The Late Show

In this first installment of the Renée Ballard series, #1 bestselling author Michael Connelly introduces a "complicated and driven" young detective fighting to prove herself on the LAPD's toughest beat (The New York Times). Renee Ballard works the midnight shift in Hollywood, beginning many investigations but finishing few, as each morning she turns everything over to the daytime units. It's a frustrating job for a once up-and-coming detective, but it's no accident. She's been given this beat as punishment after filing a sexual harassment complaint against a supervisor. But one night Ballard catches two assignments she doesn't want to part with. First, a prostitute is brutally beaten and left for dead in a parking lot. All signs point to a crime of premeditation, not passion, by someone with big evil on his mind. Then she sees a young waitress breathe her last after being caught up in a nightclub shooting. Though dubbed a peripheral victim, the waitress buys Ballard a way in, and this time she is determined not to give up at dawn. Against orders and her partner's wishes, she works both cases by day while maintaining her shift by night. As the investigations intertwine, Ballard is forced to face her own demons and confront a danger she could never have imagined. To find justice for these victims who can't speak for themselves, she must put not only her career but her life on the line. Propulsive as a jolt of adrenaline and featuring a bold and defiant new heroine, The Late Show is yet more proof that Michael Connelly is "a master of the genre" (Washington Post).

Following the bestselling The Seven Sisters, The Storm Sister is the second book in Lucinda Riley's spellbinding series of love and loss, based loosely on the mythology surrounding the famous star constellation. Ally D'Aplièse is about to compete in one of the world's most perilous yacht races, when

she hears the news of her adoptive father's sudden, mysterious death. Rushing back to meet her five sisters at their family home, she discovers that her father – an elusive billionaire affectionately known to his daughters as Pa Salt – has left each of them a tantalizing clue to their true heritage. Ally has also recently embarked on a deeply passionate love affair that will change her destiny forever. But with her life now turned upside down, Ally decides to leave the open seas and follow the trail that her father left her, which leads her to the icy beauty of Norway . . . There, Ally begins to discover her roots – and how her story is inextricably bound to that of a young unknown singer, Anna Landvik, who lived there over a hundred years before, and sang in the first performance of Grieg's iconic music set to Ibsen's play 'Peer Gynt'. As Ally learns more about Anna, she also begins to question who her father, Pa Salt, really was. And why is the seventh sister missing? The epic multi-million selling series continues with *The Shadow Sister*. A brilliant page-turner just soaked in glamour and romance - Daily Mail

The Downfall of the Netherlands

In the year 1990, when the rest of the world was fast asleep, oblivious to the dangers of Islam, and figures like Geert Wilders and Marie Le Pen were still un-germinated seeds, a Dutch Muslim immigrant had already written a book, under the pseudonym Mohamed Rasoel, warning Europeans about the dangers that come with the open-door immigration policy. Immediately upon its publication, the book created a firestorm, making it the most discussed issue in the country (TV, newspapers and magazines), as reprints of the book sold out within days, until the left-wing government panicked and banned the book. The author went into hiding under police protection, but was taken to court by the Anne Frank Foundation, charged with discrimination, and fined 4000 dollars. Many years later, in 2003, a language professor, T.A. van Dijk, who did a thorough research into the book, wrote a 250 pages book, arguing that the book had not been written by Rasoel, but by a highly respected writer Gerrit Komrij, who in return wrote a 40 pages book, denying the accusations and taking van Dijk to court. The book gained further popularity when, in 2007, the Dutch right-wing party leader Geert Wilders proposed to the parliament that the book be distributed in all secondary schools. Since then, many other authors have also referred to its contents, in books such as *Western Europe and its Islam*, *Defeating Eurabia*, and *Difference Diffidence Threat*. About the contents: with almost every prediction in the book having come true, the author warns that immigrants arrive carrying the same mentality that created the situations they fled from in the first place, only to recreate the same situations in Europe. Furthermore, the book proposes that the outcome of the volatile situation in Europe can either be a civil war, or the sacrificing of parts of Europe and bestowing them to the Muslims. Although the book refers mainly to the Netherlands, it applies to other European countries as well, of course. It is amazing though how everything being said today about Islam had already been said three decades ago, along with many other amazing arguments that people haven't yet considered. This book was translated from Dutch to English, without the authorization of the author, whose whereabouts and true identity are still a mystery.

Zelf ebooks uitgeven

Digitaal lezen is sterk in opkomst. Maar hoe gaat het maken en verkopen van een ebook in zijn werk? Het creëren van een ebook in het ePub formaat, de standaard voor ebooks in Nederland, is niet zo eenvoudig als het lijkt; even een manuscript omzetten is er helaas niet bij. Wiebe de Jager beschrijft in deze praktijkgids hoe je een ebook maakt met het open source programma Sigil en hoe je het ebook vervolgens op de markt brengt. Deze gids is interessant voor zowel auteurs die hun ebook in eigen beheer willen uitgeven als uitgevers die aan de slag willen met digitale boeken. Behandeld wordt onder andere het importeren van een manuscript, het indelen in hoofdstukken, het toevoegen van structuur en opmaak, het invoegen van afbeeldingen en een omslag, het bewerken van metadata en het genereren en valideren van een ePub bestand dat gelezen kan worden op uiteenlopende apparaten, zoals ereaders, pcs, smartphones en tablets. Tot slot wordt ingegaan op de mogelijkheden om ebooks te promoten, distribueren, beveiligen en verkopen. Wiebe de Jager is directeur van uitgeverij Eburon

en medeoprichter van eReaders.nl. Hij schrijft veel over ebooks op zijn weblog en in vakbladen. Hij is daarnaast een veelgevraagd spreker op het gebied van digitaal uitgeven en de toekomst van het boek.

Eva - A Novel by Carry van Bruggen

Eva, a 1927 novel by Dutch writer Carry van Bruggen, is an experiment in depicting a woman's life from girlhood to marriage, and beyond, to sexual freedom and independence. At the same time, the narrative expresses Eva's dawning sense of self and expanding subjectivity through a stream of consciousness told by a shifting narrator. Burdened all of her life by feelings of shame, at the end of the novel Eva overcomes this legacy of her upbringing and declares that it is 'bodily desire that makes love acceptable'. Carry van Bruggen's rich and varied language conveys Eva's experience of the world. Powerful memories of an orthodox Jewish childhood pervade the novel with its fluid sense of time. As Eva puts it, 'I let these years slip through my fingers like a stream of dry, glinting sand.' Jane Fenoulhet makes this important modernist novel accessible to English readers for the first time. While it can be described as a becoming-woman of both Eva and her creator, so can the translation be seen as the translator's own becoming, as Fenoulhet explains in the accompanying commentary, where she also describes the challenges of translating van Bruggen's dynamic, intense narrative. For Fenoulhet, translation is more a matter of personal engagement with the novel than a matter of word choice and style. In this way, the emotional and intellectual life of the main character is re-enacted through translation.

While many of us struggle to understand it, the Trinity is one of the most important teachings of the Christian faith. It defines God's very essence and describes how he relates to us. And while it can be a difficult concept to get our heads around, it is crucial for believers to understand how God explains his triune nature in his Word. In this book, James R. White offers a concise, understandable explanation of what the Trinity is and why it matters. While refuting the distortions of God presented by various cults, Dr.

White shows how understanding this teaching leads to renewed worship and a deeper understanding of what it means to be a Christian. And amid today's emphasis on the renewing work of the Holy Spirit, *The Forgotten Trinity* is a balanced look at all three persons of the Trinity. May this book deepen your understanding of this important doctrine while also drawing you closer to the triune God himself.

The Forgotten Trinity

The Brothers Karamazov, also translated as *The Karamazov Brothers*, is the final novel by the Russian author Fyodor Dostoyevsky. Dostoyevsky spent nearly two years writing *The Brothers Karamazov*, which was published as a serial in *The Russian Messenger* and completed in November 1880. The author died less than four months after its publication. *The Brothers Karamazov* is a passionate philosophical novel set in 19th century Russia, that enters deeply into the ethical debates of God, free will, and morality. It is a spiritual drama of moral struggles concerning faith, doubt, judgement, and reason, set against a modernizing Russia, with a plot which revolves around the subject of patricide. Dostoyevsky composed much of the novel in Staraya Russa, which inspired the main setting. Since its publication, it has been acclaimed as one of the supreme achievements in world literature.

The Rust Programming Language (Covers Rust 2018)

Here is a highly motivating book for grade-school students that will introduce them to many of the world's most popular (and historically significant) scientific experiments. They'll learn about gravity simply by following the acrobatic antics of an ordinary coin. By trying to blow an egg out of a cup, they'll discover the principles of air pressure. Dancing soap bubbles will help them understand the effects of static electricity, and by dropping quarters into a full glass of water without causing it to overflow, they'll study the effects of surface tension. These and over 40 other experiments have been carefully selected by noted educators Eugene and Asterie Baker Provenzo to familiarize children with classic science experiments involving optics, inertia, air pressure, magnetism, sound, topology, light, density, vibration, prisms, elasticity, gases, vacuum, perspective, geometry, centrifugal force, buoyancy, color, and much more. Some experiments, such as the optical "Newton's Rings" are hundreds of years old. Still others, like the straw lever test, are based on Greek experiments with leverage and the center of gravity — first carried out thousands of years ago. Easy-to-follow instructions and illustrations show youngsters how to perform each experiment, most of which are prefaced with historical background, a list of necessary materials and an explanation of key terms. Almost all experiments can be carried out with common household items (tissue paper, scissors, tapes, rubber balloons, pens, pencils, etc.) and can be worked at home or in the classroom to demonstrate specific scientific principles or to supplement a science-curriculum unit. Sources for all historical illustrations given in the text are listed at the end of the book.

Binnenvaart over de Zuiderzee is zeer belangrijk geweest voor de spectaculaire groei van de vroeg-moderne Nederlandse economie (1550-1700). Dat concludeert promovendus Wouter Waldus. Hij heeft voor zijn promotie de vloot van de turfschipperij op de Zuiderzee goed onderbouwd berekend en vergeleken met andere sectoren. Daarnaast heeft hij de Zuiderzee als maritiem transportlandschap volledig in kaart gebracht: vaarroutes, markeringen, redes, etc.. Zo kon hij het unieke karakter van het binnenvaartnetwerk duidelijk maken. Waldus vond tijdens zijn onderzoek ook aanwijzingen voor gezinsbewoning aan boord van binnenschepen rond 1650, veel vroeger dan tot nu toe werd aangenomen.

The Rose of Dekama; Or, The Friesian Heiress

A young messenger. A secret mission. A kingdom in peril. It is the dead of night. Sixteen-year-old Tiuri must spend hours locked in a chapel in silent contemplation if he is to be knighted the next day. But, as he waits by the light of a flickering candle, he hears a knock at the door and a voice desperately asking for help. A secret letter must be delivered to King Unauwen across the Great Mountains - a letter upon which the fate of the entire kingdom depends. Tiuri has a vital role to play, one that might cost him his knighthood. Tiuri's journey will take him through dark, menacing forests, across treacherous rivers, to sinister castles and strange cities. He will encounter evil enemies who would kill to get the letter, but also the best of friends in the most unexpected places. He must trust no one. He must keep his true identity secret. Above all, he must never reveal what is in the letter... The Letter for the King is the thrilling story of one boy's battle against evil, set in an enchanted world of chivalry, courage and true friendship. Tonke Dragt was born in Jakarta in 1930 and spent most of her childhood in Indonesia. When she was twelve, she was interned in a camp run by the Japanese occupiers, where she wrote (with a friend) her very first book using begged and borrowed paper. Her family moved to the Netherlands after the war and, after studying at the Royal Academy of Art in The Hague, Dragt became an art teacher. She published her first book in 1961, followed a year later by The Letter for the King, which won the Children's Book of the Year award and has been translated into sixteen languages. Dragt was awarded the State Prize for Youth Literature in 1976 and was knighted in 2001. 'The story has the quality of a legend, a tale of ancient times. Over a million copies of the book have been sold worldwide. The Letter for the King has everything.' Nederlands Dagblad 'It is fascinating, captivating in the same way as Tolkien's The Hobbit and The Lord of the Rings. As well as the familiar battle between good and evil, we are presented with a discovery of true chivalry.' Schager Courant

Let Us Do the Will of the Father with Faith (Matthew 7:21-23) Let's return to the gospel of the water and the Spirit. Theology and doctrines themselves can't save us. However, many Christians still follow them, and consequently have not been born again yet. This book clearly tells us what mistakes theology and doctrines have made and how to believe in Jesus in the most proper way. The New Life Mission <https://www.bjnewlife.org>

Tanya is no ordinary girl. She can see fairies. But not the fairies we imagine. Evil fairies who cast spells on her, rousing her from her sleep and propelling her out of bed. At wit's end with her daughter's inexplicable behavior, Tanya's mother sends her away to live with her grandmother at Elvesden Manor, a secluded countryside mansion on the outskirts of a peculiar Essex town. There is plenty to explore, as long as Tanya stays away from Hangman's Wood- a vast stretch of forest, full of catacombs and notorious for people losing their lives. Fifty years ago a girl vanished in the woods, a girl Tanya's grandmother will not speak of. As Tanya learns more about this girl, she finds herself dangerously close to vanishing into the fairy realm forever. Debut author Michelle Harrison weaves an intricate mystery into a beautiful and haunting fantasy that captures a rich world of fairy lore where only the color red can offer protection.

Included on The Skimm's 2020 list of Eight Books Both You and Mom Will Love "The sleeper hit of the pandemic . . . There is no escapism like reading about a nearly middle-aged woman embarking on a glittering, global love affair with a thoughtful young sex god . . . It's electric, triumphant to read." —Vogue.com "An OMG page-turner." —Gabrielle Union Solène Marchand, the thirty-nine-year-old owner of an art gallery in Los Angeles, is reluctant to take her daughter, Isabelle, to meet her favorite boy band. But since her divorce, she's more eager than ever to be close to Isabelle. The last thing Solène expects is to make a connection with one of the members of the world-famous August Moon. But Hayes Campbell is clever, winning, confident, and posh, and the attraction is immediate. That he is all of twenty years old further complicates things. What begins as a series of clandestine trysts quickly evolves into a passionate and genuine relationship. It is a journey that spans continents as Solène and Hayes navigate each other's worlds: from stadium tours to international art fairs to secluded hideaways in Paris and Miami. For Solène, it is a reclaiming of self, as well as a rediscovery of happiness and love. When Solène and Hayes' romance becomes a viral sensation, and both she and her daughter become the target of rabid fans and an insatiable media, Solène must face how her romantic life has impacted the lives of those she cares about most.
