The Man from Beijing

In the far north of Sweden a small, quiet village has been almost entirely wiped out by a mass murderer. The only clue left at the scene is a red ribbon. Among the victims are the grandparents of Judge Birgitta Roslin, who sets out to find the killer. Despite being brushed off by the police, Birgitta is determined to prove that the murders were not a random act of violence but are part of something far more dark and complex. Her investigation leads to the highest echelons of power and into the recesses of history where the seeds of evil deeds were planted.

The Man From Beijing

FROM THE AUTHOR OF THE WALLANDER MYSTERIES REVENGE CAN TAKE MORE THAN A LIFETIME In a sleepy hamlet in north Sweden, the local police make a chilling discovery; nineteen people have been brutally slaughtered. It is a crime unprecedented in Sweden's history and the police are under incredible pressure to solve the killings. When Judge Birgitta Roslin reads about the massacre, she realises that she has a family connection to one of the couples involved and decides to investigate. When the police make a hasty arrest it is left to her to investigate the source of a nineteenth century diary and red silk ribbon found near the crime scene. What she will uncover leads her into an international web of corruption and a story of vengeance that stretches back over a hundred years. The Man from Beijing is a gripping political thriller and a compelling detective story from a writer at the height of his powers.

The Man from Beijing

From the internationally acclaimed author of the Kurt Wallander mysteries comes an extraordinary stand-alone novel - both a mystery and a sweeping drama - that traces the legacy of the nineteenth-century slave trade between China and America. January 2006. In the small Swedish hamlet of Hesjövalle, a horrific scene is discovered: nineteen people have been tortured and massacred and the only clue is a red silk ribbon found at the scene. Judge Birgitta Roslin has a particular reason to be shocked by the crime: her mother's adoptive parents, the Andrén, are among the victims. Investigating further, she learns that an Andrén family living in Nevada has also been murdered. Travelling to Hesjövalle, she finds a diary, kept by a gangmaster on the railway built across America in the 1860s, full of vivid descriptions of the brutality with which the Chinese and other slave workers were treated. She discovers that the red silk ribbon found at the crime scene came from a local Chinese restaurant, and she learns that a Chinese man, a stranger to the town, was staying at a local boarding house at the time of the atrocity. The police insist that only a lunatic could have committed such a horrific crime, but Birgitta suspects that there is much more to it, and she is determined to uncover the truth. Her search takes her from Sweden to Beijing and back, but Mankell's narrative also takes us 150 years into the past: to China and America when the hatred that fuelled the massacre was born, a hatred transformed and complicated over time and that will catch up to Birgitta as she draws ever closer to discovering who is behind the Hesjövalle murders.

The Man from Beijing

From the dean of Scandinavian noir, Henning Mankell, the internationally bestselling and universally acclaimed Kurt Wallander series, an incredible stand-alone masterpiece: a bone-chilling mystery that spans two centuries and four continents. In the far north of Sweden a small, quiet village has been almost entirely wiped out by a mass murderer. The only clue left at the scene is a red ribbon. Among the victims are the grandparents of Judge Birgitta Roslin, who sets out to find the killer. Despite being brushed off by the police, Birgitta is determined to prove that the murders were not a random act of violence but are part of something far more dark and complex. Her investigation leads to the highest echelons of power and into the recesses of history where the seeds of evil deeds were planted.

Depths

The master of Scandinavian crime fiction spins a dark tale of passion and deceit set during World War I: “A memorable and shocking psychological study” (Publishers Weekly). October, 1914. Swedish naval officer Lars Tobiasson-Svartman is charged with a secret mission to take depth readings around the Stockholm archipelago. In the course of his work, he lands on the rocky isle of Halsskär. It seems utterly inhabitable, yet Halsskär is home to the young widow Sara Fredrika. Lars soon learns that Sara, living in near-total isolation, is unaware that the world is at war. A man of control and precision, Lars is overwhelmed by his attraction to the half-wild, illiterate Sara, a total contrast to his reserved, elegant wife. Giving in to the worst of his impulses, Lars turns into a far more dangerous man—one ready to trade in lies and even death to get closer to the lonely woman without losing hold of his wife. All thoughts of shame, fidelity, and duty are swept to sea as he struggles to maintain his parallel lives, with devastating consequences for the women who love him. Henning Mankell, author of the internationally bestselling Kurt Wallander Mysteries and the critically acclaimed *Chronicle of the Winds*, once again proves himself a master of the novel with this arresting, disquieting story of obsession.

After the Fire

Henning Mankell's last novel, about an aging man whose quiet, solitary life on an isolated island off the coast of Sweden is turned upside down when his house catches fire. Fredrik Welin is a former surgeon who retired in disgrace decades earlier to a tiny island on which he is the only resident. He has a daughter he rarely sees and his mailman Jansson is the closest thing he has to a friend, and to an adversary. He is perfectly content to live out his days in quiet solitude. One autumn evening, he is startled awake by a blinding light--only to discover that his house is on fire. With the help of Jansson, he escapes the flames just in time wearing two left boots. Dawn reveals that everything he owns is now a smoldering pile of ash and his house is destroyed--forcing him to move into an abandoned trailer on his island. A local journalist, Lisa Modin, who wants to write a story about the fire, comes into his life. In doing so, she awakens in him something that he thought was long dead. Soon after, his daughter comes to the island with surprising news of her own. Meanwhile, the police suspect Fredrik of arson because he had a sizable insurance claim on his house. When Fredrik is away from the archipelago, another house goes up in flames and the community realizes they have an arsonist in their midst. *After the Fire* is an intimate portrait of an elderly recluse who is forced to open himself up to a world he'd left behind.

The Return of the Dancing Master

From the New York Times–bestselling author of the Kurt Wallander novels: An “absorbing” and “chilling” historical mystery “dripping with evil atmosphere” (The Times, London). December 12, 1945. The Third Reich lies in ruins as a British warplane lands in Bückeburg, Germany. A man carrying a small black bag quickly disembarks and travels to Hamelin, where he disappears behind the prison gates. Early the next day, England’s most experienced hangman executes twelve war criminals. Fifty-four years later, retired policeman Herbert Molin is found brutally slaughtered on his remote farm in Härjedalen, Sweden. The police discover strange tracks in the blood on the floor . . . as if someone had been practicing the tango. Stefan Lindman is a young police officer who has just been diagnosed with cancer of the tongue. When he reads about the murder of his former colleague, he decides to travel north and find out what happened. Soon he is enmeshed in a puzzling investigation with no witnesses and no discernible motives. Terrified of the illness that could take his life, Lindman becomes more and more reckless as he uncovers the links between Molin’s death, World War II, and an underground neo-Nazi network. Mankell’s impeccably researched historical thriller is “a worthy successor to the Wallander whodunits” (The Sunday Telegraph). “[Mankell] never fails to find a deep vein of humanity within the perpetually furrowed brows of his troubled cops.” —Booklist

Before The Frost

The leader of a religious cult in Guyana instigates a mass suicide. He succeeds in killing himself and his whole flock of worshippers, save one. In a wood outside Ystad, the police make an horrific discovery: a severed head, and hands locked together in an attitude of prayer. A Bible lies at the victim's side, handwritten corrections and amendments on every page. A string of incidents, including attacks on domestic animals, has been taking place and Inspector Wallander fears that these events could be the prelude to attacks on humans on a much greater scale. Meanwhile Linda Wallander, preparing to join the Ystad police force, arrives at the station. Showing all the hallmarks of her father - the maverick approach, the flaring temper - she becomes involved in the case and in the process is forced to confront a group of extremists bent on punishing the world's sinners.

The Eye of the Leopard

From the creator of the acclaimed Kurt Wallander series: A thrilling story set in Sweden and Zambia told with "heart-stopping tension" (Entertainment Weekly). Interweaving past and present, *The Eye of the Leopard* draws on bestselling author Henning Mankell's deep understanding of both Scandinavia and post-colonial Africa. Hans Olofson arrives in Zambia in the 1970s, at the start of its independence. There, he hopes to fulfill the missionary dream of a boyhood friend who was unable to make the journey. But he is also there to flee the traumas of his motherless childhood in provincial Sweden: his father's alcoholism, his best friend's terrible accident, his fear of an ordinary and stifled fate. Africa is a terrible shock, yet he stays and makes it his home. In all his years as a *mzungu*, a wealthy white man among native blacks, he never comes to fully understand his adoptive home, or his precarious place in it. Rumors of an underground army of revolutionaries wearing leopard skins warn him that the fragile truce between blacks and whites is in danger of rupturing. Alternating between Hans's years in Africa and those of his youth in Sweden, *The Eye of the Leopard* is a bravura achievement and a study in contrasts—black and white, poor and wealthy, Africa and Europe—both sinister and elegiac. "Mankell's novels are a joy." —USA Today "A fascinating novel . . . [the] prose is powerful, and the narrative of *The Eye of the Leopard* is profound." —Bookreporter.com "A thought-provoking, multilayered novel whose themes will challenge and linger." —The Courier Mail "Mankell is a master of atmosphere and suspense." —Los Angeles Times "Mankell's novels are the best Swedish export since flatpack furniture." —The Guardian "Beautiful, heartbreaking, yet ultimately hopeful . . . A powerful exploration of the stresses and challenges of freedom." —Booklist, starred review

The Distant Dead

Nominated for the Edgar Award for Best Novel * Nominated for the ITW Thriller Award for Best Young Adult Novel A BookPage Best Book of the Year * A People Magazine Best Book of Summer * A Parade Best Book of Summer * A Crime Reads Most Anticipated Book of Summer "Powerful...a breathtaking read, with flawed and authentic characters who hit so close to home that at times it is impossible not to root for them." — San Francisco Chronicle A body burns in the high desert hills. A boy walks into a fire station, pale with the shock of discovery. A middle school teacher worries when her colleague is late for work. By day's end, when the body is identified as local math teacher Adam Merkel, a small Nevada town will be rocked to its core. Adam Merkel left a university professorship in Reno to teach middle school in Lovelock seven months before he died. A quiet, seemingly unremarkable man, he connected with just one of his students: Sal Prentiss, a lonely sixth grader who lives with his uncles on a desolate ranch in the hills. The two outcasts developed a tender, trusting friendship that brought each of them hope in the wake of tragedy. But it is Sal who finds Adam's body, charred almost beyond recognition, half a mile from his uncles' compound. Nora Wheaton, the middle school's social studies teacher, dreamed of a life far from Lovelock only to be dragged back on the eve of her college graduation to care for her disabled father, a man she loves but can't forgive. She sensed in the new math teacher a kindred spirit—another soul bound to Lovelock by guilt and duty. After Adam's death, she delves into his past for clues to who killed him and finds a dark history she understands all too well. But the truth about his murder may lie closer to home. For Sal Prentiss's grief seems heavily shaded with fear, and Nora suspects he knows more than he's telling about how his favorite teacher died. As she tries to earn the wary boy's trust, she finds he holds not only the key to Adam's murder, but an unexpected chance at the

life she thought she'd lost. Weaving together the last months of Adam's life, Nora's search for answers, and a young boy's anguished moral reckoning, this unforgettable thriller brings a small American town to vivid life, filled with complex, flawed characters wrestling with the weight of the past, the promise of the future, and the bitter freedom that forgiveness can bring.

Best Laid Plans

When Nora Best's plans on exploring the US in an Airstream trailer with her Perfect-Ass Husband go up in smoke upon finding him in a compromising position with her friend, she sets off on her own. Nora ends up drowning her sorrows in a campsite in the Wyoming mountains, but soon finds herself in trouble when blood is found around the campsite and she is accused of murder.

Quicksand

In January 2014 Henning Mankell was informed that he had cancer. However, *Quicksand* is not a book about death, but about what it means to be human. Mankell writes about love and jealousy, courage and fear, about what it is like to live with a fatal illness. This book is also about why the cave painters 40,000 years ago chose the very darkest places for their fascinating pictures. And about the dreadful troll that we are trying to lock away inside the bedrock of a Swedish mountain for the next 100,000 years. It is a book about how humanity has lived and continues to live, and about how Henning lived his own life. And, not least, about the great zest for life, which came back when he managed to drag himself out of the quicksand that threatened to suck him down into the abyss.

Beyond Recall

From the author of the BBC 2 *Between the Covers* hit, *The Fine Art of Invisible Detection* 'The world's greatest storyteller' *The Guardian* 'One of the finest crime writers of any generation' *Daily Mail* Estranged from his family for most of his adult life, Chris Napier is persuaded to return home for his niece's wedding. At the reception, he is shocked to recognise a dishevelled intruder as his childhood friend Nicky Lanyon, whose presence is a chilling reminder of a murder and subsequent trial that Chris has tried hard to forget. When Nicky hangs himself, Chris is compelled to revisit the tragic events of 34 years ago, and the apparent justice that was served. But as present day mysteries begin to shadow his footsteps into the past, his search for the truth soon becomes a desperate struggle for his own survival.

I Die, but My Memory Lives On

"A deeply moving account of Henning Mankell's personal responses to AIDS and its victims, both parents and children left behind far too soon." —Archbishop Desmond Tutu The internationally famous creator of the bestselling Kurt Wallander mysteries tells the true story of a heartrending tradition spawned by a major health crisis: the invaluable Memory Book Project, which gives those dying of AIDS an opportunity to record their lives in words and pictures for the children they leave behind. In Uganda, Mankell finds village after village populated only by children and the elderly—those left behind after AIDS swept away an entire generation. These slim, intensely personal volumes can contain words, pictures, a pressed butterfly, or even grains of sand as ways to represent the lives lost to this devastating plague. Excerpts from Ugandan memory books appear throughout *I Die, but My Memory Lives On* and, together with Mankell's narrative, they tell the stories of individual lives while sounding a powerful warning about the threat of AIDS. Featuring a foreword by Archbishop Desmond Tutu, the book includes an appendix listing AIDS organizations and resources. A portion of the book's proceeds will be donated to AIDS charities in Africa.

Daniel

Hans Bengler, a young entomologist, leaves Sweden for the Kalahari Desert, determined to find a previously undiscovered insect to name after himself and advance his career. Instead, he finds a young boy, whose tribe has been decimated by European raiders. Accustomed to collecting specimens, Bengler re-names the traumatised child Daniel and brings him home to Sweden, intending to 'civilise' him. But Daniel yearns desperately for the desert and his real family. His only consolation is his friendship with a vulnerable young girl who is also an outsider in the community, but even this bond is destined to be violently broken, as Daniel's isolation and increasing desperation lead to a chilling tragedy.

The Rock Blaster

An early gem from the creator of the Kurt Wallander series, charting the life of a principled man through tragedy, heartbreak, true love and the battle for a nation's soul. "A very engaging portrait . . . There is a powerful lack of sentimentality to the telling of the story [and] a lovely and genuinely moving love story at the heart of the book." Liam Heylin, Irish Examiner At 3 p.m. on a Saturday afternoon in 1911, Oskar Johansson is caught in a blast in an industrial accident. The local newspaper reports him dead, but they are mistaken. Because Oskar Johansson is a born survivor. Though crippled, Oskar finds the strength to go on living and working. The Rock Blaster charts his long professional life - his hopes and dreams, sorrows and joys. His relationship with the woman whose love saved him, with the labour movement that gave him a cause to believe in, and with his children, who do not share his ideals. Henning Mankell's first published novel is steeped in the burning desire for social justice that informed his bestselling crime novels. Remarkably assured for a debut, it is written with scalpel-like precision, at once poetic and insightful in its depiction of a true working-class hero. Translated from the Swedish by George Goulding

A Treacherous Paradise

From the internationally acclaimed author of the Wallander crime series, a dramatic new standalone novel set in turn-of-the-century Sweden and Mozambique, whose indomitable female protagonist is awoken from naiveté by her exposure to racism, and by her own unexpected inner strengths. Cold and poverty define Hanna Renström's childhood in remote northern Sweden, and in 1905, at 19, she boards a ship for Australia in hope of a better life. But none of her hopes--or fears--prepares her for the life she will lead. After 2 brief marriages, she finds herself a widow twice over, and the owner of a bordello in Portuguese East Africa, a world where colonialism and white supremacy rule, where she is isolated within society by her profession and her sex, and, among the bordello's black prostitutes, by her colour. As Hanna's story unfurls over the next several years, we watch her in this "treacherous paradise," as she wrestles with a constant, wrenching loneliness and with the racism she's meant to unthinkingly adopt. And as her life becomes increasingly intertwined with the prostitutes, she moves inexorably toward the moment when she will make a decision that defies every expectation society has of her, and, more importantly, those she has of herself.

Chinese Organizations in Sub-Saharan Africa

Trade between China and Africa is increasing year on year, while the West increasingly debates the nature and implications of China's presence. Yet little research exists at the organizational and community levels. While western press reporting is overwhelmingly negative, African governments mostly welcome the Chinese presence. But what happens at the management level? How are Chinese organizations run? What are they bringing to communities? What is their impact on the local job market? How do they manage staff? How are they working with local firms? This book seeks to provide a theoretical framework for understanding Chinese organizations and management in Africa and to explore how their interventions are playing out at the organizational and community levels in sub-Saharan Africa. Based on rigorous empirical research exploring emerging themes in specific African countries, this book develops implications for management knowledge, education and training provision, and policy formulation. Importantly it seeks to inform future scholarship on China's management impact in the world generally, on Africa's future development, and on international and cross-cultural management scholarship. Primarily aimed at scholars of international management, with an interest in China and/or in China in Africa, this important book will also be of great interest to those working in the area of development studies, international politics, and international relations.

The Magpie Trap

Sampath Chawla was born in a time of drought that ended with a vengeance the night of his birth. All signs being auspicious, the villagers triumphantly assured Sampath's proud parents that their son was destined for greatness. Twenty years of failure later, that unfortunately does not appear to be the case. A sullen government worker, Sampath is inspired only when in search of a quiet place to take his nap. "But the world is round," his grandmother says. "Wait and see! Even if it appears he is going downhill, he will come up the other side. Yes, on top of the world. He is just taking a longer route." No one believes

her until, one day, Sampath climbs into a guava tree and becomes unintentionally famous as a holy man, setting off a series of events that spin increasingly out of control. A delightfully sweet comic novel that ends in a raucous bang, *Hullabaloo in the Guava Orchard* is as surprising and entertaining as it is beautifully wrought.

Hullabaloo in the Guava Orchard

A magical retelling of the myth of Eldorado, by Brazil's greatest writer. The Enchanted City has inhabited the fevered dreams of many European navigators and consquistadores, but all have been unable to find it on the map.

Orphans of Eldorado

When Kurt Wallander is called into the case of the disappearance of a retired naval officer, coincidentally his daughter's future father-in-law, he becomes embroiled in a story of Cold War espionage.

The Troubled Man

The bestselling author of the Kurt Wallander series delivers a “short, beautiful, and ultimately life-affirming novel” about the path to self-acceptance (Booklist). From the prize-winning “master of atmosphere” comes the surprising and affecting story of a man well past middle age who suddenly finds himself on the threshold of renewal (The Boston Globe). Living on a tiny island that is surrounded by ice during the long winter months, Fredrik Welin is so lost to the world that he cuts a hole in the ice every morning and lowers himself into the freezing water to remind himself that he is alive. Haunted by memories of the terrible mistake that drove him to this island and away from a successful career as a surgeon, he lives in a stasis so complete that an anthill grows undisturbed in his living room. When an unexpected visitor disrupts this frigid existence, Frederik begins an eccentric, elegiac journey—one that displays the full height of Henning Mankell’s storytelling powers. A deeply human tale of loss and redemption, *Italian Shoes* is “a voyage into the soul of a man” expertly crafted with “snares that Mankell has hidden with a hunter’s skill inside this spectral landscape” (The Guardian). “Beautiful.” —The Boston Globe “A fine meditation on love and loss.” —The Sunday Telegraph “Intense and precisely detailed. . . . A hopeful account of a man released from self-imposed withdrawal.” —The Independent “The creator of police detective Kurt Wallander presents a tale of mortal reckoning in which all the deaths are natural but none the less powerful.” —Kirkus Reviews

Italian Shoes

The brilliant opening novel of the Catesby series, by a former special forces officer and 'the thinking person's John le Carre' 'Edward Wilson seems poised to inherit the mantle of John le Carré' Irish Independent 'More George Smiley than James Bond, Catesby will delight those readers looking for less blood and more intelligence in their spy thrillers' Publishers Weekly London, 1956. The height of the Cold War. On the face of it, Kit Fournier is a senior diplomat at the US embassy in Grosvenor Square. But that's not the full story. He is also CIA Chief of Station. With the nuclear arms race looming large, Kit goes undercover to meet with his KGB counterpart to pass on secret information about British spies. In a world where truth means deception and love means honey trap, sexual blackmail and personal betrayal are essential skills. As the H-bomb apocalypse hangs over London, Kit Fournier faces a crisis of the soul. The unveiling of his own dark personal secrets will prove more deadly than any of his coded dispatches. 'A glorious, seething broth of historical fact and old-fashioned spy story' The Times 'A sophisticated, convincing novel that shows governments and their secret services as cynically exploitative and utterly ruthless' Sunday Telegraph Praise for Edward Wilson: 'Stylistically sophisticated . . . Wilson knows how to hold the reader's attention' W.G. Sebald 'A reader is really privileged to come across something like this' Alan Sillitoe

The Envoy

The Man Who Smiled begins with Wallander deep in a personal and professional crisis after killing a man in the line of duty; eventually, he vows to quit the Ystad police force for good. Just then, however, a friend who had asked Wallander to look ...

The Man Who Smiled

Emotionally charged and erotic, this widely translated novel from the bestselling author of *THE LAST CHINESE CHEF* and *A CUP OF LIGHT* has been universally praised for its authoritative portrayal of a China rarely captured in contemporary fiction. At dawn in Beijing, Alice Mannegan pedals a bicycle through the deserted streets. An American by birth, she spends her nights in Beijing's smoke-filled bars, and the Chinese men she so desires never misunderstand her intentions. It is a world in which, each night as she slips from her hotel, she hopes to lose herself forever. Then Alice takes a phone call from an American archaeologist seeking a translator. And begins an intoxicating journey of the heart - one that draws her into a perilous search for archaeological treasure, plunges her into the vast, uncharted terrain of northwest China, and brings a man named Lin Shiyang into her life. As their expedition twists perilously through the violent history of China, as Alice and Lin slowly seek shelter in each other, an extraordinary series of events begins to unfold in this haunting, utterly unforgettable novel. *LOST IN TRANSLATION* is a rich exploration of love in all its forms - human, sexual, divine, between a nation and its history, a man and his past, a father and his daughter.

Lost in Translation

12 year old Joel lives with his father in the cold northern part of Sweden. At night he often sneaks out of his father's house to look for a lonely dog he has seen from his window. On the bridge across the icy river he starts a secret society and has adventures. But one night he discovers that his father's bed is also empty and will have to come to terms with his father's new-found love. The harsh reality of Joel's world comes vividly to life and leaves the reader spellbound.

A Bridge to the Stars

The unforgettable story of Sofia, a courageous young woman struggling to take care of her poverty-stricken family in Mozambique. This is the third novel about Sofia, which began with a terrible landmine accident in *Secrets in the Fire*, and continued into her teenage years in *Playing with Fire*.

The Fury in the Fire

The national bestselling memoir of a woman's resistance and struggles in Communist China—"an absorbing story of resourcefulness and courage" (*The New York Times*). A *NEW YORK TIMES* BEST BOOK OF THE YEAR In August 1966, a group of Red Guards ransacked the home of Nien Cheng. Her background made her an obvious target for the fanatics of the Cultural Revolution: educated in London, the widow of an official of Chiang Kai-shek's regime, and an employee of Shell Oil. When she refused to confess that any of this made her an enemy of the state, she was placed in solitary confinement, where she would remain for more than six years. *Life and Death in Shanghai* recounts the story of Nien Cheng's imprisonment—a time of extreme deprivation which she met with heroic resistance—as well as her quest for justice when she was released. It is also the story of a country torn apart by Mao Zedong's vicious campaign to topple party moderates. An incisive, personal account of a terrifying chapter in twentieth-century history, *Life and Death in Shanghai* is also an astounding portrait of one woman's courage.

Life and Death in Shanghai

Joel is growing up. He is getting interested in girls. Just look at his New Year's resolutions: 1 - to see a naked lady, 2 - to toughen himself up so that he can live to be a hundred, and 3 - to see the sea. They all look pretty impossible for a motherless boy in Northern Sweden. Especially as his sailor dad is keen to drown his sadness in drink, and all the local matrons are narrowly watching the pair of them. And then he saves old Simon from a frozen death in the woods, and Joel becomes a local hero.

When the Snow Fell

A shocking assassination in the heart of London. In a bizarre mix of high-stakes global politics and radioactive villainy, a man pays with his life. At this time of global crises and a looming new Cold War, *A Very Expensive Poison* sends us careering through the shadowy world of international espionage from Moscow to Mayfair. Lucy Prebble (*Enron*, *The Effect*) brings a shocking story to the stage, adapted from the book by Luke Harding, with an astute mix of real events, vaudeville and thriller. This edition was published to coincide with the World Premiere at the Old Vic Theatre, London, in 2019.

Vengeance One Way Or Another

The undertaker was a tall and strangely enough, handsome fellow. He was surprisingly young. I expected someone who dabbled in such work to be much older and more seasoned in appearance. Still, he spoke with the same nonchalance towards death that most men of his trade speak with. Men like this undertaker were almost like death's messengers on this Earth. They worked to usher in new souls for the afterlife, but they did not revel in what they did. They simply did what they had to do.

The Rise of the Skin-Walkers

I had just finished a few jobs and was resting up a bit the only way I know how. With a shot of whiskey and a song. Maybe a card game, here and there would follow, or maybe something else. Turned out it was the latter that happened to me. I had just finished my shot of whiskey, and my thoughts were about my recent jobs. I had been embroiled in the old Hatfields vs. McCoys family feud. My services were tapped by the McCoys and I was one of the members of Frank Phillips' hastily formed posse. I had participated in a lot of gunfights and rounded up my fair share of Hatfields. I was even involved in the Battle of Grapevine Creek, the last significant battle of that feud.

Brutal Vengeance

In a land of legends The Loner has nothing to prove. That's usually when violence finds its way to him. . Vengeance Will Be Mine For a posse chasing a murderous band of outlaws, a quiet kid with a lightning fast gun is good company. And when the outlaws turn around and attack the posse, The Loner doesn't have a choice: he's now caught up in a running gun battle across West Texas. The Loner knows the men he's fighting are bad to the bone--led by a merciless killer named Warren Latch. But what about the guys on his side? As men on both sides of the fight bite the dust, the Loner has fewer allies and no way out. That's when a beautiful bounty hunter appears on the scene--to lead the way into another vendetta, another betrayal, and one final, bloody fight to the death. . .

Clay Barton

Ma always wanted me to be a lawyer. She always believed in fighting for justice the right way. She never did admire lawlessness and the outlaws of the times. She said Jesse James and others of his kind were just creations of the press. She said they often benefitted from the local newspapers glorifying their exploits.

James Tylor

This is another exciting western by author Clint Clay. The sheriff is trying to bring law and order to the Queen City. A bank is robbed by a masked man. No one has seen him before, and the Bankers are suspect. With Sheriff Ben Josephs, relentless investigation one man could be the possible outlaw. In the search, for his suspect the sheriff sends his friends to look, for the man who could have done this.

The evidence is only circumstantial and a reward was offered. This book like all of Clint Clays westerns twist and turns like a dead man hanging from a rope. Again, this tale too is deadlier than a rattler. The outcome is never what you expect. The hunt, for a bank robber who has wiped out the funds of the Queen City citizens takes James and Linda Tylor south through the bad lands, and Indian Territory. The wanted man hides in plain sight. Now wealthy, his new name, and life are nothing like he had before. This adventure places those in it in the way of certain death. Outlaws, Indians, and wild animals threaten the lives of those who choose to follow the wild trail across the bad lands. In this tale, Sheriff Ben Josephs again employs his friends James, and Linda Tylor to bring in the wanted. Just when you think you have figured it out the wild dog will turn and bite you. A corrupt sheriff has a long-hidden history of terror that has gone on, for years. Bounty Hunter James Tylor is suspicious. He lets his friend Sheriff Ben Josephs know about his suspicions the evidence again is only circumstantial, but with the help of U.S. Marshal Michael Kane, Ben and James can make a case. The cover up goes all the way to the presidency.

Can Scully and Tidy forget their troubled past and join forces, or is Scully mixed up in the trouble? **THE RENDEZVOUS** Scully O'Sullivan plans to catch the Parker Gang - a notorious band of outlaws planning a bank robbery - dead or alive. However, the Parkers are already out for blood after Scully's former partner Tidy shoots down one of their gang on his way out of town. They arrive in Wellhead looking for revenge - and with gun-wielding Mary arriving on the scene, it's sure to be one hell of a fight. Will Scully survive the Parkers' bloodlust. And will Tidy return before it's too late...? **DEADLY REPRISAL** When Billy Parker pays for Mary Elizabeth Doyle's services and lets slip his plans to rob a bank, he doesn't anticipate her running straight to Tom Callaghan and his group of Irish bounty hunters. After she escapes with the bounty hunters, the Parker Gang follows rumours of a woman stirring mutiny at a bordello. Tricking the gullible sheriff into letting them enter the town unchallenged, they arrive with vengeance and murder on their minds... Praise for Martyn C Marais "A rip-roaring western full of action and adventure" - Tom Casey, bestselling author of Trade Off Martyn C. Marais is the pen name of Martin Marais for his novels of the 'Old West' genre. Of French Huguenot stock, Martin was born in Zambia and lived most of his childhood in South Africa. He now lives near Oxford, England, with his wife and their two sons. His passions include reading, writing, photography and the red wines of South Africa and South America.

Mary Barton is set in the English city of Manchester between 1839 and 1842, and deals with the difficulties faced by the Victorian working class. John Barton is a questioner of the distribution of wealth and the relations between rich and poor. Soon his wife dies—he blames it on her grief over the disappearance of her sister Esther. Having already lost his son Tom at a young age, Barton is left to raise his daughter, Mary, alone and now falls into depression and begins to involve himself in the Chartist, trade-union movement. Elizabeth Gaskell (1810-1865) was an English novelist and short

story writer. Her novels offer a detailed portrait of the lives of many strata of Victorian society, including the very poor, and are of interest to social historians as well as lovers of literature. Some of Gaskell's best known novels are Cranford, North and South, and Wives and Daughters.

MARY BARTON

"The entire field of film historians awaits the AFI volumes with eagerness."--Eileen Bowser, Museum of Modern Art Film Department Comments on previous volumes: "The source of last resort for finding socially valuable . . . films that received such scant attention that they seem 'lost' until discovered in the AFI Catalog."--Thomas Cripps "Endlessly absorbing as an excursion into cultural history and national memory."--Arthur Schlesinger, Jr.

"The Wheel Spins" is the novel about young and bright Iris Carr, who is on her way back to England after spending a holiday somewhere in the Balkans. After she is left alone by her friends, Iris catches the train for Trieste and finds company in Miss Froy, chatty elderly English woman. When she wakes up from a short nap, she discovers that her elderly travelling companion seems to have disappeared from the train. After her fellow passengers deny ever having seen the elderly lady, the young woman is on the verge of her nerves. She is helped by a young English traveler, and the two proceed to search the train for clues to the old woman's disappearance. The Mark of the Beast

The Sumerians, the pragmatic and gifted people who preceded the Semites in the land first known as Sumer and later as Babylonia, created what was probably the first high civilization in the history of man, spanning the fifth to the second millenniums B.C. This book is an unparalleled compendium of what is known about them. Professor Kramer communicates his enthusiasm for his subject as he outlines the history of the Sumerian civilization and describes their cities, religion, literature, education,

scientific achievements, social structure, and psychology. Finally, he considers the legacy of Sumer to the ancient and modern world. "There are few scholars in the world qualified to write such a book, and certainly Kramer is one of them. . . . One of the most valuable features of this book is the quantity of texts and fragments which are published for the first time in a form available to the general reader. For the layman the book provides a readable and up-to-date introduction to a most fascinating culture. For the specialist it presents a synthesis with which he may not agree but from which he will nonetheless derive stimulation."—American Journal of Archaeology "An uncontested authority on the civilization of Sumer, Professor Kramer writes with grace and urbanity."—Library Journal

THE WHEEL SPINS (A British Mystery Classic)

The Adventures of Sherlock Holmes is a collection of twelve short stories by Arthur Conan Doyle, featuring his fictional detective Sherlock Holmes. It was first published on 14 October 1892; the individual stories had been serialised in The Strand Magazine between July 1891 and June 1892. The stories are not in chronological order, and the only characters common to all twelve are Holmes and Dr. Watson. The stories are related in first-person narrative from Watson's point of view. In general the stories in The Adventures of Sherlock Holmes identify, and try to correct, social injustices. Holmes is portrayed as offering a new, fairer sense of justice. The stories were well received, and boosted the subscriptions figures of The Strand Magazine, prompting Doyle to be able to demand more money for his next set of stories. The first story, "A Scandal in Bohemia"

Woods play an important and recurring role in horror, fantasy, the gothic, and the weird. They are places in which strange things happen, where you often can't see where you are or what is around you. Supernatural creatures thrive in the thickets. Trees reach into underworlds of earth, myth, and magic. Forests are full of ghosts. In this new collection, immerse yourself in the whispering voices between the branches in Wistman's Wood on Dartmoor, witness an inexplicable death in Yorkshire's Strid Wood and prepare yourself for an encounter with malignant pagan powers in the dark of the New Forest. This edition also includes notes on the real locations and folklore which inspired these deliciously sinister stories.

Madam Crowl's Ghost and Other Tales of Mystery

These are the last twelve stories Conan Doyle wrote about Holmes and Watson. They reflect the disillusioned world of the 1920s and also include some of the wittiest passages in the series.

American Slavery as it is

The renowned British crime writer's classic locked-room Golden Age mystery that introduced amateur sleuth Roger Sheringham. A party at Layton Court, the country house of Victor Stanworth, is disrupted when the host is found shot through the forehead in his own library, a suicide as far as the police are concerned. After all, the gun is found in his hand, a note has been left, and the room is locked from the inside. But one of the guests, author Roger Sheringham, has his doubts. The bullet wound is not positioned where it could have been easily self-inflicted. With a house full of partygoers and servants, suspects abound. It will take Sheringham's sharp wit and fearless investigating to deduce who brought the festivities to a fatal end. The founder of the Detection Club in London, along with Agatha Christie and other writers, Anthony Berkeley wrote numerous novels, sometimes using the pseudonyms Francis Iles and A. Monmouth Platts. The Layton Court Mystery is his first book in the Roger Sheringham

Cases, which includes *The Poisoned Chocolates Case* and *The Silk Stocking Murders*, among other titles. “Certainly, Berkeley’s short and fascinating career deserves to be saluted. For fans of the classic English crime novel, his books remain enjoyable to this day. Nobody has ever done ironic ingenuity better than Anthony Berkeley.” —Mystery Scene “He was one of the most influential crime novelists of the 1920s and 1930s, but has languished somewhat in obscurity since. A troubled, dark, incredibly innovative writer . . .” —Sheddunnit

Marmion, a Tale of Flodden Field

In many senses, viewers have cut their teeth on the violence in American cinema: from Anthony Perkins slashing Janet Leigh in the most infamous of shower scenes; to the 1970s masterpieces of Martin Scorsese, Sam Peckinpah and Francis Ford Coppola; to our present-day undertakings in imagining global annihilations through terrorism, war, and alien grudges. *Transfigurations* brings our cultural obsession with film violence into a renewed dialogue with contemporary theory. Grønstad argues that the use of violence in Hollywood films should be understood semiotically rather than viewed realistically; *Transfigurations* thus alters both our methodology of reading violence in films and the meanings we assign to them, depicting violence not as a self-contained incident, but as a convoluted network of our own cultural ideologies and beliefs.

The Last Seance

This book presents a new history of the most important conflict in European affairs during the 1930s, the Spanish Civil War. It describes the complex origins of the conflict, the collapse of the Spanish Republic and the outbreak of the only mass worker revolution in the history of Western Europe. Stanley Payne explains the character of the Spanish revolution and the complex web of republican politics, while also examining the development of Franco's counter-revolutionary dictatorship. Payne gives attention to the multiple meanings and interpretations of war and examines why the conflict provoked such strong reactions at the time, and long after. The book also explains the military history of the war and its place in the history of military development, the non-intervention policy of the democracies and the role of German, Italian and Soviet intervention, concluding with an analysis of the place of the war in European affairs, in the context of twentieth-century revolutionary civil wars.
