The Changeling War

A war of the worlds has begun. One world, Earth, teems with life and technology, the other called Castle is a twisting maze of empty space and interconnected dwellings.

The Changeling War

Earth, teeming with life and technology, is about to meet the Castle, another world that is a twisting maze of interconnected dwellings and empty space.

The Changeling War

Two worlds. One teems with life and technology. It is called Earth. The other is a twisting maze of inter-connected dwellings and empty space. It is called the Castle. Both worlds know violence. Both know greed. And now, in our time, they are about to meet... May the best world win. From the powerful imagination of author Craig Shaw Gardner comes the tale of a sixteen-year-old Earth boy who does not yet know he is from another world—a Changeling, switched with a human child when he was still an infant. Nor does he know that he is about to be plunged into a war that will not only determine the future of Earth, his adoptive home, but also the strange world where he was born. Murder and magic. Treachery and terror. It is time to fight The Changeling War.

With a little help from the Wise Man of Wistman's Wood, his eyes are opened to the secrets of the moors. And even when he is forced to leave his forest for Victorian London, his forest never leaves him...

I can’t wait for the next one.” —Adam Gidwitz, author of the New York Times bestseller *A Tale Dark and Grimm* “Set in a magical world filled with incredible creatures from folklore, this fast-paced fantasy will keep readers turning the pages . . . But when the night arrives to trade a human baby for a goblin one, something goes terribly wrong. After laying the changeling in a human infant’s crib, the goblin Kull is briefly distracted. By the time he turns back, the changeling has already perfectly mimicked the human child. Too perfectly: Kull cannot tell them apart, so he leaves both babies behind. Tinn and Cole are raised as human twins, neither knowing what secrets may be buried deep inside one of them. When they are thirteen years old, a mysterious message arrives, calling the brothers to be heroes and protectors of magic. The boys must leave their sleepy town and risk their lives in the Wild Wood, journeying through the Deep Dark to reach the goblin horde and uncover who they truly are. In this first book in a new fantasy-adventure series, the New York Times bestselling author of *Jackaby* takes readers on a journey of monsters, magic, and discovery.

The Changeling

Tethra is not like the other children in his village. Fourteen years ago, he was left on the banks of a river, swapped by the Hill Folk for a human woman's child, replacing the seventh son of Conan. Murna chose to raise him as her own, despite the dire warnings of their village leader. Raising a child of the Hill Folk will bring disaster upon the Epidii people. The dark days have arrived, bringing a poor harvest, a winter of plagues, and unsuccessful hunts. The Old One once again rallies the clan to cast Tethra out, this time with support turning against Tethra and Conan. To spare his father, Tethra runs away, and stumbles across some members of the Hill Folk, his own people, who take him in. As Tethra lives among them, however, he must decide if he is truly one of them, as his blood suggests, or if instead his real place is with the Epidii.

The Changeling

The full power of the freezing water crashed into them, knocking them off their feet, snatching Tara's breath away. She managed to hook one arm around the handrail, trying her best to hold onto Lucy with the other. As one side of the bridge collapsed, Lucy's feet scrabbled to keep a footing, but she slipped down the wooden planks. Tara lost her grip, but managed to grab Lucy's hand as she held it out. She was left dangling over the water. 'I can't hold on, Tara. Don't let me fall! Please don't let go!' Lucy begged, her hand beginning to slip from Tara's. There was no time to think. 'No, I won't let you go, Lucy.' With that, Tara let go of the handrail and they plunged together into the raging torrent. Tara realises there is something strange about herself when every time she goes into water her fingers begin to web and legs feel funny. But then her sister Niamh is a changeling, a fairy child exchanged for a human child ten years before. Now it's time for Niamh to return to her own world, and Tara and friends, Lucy and Jared, intend to go with her.

The Changeling: The Second Book of the Fey

Peter, a thirteen-year-old loner, is forced by his mother in England to spend two weeks of holiday with his recently widowed aunt on the Irish island of Inishbofin, or the Island of the White Cow. On the ferry across, he meets Siobhan. She's a year older. The island is suddenly struck by two tragedies, as two islanders have gone missing. On a walk, Peter meets two small men, who turn out to be the Irish fairy leprechauns. They inform Peter and Siobhan that they too are changelings, having been substituted at birth for normal babies. It is a time of great evil, and the Miasma of Evil is moving on to God-fearing citizens. The Miasma has recruited the terrifying Irish fairy horses, or Dullaghans, with their headless black riders. Peter and Siobhan become leaders in the fight, together with historic characters, including the sixteenth-century female pirate Grace O'Malley. They are transported by a Time Rail, which places them in the sixteenth century, where Peter has to rescue himself from Grace's pirates. The battle against the dreaded Miasma is getting close. Siobhan is found to be the incarnation of one of the Irish fairy's greatest warriors from the past. In a frightening climb on a storm-ravaged rock in the ocean, Peter has to rescue a magic harp to help defeat the evil invaders. Merriline, the great wizard, is seeking books of necromancy and their spells to defeat the Miasma. Siobhan has to fight the Miasma chief.

Changelings at Odds

Surprising, shocking, and powerfully written, New York Times bestselling author Kristine Kathryn Rusch's *The Changeling* continues the thrilling saga of the quest for power fought over generations. The hard-won peace on Blue Isle rests on an uneasy truce. But a stunning series of betrayals shatter not only that truce, but also any hope for the peaceful coexistence of the warrior Fey and the people of Blue Isle. In a pulse-pounding tour de force, where it becomes impossible to tell hero from villain, Kristine Kathryn Rusch's brilliant storytelling questions not only the balance of power, but the very nature of power itself. From a surprising opening salvo to a twist so powerful the rest of the series hinges on that one moment, this stunning masterpiece of shocking betrayal and heartbreaking loss furthers Rusch's mastery as the greatest storyteller of our time.

The Pet Sitter: Beware the Werepup and other stories

When animal lover Max sets up his pet-sitting business, he finds himself looking after some VERY unusual pets . . . Max has to contend with a werepup who can only be walked at night, a parrot whose practical jokes land them both in serious trouble, a time-travelling dormouse, and a talking cat with way too much attitude. Max's pet-sitting abilities are put to the test in these hilarious adventures. In this brilliant story collection all four The Pet Sitter books are brought together for the very first time. Prepare to meet some bizarre pets whose antics will make you laugh out loud! You'll never look at your pet in quite the same way again . . .

The Pet Sitter: Beware the Werepup

Max loves animals but his sneezy, allergic sister means no family pets. He's so happy when he realizes he can be a pet sitter. But with every new job he takes on there's always something a bit odd about the pet owner, which he can never put his finger on initially. Witches, fairies, goblins, mermaids – why can't he pet sit for an ordinary pet owner? Max has to pet sit for a cute young werepup, owned by a not-cute old wizard. Fang has a bit of an odd name but he seems cuddly enough. Max's main priority is to make sure he takes Fang on his walkies secretly – as pets are not allowed in the wizard's apartment block. Max has everything under control until on one secret walk the clouds part and a full moon pops out...

The Pet Sitter: Beware the Werepup

"Max can't wait to pet-sit for Fang, a cute little puppy. But Max discovers Fang isn't so cuddly when there's a full moon. How will Max cope with Fang now?" -publisher.

Beware the Were-puppy

Max's job pet-sitting for Ned Nettles' werepuppy, Fang, becomes more difficult when he discovers that he has to keep Fang a secret from Mrs. Crab, the caretaker of Ned's building, who does not allow pets.
