Après coup, précédé par Le ressassement éternel

Le *Ressassement éternel* a été publié aux Éditions de Minuit en 1952 (collection « Nouvelles originales », épuisé). Ce recueil est composé de deux courts récits datant de 1935 et 1936, « L'idylle » et « Le dernier mot ». En attirant l'attention sur l'existence « sujette à caution » de l'auteur face à son œuvre, Maurice Blanchot propose dans *Après coup* (1983) une réflexion sur la difficulté pour l'écrivain d'imposer un sens à son œuvre : « avant toute distinction d'une forme et d'un contenu, d'un signifiant et d'un signifié, avant même le partage entre énonciation et énoncé il y a le Dire inqualifiable. » Faisant le point sur *Le Ressassement éternel*, il commente ses textes à la lumière d'Auschwitz : « On me demande – quelqu'un en moi demande – de communiquer avec moi-même, en exergue à ces deux récits anciens, si anciens que, sans tenir compte des difficultés précédemment exprimées, il ne m'est pas possible de savoir qui les a écrits, comment ils se sont écrits et à quelle exigence inconnue ils ont dû répondre. Je me souviens (ce n'est qu'un souvenir, trompeur peut-être) que j'étais étonnamment étranger à la littérature environnante et ne connaissant que la littérature dite classique, avec une ouverture cependant sur Valéry, Goethe et Jean-Paul. Rien qui pût préparer à ces textes innocents où retentissaient les présages meurtriers des temps futurs. (...) Et pourtant, difficile, après coup, de ne pas y songer. Impossible de ne pas évoquer ces travaux dérisoires des camps concentrationnaires, quand ceux qui y sont condamnés transportent d'un endroit à l'autre, puis ramènent au point de départ, des montagnes de pierre, non pas pour la gloire de quelque pyramide, mais pour la ruine du travail, ainsi que des tristes travailleurs. Cela eut lieu à Auschwitz, cela eut lieu au Goulag. Ce qui tendrait à montrer que, si l'imaginaire risque un jour de devenir réel, c'est qu'il a lui-même ses limites assez strictes et qu'il prévoit facilement le pire parce que celui-ci est toujours le plus simple qui se répète toujours. »

French XX Bibliography

This annual French XX Bibliography provides the most complete listing available of books, articles, and book reviews concerned with French literature since 1885. Unique in its scope, thoroughness, and reliability of information, it has become an essential reference source in the study of modern French literature and culture. The bibliography is divided into three major divisions: general studies, author subjects (arranged alphabetically), and cinema. Number 59 in the series contains 12,703 entries. William J. Thompson is Associate Professor of French and Undergraduate and Interdisciplinary Programs in the College of Arts and Sciences at the University of Memphis.

Traumatisme et mémoire culturelle

In the francophone world of the 20th and early 21st centuries, collective violence, trauma and mediatization interact with each other. World Wars, wars of independence and decolonization, the Shoa, exile, migration and terrorism cause traumas which are mediatized in text and image, but also in commemorative rites, music, the press or museums. This volume provides an analysis of these media as well as a presentation of the theoretical framework. Contains contributions by: Angela Kühner, Frankfurt am Main (Germany); Nathalie Maillard, Montréal (Canada); Boris Cyrulnik, Bordeaux (France); Catherine Wermester, Paris I Sorbonne (France); Rémi Dalisson, Rouen (France); Pierre Schoentjes, Gent (Belgium); Laurence Campa, Paris-Nanterre (France); Vincent Marie, Nîmes (France); Christian von Tschilschke, Siegen (Germany); Nathalie Piégay, Paris VII Diderot (France); Peter Kuon, Salzburg (Austria); Dominique Trouche, Toulouse (France); Jonas Hock, Regensburg (Germany); Christian Delage, Paris VIII (France); Fransiska Louwagie, Leicester (United Kingdom); Yoram Mouchenik, Paris XIII (France); Esther Kilchmann, Hamburg (Germany); Catherine Milkovitch-Rioux, Clermont-Ferrand (France); Sarah Kouider Rabah, Blida (Algeria); Susanne Gehrmann, Berlin (Germany); Olivier Barlet, Paris (France); Hans-Jürgen Lüsebrink, Saarbrücken (Germany); Alexandre Dauge-Roth, Lewiston

Écritures du ressassement

Répétition, reprise, retour, épuisement, correction, réexamen, leitmotiv, variation : aucun terme ne semble convenir aussi bien que celui de ressassement pour désigner des modes d'écriture propres à la modernité. L'hypothèse de départ de ce livre collectif est précisément que le ressassement fonde des façons d'écrire inédites, et plus profondément nous conduit à envisager autrement la définition de la littérature. Du journal intime à l'incessant murmure beckettien, il s'agit d'examiner les formes paradoxales d'une parole qui semble en-deça ou au-delà de la littérature. De nature dynamique, le ressassement est aussi jaillissement, force d'extériorisation, jubilation du langage. Le sujet qui, dans l'écriture ressassante, s'expose, se tourne et se retourne, ne cesse de parler, de se parler, de se relire : il invente ainsi un rythme singulier, découvre l'empire des mots, l'emprise sur lui des voix multiples qui le font parler, écrire. Renonçant à vraiment finir, l'écrivain moderne se voue à l'incessant.

French XX Bibliography

Par l'observation d'oeuvres romanesques allant de Balzac à Quignard, de 1830 à 2003, l'auteure tente de repérer les signes les plus pertinents du romanesque. Sans faire un panorama du genre pour cette période, elle marque les moments d'une évolution et les possibilités d'une cartographie.

Silences du roman

Jacques Derrida déploie ici les éléments d'une réflexion profondément originale sur l'inconditionnalité du pardon, une notion qui ne saurait être confondue avec l'excuse, l'amnistie, la prescription ou la grâce. Si le pardon est hérité de diverses traditions (judéo-chrétienne, coranique et grecque), il ne leur est pas réductible : il excède par exemple les modalités du "comprendre"

Le nouvel observateur

The work of French writer and essayist Maurice Blanchot (1907-2003) is without doubt among the most challenging the twentieth century has to offer. Contemporary debate in literature, philosophy, and politics has yet to fully acknowledge its discreet but enduring impact. Arising from a conference that took place in Oxford in 2009, this book sets itself a simple, if daunting, task: that of measuring the impact and responding to the challenge of Blanchot's work by addressing its engagement with the Romantic legacy, in particular (but not only) that of the Jena Romantics. Drawing upon a wide range of philosophers and poets associated directly or indirectly with German Romanticism (Kant, Fichte, Goethe, Jean Paul, Novalis, the Schlegels, Hölderlin), the authors of this volume explore how Blanchot's fictional, critical, and fragmentary texts rewrite and rethink the Romantic demand in relation to questions of criticism and reflexivity, irony and subjectivity, narrative and genre, the sublime and the neutre, the Work and the fragment, quotation and translation. Reading Blanchot with or against key twentieth-century thinkers (Benjamin, Foucault, de Man), they also examine Romantic and post-Romantic notions of history, imagination, literary theory, melancholy, affect, love, revolution, community, and other central themes that Blanchot's writings deploy across the century from Jean-Paul Sartre to Jean-Luc Nancy. This book contains contributions in both English and French.

Le Parjure et le pardon

Although not autobiographical in any usual sense, Valéry's novel is profoundly personal. Monsieur Teste reflects Valéry's preoccupation with the phenomenon of a mind detached from sensibility, yet he is also an ordinary fictional character. This volume includes "Snapshots of Monsieur Teste," excerpts from Valéry's Cahiers.

Po&sie

'Not to be born is undoubtedly the best plan of all. Unfortunately it is within no one's reach.' In *The Trouble With Being Born*, E. M. Cioran grapples with the major questions of human existence: birth, death, God, the passing of time, how to relate to others and how to make ourselves get out of bed in the morning. In a series of interlinking aphorisms which are at once pessimistic, poetic and extremely funny, Cioran finds a kind of joy in his own despair, revelling in the absurdity and futility of our existence, and our inability to live in the world. Translated by Pulitzer Prize-winning poet and critic Richard Howard, *The Trouble With Being Born* is a provocative, illuminating testament to a singular mind.

L'Argus du livre de collection 2008

Fiction. Translated from the French by Lydia Davis. This long awaited reprint of a book about which John Hollander wrote: "A masterful version of one of the most remarkable novels in any language since World War II," is the story of the narrator's relations with two women, one terminally ill, the other found motionless by him in a darkened room after a bomb explosion has separated them. "Through more than 40 years, the French writer Maurice Blanchot has produced an astonishing body of fiction and criticism," writes Gilbert Sorrentino in the *New York Review of Books*, and John Updike in *The New Yorker*: "Blanchot's prose gives an impression, like Henry James, of carrying meanings so fragile they might crumble in transit."

French VII Bibliography

Thomas enters a boarding house, but can't seem to leave.

Livres hebdo

Alfred de Musset (1810-1857) is traditionally considered one of the major French Romantic poets, but his primary renown today is as a dramatist. Here David Sices provides a splendid new English edition of seven of Alfred de Musset's finest and most enduring comedies.

Le Français dans le monde

"Blanchot describes a world where the Absolute has finally overcome all other rivals to its authority. The State is unified, universal, and homogenous, promising perfect satisfaction. Why then does it find revolt everywhere? Could it be the omnipresent police? The plagues? The proliferating prisons and black markets? Written in part as a description of post-World War II Europe, Blanchot's dystopia charts with terrible clarity the endless death of god in an era of constantly metamorphosing but strangely definitive ideologies." -*Translation Review* Maurice Blanchot has been for a half century one of France's leading authors of fiction and theory. Two of his most ambitious works, *The Space of Literature* and *The Writing of the Disaster*, are also available in Bison Books editions. Allan Stoekl is the author of *On Bataille* and *Agonies of the Intellectual: Commitment, Subjectivity, and the Performative in the Twentieth-Century French Tradition* (Nebraska 1992).

La Quinzaine littéraire

A brilliantly written family epic that won France's Prix Femina and was shortlisted for the Orange Prize. "An immaculate novel" (*The Guardian*). In a profound and poetic story, internationally acclaimed and bestselling author Nancy Huston traces four generations of a single family from present-day California to WWII-era Germany. *Fault Lines* begins with Sol, a gifted, terrifying child whose mother believes he is destined for greatness partly because he has a birthmark like his dad, his grandmother, and his great-grandmother. When Sol's family makes an unexpected trip to Germany, secrets begin to emerge

about their history during World War II. It seems birthmarks are not all that's been passed down through the bloodlines. Closely observed, lyrically told, and epic in scope, *Fault Lines* is a touching, fearless, and unusual novel about four generations of children and their parents. The story moves from the West Coast of the United States to the East, from Haifa to Toronto to Munich, as secrets unwind back through time until a devastating truth about the family's origins is reached. Huston tells a riveting, vigorous tale in which love, music, and faith rage against the shape of evil. "Huston's powerful novel combines the pacing of a thriller with the emotional intricacies that are the hallmark of the best family stories."

A philosophical interrogation of the concepts of chance, contingency, and eternity through a concentrated study of Mallarmé's poem "Un Coup de Dés." A meticulous literary study, a detective story à la Edgar Allan Poe, a treasure-hunt worthy of an adventure novel—such is the register in which can be deciphered the hidden secrets of a poem like no other. Quentin Meillassoux, author of *After Finitude*, continues his philosophical interrogation of the concepts of chance, contingency, infinity, and eternity through a concentrated study of Mallarmé's poem "Un Coup de Dés," patiently deciphering its enigmatic meaning on the basis of a dazzlingly simple and lucid insight with regard to Mallarmé's "unique Number." The decisive point of the investigation proposed by Meillassoux comes with a discovery, unsettling and yet as simple as a child's game. The Number that "can be no other" can only be revealed to us via a secret code, hidden in the "Coup de dés" like a key that finally unlocks every one of its poetic devices. Thus is also unveiled the meaning of that siren, emerging for a lightning-flash amongst the debris of the shipwreck: as the living heart of a drama that is still unfolding. With this bold new interpretation of Mallarmé's work, Meillassoux offers brilliant insights into modernity, poetics, secularism, and religion, and opens a new chapter in his philosophy of radical contingency. The volume contains the entire text of the "Coup de dés" and three other poems, with new English translations.

Collected Works of Paul Valery, Volume 6

"An affecting meditation on loss and exile" ANGEL GURRIA-QUINTANA, *Financial Times* Windsor Laferrière left Haiti in fear of his life. He has lived in Montreal for thirty-three years, and when his father dies in New York, himself an exile for half a century, Windsor travels there to attend the funeral, and then back to Haiti to inform his mother of the death. In Haiti, Windsor is faced with the grim truth of life in his homeland - the endemic poverty, the thwarted ambitions and broken dreams. But only here can he become a writer again . . . The Enigma of the Return lives where fiction, poetry and autobiography meet. These creative tensions sustain a narrative of astonishing beauty, clarity and insight. "Looks set to become one of the great poetic statements of homesickness and return . . . It should be read by all exiles everywhere" Ian Thomson, *Independent* "A poetic, melancholic tour de force . . . a compelling, intense, stark and poignant exploration of living life as an outsider . . . The great Haitian novel" Jo Lateu, *New Internationalist*

The Trouble With Being Born

The first book to provide a detailed account of fragmentary writing in the work of the French novelist, critic, and thinker Maurice Blanchot (1907-2003).

The Flame that is France

In this re-issue of Lydia Davis' celebrated translation of Blanchot's classic mysterious "tale" (recit), *Au Moment Voulu*, the story hovers on the edge of the occult. Ostensibly it chronicles the troubled relations between the narrator -- a very ill man -- and the two women whose lives he invades. As in all of Blanchot's intensely subjective fiction, the true subject of the work is the narrator's consciousness and the process by which his tale emerges through its telling. Powerfully affected by the slightest of events, the narrator responds with a violence that, most disturbingly, appears inevitable. Included in *The Station Hill Blanchot Reader*, this book's renewed availability as a convenient individual volume will be welcomed by fiction readers, students and teachers.

Death Sentence

Fiction. Translated from the French by Pascale Torracinta. 2008 Recipient of the Hemingway Translation Grant. In Japanese, "Sarinagara" means "and yet." This word is the last word of one of the most famous poems of Japanese literature. When he writes it, Kobayashi Issa has just lost his only child: yes, all is emptiness. But Issa mysteriously adds this last word to his poem, leaving its meaning in suspense. This enigma is the theme of a narrative that brings together the stories of three Japanese artists across the centuries: Issa, the last great Haiku master of the 18th century, Natsume Soseki, inventor of the Japanese modern novel at the end of the 19th century, and Yamahata Yosuke, who was the first photographer to take pictures of the victims and ruins of Nagasaki in August 1945. These three "dreamed lives" make the substance of a narrative that takes the reader from Paris to Kyoto and from Tokyo to Kobe, and asks the question of how anyone can hope to survive the most heartbreaking experience.

As atrocity has become characteristic of modern history, testimonial writing has become a major twentieth-century genre. *Untimely Interventions* relates testimonial writing, or witnessing, to the cultural situation of aftermath, exploring ways in which a culture can be haunted by its own history. Ross Chambers argues that culture produces itself as civilized by denying the forms of collective violence and other traumatic experience that it cannot control. In the context of such denial, personal accounts of collective disaster can function as a form of counter-denial. By investigating a range of writing on AIDS, the First World War, and the Holocaust, Chambers shows how such writing produces a rhetorical effect of haunting, as it seeks to describe the reality of those experiences culture renders unspeakable. Ross Chambers is Professor of Romance Languages at the University of Michigan. His other books include *Facing It: AIDS Diaries* and *The Death of the Author*.

Comedies & Proverbs

On March 1, 1995, at the time of the fiftieth anniversary of the liberation of the Nazi concentration camps, ARTE (a French-German state-funded television network) proposed an encounter between two highly-regarded figures of our time: Elie Wiesel and Jorge Semprún. These two men, whose destinies were unparalleled, had probably crossed paths—without ever meeting—in the Nazi concentration camp Buchenwald in 1945. This short book is the entire transcription of their recorded conversation. During World War II, Buchenwald was the center of a major network of sub-camps and an important source of forced labor. Most of the internees were German political prisoners, but the camp also held a total of 10,000 Jews, Roma, Sinti, Jehovah's Witnesses, and German military deserters. In these pages, Wiesel and Semprún poignantly discuss the human condition under catastrophic circumstances. They review the categories of inmate at Buchenwald and agree on the tragic reason for the fate of the victims of Nazism—as well as why this fate was largely ignored for so long after the end of the war. Both men offer riveting testimony and pay vibrant homage to the Jewish victims of the Holocaust. Today, seventy-five years after the liberation of the Nazi camps, this book could not be more timely for its confrontation with ultra-nationalism and antisemitism.

The Most High

The Romantic era in England and Germany saw a sudden renewal of prophetic modes of writing. Biblical prophecy and, to a lesser extent, classical oracle again became viable models for poetry and even for journalistic prose. Notably, this development arose out of the new-found freedom of biblical interpretation that began in the mid-eighteenth century, as the Bible was increasingly seen to be a literary and mythical text. Taking Walter Benjamin's thinking about history as a point of departure, the author shows how the model for Romantic prophecy emerges less as a prediction of the future than as

a call to change in the present, even as it quotes, at key turns, texts from the past. After surveying developments in eighteenth-century biblical hermeneutics, as well as the numerous instances of prophetic eruption in Romantic poetry, the book culminates in close readings of works by Blake, Hölderlin, and Coleridge. Each of these writers interpreted the Bible in strong, variously radical and conservative ways, and each reworked prophetic texts in often startling fashion. The author's reading of Blake focuses on the complex temporal and rhetorical dynamics at work in a prophetic tradition, with attention paid to the key mediating figure of Milton. The chapter on Hölderlin investigates the truth-claim of poetry and the consequences of Hölderlin's insight into the necessarily figural character of poetry. The analysis of Coleridge correlates his theory of allegory and symbol with his theory and practice of political writing, which often relies on mobilizing prophetic authority. Together, the readings force us to reexamine the claims and practices of Romantic poets and thinkers and their ideas and ideologies, not without engendering some allegorical resonance with issues in our own time.
