerald: Return to Emerald

With winter beating down on Akron and his company, they take shelter at his home in the veterans valley. Akron soon realizes that there may not be enough food to last the winter. To make it worse, his lack of battle knowledge may have accidentally led himself and his company into a trap with no escape. Akron must make a choicestay and starve or brave the winter and have that kill him? Little does Akron know that King Jamess border guards are close, hunting Gowan, the only dragon that stands in the way of King Jamess horrific plan. The weight of Emeralds oath is taking its toll. She must guide Akron to the family she swore the oath to. Can a dragon, a beast, fall in love with a human? If so, why?

Emerald Green

The Lost Emerald, A crested carriage has been overturned and is covered up to its wheelbases in snow. No horses or people are in sight, except for old Matt, who is hunting for a hare for the stewpot. Two angels hover over the scene discussing the tragedy and how they might answer the dying mother's final prayer to save her daughter Antoinette.

Alexander

Travis is persuaded by a lifelong friend to invest in potentially valuable property in the rain forest of Ecuador. The return on their investment is virtually guaranteed. But nothing can be so simple when Travis gets involved. Trouble catches up with him from half a world away.

The Lost Emerald

Grounded in feminist scholarship, this book upends normative accounts of femme fatale violence to focus beyond the misogyny and the sensationalism and unearth the motivation behind women's roles in homicide, terrorism, combat, and even nationalist movements.

The Emerald Anaconda

Who is Auguste Lombardi, and why has May's mother been invited to his eightieth birthday party? As her mother is halfway to Australia, and May is resting between acting roles, she attends in her place. To celebrate the occasion, she wears the earrings her mother gave her for her birthday - only to discover that they are not costume jewellery, but genuine emeralds, and part of the famous missing Lombardi collection...

The Emerald International Handbook of Feminist Perspectives on Women's Acts of Violence

Twin brother and sister, Ash and Tara, help emperor Akbar retrieve his lucky emerald dagger which has been stolen from his court.

The Lombardi Emeralds

Vera Nazarian once said ""whenever you read a good book, somewhere in the world a door opens to allow in more light."" When I read Willetta Fleming's book, that is how I felt, as though light was being exuded from each and every chapter. Never before have I felt such encouragement and true warmth as I turned the pages. This is the kind of book that will leave you feeling inspired, empowered, and ready to embark upon your own journey. - Tuesday Howe

TEARS OF EMERALD

Emerald Islands continues the Elfdreams series and chronicles events in worlds connected by threads of Magick. The Dream Master's plans are thwarted. He sends the Dreamraider to a blue world with a single sun where she seeks lost artifacts and conscripts exceptional inhabitants. Stone circles and gifts of the mysterious Sandman facilitate travel to the World of Three Suns, where the conscripts join forces with Drelves battling overwhelming odds. The Lost Spellweaver has not returned. Can another take his place? Are the Sandman and Dream Master following a collision course? worlds.

Ash & Tara and the Emerald Dagger

Fifty-five years have passed since 4,000 women escaped a tyrannical Earth and colonized the planet of Maternas. The women of the Unity have brought children into their world, the first in the history of humankind to inherit a legacy of ultimate freedom and possibility. But these children are a breed unto

themselves. They have bonded and communicate with each other in a way the older generation cannot fathom, and most disturbing of all, they question many of the Unity's cherished precepts, laying claim to a rival standard of conduct. Into this widening schism walks young Joss. She becomes deeply involved with Emerald, a woman who struggles to locate her long-lost daughter and finds herself caught between two factions in a burgeoning conflict of the gravest proportions. With *Daughters of an Emerald Dusk*, Forrest has created her most electrifying, suspenseful, and yes, sexiest novel yet in this acclaimed series that began in 1984 with *Daughters of a Coral Dawn*.

Finding Black Gold on the Emerald Isle

The Tablet probably first appeared in the West in editions of the pseudo-Aristotelean *Secretum Secretorum* which was actually a translation of the *Kitab Sirr al-Asar*, a book of advice to kings which was translated into latin by Johannes Hispalensis c. 1140 and by Philip of Tripoli c.1243. Other translations of the Tablet may have been made during the same period by Plato of Tivoli and Hugh of Santalla, perhaps from different sources. The date of the *Kitab Sirr al-Asar* is uncertain, though c.800 has been suggested and it is not clear when the tablet became part of this work. Holmyard was the first to find another early arabic version (Ruska found a 12th century recension claiming to have been dictated by Sergius of Nablus) in the *Kitab Ustūqus al-Uss al-Thani* (Second Book of the Elements of Foundation) attributed to Jabir. Shortly after Ruska found another version appended to the *Kitab Sirr al-Khaliqa wa San'at al-Tabi'a* (Book of the Secret of Creation and the Art of Nature), which is also known as the *Kitab Balaniyus al-Hakim fi'l-'Ilal* (book of Balinas the wise on the Causes). It has been proposed that this book was written may have been written as early as 650, and was definitely finished by the Caliphate of al-Ma'mun (813-33). Scholars have seen similarities between this book and the Syriac Book of Treasures written by Job of Odessa (9th century) and more interestingly the Greek writings of the bishop Nemesius of Emesa in Syria from the mid fourth century. However though this suggests a possible Syriac source, none of these writings contain the tablet. Balinas is usually identified with Apollonius of Tyna, but there is little evidence to connect him with the *Kitab Balaniyus*, and even if there was, the story implies that Balinas found the tablet rather than wrote it, and the recent discoveries of the dead sea scrolls and the nag hamamdi texts suggest that hiding texts in caves is not impossible, even if we did not have the pyramids before us. Ruska has suggested an origin further east, and Needham has proposed an origin in China. Holmyard, Davis and Anon all consider that this Tablet may be one of the earliest of all alchemical works we have that survives. It should be remarked that apparently the Greeks and Egyptians used the term translated as 'emerald' for emeralds, green granites, "and perhaps green jasper". In medieval times the emerald table of the Gothic kings of Spain, and the *Sacro catino*—a dish said to have belonged to the Queen of Sheba, to have been used at the last supper, and to be made of emerald, were made of green glass [Steele and Singer: 488].

Daughters of an Emerald Dusk

EMERALD FIRE BURNING BRIGHT - "The second book of this generational family saga finds Karensa's children coming of age in the turbulent '60s. In Arizona, two discover truths during a time of political unrest as Native Americans struggle to reclaim their heritage and lands; in Venezuela two grow up as oil interests threaten to overtake traditional native culture and lands."

Emerald Tablet of Hermes

A terrifying past imprisoned Maxine Bartlett all her adult life, shackling her with fear anytime a man even touched her. In a spontaneous weekend, she unintentionally elopes with an unlikely groom. After a magical wedding night filled with love and passion, "Maxi" finally discards her dreadful chains. She doesn't know that her new husband has turned his back on God. Worried over how the world might see the completely unexpected – and some would certainly say inappropriate – marriage, in his pride he promises Maxine a quiet annulment. Unwilling to let their marriage disappear as if it never happened, Maxine refuses to cooperate. Seeking God's will, she moves in with him and informs him that when he decides to act like her husband again, he will find his loving wife waiting for him right there in their home. As the days stretch into weeks, the newlyweds slowly begin to trust and even love each other. Then, just as they begin to live the "happily ever after" love story that neither of them ever dreamed could come true, a sudden and nightmarish catastrophe strikes that could wreck

everything. Will her husband realize that he must trust God once more? When the six sister-witches stole the DragonQueen's jewels of power, they banished the dragons from their home in the land of Tulay. Before the dragons left, they took with them a human child as hostage. Tia has been raised by the dragons and considers them her family. She is appalled to learn that her own human mother is one of the sister-witches who are now the despotic rulers of Tulay. Tia decides she will prove herself to be a true DragonChild by retrieving the jewels, with the aid of her DragonBrother Finn. In this first exciting adventure, Tia goes after the jewel that gives its possessor the power to control beasts. The second story, The Opal Quest, is published in March 2013.

The Emerald, or Miscellany of literature

'A delight.' - Irish Times 'A pitch-perfect Golden Age mystery . . . a gem of a period puzzle' - Financial Times Thirty years ago, Lord Peter Wimsey encountered the Attenbury emeralds. The recovery of Lord Attenbury's magnificent gem made headlines - and launched the shell-shocked young aristocrat on his career as a detective. Now it is 1951: a happily married Lord Peter has just shared the secrets of that mystery with his wife, the detective novelist Harriet Vane. Then the new Lord Attenbury - the grandson of Lord Peter's first client - seeks his help again, this time to prove who owns the gigantic emerald that Wimsey last saw in 1921. It will be the most intricate and challenging mystery he has ever faced . . .

Temple Bar

Emilie Marianne Yda Wilbrink (Jannie), was born to Lady Emilie Martha Teding van Berkhout (Emie) and her commoner husband Willem Gerrit Jan Wilbrink (Wim). Wim was the Manager of a coffee and rubber plantation known as Kepoetren, in the fertile grounds and hills on the Island of Java, Indonesia, not far from Malang. The plantation, surrounded by the thick rich tropical vegetation commonly found in the Indonesian jungles, beckoned Jannie, a tomboy, to come and explore its many facets. This is a world where monkeys frolicked, swinging from the trees, and where other forms of wildlife lurked. Life on Kepoetren was respectful to all who lived and worked there. Jannie's father taught her many of life's lessons, as World War II was raging around the world. This is her story. Look for Book 2, Part II, Eighteen Inches On A Mattress; and Book 3, Part III, The Aftermath, and Part IV, On To A New Country, of this amazing trilogy...

The Emerald Series: Volume I

Emerald Eyes Destiny

The Moth Catcher

This is the seventh book in Ann Cleeves' Vera Stanhope series which is now a major ITV detective drama Vera, starring Brenda Blethyn. This case was different from anything Vera had ever worked before. Two bodies, connected but not lying together. As Vera is drawn into the claustrophobic world of this increasingly strange community, she realizes that there may be deadly secrets trapped here.

The Moth Catcher

Life seems perfect in Valley Farm, a quiet community in Northumberland. Then a shocking discovery shatters the silence. The owners of a big country house have employed a house-sitter, a young ecologist named Patrick, to look after the place while they're away. But Patrick is found dead by the side of the lane into the valley - a beautiful, lonely place to die. DI Vera Stanhope arrives on the scene with her colleagues, and when they search the attic of the house, where Patrick has a flat, she finds a second body. All the two victims have in common is a fascination with moths. As Vera is drawn into the claustrophobic world of this increasingly strange community, she realises that there may be deadly secrets trapped here...

Moth Catcher

Biologist Michael Collins has been studying wild silk moths since he was a boy. This family--which includes the largest and most colorful of the North American moths--led Collins into a long career as a scientist, and has provided him with significant insights into the process by which new species evolve. Moth Catcher is Collins's engaging account of his development as a scientist and of his groundbreaking research. The canyon and pass environments of the American West offer a setting in which, since the last Ice Age, organisms have adapted to new surroundings and where many have formed new species. Collins has discovered in the Sierra Nevada what geneticists call a "hybrid zone" where two species interbreed. This hybrid zone is unusual because both sexes are fertile, unlike lab-bred hybrids between the same silk moth species. Collins explains how such hybrid populations serve as laboratories in nature where the process of speciation can be observed and studied. This book offers a fascinating view into the work of a field scientist and the ways that evolution continues to operate around us. Collins's colorful accounts of his fieldwork will delight any reader who loves the outdoors and is captivated by the diversity and interrelations of the life forms found there. And his passion for his research and the

fragile, exquisite creatures that he studies will inspire a new appreciation of the wonders of the natural world and the myriad life forms that occupy it.

The Moth Catcher: a Vera Stanhope Novel 7

Harbour Street is the sixth book in Ann Cleeves' Vera Stanhope series – which is now a major ITV detective drama starring Brenda Blethyn as Vera. A silent community. A murderer among them . . . As the snow falls in Newcastle, Detective Joe Ashworth and his daughter Jessie travel home on the busy Metro. When the train stops unexpectedly due to bad weather, Jessie notices that one woman doesn't leave and when trying to wake her they find that the passenger has been fatally stabbed. With no witnesses DI Vera Stanhope looks into the victim's past and discovers she lived for years on Harbour Street, in a rundown Northumberland fishing town. As she questions the local residents Vera begins to suspect they know more than they are letting on, and the killer is hiding in their midst. Enjoy more of Vera Stanhope's investigations with *The Crow Trap*, *Telling Tales*, *Hidden Depths*, *Silent Voices*, *The Glass Room*, *The Moth Catcher*, *The Seagull* and *The Darkest Evening*.

Harbour Street

The design of moth trap in this book is the result of several years experimentation with a range of materials and light sources. None of the experiments was ever a complete failure, but the final design using 0.75W UV LEDs works about as well as established trap designs using an 8W actinic tube. These LED traps can be powered from using AA batteries of the correct type and are lightweight, so can be carried easily to survey sites. In a garden the trap can be powered using a suitable power supply or other types of battery. Any DC supply from 5 Volts to 25 Volts will do as long as it is rated above 3 Watts. The final design of the moth trap comprised of four parts: a box; a funnel; baffles; a lamp holder; and the lamp. The approach adopted was to buy the box, then make the funnel, baffles and lamp holder from suitable plastic sheet. With the addition of some purchased electronic components to regulate the voltage for the UV LED bulb and the inclusion of a dawn dusk sensor, all housed in a food storage box, one can build a cheap working moth trap. If you follow the instructions in the book, you too can have a "0.75 W UV LED Bucket Trap."

How to Build Your Own Moth Trap

Introducing Detective Inspector Vera Stanhope. *The Crow Trap* is the first book in Ann Cleeves' Vera Stanhope series – which is now a major ITV detective drama starring Brenda Blethyn, Vera. Everyone has something to hide . . . Three very different women come together at an isolated cottage on the North Pennines to complete an environmental survey. Three women who each know the meaning of betrayal . . . Rachael, the team leader, is still reeling after a double betrayal by her lover and boss. Anne, a botanist, sees the survey as a chance to indulge in a little deception of her own. And then there is Grace, a strange, uncommunicative young woman, hiding plenty of her own secrets. Rachael is the first to arrive at the cottage, but when she gets there she is shocked to discover an apparent suicide. But then another death occurs, and a fourth woman enters the picture – the unconventional Detective Inspector Vera Stanhope, who must piece together the truth from these women's tangled lives . . . Enjoy more of Vera Stanhope's investigations with *Telling Tales*, *Hidden Depths*, and *Silent Voices*.

The Crow Trap

The immensely popular blogger behind Little House Living provides a timeless and “heartwarming guide to modern homesteading” (BookPage) that will inspire you to live your life simply and frugally—perfect for fans of *The Pioneer Woman* and *The Hands-On Home*. Shortly after getting married, Merissa Alink and her husband found themselves with nothing in their pantry but a package of spaghetti and some breadcrumbs. Their life had seemingly hit rock bottom, and it was only after a touching act of charity that they were able to get back on their feet again. Inspired by this gesture of kindness as well as the beloved *Little House on the Prairie* books, Merissa was determined to live an entirely made-from-scratch life, and as a result, she rescued her household budget—saving thousands of dollars a year. Now, she reveals the powerful and moving lessons she’s learned after years of homesteading, homemaking, and cooking from scratch. Filled with charm, practical advice, and gorgeous full-color photographs, Merissa shares everything from tips on budgeting to natural, easy-to-make recipes for taco seasoning mix, sunscreen, lemon poppy hand scrub, furniture polish, and much more. Inviting and charming, *Little House Living* is the epitome of heartland warmth and prairie inspiration.

Little House Living

Silent Voices is the fourth book in Ann Cleeves’ Vera Stanhope series – which is now a major ITV detective drama starring Brenda Blethyn as Vera. No murder is ever simple . . . When DI Vera Stanhope finds the body of a woman in the sauna room of her local gym, at first, she thinks it is a death from natural causes. But then Vera spots ligature marks around the victim’s throat and has another murder case on her hands. The victim is Jenny Lister, who was an experienced social worker, but her neighbours are quick to inform Vera about Jenny’s involvement in a notorious case. A young child tragically died and a member of Jenny’s team was subsequently fired and vilified by the media. As Vera tries to pry information from the secretive community another body is found, and Vera finds herself in a race against time to stop the killer. Enjoy more of Vera Stanhope’s investigations with *The Crow Trap*, *Telling Tales*, *Hidden Depths*, *The Glass Room*, *Harbour Street*, *The Moth Catcher*, *The Seagull*, and *The Darkest Evening*.

Silent Voices

One of the most eagerly anticipated insect guides for years. This is the most comprehensive field guide to micro-moths ever published in a single volume, and, for the first time, makes this fascinating and important group of insects accessible to the general naturalist. The guide covers 1,033 species, with more than 1,500 superbly detailed artworks and photographs. It also includes 900 specially commissioned maps. Written by a team of moth experts under the editorship of Phil Sterling, it provides coverage of all the micro-moth families found in Great Britain and Ireland, including the Channel Islands. Species descriptions include field characters, similar species, flight season, habitat, larval foodplants, status and distribution. The general introduction covers identifying, studying and finding micro-moths, including field techniques, and there is also a series of innovative keys to families and genera, as well as a comprehensive checklist incorporating the latest thinking on taxonomy.

Field Guide to the Micro-moths of Great Britain and Ireland

'This exciting, science-packed novel is a cracking read and bursts with action, warmth and humour' - BookTrust Great Books Guide 2021 'This is great fun; an energetic middle-grade debut with a fresh contemporary feel and a good dash of *Stranger Things*' - The Bookseller Alfie has noticed a few things since his family moved to Folding Ford. He really misses life in the city. He and his sister don't exactly fit in here. But the most interesting one is that the weather is BONKERS. One frost-covered branch on one tree in the middle of June? A tiny whirlwind in a bucket in the garden? Only in Folding Ford. Armed with his bike, a notepad and his new best mate Sam, Alfie is going to investigate. His best clue is Nathaniel Clemm ... the only thing in town weirder than the weather. When Alfie 'investigates' Mr Clemm's garden, only SLIGHTLY illegally, he finds a strange box that freezes his trainers and makes his teeth tingle. And when he opens it, only SLIGHTLY deliberately, SOMETHING gets out. Something fast, fizzing and sparking with electricity and very, very much alive. But the creature from the box brings trouble of its own, and as barometers and tempers go haywire in Folding Ford, Alfie finds himself at the centre of a perfect storm. Skellig meets *Stranger Things* in this funny, heartfelt adventure story perfect for fans of Ross Welford, Christopher Edge and Frank Cottrell Boyce.

The Lightning Catcher

Ten years after Jeanie Long was charged with murder of fifteen-year-old Abigail Mantel, residents of the East Yorkshire village of Elvet are disturbed to hear of new evidence proving Jeanie's innocence. Abigail's killer is still at large. For Emma Bennett, the revelation brings back haunting memories of her vibrant best friend—and of the fearful winter's day when she discovered her body lying cold in a ditch. As DI Vera Stanhope makes fresh inquiries, villagers are taken back to a time they would rather forget. Inevitably tensions begin to mount, but are people afraid of the killer, or of their own guilty pasts.

Telling Tales

DCI Vera Stanhope returns in *The Darkest Evening*, the ninth novel in No. 1 Sunday Times bestseller Ann Cleeves's phenomenally popular crime series. The darkest nights can hide the deadliest secrets. . . Driving home during a swirling blizzard, Vera Stanhope's only thought is to get there quickly. But with the snow driving down heavily, she becomes disorientated and loses her way, eventually stumbling on another car abandoned on the road. With the driver's door open, Vera assumes the driver has sought shelter but is shocked to find a young toddler strapped in the back seat. Afraid they will freeze, Vera takes the child and drives on, arriving at Brockburn, a run-down stately home she immediately recognizes as the house her father Hector grew up in. Inside Brockburn a party is in full swing, with music and laughter to herald the coming Christmas. But outside in the snow, a young woman lies dead and Vera has a new case. Could she be the child's mother and, if she is, what happened to her?

The Darkest Evening

A comprehensively updated edition of an identification guide that was named a Guardian Best Nature Book of the Year. Now in a comprehensively revised and updated new edition, *Britain's Spiders* is a guide to all 38 of the British families, focussing on spiders that can be identified in the field. Illustrated with a remarkable collection of photographs, it is designed to be accessible to a wide audience, including those new to spider identification. This book pushes the boundaries of field identification for this challenging group, combining information on features that can be seen with the naked eye or a hand lens with additional evidence from webs, egg sacs, behaviour, phenology, habitats and distributions. Individual accounts cover 404 species—all of Britain's "macro" spiders and the larger money spiders, with the limitations to field identification clearly explained. This new edition includes nine species new to Britain, many recent name changes, updated distribution maps and species information, new guides to help identify spider families and distinctive species, and the latest species checklist. A guide to spider families, based on features recognizable in the field, focussing on body shape and other characteristics, as well as separate guides to webs and egg-sacs. Detailed accounts and more than 700 stunning photographs highlight key identification features for each genus and species, and include information on status, behaviour and habitats. Up-to-date distribution maps, and charts showing adult seasonality. Introductory chapters on the biology of spiders, and where, when and how to find them, including equipment needed in the field. A complete list of the spiders recorded in Britain, indicating the ease of identification as well as rarity and conservation status. Information on how to record spiders and make your records count, and guidance on how to take your interest further. New to this edition: coverage of nine species new to Britain, updated species information and distribution maps, identification guides to spider families and distinctive species, and the latest species checklist.

Britain's Spiders

Tony Harrison has lived the life of a professional snake catcher for twenty years. In this book, he introduces you to the reptiles most commonly encountered in our cities and towns, including some of the most venomous snakes on earth. Tony has spent his whole life surrounded by reptiles. His work and his animals are regularly featured on TV and in movies. That means he has a tale or two to tell. In *Snake Catcher*, Tony shares entertaining and informative stories, written by award-winning Australian writer, David Blissett. You are part of the action as Tony enters a suburban bedroom to bag a large and lethal Eastern Brown Snake. You will meet Tiger, the Lace Monitor who is afraid of heights. And you will find out what happens when you try to flush a venomous snake down the toilet. However, more than telling great stories and showing great pictures, this book has another purpose. Tony wants to dispel the myth that 'the only good snake is a dead snake.' He shares his insights into some truly fascinating reptiles, and gives common-sense advice about living safely with them. *Snake Catcher* includes information on: * The most commonly encountered Australian reptiles, complete with stunning full-colour photos. * What to do if you encounter a snake at home or in the bush. * How to discourage dangerous snakes from entering your property. * The benefits of having some snake species living nearby. * How to treat a snake

bite.* How to protect your pets from run-ins with snakes.* Some of the rules about keeping reptiles for yourself.

Snake Catcher

From Ann Cleeves—New York Times bestselling and award-winning author of the Vera and Shetland series, both of which are hit TV shows—comes *Hidden Depths*. “Ann Cleeves is one of my favorite mystery writers.”—Louise Penny On a hot summer on the Northumberland coast, Julie Armstrong arrives home from a night out to find her son murdered. Luke has been strangled, laid out in a bath of water and covered with wild flowers. This stylized murder scene has Inspector Vera Stanhope and her team intrigued. But now, Vera must work quickly to find this killer who is making art out of death. As local residents are forced to share their private lives, sinister secrets are slowly unearthed. And all the while the killer remains in their midst, waiting for an opportunity to prepare another beautiful, watery grave...

Hidden Depths

A comprehensive and fully illustrated guide, this book is the definitive photographic reference guide for anyone interested in butterflies and moths found in Britain and Ireland.

British Butterflies and Moths (Collins Complete Guides)

A woman disappears under ghostly circumstances, and Inspector Jimmy Perez must separate fact from fiction in *Thin Air*, the sixth Shetland mystery from Ann Cleeves. Now a major BBC One drama, *Shetland*, starring Douglas Henshall. A group of old university friends leave the bright lights of London, travelling to Shetland to celebrate the marriage of one of their friends to a local. But late on the night of the wedding party, one of them, Eleanor, disappears – apparently into thin air. Detectives Jimmy Perez and Willow Reeves are dispatched to investigate. Before she went missing, Eleanor claimed to have seen the ghost of a local child who drowned in the 1920s. Jimmy and Willow are convinced that there is more to Eleanor's disappearance than they first thought. Is there a secret that lies behind the myth? One so shocking that many years later someone would kill to protect it? Continue the thrilling mystery series with *Cold Earth*.

Thin Air

The stick is a universal toy. Totally natural, all-purpose, free, it offers limitless opportunities for outdoor play and adventure and it provides a starting point for an active imagination and the raw material for transformation into almost anything! As New York's Strong National Museum of Play pointed out when they selected a stick for inclusion in their National Toy Hall of Fame, 'It can be a Wild West horse, a medieval knight's sword, a boat on a stream, or a slingshot with a rubber band . . .' In this book Fiona Danks and Jo Schofield offer masses of suggestions for things to do with a stick, in the way of adventures and bushcraft, creative and imaginative play, games, woodcraft and conservation, music and more.

The Stick Book

This latest edition of the *Field Guide to the Moths of Great Britain and Ireland* has been fully revised, updated and restructured, bringing it in line with the latest thinking in taxonomy. Moths are illustrated in their natural resting postures, and there are also paintings of different forms, underwings and other details to help with identification. New descriptions and illustrations have been included for species that have been newly recorded in Britain and Ireland since the last edition of the guide was published. The text descriptions of all other species – covering field characters and similar species, flight season, life cycle, larval foodplants, and habitat – have been revised and updated where necessary, and particular attention has been paid to updating the distribution information, which is now supported by maps. The revised general introduction explains how the methods of identifying and recording moths have evolved over recent years with the advent of new technologies and as a result of data analysis.

Field Guide to the Moths of Great Britain and Ireland

Too Good To Be True is a gripping Quick Read from Ann Cleeves, featuring Detective Inspector Jimmy Perez from the bestselling *Shetland* series. When young teacher Anna Blackwell is found dead in her home, the police think her death was suicide or a tragic accident. After all, Stonebridge is a quiet country

village in the Scottish Borders, where murders just don't happen. But Detective Inspector Jimmy Perez soon arrives from far-away Shetland when his ex-wife, Sarah, asks him to look into the case. The local gossips are saying that her new husband, Tom, was having an affair with Anna. Could Tom have been involved with her death? Sarah refuses to believe it - but needs proof. Anna had been a teacher. She must have loved kids. Would she kill herself knowing there was nobody to look after her daughter? She had seemed happier than ever before she died. And to Perez, this suggests not suicide, but murder . .

The railway pioneers

Packed with beautiful photography and thoroughly updated throughout, this is the definitive guide to all 472 species of European butterflies with additional information on another 64 species found in North Africa and south and west Turkey. Detailed text and clear photographs – including views of both the upperwing and underwing where possible – allow identification of adult butterflies in the field. There is also useful information on their relative size, similar species, habitat, lifestyle and larval host plants, accompanied by accurate range maps which have been updated for this new edition. The result of collaboration between many European butterfly experts and photographers, and compiled by a Finnish team, this thoroughly updated and comprehensive guide represents the last word in butterfly identification.

Too Good To Be True

In this gloriously illustrated companion to her novels, Ann Cleeves takes readers through a year on Shetland, learning about its past, meeting its people, celebrating its festivals and seeing how the flora and fauna of the islands changes with the seasons. An archipelago of more than a hundred islands, it is the one of the most remote places in the United Kingdom. Its fifteen hundred miles of shore mean that wherever one stands, there is a view of the sea. It has sheltered voes and beaches and dramatically exposed cliffs, lush meadows full of wild flowers in the summer and bleak hilltops where only the hardiest of plants will grow. It is a place where traditions are valued and celebrated, but new technologies and ways of working are also embraced. Whether it is the drama of the Viking fire festival of Up Helly Aa in winter, or the piercing blue and hot pink of spring flowers on the clifftops, the long, white nights of midsummer or the fierce gales and high tides of autumn, Shetland is vividly captured in all its bleak and special beauty.

The Seagull: a Vera Stanhope Novel 8

Melodrama; 5 male roles, 3 female roles.

Butterflies of Britain and Europe

When his stink pile of tasty tidbits is washed away by a furious storm, the cantankerous Cockroach is forced to travel from his home in Meadowfield to the distant and foreboding Smoking Hills; where countless numbers of tidbits are rumored to be there for the taking. The only problem, it's also where the dreaded Loomers live; legendary creatures known only through stories passed down from the dead ancestors. With a lively and incredible cast of pests, including the scheming Silverfish, the bashful Stinkbug, the brilliant Book Louse, and Scarab the Dung, just to name a few, this creative adventure is full of humor, intrigue, and genuine scientific insight into the behavior of insects as told through a fictional tale. The reader is not only thoroughly entertained by the interaction and antics of the "bug-fellows\

Shetland

A remote community, touched by evil - would you know who to trust? Raven Black is the first book in Ann Cleeves' Shetland series - which is now the major BBC1 drama starring Douglas Henshall, SHETLAND. It is a cold January morning and Shetland lies buried beneath a deep layer of snow. Trudging home, Fran Hunter's eye is drawn to a vivid splash of colour on the white ground, ravens circling above. It is the strangled body of her teenage neighbour Catherine Ross. As Fran opens her mouth to scream, the ravens continue their deadly dance . . . The locals on the quiet island stubbornly focus their gaze on one man - loner and simpleton Magnus Tait. But when police insist on opening out the investigation a veil of suspicion and fear is thrown over the entire community. For the first time in years, Catherine's neighbours nervously lock their doors, whilst a killer lives on in their midst. Also available in the Shetland series are White Nights, Red Bones, Blue Lightning and Dead Water. Ann

Cleeves' Vera Stanhope series (ITV television drama VERA) contains five titles, of which The Glass Room is the most recent.

The Mousetrap

FINALIST FOR THE 2021 NATIONAL BOOK AWARD FOR YOUNG PEOPLE'S LITERATURE A debut YA novel-in-verse by Amber McBride, *Me (Moth)* is about a teen girl who is grieving the deaths of her family, and a teen boy who crosses her path. Moth has lost her family in an accident. Though she lives with her aunt, she feels alone and uprooted. Until she meets Sani, a boy who is also searching for his roots. If he knows more about where he comes from, maybe he'll be able to understand his ongoing depression. And if Moth can help him feel grounded, then perhaps she too will discover the history she carries in her bones. Moth and Sani take a road trip that has them chasing ghosts and searching for ancestors. The way each moves forward is surprising, powerful, and unforgettable. Here is an exquisite and uplifting novel about identity, first love, and the ways that our memories and our roots steer us through the universe.

A Pilgrimage of Pests

The Sleeping and The Dead is a tense psychological thriller from Ann Cleeves, author and creator of three astounding TV series: *Shetland*, *Vera* and *The Long Call*. Detective Peter Porteous is called to Cranwell Lake where the body of a teenager has been discovered. After trawling through the missing persons files, he comes to the conclusion that the corpse is Michael Grey, an enigmatic and secretive young man who was reported missing by his foster parents in 1972. The news report that a body has been found leaves prison officer Hannah Morton in shock. Michael had been her boyfriend, and she had been with him the night he disappeared. And now the discovery is bringing back dreaded and long buried memories from her past . . .

A Guide to Moth Traps and Their Use

In the dark days of a Shetland winter, torrential rain triggers a landslide that crosses the main Lerwick-Sumburgh road and sweeps down to the sea. At the burial of his old friend Magnus Tait, Jimmy Perez watches the flood of mud and peaty water smash through a croft house in its path. Everyone thinks the croft is uninhabited, but in the wreckage he finds the body of a dark-haired woman wearing a red silk dress. In his mind, she shares his Mediterranean ancestry and soon he becomes obsessed with tracing her identity. Then it emerges that she was already dead before the landslide hit the house. Perez knows he must find out who she was, and how she died.

Murder Squad

Includes instructions for building a leprechaun trap.

British Plume Moths

Packed with the stunning photography of Chris Manley, this new photographic guide is the perfect guide to Britain's moths and butterflies. Its coverage is broad, including all of the 800 or so macro-moths (within which the butterflies are placed), including all vagrants, and many of the micros, along with some 300 types of caterpillars. The authoritative text provides important information on identification, size and larval food plant for each species, with introductory sections detailing habitats, life cycles, conservation, and trapping and photographic techniques. With many people now setting up their own backyard moth traps or interested to know which species are fluttering around their light bulbs, this book provides a superb introduction to this fascinating insect group.

Raven Black

The most magical children's book debut of 2020, shortlisted for the Waterstones Children's Book Prize and illustrated by award-winning Chris Riddell

Me (Moth)

Prime Suspect meets *Ashes to Ashes* as we see Jane Tennison starting out on her police career . . . The fourth in the Sunday Times bestselling Jane Tennison thrillers, *MURDER MILE* is set at the height of the 'Winter of Discontent'. Can Jane Tennison uncover a serial killer? February, 1979, 'The Winter

of Discontent'. Economic chaos has led to widespread strikes across Britain. Jane Tennison, now a Detective Sergeant, has been posted to Peckham CID, one of London's toughest areas. As the rubbish on the streets begins to pile up, so does the murder count: two bodies in as many days. There are no suspects and the manner of death is different in each case. The only link between the two victims is the location of the bodies, found within a short distance of each other near Rye Lane in Peckham. Three days later another murder occurs in the same area. Press headlines scream that a serial killer is loose on 'Murder Mile' and that police incompetence is hampering the investigation. Jane is under immense pressure to catch the killer before they strike again. Working long hours with little sleep, what she uncovers leaves her doubting her own mind. 'La Plante excels in her ability to pick out the surprising but plausible details that give her portrayal of everyday life in a police station a rare ring of authenticity' Sunday Telegraph 'Classic Lynda, a fabulous read' Martina Cole on HIDDEN KILLERS

The Sleeping and the Dead

A woman's death sees rumours flood the island community – as Inspector Jimmy Perez's life is about to change forever. Wild Fire is the eighth and final Shetland mystery from Ann Cleeves. Now a major BBC One drama, Shetland, starring Douglas Henshall. A new English family have moved to Shetland, eager to give their autistic son a better life. But when a young nanny's body is found hanging in the barn of their home, rumours of her affair with the husband begin to spread like wild fire. With suspicion raining down on the family, DI Jimmy Perez is called in to investigate. For him it will mean returning to the islands of his on-off lover and boss Willow Reeves, who will run the case. Perez is already facing the most disturbing investigation of his career when Willow drops a bomb-shell that will change his life forever. Is he ready for what is to come?

Cold Earth

A journalist working on a story. Now his murder is a headline. Inspector Jimmy Perez is called in to investigate in Dead Water, the fifth Shetland mystery from Ann Cleeves. Now a major BBC One drama, Shetland, starring Douglas Henshall. When the body of a journalist is found in a traditional Shetland boat, Detective Inspector Willow Reeves is drafted in to head up the investigation. Jimmy Perez has been out of the loop, but his local knowledge is needed and he decides to help the inquiry. Originally a Shetlander, the journalist had left the islands years before to make a name for himself in London, leaving a scandal in his wake. He had few friends in Shetland, so why was he back? When Willow and Jimmy dig deeper, they realize that he was chasing a story that many Shetlanders didn't want to come to the surface. One that must have been significant enough to kill him for . . . Continue the captivating crime series with Thin Air.
