Casey Tibbs - Born to Ride

Rodeo superstar Casey Tibbs lives again in this authorized biography.

Rodeo

"What would rodeo look like if we took it as a record, not of human triumph and resilience, but of human imperfection and stubbornness?" asks animal historian Susan Nance. Against the backdrop of the larger histories of ranching, cattle, horses, and the environment in the West, this book explores how the evolution of rodeo has reflected rural western beliefs and assumptions about the natural world that have led to environmental crises and served the beef empire. By unearthing behind-the-scenes stories of rodeo animals as diverse individuals, this book lays bare contradictions within rodeo and the rural West. For almost 150 years, westerners have used rodeo to symbolically reenact their struggles with animals and the land as uniformly progressive and triumphant. Nance upends that view with accounts of individual animals that reveal how diligently rodeo people have worked to make livestock into surrogates for the trials of rural life in the West and the violence in its history. Western horses and cattle were more than just props. Rodeo reclaims their lived history through compelling stories of anonymous roping steers and calves who inspired reform of the sport, such as the famed but abused buckner Steamboat, and the many broncs and bulls, famous or not, who unknowingly built an industry. Rodeo is a dangerous sport that reveals many westerners as people proudly tolerant of risk and violence, and ready to impose these values on livestock. In *Rodeo: An Animal History*, Nance pushes past standard histories and the sport's publicity to show how rodeo was shot through with stubbornness and human failing as much as fortitude and community spirit.

Modern Sports around the World

Modern Sports around the World focuses on the history, geography, sociology, economics, and technological advancements of 50 sports played from India to Ireland. Sports have become an international spectacle that influences nations' foreign policy, world economies, and regional morale. Hundreds of billions of dollars are at stake as governments and multinational corporations rush to make sure they have a place at the table. And yet, sports come from humble beginnings. We are fascinated by who can run the fastest, lift the most weight, jump the highest, swim the farthest, and act with the most precision. The history of sports is the history of the world. *Modern Sports around the World* examines 50 of the world's most popular sports. Each chapter features one sport and details that sport's origins, global migration, economic forces, media influences, political environment, pop-culture inspirations, scandalous moments, and key individuals. Sports history is a tapestry of sociological variables; *Modern Sports around the World* weaves them together to create a unique history book that explains not only where humanity has been, but where it might be going.

Pasque Petals

From prairie to river's edge, the Pierre and Fort Pierre area resounds with historical adventure. Visited in 1743 by French explorers-the Verendrye brothers-and by Lewis and Clark in 1804, Fort Pierre was established as a significant fur trading post in 1817 and served briefly as a military fort in 1855. The decaying port settlement was revived during the Black Hills gold rush of 1875, outfitting bull trains. For over a decade, it bustled with freighting activity and stagecoach travel on the Fort Pierre-Deadwood gold trail. When the Chicago, Northwestern Railroad reached the Missouri River in 1880, Fort Pierre's sister city, Pierre, emerged as an important river town. During the days of the open range, Fort Pierre served as a holding place for the millions of cattle to be ferried across the Missouri to the trains at Pierre. In 1889, Pierre was named capital of the state and became the political heart of South Dakota. When nearby reservations opened for settlement, the cattle range began to fill with settlers, changing the scene once again. In these pages, a pictorial history unfolds, the drama of men and women who lived out their dreams near the Missouri.

Pierre and Fort Pierre

"This reference book provides career profiles of both types of performers who crossed over between acting and cowboying . Chapters trace the careers of notable rodeo stars who appeared on film or TV, detail the rodeo appearances that made their names in electronic entertainment first, and list the cowboy, western adventure and related films from the era"--Provided by publisher.

The Rodeo and Hollywood

This revised and greatly expanded edition of a well-established reference book presents 5105 feature length (four reels or more) Western films, from the early silent era to the present. More than 900 new entries are in this edition. Each entry has film title, release company and year, running time, color indication, cast listing, plot synopsis, and a brief critical review and other details. Not only are Hollywood productions included, but the volume also looks at Westerns made abroad as well as frontier epics, north woods adventures and nature related productions. Many of the films combine genres, such as horror and science fiction Westerns. The volume includes a list of cowboys and their horses and a screen names cross reference. There are more than 100 photographs.

Insiders' Guide® to South Dakota's Black Hills & Badlands

James (Scotty) Philip was born in 1858 in Dallas, Morayshire, Scotland. He emigrated in 1874 and settled first in Kansas and later in South Dakota. He married Sarah Larribee in 1879.

American Cowboy

Bil Gilbert is one of America's most preeminent and popular essayists and nature writers. If you've ever opened a copy of *Smithsonian*, *Audubon*, or *Sports Illustrated* magazines, you've likely come across an article by Gilbert. In the past four decades, more than 350 of his articles and essays have appeared in places ranging from *Esquire* to the *New York Times*. *Natural Coincidence* collects some of Bil Gilbert's finest writing, covering a diverse range of subjects that include investigations of the biology of Tasmanian devils, the lives and loves of snapping turtles, and an appreciation of the intelligence of crows. Perfectly suiting this eclectic choice of angles is Gilbert's unique writing style, a blend of unprepossessing erudition, wit, and honesty that has been compared to Aldo Leopold's *Sand County Almanac*. The collection opens with a memoir of a childhood Christmas in western Michigan, before Gilbert's fascination with the natural world drew him to more exotic locales like Tasmania, Alaska, Nova Scotia, and Manhattan to write about such topics as the javelina, bigfoot, buffalo, and ringtails. "More than 50 years ago," writes Gilbert, "without a clear notion about why or where I was going, I set off on a trip from Kalamazoo, Michigan. I am still traveling toward an unknown destination. But along the way, much more for reasons of good luck than thoughtful planning, I have met many wonderful beings and happenings. The essays appearing in *Natural Coincidence* represent an attempt to describe some of these wonders. I like to think, or at least pretend, that the inspiration for and theme of this book is gratitude."

American Cowboy

New York Times bestselling author and "the reigning champ of nostalgia noir" (*The New York Times Book Review*) James Lee Burke returns with a powerful novel in the Holland Family series, an atmospheric coming-of-age story set in 1950s Texas, as the specter of the Korean War looms. On its surface, life in 1950s Houston is as you'd expect: stoic fathers, restless teens, drive-in movies, and souped-up Cadillacs. But underneath that surface lies a world shifting under high school junior Aaron Holland Broussard's feet. The underlying class war between the haves and have nots is growing steadily, along with the menace of conflict overseas in Korea, providing a harrowing backdrop to his growth to manhood. But when Aaron spots the beautiful Valerie Epstein at a drive-in, he steps in when he sees her fighting with her boyfriend, Grady Harrelson. Aaron's newfound confidence helps catch Valerie's eye, and the two begin dating. Grady is a live wire though, and presents a looming problem for Aaron. You will recall the feelings and inspirational power of your first love, and empathize with Aaron's extraordinary challenges to protect himself and the ones he loves in "this dark, atmospheric story" (*Publishers Weekly*). *The Jealous Kind* illustrates how first loves, friendship, violence, and power can alter what traditional America means for the people trying to find their way in a changing world.

West from Fort Pierre

The approximately 20,000 cast listings in this supplement, combined with the many thousands in the original volume, will give readers the most complete record of Western film credits ever compiled. *Rainey* includes 80 Westerns released from 1978 to mid-1988; nearly 500 Westerns released from 1928 to 1978 but not included in *Shoot-Em-Ups*; 133 Westerns made in Europe; additional credits on over 1,500 films appearing in *Shoot-Em-Ups*; all Western TV series since 1948; and Western telefilms (non-series, feature length).

Tibbs, Bennett, Crull Etc., Families of Monongalia Co., VA, Scioto Co., OH, Etc

Guaranteed to spark memories of enjoyable time spent afield, this classic collection of stories from well-loved authors Gene Hill and Steve Smith captures the essence and humor of the outdoor life. Whether they're writing about ice fishing, calling ducks, dealing with gunsmiths, or dragging the unwilling dog to the vet, these two wits are sure to entertain. And when it comes to recalling those all-too-abundant missed shots, close calls, and ones that got away, readers might just learn a thing or

two about the art of "looking at the truth from a variety of angles," as Gene Hill offers "irrefutable proof that the judgment and memory of the outdoorsman improves, like a fine wine, with time."

Journal of the Assembly, Legislature of the State of California

Follows the evolution of rodeo from the range to Buffalo Bill's Wild West Show to the extravaganzas in modern times.

Journals of the Legislature of the State of California

The most famous rodeo champion of all time tells his amazing true story -- and opens a fascinating window into the world of the professional cowboy. Ty Murray was born to be a rodeo star -- in fact, his first words were "I'm a bull rider." Before he was even out of diapers, he was climbing atop his mother's Singer sewing machine case, which just so happened to be the perfect mechanical bull for a 13-month-old. Before long, Ty was winning peewee events by the hatful, and his special talent was obvious...obvious even to a man called Larry Mahan. At the time the greatest living rodeo legend, six-time champion Mahan invited a teenaged Ty Murray to spend a summer on his ranch learning not just rodeoing but also some life lessons. Those lessons prepared Ty for a career that eventually surpassed even Mahan's own -- Ty's seven All-Around Championships. In *King of the Cowboys*, Ty Murray invites us into the daredevil world of rodeo and the life of the cowboy. Along the way, he details a life spent constantly on the road, heading to the next event; the tragic death of his friend and fellow rodeo star Lane Frost; and the years of debilitating injuries that led some to say Ty Murray was finished. He wasn't. In fact, Ty Murray has brought the world of rodeo into the twenty-first century, through his unparalleled achievements in the ring, through advancing the case for the sport as a television color-commentator, and through the Professional Bull Riders, an organization he helped to build. In the

end, though, Ty Murray is first and foremost a cowboy, and now that he's retired from competition, he takes this chance to reflect on his remarkable life and career. In *King of the Cowboys*, Ty Murray opens up his world as never before.

Congressional Record

Since Hopalong Cassidy and the Lone Ranger blazed their first trails on television in 1949, Westerns have been the genre of choice for 180 series. Some (Gunsmoke, Bonanza, and Maverick, for example) were classics; others, such as 26 Men and Shotgun Slade, were quickly forgotten. From Adventures of Briscoe County, through Zorro and Son, this comprehensive reference work covers all 180 Western series. Each entry opens with a listing of the broadcast history of the series, including original network, day and time. This is followed by a listing of the regular cast members and a brief premise of the series. The individual episodes are then covered, with the title, original air date, leading guest stars and a brief synopsis given. An exhaustive index completes the work.

Oklahoma Today

This illustrated filmography analyzes the plots and players of the more than forty motion pictures about the legendary Missouri outlaw Jesse James (1847–1882), from the silent era to the 21st century. Among the films and actors covered are Jesse James (1939) with Tyrone Power, Kansas Raiders (1950) with Audie Murphy, The Great Northfield Minnesota Raid (1972) with Robert Duvall, and The Assassination of Jesse James by the Coward Robert Ford (2007) with Brad Pitt. Each evaluation compares Hollywood's version of history to the hard facts. A brief biography of the outlaw provides an overview of his life and career. Also examined are European films, made-for-television movies and continuing TV series that have featured episodes involving Jesse James.
