Intro

Fundamental Techniques in Handling People

Give honest and sincere appreciation

Appeal to another person's interest

Smile

Remember that a person's name is

Be a good listener Encourage others to talk about themselves

Talk in terms of the other person's interest

Make the other person feel important and do it sincerely

The only way to get the best of an argument is to avoid it

Begin in a friendly way

If you are wrong admit it quickly and emphatically

Let the other person do a great deal of talking

Honestly try to see things from the other person's point of view

Be sympathetic to the other person's ideas and desires

Start with questions to which the other person will answer "yes"

Let the other person feel that the idea is his or hers

Appeal to the nobler motive

Dramatize your ideas

Throw down a challenge

Final part of this book is about changing people without

Talk about your own mistakes before criticizing the other person

Ask questions instead of giving orders

Let the person save the face

Make the fault seem easy to correct

Make the person happy about doing the things you suggest

The Story of Sex

Sex is everywhere, yet how many of us truly understand it? Our attitudes to sex and sexuality are forever in flux. Driven by pleasure, power, revenge, a desire for children or simply because it isn't allowed, humans have had sex on the brain since pre-civilization. But what do we really know? In The Story of Sex, we discover the truth, including: what eroticism really is, when the first couple was established, what phallic festivals were all about, when chastity belts were used and how some ancient civilizations were far ahead of their time when it came to gender equality. The first graphic novel of its kind, The

Story of Sex brilliantly and humorously uncovers the most fascinating details of our sexual ancestry, and foretells a future of virtual gratification.

The Story of Sex

The first graphic history of sex chronicles sexuality and human intimacy through the ages, from our primate pasts to our robotic futures. Humans have had sex on the brain since pre-civilization either for pleasure, power, revenge, a desire for children, or simply because it isn't allowed. Today, sex is all around us but it's rarely explained and almost never taught. In *The Story of Sex*, sexologist Phillipe Brenot combines anthropology, sociology, psychology and history with witty comics by Latetita Coryn for an in-depth explanation of this essential aspect of humanity. Organized chronologically into sections like Babylon: Free Love, The Middle Ages: Heaven and Hell, and The 20th Century: Sexual Liberation, Brenot explores what eroticism really is, how our ancestors behaved sexually, when the first couple was established, how superstition and morality laws shaped sexuality, the use of pornography in the digital age, and how some ancient civilizations were far ahead of their time when it came to gender equality. Full of fascinating details like Cleopatra's invention of the vibrator and a Dutch shopkeeper's accidental discovery of the existence of sperm--all accompanied by hilarious comics and dialogue -- *The Story of Sex* is informative, unique, and entertaining book.

The Story of Sex

Posy loses four teeth--and profits from each loss.

Almost 12

Written to be read page-by-page with a child, this book follows the progress of human life from conception to birth, highlighting key facts and important moral values. Ages 10-12.

The Story of Me

This book is designed to help parents answer difficult or embarrassing questions about sex comfortably and truthfully (in age appropriate terms), and to encourage healthy communication between you and your child.

A Better Story

The architects of the sexual revolution won over the popular imagination because they knew the power of story. They drew together radical new ideologies, often complex and hard to grasp, and melded them into the simpler structure of narrative. Crucially, they cast narratives that appealed to the moral instincts of ordinary, decent people. This moral vision overwhelmed the church and silenced its faltering apologists. The author argues that if Christians still believe they have good news in the sphere of sexual ethics, then two big tasks lie ahead. Our first priority is to work out what has gone so badly wrong, both in our understanding and application of what the Bible teaches and the way we have presented our case to the non-churched. And then we must offer a better story, one that fires the imagination with such force that people will say, 'I want that to be true.' This book offers a confident, biblically rooted moral vision which needs to be shared with prayer and courage.

The Second Sex

Of all the writing that emerged from the existentialist movement, Simone de Beauvoir's groundbreaking study of women will probably have the most extensive and enduring impact. It is at once a work of anthropology and sociology, of biology and psychoanalysis, from the pen of a writer and novelist of penetrating imaginative power. THE SECOND SEX stands, five decades after its first appearance, as the first landmark in the modern feminist upsurge that has transformed perceptions of the social relationship of man and womankind in our time

Dirty Words

A witty and original look at the language of love and sex, from words of seduction, to words for genitalia and the dilemma of describing 'the deed' itself. What flower takes its name from the human testicle? Is your husband rantallion? Does your wife sport a merkin? What's a wittol, and why were they once drummed out of town while sitting backwards on a horse? Is sacofricosis a crime, a disease or an hors d'oeuvre? Morton roams through centuries of etymological lore to explain the origins of the language of love and sex. It is the perfect book for language-lovers and lovers alike.

Sex, Botany and Empire (Icon Science)

When the imperial explorer James Cook returned from his first voyage to Australia, scandal writers mercilessly satirised the amorous exploits of his botanist Joseph Banks, whose trousers were reportedly stolen while he was inside the tent of Queen Oberea of Tahiti. Was the pursuit of scientific truth really what drove Enlightenment science? In Sweden and Britain, both imperial powers, Banks and Carl Linnaeus ruled over their own small scientific empires, promoting botanical exploration to justify the exploitation of territories, peoples and natural resources. Regarding native peoples with disdain, these two scientific emperors portrayed the Arctic North and the Pacific Ocean as uncorrupted Edens, free from the shackles of Western sexual mores. In this 'absorbing' (Observer) book, Patricia Fara reveals the existence, barely concealed under Banks' and Linnaeus' camouflage of noble Enlightenment, of the altogether more seedy drives to conquer, subdue and deflower in the name of the British Imperial state.

Money, Power and Sex

Four Lives, four separate motives, one unbelievable outcome. Follow this twisting tale, full of romance, action, suspense and drama. Watch each person desperately try to reach their desires and discover why they are willing to sacrifice whatever it takes to answer one question. How far are you willing to go for Money, Power and Sex?

Sex on the Moon

Thad Roberts, a fellow in a prestigious NASA programme had an idea - a romantic, albeit crazy, idea. He wanted to give his girlfriend the moon. Literally. Thad convinced his girlfriend and another female accomplice, both NASA interns, to break into an impenetrable laboratory at NASA's headquarters - past security checkpoints, and electronically locked door with cipher security codes and camera-lined

hallways - and help him steal the most precious objects in the world: Apollo moon rocks from every moon landing in history. Was Thad Roberts - undeniably gifted, picked for one of the most competitive scientific posts imaginable - really what he seemed? And what does one do with an item so valuable that it's illegal even to own? Based on meticulous research into thousands of pages of court records, FBI transcripts and documents, and scores of interviews with the people involved, Mezrich - with his signature high-velocity swagger - has reconstructed the madcap story of genius, love, and duplicity all centred on a heist that reads like a Hollywood thrill ride.

Anonymous Sex

· A married woman has a BDSM-tinged encounter at a work conference · Two young boys on a sleepover feel the first stirrings of desire · In an artificially generated afterlife, anything can be sexual if you want it to be · A young widow on a sleeper train shelters a criminal in her carriage · A bisexual woman cheats on her wife with a baker

Sex by Design

America's Most Honest Memoir Betty Dodson's memoir is the story of one woman's struggle to liberate female sexuality while enjoying her own. In the 70s, as the feminist movement evolved, focusing on various platform issues including equal pay and voter registration, Betty latched on to sexual liberation as a symbol for self-empowerment. Realizing that so many women weren't enjoying sex, she asked, "How could women ever be truly equal if they were reliant on men for their sexual satisfaction?" She quickly became the leader of the sex-positive feminist movement. And the rest is history.

Sex, a Love Story

"Sex, A Love Story" is a coming-of-age novel about a boy and a girl, seniors in high school, who use sex as a way of encountering the world after high school and establishing their individual identities. The novel takes place at the end of the Eisenhower administration and the beginning of the Kennedy era. It is set in Orange County, California. Bob and Jen are the children of parents who entered the middle class after World War II. Life for these kids has not reached the level of affluence the professional class knows. Life, especially for middle-class (white) kids is often boring. Anticipating life after high school, kids are concerned with finding work or going to college or into the military. Much of the sex is erotic, although other parts read more clinically (as in: Oh, I see. If I do this, he'll do that. Or, if I do that, she'll do this.) If, for Bob and Jen, sex is at first a way of exploring the adult world, it soon becomes a way to defy the world. But the world intrudes. Bob worries about money, the recession, finding and holding a job. The book emphasizes the kinds of unskilled-labor jobs Bob finds, the people he meets, and his anxiety when he is out of work. While sex with Jen and his growing love for her are immeasurably important to Bob, so is his desire to write and travel, "to learn how the world works." Jen and that imagined life are rivals. Bob knows this, but wants both. Jen doesn't see herself as a rival to Bob's future, but as a part of it. Even more than Bob does, she sees herself as a sexual being. Both characters grow increasingly complex as they gain experience of the world. While their relationship ends, or appears to end, each of them moving toward a different way of living in the world, we can say, ultimately, not that love conquers all, but that it endures, whether or not we will it, despite the world and despite ourselves. This is a pre-feminist novel in that while feminism has not yet become a movement in the years most of this story occurs, many of the issues that feminism is concerned with are depicted in rudimentary form in this book.

Who Do You Love

From the "hilarious, heartbreaking, and insightful" (The Miami Herald) bestselling author Jennifer Weiner comes a sweeping, modern day fairy tale about first romance and lasting love. Rachel Blum and Andy Landis are eight years old when they meet late one night in an ER waiting room. Born with a congenital heart defect, Rachel is a veteran of hospitals, and she's intrigued by the boy who shows up all alone with a broken arm. He tells her his name. She tells him a story. After Andy's taken back to the emergency room and Rachel's sent back to her bed, they think they'll never see each other again. Rachel, the beloved, popular, and protected daughter of two doting parents, grows up wanting for nothing in a fancy Florida suburb. Andy grows up poor in Philadelphia with a single mom and a rare talent that will let him become one of the best runners of his generation. Over the course of three decades, through high school and college, marriages and divorces, from the pinnacles of victory and the heartbreak of defeat, Andy and Rachel will find each other again and again, until they are

finally given a chance to decide whether love can surmount difference and distance and if they've been running toward each other all along. With honesty, wit, and clear-eyed observations about men and women, love and fate, and the truth about happy endings, Jennifer Weiner delivers two of her most memorable characters, and a love story you'll never forget.

Future Sex

Emily Witt is single and in her thirties. She has slept with most of her male friends. Most of her male friends have slept with most of her female friends. Sexual promiscuity is the norm. But up until a few years ago, she still envisioned her sexual experience achieving a sense of finality, 'like a monorail gliding to a stop at Epcot Center'. Like many people, she imagined herself disembarking, finding herself face-to-face with another human being, 'and there we would remain in our permanent station in life: the future'. But, as we all know, things are more complicated than that. Love is rare and frequently unreciprocated. Sexual acquisitiveness is risky and can be hurtful. And generalizing about what women want or don't want or should want or should do seems to lead nowhere. Don't our temperaments, our hang-ups, and our histories define our lives as much as our gender? In *Future Sex*, Witt captures the experiences of going to bars alone, online dating, and hooking up with strangers. After moving to San Francisco, she decides to say yes to everything and to find her own path. From public health clinics to cafe conversations about 'coregasms', she observes the subcultures she encounters with awry sense of humour, capturing them in all their strangeness, ridiculousness, and beauty. The result is an open-minded, honest account of the contemporary pursuit of connection and pleasure, and an inspiring new model of female sexuality - open, forgiving, and unafraid.

The Joy of Writing Sex

Twelve years after it was first published, *The Joy of Writing Sex* remains the classic writer's resource on creating compelling sex scenes. Elizabeth Benedict covers all the issues, from the first time, to married sex and adultery, to sex in the age of AIDS. Her instruction, supported with examples from the works of today's most respected writers—among them, Dorothy Allison, Russell Banks, Alan Hollinghurst, Joyce Carol Oates, Carol Shields, and John Updike—focuses on crafting believable sex scenes that hinge on freshness of character, dialogue, mood, and plot. In this revised edition, Benedict addresses the latest sexual revolution, intimacy on the Internet; adds new interviews with Edmund White, Darren Strauss, Stephen McCauley, and other writers; and updates her selections to include examples from the best fiction of the past few years.

Conspiracy

Conspiracy theories are legion. Conspiracies are rare. And of the few that do exist, fewer are ever discovered, let alone explained. This story is the exception. In 2016, media giant Gawker was forced to declare bankruptcy after a \$140 million dollar judgment in court over an illegally recorded sex tape of Hulk Hogan. The case was no accident: it was the result of a nearly decade-long plot masterminded by Facebook and Paypal billionaire Peter Thiel. With exclusive access to all the key players, Ryan Holiday takes us behind the scenes of this extraordinary and at times surreal story, and transforms the events into both a dissection of that controversial methodology - conspiracy - and an eye-opening cautionary tale on the use, abuse and consequences of power and secrecy in the modern age.

Almost 12

Winner, 2018 U.S. History PROSE Award The incredible stories of how trans men assimilated into mainstream communities in the late 1800s In 1883, Frank Dubois gained national attention for his life in Waupun, Wisconsin. There he was known as a hard-working man, married to a young woman named Gertrude Fuller. What drew national attention to his seemingly unremarkable life was that he was revealed to be anatomically female. Dubois fit so well within the small community that the townspeople only discovered his "true sex" when his former husband and their two children arrived in the town searching in desperation for their departed wife and mother. At the turn of the twentieth century, trans men were not necessarily urban rebels seeking to overturn stifling gender roles. In fact, they often sought to pass as conventional men, choosing to live in small towns where they led ordinary lives, aligning themselves with the expectations of their communities. They were, in a word, unexceptional. In *True Sex*, Emily Skidmore uncovers the stories of eighteen trans men who lived in the United States between 1876 and 1936. Despite their "unexceptional" quality, their lives are surprising and moving, challenging much of what we think we know about queer history. By tracing the narratives surrounding

the moments of “discovery” in these communities – from reports in local newspapers to medical journals and beyond – this book challenges the assumption that the full story of modern American sexuality is told by cosmopolitan radicals. Rather, *True Sex* reveals complex narratives concerning rural geography and community, persecution and tolerance, and how these factors intersect with the history of race, identity and sexuality in America.

Sex and Culture

The book "The Extra Hard Sex" is written by J.K Millan. This book contains collection story written by J.K Millan. This book contains stories which consists of sex thirst. Every human needs sex in their life and sometimes human go crazy to get the sex. This book contains such stories in which human satisfy their sex thirst by many different ways. Sometime human goes mad in the search of sex. If human gets sex then it's not problem but if human doesn't get the sex then human try's different ways to get sex. 1) This story is of two friends who enjoys sex and they love each other. The girl works in office and when she arrives from office then the show begins. As soon as she enters the home the boy starts removing girl's clothes and he starts licking her vagina. Eventually they both go to their room and continue their sex. The girl holds the cock of boy and starts massing the cock. Read more to find out the story of two friends on their journey of sex. 2) This is the story of man who enjoys sex with his mother in law whose name was Mia. They both shares their sex stories to each other. After sometime the man starts kissing the Mia and Mia was first shocked but later she enjoys each and every moments of their fuck. She removes the cock of man and starts massaging it. Now the boy starts entering cock in the ass of Mia. After this the man starts fingering to the Mia. The Mia was enjoying but she knows that the man with whom she was enjoying sex is the son in law. But she bothers nothing. Because the man was also fucking her and enjoying the time with her. Read out more to find the Life of this two people. 3) This story is somewhat strange but it is interesting also. Here the husband calls the strange man to fuck his wife and he was seeing his wife having fuck with other man. The husband was helping strange man to fuck his wife but he was not doing anything. The wife was enjoying the fuck and sex with the strange man. The wife was thinking that this man fuck her very hard and gives her all the pleasure she wanted from her husband. The wife was smart and she decided to have sex with this man every time when she needs sex or fuck. She takes the mobile number of the man and she calls this man every time when she want sex. This man also likes fucking the wife and they keep this secret sex from her husband. Read out to find the story of the wife and the strange man sex and fuck. There are many stories in the book which deals with the sex and fuck. J.K Millan is the writer who writes every story in such a way that you will enjoy reading the story and in addition to that you will feel it real. You will feel real that you are fucking someone or you are fucked by someone. Read to find out more about various situation of getting sex and enjoy the story.....

True Sex

The 10th-anniversary edition of the book that radical re-evaluates the origins and nature of human sexuality. Since Darwin's day, we've been told that sexual monogamy comes naturally to our species. Mainstream science — as well as religious and cultural institutions — has maintained that men and women evolved in families in which a man's possessions and protection were exchanged for a woman's fertility and fidelity. In this groundbreaking book, however, Christopher Ryan and Cacilda Jethá argue that human beings evolved in egalitarian groups that shared food, child care, and, often, sexual partners. Weaving together evidence from anthropology, archaeology, primatology, anatomy, and psychosexuality, the authors show how far from human nature monogamy really is. With intelligence and humour, Ryan and Jethá explain how our promiscuous past haunts our contemporary struggles. They explore why many people find long-term fidelity so difficult; why sexual passion tends to fade even as love deepens; why homosexuality persists in the face of standard evolutionary logic; and what the human body reveals about the prehistoric origins of modern sexuality. Shocking, enlightening, and ultimately inspiring, *Sex at Dawn* offers a revolutionary understanding of why we live and love as we do.

Everything You Always Wanted to Know about Sex

History of sex in the West from the ancients to the moderns by describing the developments in reproductive anatomy and physiology.

The Extra Hard Sex

One woman's secret journal completely changes her marriage in this hilarious and biting memoir—the inspiration for the Netflix Original Series SEX/LIFE. School psychologists aren't supposed to write books about sex. Doing so would be considered "unethical" and "a fireable offense." Lucky for you, ethics was never my strong suit. Sex/Life: 44 Chapters About 4 Men is a laugh-out-loud funny and brutally honest look at female sexuality, as told through the razor-sharp lens of domesticated bad girl BB Easton. No one and nothing is off limits as BB revisits the ex-boyfriends—a sadistic tattoo artist, a punk rock parolee, and a heavy metal bass player—that led her to finally find true love with a straight-laced, drop-dead-gorgeous . . . accountant. After settling down and starting a family with her perfectly vanilla "husbot," Ken, BB finds herself longing for the reckless passion she had in her youth. She begins to write about these escapades in a secret journal, just for fun, but when Ken starts to act out the words on the pages, BB realizes that she might have stumbled upon the holy grail of behavior modification techniques. The psychological dance that ensues is nothing short of hilarious as BB wields her journal like a blowtorch, trying to light a fire under her cold, distant partner. Sometimes it works, sometimes it doesn't, but in the end, BB learns that the man she was trying so hard to change was perfect for her all along.

Sex at Dawn

Includes a selection from *Sleeping Beauties* by Stephen and Owen King after page 1157 (to be published in Sept. 2017).

44 Chapters About 4 Men

With a revolution behind them, a continent before them, and the First Amendment protecting them, religio-sexual pioneers in antebellum America were free to strike out on their own, breaking with the orthodoxies of the past. Shakers followed the ascetic path; Oneida Perfectionists accepted sex as a gift from God; and Mormons redefined marriage in light of new religious revelations that also redefined God, humankind, spirit, and matter. Sex became a powerful way for each group to reinforce their sectarian identity as strangers in a strange land. *Sex and Sects* tells the story of these three religiously inspired sexual innovations in America: the celibate lifestyle of the Shakers, the Oneida Community's system of controlled polyamory, and plural marriage as practiced by the Mormons. Stewart Davenport analyzes why these bold experiments rose and largely fell over the course of the nineteenth century within the confines of the new American republic. Moving beyond a social-scientific lens, Davenport traces for the first time their fascinating shared trajectory as they emerged, struggled, institutionalized, and declined in tandem—and sheds historical light on the way in which Americans have discussed, contested, and redefined the institutions of marriage and family both in our private lives and in the public realm.

It

2016 Winner of the Norma Fleck Award for Canadian Children's Non-Fiction 2016 ALA Stonewall Book Award, Honor Book 2016 ALA Notable Children's Book A comic book for kids that includes children and families of all makeups, orientations, and gender identities, *Sex Is a Funny Word* is an essential resource about bodies, gender, and sexuality for children ages 8 to 10 as well as their parents and caregivers. Much more than the "facts of life" or "the birds and the bees," *Sex Is a Funny Word* opens up conversations between young people and their caregivers in a way that allows adults to convey their values and beliefs while providing information about boundaries, safety, and joy. The eagerly anticipated follow up to Lambda-nominated *What Makes a Baby*, from sex educator Cory Silverberg and artist Fiona Smyth, *Sex Is a Funny Word* reimagines "sex talk" for the twenty-first century.

True EROTIC SEX STORIES

A political scientist and pastor offers a positive, holistic vision that helps readers engage the cultural debate on sex and marriage in personal ethics and public policy.

Sex and Sects

"It's hard to know when you're having a breakdown in New York City. The symptoms of living here, succeeding here, and losing your mind here are almost identical." So begins Matousek's 1996 breakout memoir about leaving a fast-track publishing life (working for pop artist Andy Warhol at Interview Magazine) and hitting the dharma trail in search of a meaningful life and spiritual wisdom. Hailed by Publisher's Weekly as "brave, beautiful, and brilliantly observed," *Sex Death Enlightenment* became an international best seller (published in 10 countries). Like Elizabeth Gilbert in *Eat Pray Love* and Paul Monette in *Borrowed Time*, Matousek takes the reader on an insightful, rollicking search for answers to life's deepest questions in this landmark memoir. "Mark Matousek takes you everywhere his title promises – and then some. *Sex Death Enlightenment* is the most gripping and elegantly written memoir I've read in ages. It tugged me onward like the best suspense novel, though I couldn't help lingering time and again to savor its wisdom." —Armistead Maupin, author of *Tales of the City* "An extraordinarily articulate chronicle of how the sickness of our time can spawn spiritual awakening and compassion." —Ram Dass, author of *Be Here Now* and *Grist For the Mill* "Brave, beautiful and brilliantly observed." —Publishers Weekly (starred review)

Sex Is a Funny Word

"Relationships in New York are about detachment, so how do you get attached when you decide you want to?" "Honey, you leave town." Meet Carrie, Miranda, Sam and their stylish friends. Successful, attractive, thirty-something career women living the high life in New York; blazing a glorious cocktail trail from the Bowery Bar to the Baby Doll Lounge; holidaying in the Hamptons and going to Aspen by Lear Jet. But they have more in common than just their enviable lifestyle; they're all searching for lasting love. Finding it is easier said than done in a town full of gorgeous, single, rich men, none of whom want to settle down. Toxic bachelors and serial daters are a perennial problem - but maybe Mr. Big will be different?

Sex and the IWorld

A sensation upon its publication in 1970, *Sexual Politics* documents the subjugation of women in great literature and art. Kate Millett's analysis targets four revered authors—D. H. Lawrence, Henry Miller, Norman Mailer, and Jean Genet—and builds a damning profile of literature's patriarchal myths and their extension into psychology, philosophy, and politics. Her eloquence and popular examples taught a generation to recognize inequities masquerading as nature and proved the value of feminist critique in all facets of life. This new edition features the scholar Catharine A. MacKinnon and the New Yorker correspondent Rebecca Mead on the importance of Millett's work to challenging the complacency that sidelines feminism.

Sex Without Pain

As I sat there listening to this story in a bar; of one young man working a bachelorette party...going from the 19 year old niece to the old lady in one night it was not only horrifyingly funny...it got me thinking. How many of us have those stories? Those incredible, sometimes embarrassing, but always great...great tales because they are for the most part true. I did. I knew others who did as well. I'm willing to bet millions have stories just like these. Maybe even better. And, by no means are these stories simply salacious recounting of sexual conquest. Ok, so a few of them are but the point is they are all entertaining. Immensely so. We started the series with "Kleenex & Lotion" being the first volume, based on the stories of 3 guys. We see this as being a series of books based off of stories of real sex and funny situations, by you! Our reader! You can com by our website, www.kleenexandlotion.com and get started. From a tavern near you to a bookshelf in airports, corner stores, and coffee tables world wide we present to you "Kleenex & Lotion: Crazy but true Stories of sex in America." In it you'll find that what seemed like a nipple wasn't... ..that you can lose your virginity three times across three months and three states... ..and that a "Hat Trick" isn't just a Hockey term.

Sex Death Enlightenment

A SUNDAY TIMES BESTSELLER BLACKWELL'S BOOK OF THE YEAR 2021 SHORTLISTED FOR THE ORWELL PRIZE 2022 Essential lessons on the world we live in, from one of our greatest young thinkers – a guide to what everybody is talking about today 'Unparalleled and extraordinary . . . A bracing revivification of a crucial lineage in feminist writing' JIA TOLENTINO 'I believe Amia Srinivasan's work will change the world' KATHERINE RUNDELL 'Rigorously researched, but written with such spark and verve. The best non-fiction book I have read this year' PANDORA SYKES ----- How

should we talk about sex? It is a thing we have and also a thing we do; a supposedly private act laden with public meaning; a personal preference shaped by outside forces; a place where pleasure and ethics can pull wildly apart. Since #MeToo many have fixed on consent as the key framework for achieving sexual justice. Yet consent is a blunt tool. To grasp sex in all its complexity – its deep ambivalences, its relationship to gender, class, race and power – we need to move beyond 'yes and no', wanted and unwanted. We need to interrogate the fraught relationships between discrimination and preference, pornography and freedom, rape and racial injustice, punishment and accountability, pleasure and power, capitalism and liberation. We need to rethink sex as a political phenomenon. Searching, trenchant and extraordinarily original, *The Right to Sex* is a landmark examination of the politics and ethics of sex in this world, animated by the hope of a different one.

Sex and the City

When a husband convinces his wife to join him in a tryst with another woman, there are unintended consequences in this sharply observed erotic tale about the challenges of modern marriage. As a divorce lawyer for Manhattan's elite, David Greenfield is privy to the intimate, dirty details of failed marriages. He knows he's lucky to be married to Blair—a Barnard dean and the mother of their college-age daughter, she is a woman he loves more today than he did when they tied the knot. Then seductive photographer Jean Coin asks David to be her lover for 6 weeks, until she leaves for Timbuktu. Tempted, David reasons that "it's not cheating if your wife's there." A 1-night threesome would relieve the pressure of monogamy without wrecking their marriage. What harm could come of fulfilling his longtime sexual fantasy?
