

Spolia In Fortifications And The Common Builder In Late Antiquity

[#spolia fortifications](#) [#late antiquity architecture](#) [#reused building materials](#) [#common builders ancient forts](#)
[#Roman defensive structures](#)

Explore the fascinating role of spolia in fortifications during Late Antiquity, examining how common builders creatively integrated reused building materials into defensive structures. This often-overlooked aspect reveals resourcefulness and the practical realities of construction in a transformative historical period, shaping the very fabric of ancient forts.
