## The Transforming Friendship

Hein skillfully provides regional, religious, and historical contexts for Powell's life and furnishes penetrating insights into the man and the entire Episcopal establishment of this era. [The author] resourcefully combines secondary scholarship, personal conversations and communications, and conventional primary documents to capture Powell's personality, career, and relationships.... Anyone with a serious interest in American religious history will find this compelling biography to be both informative and thought provoking. -- Samuel C. Shepherd Jr., *Journal of Southern History* Hein's wide knowledge of the sociocultural forces at work in the mid-twentieth century, and especially the forces that generated the Civil Rights movement of the 1950s and 1960s, have enabled him to illuminate an entire period of Episcopal Church history through the life and work of one man. . . . Hein's gracious style, judicious insights, and especially his striking ability to penetrate the subtleties of southern religion in brief and trenchant observations make this book a pleasure to read. -- Susan J. White, *Anglican and Episcopal History* [A] painstaking, thoughtful biography. . . . To this story Hein ... brings balance, sensitivity, and exhaustive research. As 'the last bishop of the old church,' Noble Powell will be remembered longer than many of his predecessors. -- James Bready, *Baltimore Sun* [This] biography . . . is meticulously researched, full of primary source material and rich documentation. ## THE TRANSFORMATION FRIENDSHIP

Are you open to re-imagining your relationship with God as a friendship? Do you want to be transformed into the person God wants you to be? Friendship with God transforms us. As we learn to trust God as our Divine Friend, it has a transforming effect on our whole lives. It affects how we pray, our relationships with each other and the way we understand our everyday lives. It changes the way we think and feel, what we desire and long for, the way we see each other and how we seek to live our lives in the world. We could say our friendship with God creates the climate in which you and I become the people God wants us to be. In his latest book, *Friendship with God*, Trevor Hudson digs into these two interwoven themes of friendship and personal transformation. He explains that friendship is a helpful analogy for the intimate kind of relationship God wants with us. Put very simply, the gospel invites you and me into friendship with God. When we become friends with Jesus, we are drawn into God's greater dream for the world. This indeed is the purpose of our lives on earth. We are created to become friends of God and to partner with God in making his dream a greater reality in the world around us. Topics that are addressed include: *Living Beyond Loneliness* *God's Passionate Longing for Friendship* *Getting to Know Our Friend* *Understanding Prayer as Deepening Friendship* *Looking Outward Together* *Exploring Our Friend's Address Book* *Discerning What Our Friend Wants Us to Do* *Blessing Others as Our Friend Has Blessed Us* *Facing Our Fears with Our Friend* *Asking Our Friend the Hardest Question* *The creator God who loves us and set the whole universe into existence, and who sustains our lives in the immediacy of each moment, wants our intimate friendship. As you explore this good news you will be encouraged to see your faith and your life in a totally new way.*

## Noble Powell and the Episcopal Establishment in the Twentieth Century

In these pages James M. Houston, one of the greatest spiritual mentors of our time, offers a thoughtful and surprising examination of what it means to be a true disciple of Christ. "The Mentored Life" is a stirring call to the church to become a community of friends and mentors, following the ultimate Mentor, Jesus Christ, who alone can mentor us into full personhood. "This challenging essay on being led to maturity in Christ is emphatically a book for chewing. Your readings, I promise you, will be time well spent, quite probably your most fruitful study time in years."- J. I. Packer ""The Mentored Life" is a penetrating analysis of the psychological and moral failure of contemporary individualism, and a cogent demonstration that personhood demands Christian discipleship. If Christian people are to bring God into their own lives and the lives of others, it is along the lines presented in this book." - Dallas Willard

## Transforming Love

This Oak & Linden Classics edition of Benson's classic work is not a text or image scan. It has been newly typeset in an attractive modern edition. The text has been proofed against the original publication. The scripture citations of the original text have been checked for accuracy and modernized. "If then there is anything clear in the Gospels it is this-that Jesus Christ first and foremost desires our friendship. It is His reproach to the world, not that the Saviour came to the lost, and that the lost ran from Him to lose themselves more deeply, not that the Creator came to the Creature and that the Creature rejected Him; but that the Friend 'came unto His own, and that His own received Him not.' (1 John 1:11)" "I have called you friends," Jesus says to us. This little book reveals how we can enter more deeply into a true friendship with him: in ourselves and in others; in the Church and the Eucharist; in Jesus's words from the Cross; and in his Resurrection. This friendship is not a metaphor, or hopelessly one-sided, but a full and free exchange of selves. In his characteristically elegant prose, Robert Hugh Benson draws us into Christ's burning desire for a real, reciprocal, and ever-deepening relationship with each one of us. Robert Hugh Benson (1871-1914), the son of the Anglican Archbishop of Canterbury and brother of novelist E.F. Benson, was ordained a Catholic priest in 1904. He was a prolific writer, composing poems, plays, novels, and numerous sermons and devotional works. *Lord of the World*, his apocalyptic novel, has been praised by Pope Francis as being prophetic.

## Friendship with God (eBook)

Nothing reveals a man's heart better than his friendships. The kind of friend he is, tells the kind of man he is. The personal friendships of Jesus reveal many tender and beautiful things in his character. They show us also what is possible for us in divine friendship; for the heart of Jesus is the same yesterday, and to-day, and forever.

## The Mentored Life

Ellison and Thorson-Smith have coedited a collection of essays--in collaboration with two dozen prominent theologians--that plays off the controversial 1991 Presbyterian study they coauthored entitled *Keeping Body and Soul Together: Sexuality, Spirituality, and Social Justice*; and takes stock of sexuality, religion, and ethics at the beginning of the new millennium. The cutting-edge analyses address the possibilities--and demands--of a justice-love ethic for individuals, church, and society.

## The Friendship of Christ

When it comes to talking about the activity of directing the church, the language of leadership and leaders is increasingly popular. Yet what is leadership – and how might theological narratives better resource the discourse and practice of leadership in ecclesial contexts? In identifying and critiquing managerialism as a dominant narrative of leadership in the Western church, this book calls for an alternative approach founded on the concept of friendship. Engaging with the wider field of leadership studies, the book establishes an understanding of leadership activity and brings it into conversation with an incarnational ecclesiology. The result is a prophetic reimagining of ecclesial leadership in terms of a relational, kenotic praxis. This praxis of mutuality and love is framed here in the rich language of Christian friendship. The book also wrestles deeply with the embodiment of such a praxis, making explicit the power behaviours typical of friendship-leadership and offering constructive guidance for practitioners in the task of implementation within a complex and fractured world. This book offers a new vision of the centrality of friendship to leadership of a healthy church community. As such, it will be of great use to scholars of practical theology, ecclesiology and leadership, as well as practitioners in church ministry.

## Personal Friendships of Jesus

The Bible includes prophetic speech and at times the church and its representatives are called to speak prophetically. But in our media-saturated age when many claim to speak for God, how can we evaluate the avalanche of supposedly prophetic speech? What does it mean to truly be prophetic? And when Christians should speak prophetically, how can they do so in a biblical and effective way? Using vivid examples, this book offers clear guidelines for creating, critiquing, and consuming popular media, as well as practical suggestions for faithful communication. It also helps readers think critically about communication technology. The book includes a foreword by Quentin Schultze and a preface by Clifford Christians.

## The Christian Century

The "culture story" of evangelicalism during the second half of the twentieth century has been well told. It is important now to think about the theological mission of the church in an ever-increasing post-Christian and post-partisan context. What is the theologian's calling at the beginning of the third millennium? How do global realities impact the mission of evangelical theology? What sense can be made of the unity of evangelical theology in light of its many diverse voices? This collection of essays draws together a stellar roster of evangelical thinkers with significant institutional memory of the evangelical movement who nonetheless see new opportunities for the evangelical voice in the years ahead. How do you tailor education to the learning needs of adults? Do they learn differently from children? How does their life experience inform their learning processes? These were the questions at the heart of Malcolm Knowles' pioneering theory of andragogy which transformed education theory in the 1970s. ### Subject Guide to Children's Books in Print 1997

Is it more important to follow Jesus, or to believe all the right doctrines about him? Is it better to forgive people than to judge them? Why do we find Jesus so much more appealing than those who call themselves his disciples? If you've asked these questions, you're not alone; people have been struggling with them for years. Leslie Weatherhead was one of those people. A famous preacher and teacher, he nonetheless worried that Jesus' radical message about loving and accepting others had become buried under a mountain of doctrines and rituals. And so Weatherhead wrote *The Christian Agnostic* for people who wanted to cut to the heart of the message of Jesus. This classic book looks at the gospel's most essential truths about who God is and how God loves us. It then helps the reader distinguish these truths from all the theological baggage the church has attached to them over the years. If you're searching for an authentic way to understand who Jesus is and how to follow him in today's world, *The Christian Agnostic* is an indispensable guide for your journey.

### Renewing the Evangelical Mission

In this excellent outline of Christian ethics, Robin W. Lovin achieves a balance between the questions and issues which form the core of the study of ethics and the life situations from which those questions arise. Eschewing a sectarian approach which dismisses other understandings of the moral life, Lovin nonetheless lays claim to a specifically Christian understanding of ethics. He begins with basic Christian convictions about the reality of God and human redemption and weaves these convictions into the fabric of moral concerns that are widely shared in contemporary society. He takes note of the problems that arise when Christians try to act on or enforce their convictions in a pluralistic society and recognizes the variety of theological and moral beliefs that are held within the Christian community, as well as in the wider society.

Now I have a wonderful ordination gift to give them in Bishop Job's, *Three Simple Rules*, to start and deepen the conversation as they enter a new relationship with the church.
