Civilian Military Relations from the Founding to Today | Core American Ideas - Civilian Military Relations from the Founding to Today | Core American Ideas by The American Idea 32 views 3 weeks ago 41 minutes - Jeff discusses the unique history of **American**, civilian-military relations with Miles Smith IV of Hillsdale College in today's episode.

The relationship between civilian and military has been a fundamental topic in the American Republic since its founding.

George Washington established the proper relationship between civilian and military, showing commitment to civilian government.

Washington's famous scene of handing back his sword to Congress symbolizes civilian control over the military.

The trust in the Army fluctuated in the Early Republic, with some people skeptical of a standing army and others comfortable with it.

Abraham Lincoln had a hands-off approach with his generals, looking for those who would fight and granting them a long leash.

Lincoln's appointment of Grant, Sherman, and Meade showed his willingness to cycle through commanders and earn the trust of those who could win the war.

There were political appointees to military positions, but top generals like Grant and Sherman rose to the top based on their merit, not politics.

The military falls out of the day-to-day thought of Americans after the Civil War.

Eisenhower wanted to prevent the military from dominating American internal politics.

The military becomes more alien to the public, leading to increased displays of military power at events.

The Hostage Crisis and America's Troubles with Iran - The Hostage Crisis and America's Troubles with Iran by The American Idea 24 views 1 month ago 35 minutes - John Moser and Greg Schneider discuss the background to the Iran Hostage Crisis of 1979-1981, and **America's**, broader, ...

Exploring the background of the Iranian hostage crisis, rooted in the complex history of US-Iranian relations, the installation of the Shah in 1953, and the subsequent protests against his rule, leading to the crisis in 1979.

Examining Carter's evolving stance on the Shah, from initial praise to a shift driven by human rights concerns, ultimately contributing to the downfall of the Shah's regime and the unexpected rise of Islamist movements in Iran, marking a pivotal moment in the breakdown of Cold War dynamics.

Exploring the events leading to the storming of the embassy in November, tracing the deteriorating relations with the US, fueled by the radical student faction, continued US support for the Shah, his deteriorating health, and Carter's humane but contentious decision to allow the Shah into the US for

medical treatment, ultimately contributing to the rise of anti-American sentiments and the declaration of the United States as the 'great Satan' by Ayatollah Khomeini's regime.

Examining the early manifestations of Islamist movements, Khomeini's denouncement of not only the United States but also the Soviet Union and nationalism, highlighting the emergence of this complex geopolitical shift in the Middle East and the challenges faced by American policymakers who were just beginning to grapple with the rise of Islamism on the international stage.

Analyzing the critical moment of November 4th, 1979, when radical students, emboldened by the ruling cleric, seized the US embassy in a revolutionary act, leading to the resignation of the Iranian government, highlighting the blurred demarcation line between the government and revolutionary forces and the ensuing 444-day hostage crisis until Reagan's presidency.

Exploring the challenges faced by the US in responding to the Iranian hostage crisis, Carter's tough measures, failed negotiations, and the unsuccessful rescue mission, leading to his vulnerability in the face of economic woes and the emergence of Ronald Reagan as a formidable opponent in the 1980 election.

The Iranian hostage crisis continues with demands for the return of the Shah and frozen assets, serving as a symbol of American weakness, leading to the release of hostages on Reagan's inauguration day, though allegations of secret dealings between the Reagan campaign and Iranians lack substantial evidence.

Preludio

Se quel guerrier io fossi!

Celeste Aida

Ritorna vincitor!

I sacri nomi di padre

Gloria all'Egitto, ad Iside

Marcia trionfale (orchestra)

Ballabile (orchestra)

Vieni, o guerriero vindice

Qui Radamès verrà!

O patria mia

Pur ti riveggo...Là tra le foreste vergini

Ma dimmi; per qual via

L'aborita rivale a me sfuggia

Già i sacerdoti adunansi...Ah! tu dei vivere!

La fatal pietra sovra me si chiuse

O terra addio
