Why I Still Believe

A readable introduction to presuppositional apologetics that invites the non-believer to step inside the Christian worldview to see whether or not it makes sense.

Why I Still Believe

Is there really any evidence for the existence of God? Are Christians able to provide any intellectually satisfying reasons for their faith in Jesus Christ? Is there any way to become acquainted with philosophical arguments about the existence of God besides reading through large, dry, academic books? Yes, there is! The purpose of this book is to help people understand the philosophical arguments and debates that swirl around the Christian faith. It is sensitive to the fact that many people are not interested in heavy academic books of philosophy. Since it is written in the form of a philosophical dialogue, it has a conversational style that makes it easy to read and understand. Difficult arguments are presented clearly and concisely. Anyone who is interested in better understanding how Christianity relates to philosophy, science, history, and truth will benefit from reading this book.

Pushing the Antithesis

Everyone has a worldview. A worldview is the lens through which we interpret the cosmos and our lives in it. A worldview answers the big questions of life: What is our nature? What is our world? What is our problem? What is our end? As Anderson, Clark and Naugle point out, our worldview cannot simply be reduced to a series of rational beliefs. We are creatures of story, and the kinds of story we tell reveal important things about our worldview. Part of being a thoughtful Christian is to understand and express the Christian worldview. It also means developing an awareness of the variety of worldviews. An Introduction to Christian Worldview explores answers to questions such as Why do worldviews matter? What characterizes a Christian worldview? How can we analyse and describe a worldview? What

are the most common secular and religious worldviews? Well organized, clearly written and featuring aids for learning, *An Introduction to Christian Worldview* is the essential text for either the classroom or personal study. 'Readily accessible . . . a valuable resource for all Christians who desire a deeper understanding of the conceptual foundations of our faith.' Steve Wilkens, Professor of Philosophy and Ethics, Azusa Pacific University

Philosophical Dialogues on the Christian Faith

Over the past seven years I've lived in more places than I can remember. I lived and worked in Shanghai, New York, Berlin, Bangkok, Munich and a few more places, not including the dozens of places I've stayed at for just a few days or weeks. While writing these lines I'm in a small town in Malaysia. I've basically lived out of a backpack for the past seven years. And the longer I'm doing this, the less stuff I need. Right now I carry less than 10 items around with me in a carry on backpack that weighs less than 10kg. I go wherever I want to go. I currently spend less than \$800 a month. Including everything. My most precious possession is a \$300 Acer laptop. I've started a clothing company in China, for the Chinese market, which failed miserably. I've launched more than 10 websites, some of them made some money, some of them didn't. I shut down all of them. I've written seven books (this is my eighth). None of them was a bestseller. I write a blog where I published more than 500 articles so far. I've more than 100,000 monthly readers spread across multiple platforms. I'm by no means successful. Or rich. But I have more than enough, by all means. I have access to everything I need. And I can buy and afford everything I need. I'm not a minimalist. Or a digital nomad. Or an entrepreneur. Or a blogger. Or an author. I'm mostly trying to just be myself. I'm trying to be myself in a world where it gets harder and harder every single day to just be yourself. It's not always been easy. As a matter of fact it's probably been hard more often than it's been easy. But every day of struggle and doubt has been worth it. Being yourself and creating your own life instead of just living a life is always worth the struggle. This right here is my story. This is what I've learned about life, myself and the world around me. I'm everywhere and nowhere. And I own nothing and everything...

An Introduction to Christian Worldview

Political parties have only recently become a subject of investigation in normative political theory. Parties have traditionally been studied by political scientists in their organizational features and in relation to the analysis of related topics such as party systems and electoral systems. Little attention, however, was paid until recently to the normative assumptions that underlie partisanship and party politics. Are parties desirable for democratic politics? How should liberal democracies deal with extremist and/or anti-democratic parties? Do religious parties undermine the secular distinction between religion and politics and is that bad for liberal democracies? These are only some of the many questions that political theorists had left unanswered for a long time. The papers in this collection aim to provide a twofold contribution to the normative analysis of partisanship. On the one hand, they aim to offer a first much needed 'state of the art' of the existing research in this area. Many of the contributors have already done extensive research on partisanship and their pieces partly reflect their research expertise and individual approaches to this topic. On the other hand, all pieces move beyond the authors' existing work and represent significant additions to the normative literature on partisanship, thus setting the standards for future research in this area. This book was published as a special issue of *Critical Review of International Social and Political Philosophy*.

A compassionate, shame-free guide for your darkest days "A one-of-a-kind book . . . to read for yourself or give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized, medicalized or over-spiritualized."—Kay Warren, cofounder of Saddleback Church What happens when loving Jesus doesn't cure you of depression, anxiety, or suicidal thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to "choose joy" and "pray more." So you beg God to take away the pain, but nothing eases the ache inside. As darkness lingers and color drains from your world, you're left wondering if God has abandoned you. You just want a way out. But there's hope. In *I Love Jesus, But I Want to Die*, Sarah J. Robinson offers a healthy, practical, and shame-free guide for Christians struggling with mental illness. With unflinching honesty, Sarah shares her story of battling depression and fighting to stay alive despite toxic theology that made her afraid to seek help outside the church. Pairing her own story with scriptural insights, mental health research, and simple practices, Sarah helps you reconnect with the God who is present in our deepest

anguish and discover that you are worth everything it takes to get better. Beautifully written and full of hard-won wisdom, *I Love Jesus, But I Want to Die* offers a path toward a rich, hope-filled life in Christ, even when healing doesn't look like what you expect.

Parties, Partisanship and Political Theory

A monumental novel capturing how one man comes to terms with the mutable past. 'A masterpiece... I would urge you to read - and re-read ' *Daily Telegraph* **Winner of the Man Booker Prize for Fiction** Tony Webster and his clique first met Adrian Finn at school. Sex-hungry and book-hungry, they would navigate the girl-less sixth form together, trading in affectations, in-jokes, rumour and wit. Maybe Adrian was a little more serious than the others, certainly more intelligent, but they all swore to stay friends for life. Now Tony is retired. He's had a career and a single marriage, a calm divorce. He's certainly never tried to hurt anybody. Memory, though, is imperfect. It can always throw up surprises, as a lawyer's letter is about to prove.

I Love Jesus, But I Want to Die

Live your life the way you want to. Manage stress better. Be more resilient and enjoy meaningful relationships and better health. We all want that. Such life leads to better choices, better jobs, loving romantic partners, more rewarding careers and decisions that are fully aligned with our aims. What stops us from getting all that is the complexity of our brain and the complicated way in which the external world comes together. The misalignment between the internal states we experience and the external circumstances we encounter often leads to confusion, a lack of clarity in our thinking and actions that are not consistent with our professed values. *Intentional* is a gameplan. It helps us connect the pieces of our mind to the pieces of our life. It shows us how to map what we feel to what has caused those feelings. It helps us understand what affects us and what effects it has on us. It makes it possible for us to determine what we want, why we want it and what we need to do to get it. When we know what to do, we know how to behave. When we know how to behave we know how to act. When we know how to act, we know how to live. Our actions, each day, become our lives. Drawn from the latest research from the fields of neuroscience, behavioral and social psychology and evolutionary anthropology, *Intentional*

shows how to add meaning to our actions and lead a meaningful, happier, more fulfilling life on our terms.

The SCM Core Text: Christian Doctrine offers an up-to-date, accessible introduction to one of the core subjects of theology. Written for second and third-year university students, it shows that Christian Doctrine is not a series of impossible claims to be clung to with blind faith. Mike Higon argues that it is, rather, a set of claims that emerge in the midst of Christian life, as Christian communities try to make enough sense of their lives and of their world to allow them to carry on. Christian communities have made sense of their own life, and the life of the wider world in which they are set, as life created by God to share in God's own life. They have seen themselves and their world as laid hold of God's life in Jesus of Nazareth, and as having the Spirit of God's own life actively at work within them. This book explores these and other central Christian doctrines, and in each case, shows how the doctrine makes sense, and how it is woven into Christian life. It will help readers to see what sense it might make to say the things that Christian doctrine says, and how that doctrine might affect the way that one looks at everything: the natural world, gossip, culture, speaking in tongues, politics, dieting, human freedom, love, High Noon, justice, computers, racism, the novels of Jane Austin, parenthood, death and fashion.

A Little Life

Dick Pariseau reveals the excitement, adventures, and predicaments one can get into if one is afraid to miss anything, welcomes every opportunity, seeks excitement, and listens to one's poker buddies when they suggest new or unfamiliar areas to explore. He earned a PhD at night school because he thought decision makers would more readily accept his analysis if it was authored by a doctor. Denied the opportunity to play basketball--his most accomplished sport--in college, he chose to play lacrosse and became a First Team All-American. Seeking an advantage over the competition at singles dances, he took dance lessons and ended up as a dance host and instructor aboard a cruise ship. Uncomfortable with the casual disrobing of the co-ed models at the university painting class, his poker buddies recommended that he "get over it" by spending time at a nudist camp. As an adventuresome traveler, he has sailed the Nile River and flown in a hot air balloon over the Valley of the Kings, gone hut-to-hut hiking in the Swiss Alps, and learned to throw a boomerang with the aboriginals in Cairns, Australia. Be entertained by the adventures and humorous predicaments of this ordinary man, and use it as a catalyst to document the adventures in your life.

Marie-Laure lives with her father in Paris near the Museum of Natural History where he works as the master of its thousands of locks. When she is six, Marie-Laure goes blind and her father builds a perfect miniature of their neighborhood so she can memorize it by touch and navigate her way home. When she is twelve, the Nazis occupy Paris, and father and daughter flee to the walled citadel of Saint-Malo, where Marie-Laure's reclusive great uncle lives in a tall house by the sea. With them they carry what might be the museum's most valuable and dangerous jewel. In a mining town in Germany, the orphan Werner grows up with his younger sister, enchanted by a crude radio they find. Werner becomes an expert at building and fixing these crucial new instruments, a talent that wins him a place at a brutal academy for Hitler Youth, then a special assignment to track the Resistance. More and more aware of the human cost of his intelligence, Werner travels through the heart of the war and, finally, into Saint-Malo, where his story and Marie-Laure's converge. Doerr's "stunning sense of physical detail and gorgeous metaphors" (San Francisco Chronicle) are dazzling. Deftly interweaving the lives of Marie-Laure and Werner, he illuminates the ways, against all odds, people try to be good to one another. Ten years in the writing, *All the Light We Cannot See* is a magnificent, deeply moving novel from a writer "whose sentences never fail to thrill" (Los Angeles Times).

The Parliamentary Debates (Hansard).

The author of four truly important novels "The Recognitions" in 1955, "J R" in 1975, "Carpenter s Gothic" in 1985, and "A Frolic of His Own" in 1995 William Gaddis is considered by many literary scholars to be one of the most outstanding novelists of the twentieth century, to be spoken of in the same breath as James Joyce, Robert Musil, and Thomas Pynchon. "Hints and Guesses: William Gaddis s Fiction of Longing" is the first scholarly work to discuss all four Gaddis novels. While not dismissing the inclination of many scholars to view Gaddis s fiction as postmodern, Christopher Knight moves critical response in another direction, toward a discussion of Gaddis s significance as a satirist and social critic. Knight investigates Gaddis s predominant thematic interests, including those of contemporary aesthetics, Flemish painting, forgery, corporate America, Third World politics, and the U.S. legal system. What Knight finds is an author not only acutely sensitive to post-war social realities but also one whose critique carries with it an implied utopian dimension. "

Events in the Life of an Ordinary Man

What is it like to be a preacher or rabbi who no longer believes in God? In this expanded and updated edition of their groundbreaking study, Daniel C. Dennett and Linda LaScola comprehensively and sensitively expose an inconvenient truth that religious institutions face in the new transparency of the information age—the phenomenon of clergy who no longer believe what they publicly preach. In confidential interviews, clergy from across the ministerial spectrum—from liberal to literal—reveal how their lives of religious service and study have led them to a truth inimical to their professed beliefs and profession. Although their personal stories are as varied as the denominations they once represented, or continue to represent—whether Catholic, Baptist, Episcopalian, Methodist, Mormon, Pentecostal, or any of numerous others—they give voice not only to their own struggles but also to those who similarly suffer in tender and lonely silence. As this study poignantly and vividly reveals, their common journey

has far-reaching implications not only for their families, their congregations, and their communities—but also for the very future of religion.

An arranged marriage might have been a trap set by him, but I'll be the one who will see it through. An ancient legacy rips the mafia world apart, creating a hunt for all who think to take what's mine; the woman with the angelic touch. Though, I will cleanse this world of those who seek ultimate power through the hands of my woman. While she has the potential to be my downfall, I however will be the last one standing. For I am the Eternal Don.
