Three Times To Freedom

Jack Kornfield – Ep. 76 – The Three Gateways to Freedom - Jack Kornfield – Ep. 76 – The Three Gateways to Freedom by Be Here Now Network 31,811 views 5 years ago 1 hour, 1 minute - ===== This week, Jack gives a talk exploring the different dimensions of mindfulness as gateways to **freedom**,.

Gate of Awareness. The goal of mindfulness and meditation practice isn't about gaining anything, but rather the goal is to enter into a different relationship with this life that we have been given. The first dimension of mindfulness that transforms this relationship is the capacity to be mindful of the content of our experience. Jack discusses the ways that the awareness of what arises changes how we interact with the world.

Illuminating Our Experience. The second gateway of mindfulness comes with the examination of the process of experience. We explore what happens when we turn towards our dukkha and begin to see the impermanence in all things.

The Witness. The final gateway to freedom is the awareness of consciousness itself. Jack talks about the role of the witness, the one who knows, and shares examples of ways that we can step out of the drama of life and witness it from the place of consciousness itself.
