### German-Jewish Literature in the Wake of the Holocaust

Combining cultural history and literary analysis, this study proposes a new and thought-provoking reading of the changing relationship between Germans and Jews following the Holocaust. Two Holocaust survivors whose work became uniquely successful in the Germany of the 1980s and 1990s, Grete Weil and Ruth Kluger, emerge as exemplary in their contributions to a postwar German discussion about the Nazi legacy that had largely excluded living Jews. While acknowledging that the German audience for the works of Holocaust survivors began to change in the 1980s, this study disputes the common tendency to interpret this as a sign of greater willingness to confront the Holocaust, arguing instead that it resulted from a continued German misreading of Jews' criticisms. By tracing the particular cultural-political impact that Weil's and Kluger's works had on their German audience, it investigates the paradox of Germany's confronting the Holocaust without necessarily confronting the Jews as Germans. Furthermore, for the authors this literature also had a psychological impact: their 'return' to the German language and to Germany is read not as an act of mourning or nostalgia, but rather as a public call to Germans for a dialogue about the Nazi past, as a way to move into the public realm the private emotional and psychological battles resulting from German Jews' exclusion from and persecution by their own national community.

### Hebrew Literature in the Wake of the Holocaust

Although writers have encountered difficulty in finding the appropriate medium for the transcription of the Holocaust experience, the Holocaust has become a major theme in Hebrew literature. This volume seeks to examine the ways in which the experience has been approached and conveyed to the reader by Israeli writing.

### Literature in the Wake of the Holocaust

Discusses literary works in several languages by survivors and by members of the second and third generations. Parts of the book were published previously in different forms. Includes chapters on Ka-Tzetnik, Abba Kovner, Savyon Liebrecht, David Grossman, Jerzy Kosinski, and Primo Levi; the first and last chapters deal with general issues and later writers.

### German Jewish Literature After 1990

Edited volume tracing the development of a new generation of German Jewish writers, offering fresh interpretations of individual works, and probing the very concept of "German Jewish literature."

### Germany's War and the Holocaust

Omer Bartov, a leading scholar of the Wehrmacht and the Holocaust, provides a critical analysis of various recent ways to understand the genocidal policies of the Nazi regime and the reconstruction of German and Jewish identities in the wake of World War II. *Germany's War and the Holocaust* both deepens our understanding of a crucial period in history and serves as an invaluable introduction to the vast body of literature in the field of Holocaust studies. Drawing on his background as a military historian to probe the nature of German warfare, Bartov considers the postwar myth of army resistance to Hitler and investigates the image of Blitzkrieg as a means to glorify war, debilitate the enemy, and hide the realities of mass destruction. The author also addresses several new analyses of the roots and nature of Nazi extermination policies, including revisionist views of the concentration camps. Finally, Bartov examines some paradigmatic interpretations of the Nazi period and its aftermath: the changing American, European, and Israeli discourses on the Holocaust; Victor Klemperer's view of Nazi Germany from within; and Germany's perception of its own victimhood.

### A Past Without Shadow

*A Past Without Shadow* examines 50 years of German children's books in which the darkest horrors of the Third Reich have routinely remained hidden. The horrors of the Third Reich are systematically

screened and filtered, allowing the darker, bleaker parts of history to escape illumination. Here Zohar Shavit explores 345 German books for children describing the Third Reich and the Holocaust, and finds a shocking distortion of the past: a recurrent narrative which suggests that the Germans themselves had no hand in the suffering inflicted on the Jews. These books, Shavit argues, have created the false historical lesson that the real victims of Hitler's crimes were the German people themselves. First published to great acclaim in Hebrew and now available in English, this book is a wake-up call for anyone concerned about German children's literature and its responsibility to past and future.

### Metaphors of Evil

Analyzes the intellectual and emotional defensiveness of contemporary German culture as revealed in the form and content of literary works written in the wake of the Holocaust. Examines autobiographies, novels, and poems in terms of their images of defensive rigidity and chaos; states that no literary form can possibly contain the lived experience. Discusses Siegfried Lenz's "Deutschstunde"

### The Holocaust

Discusses the rise of anti-Semitism in Europe, the treatment of Jews during the Holocaust, and the aftermath when the Nazi war criminals were brought to trial.

### German-Jewish Life Writing in the Aftermath of the Holocaust

Shows how Adler, Wander, Hilsenrath, and Klüger intertwine transgressive political criticism with the shadow of trauma, revealing new perspectives on canon formation and exclusion in postwar German literature. How did German-speaking Holocaust survivors pursue literary careers in an often-indifferent postwar society? How did their literary life writings reflect their postwar struggles? This monograph focuses on four authors who bore literary witness to the Shoah - H. G. Adler, Fred Wander, Edgar Hilsenrath, and Ruth Klüger. It analyzes their autofictional, critical, and autobiographical works written between the early 1950s and 2015, which depict their postwar experiences of writing, publishing, and publicizing Holocaust testimony. These case studies shed light on the devastating aftermaths of the Holocaust in different contexts. Adler depicts his attempts to overcome marginalization as a writer in Britain in the 1950s. Wander reflects on his failure to find a home either in postwar Austria or in the GDR. Hilsenrath satirizes his struggles as an emigrant to the US in the 1960s and after returning to Berlin in the 1980s. Finally, in her 2008 memoir, Ruth Klüger follows up her earlier, highly impactful memoir of the concentration camps by narrating the misogyny and antisemitism she experienced in US and German academia. Helen Finch analyzes how these under-researched texts intertwine transgressive political criticism with the shadow of trauma. Drawing on scholarship on Holocaust testimony, transnational memory, and affect theory, her book reveals new perspectives on canon formation and exclusion in postwar German literature.

### Generation Exodus

Drawing on personal interviews, journals, memoirs, and his own experiences, the author chronicles the lives of a generation of young German Jews who fled Germany in the wake of Hitler's rise to power in 1933.

### Alex's Wake

Alex's Wake is a tale of two parallel journeys undertaken seven decades apart. In the spring of 1939, Alex and Helmut Goldschmidt were two of more than 900 Jewish refugees fleeing Nazi Germany aboard the St. Louis, "the saddest ship afloat" (New York Times). Turned away from Cuba, the United States, and Canada, the St. Louis returned to Europe, a stark symbol of the world's indifference to the gathering Holocaust. The Goldschmidts disembarked in France, where they spent the next three years in six different camps before being shipped to their deaths in Auschwitz. In the spring of 2011, Alex's grandson, Martin Goldsmith, followed in his relatives' footsteps on a six-week journey of remembrance and hope, an irrational quest to reverse their fate and bring himself peace. Alex's Wake movingly recounts the detailed histories of the two journeys, the witnesses Martin encounters for whom the events of the past are a vivid part of a living present, and an intimate, honest attempt to overcome a tormented family legacy.

### Words from Abroad

When Paul Celan was charged with plagiarism in 1960, the ensuing public debate in West Germany threw the poet into a major personal crisis even though most German critics immediately came to his defense. This crisis coincided with a transformative moment in the history of Holocaust remembrance, its first generational reimagining in the wake of a number of highly publicized criminal trials. *Words from Abroad* takes its lead from this disjunction between public ritual and private crisis to chart the emergence of a new literary diaspora, examining German Jewish writers who were dislocated in the course of World War II and began rewriting their own displacement more than a decade after the war. The idea of diaspora had ceased to be a constructive element of Jewish culture in Germany during the nineteenth-century process of emancipation and assimilation, though this book argues that it becomes crucial in articulating the possibility of German Jewish identity after the Holocaust. Along with the works of Paul Celan, *Words from Abroad* examines selected German Jewish writers such as Peter Weiss and Nelly Sachs. The study of these authors is framed by theoretical reflections on the play of distance and proximity in German Jewish intellectuals after the Holocaust, including Theodor W. Adorno, Jean Am'ry, and G'nther Anders. Drawing on postcolonial theory, diaspora studies, trauma theory, and psychoanalytical theory, author Katja Garloff offers an original and nuanced reading of the way in which these writers, in the wake of the Holocaust, experienced and variously created a vision of dispersion as both traumatic and productive. *Words from Abroad* is an important tool in investigating the works of these German Jewish writers and thinkers, but it is also a contribution to the interdisciplinary scholarship on trauma and displacement itself.

### Jews in German Literature Since 1945

This volume contains some 46 essays on various aspects of contemporary German-Jewish literature. The approaches are diverse, reflecting the international origins of the contributors, who are based in seventeen different countries. Holocaust literature is just one theme in this context; others are memory, identity, Christian-Jewish relations, anti-Zionism, *la belle juive*, and more. Prose, poetry and drama are all represented, and there is a major debate on the controversial attempt to stage Fassbinder's *Der Müll, die Stadt und der Tod* in 1985. The overall approach of the volume is an inclusive one. In his introduction, the editor calls for a reappraisal of the terms of German-Jewish discourse away from the notion of 'Germans' and 'Jews' and towards the idea that both Jews and non-Jews, all of them Germans, have contributed to the corpus of 'German-Jewish literature'.

### Jews, Germans, and Allies

In the immediate aftermath of World War II, more than a quarter million Jewish survivors of the Holocaust lived among their defeated persecutors in the chaotic society of Allied-occupied Germany. *Jews, Germans, and Allies* draws upon the wealth of diary and memoir literature by the people who lived through postwar reconstruction to trace the conflicting ways Jews and Germans defined their own victimization and survival, comprehended the trauma of war and genocide, and struggled to rebuild their lives. In gripping and unforgettable detail, Atina Grossmann describes Berlin in the days following Germany's surrender--the mass rape of German women by the Red Army, the liberated slave laborers and homecoming soldiers, returning political exiles, Jews emerging from hiding, and ethnic German refugees fleeing the East. She chronicles the hunger, disease, and homelessness, the fraternization with Allied occupiers, and the complexities of navigating a world where the commonplace mingled with the horrific. Grossmann untangles the stories of Jewish survivors inside and outside the displaced-persons camps of the American zone as they built families and reconstructed identities while awaiting emigration to Palestine or the United States. She examines how Germans and Jews interacted and competed for Allied favor, benefits, and victim status, and how they sought to restore normality--in work, in their relationships, and in their everyday encounters. *Jews, Germans, and Allies* shows how Jews were integral participants in postwar Germany and bridges the divide that still exists today between German history and Jewish studies.

### Renegotiating Postmemory

With the disappearance of the eyewitness generation and the globalization of Holocaust memory, this book interrogates key concepts in Holocaust and trauma studies through an assessment of contemporary German-language Jewish authors.

## The Goldhagen Effect

Scholars examine Daniel Goldhagen's legacy in the United States, Europe, and Israel

## Jewish Life in Nazi Germany

German Jews faced harsh dilemmas in their responses to Nazi persecution, partly a result of Nazi cruelty and brutality but also a result of an understanding of their history and rightful place in Germany. This volume addresses the impact of the anti-Jewish policies of Hitler's regime on Jewish family life, Jewish women, and the existence of Jewish organizations and institutions and considers some of the Jewish responses to Nazi anti-Semitism and persecution. This volume offers scholars, students, and interested readers a highly accessible but focused introduction to Jewish life under National Socialism, the often painful dilemmas that it produced, and the varied Jewish responses to those dilemmas.

## The House on Thrömerstrasse

The Böhms were a Jewish couple who established a thriving business and raised a family in Upper Silesia in 1885. The book follows the fortunes of the family over a period of 70 years during which their existence is gradually eroded.

## The German-Hebrew Dialogue

In the wake of World War II and the Holocaust, it seemed there was no place for German in Israel and no trace of Hebrew in Germany — the two languages and their cultures appeared as divergent as the directions of their scripts. Yet when placed side by side on opposing pages, German and Hebrew converge in the middle. Comprised of essays on literature, history, philosophy, and the visual and performing arts, this volume explores the mutual influence of two linguistic cultures long held as separate or even as diametrically opposed. From Moses Mendelssohn's arrival in Berlin in 1748 to the recent wave of Israeli migration to Berlin, the essays gathered here shed new light on the painful yet productive relationship between modern German and Hebrew cultures.

## Contemporary Jewish Writing in Germany

This anthology features a diverse and compelling array of writings from prominent Jewish authors in Germany today. The writers included here—Katja Behrens, Maxim Biller, Esther Dischereit, and Barbara Honigmann—did not experience the Holocaust firsthand, though their works continually explore the meaning of it as it is remembered and forgotten in contemporary Germany. From different perspectives these authors offer incisive reflections on German-Jewish relations today. They wrestle in particular with the strangeness of living in a country where unencumbered relationships between Germans and Jews are rare. Also surfacing in their writings are the many foundations and challenges to modern Jewish identity in Germany, including the vicissitudes of gender roles, and the experience of emigration, intergenerational conflict, and sexuality. Contemporary Jewish Writing in Germany not only features a set of engaging stories but also encourages a deeper understanding of the experiences of Jews in Germany today.

## Children during the Holocaust

Children during the Holocaust, from the United States Holocaust Memorial Museum's Center for Advanced Holocaust Studies, tells the story of the Holocaust through the eyes, and fates, of its youngest victims. The ten chapters follow the arc of the persecutory policies of the Nazis and their sympathizers and the impact these measures had on Jewish children and adolescents—from the years leading to the war, to the roundups, deportations, and emigrations, to hidden life and death in the ghettos and concentration camps, and to liberation and coping in the wake of war. This volume examines the reactions of children to discrimination, the loss of livelihood in Jewish homes, and the public humiliation at the hands of fellow citizens and explores the ways in which children's experiences paralleled and diverged from their adult counterparts. Additional chapters reflect upon the role of non-Jewish children as victims, perpetrators, and bystanders during World War II. Offering a collection of personal letters, diaries, court testimonies, government documents, military reports, speeches, newspapers, photographs, and artwork, Children during the Holocaust highlights the diversity of children's experiences during the nightmare years of the Holocaust.

## Jews and Germans

*Jews and Germans* is the only book in English to delve fully into the history and challenges of the German-Jewish relationship, from before the Holocaust to the present day. The Weimar Republic era--the fifteen years between Germany's defeat in World War I (1918) and Hitler's accession (1933)--has been characterized as a time of unparalleled German-Jewish concord and collaboration. Even though Jews constituted less than 1 percent of the German population, they occupied a significant place in German literature, music, theater, journalism, science, and many other fields. Was that German-Jewish relationship truly reciprocal? How has it evolved since the Holocaust, and what can it become? Beginning with the German Jews' struggle for emancipation, Guenter Lewy describes Jewish life during the heyday of the Weimar Republic, particularly the Jewish writers, left-wing intellectuals, combat veterans, and adult and youth organizations. With this history as a backdrop he examines the deeply disparate responses among Jews when the Nazis assumed power. Lewy then elucidates Jewish life in postwar West Germany; in East Germany, where Jewish communists searched for a second German-Jewish symbiosis based on Marxist principles; and finally in the united Germany--illuminating the complexities of fraught relationships over time.

## Encrypting the Past

First comprehensive look at how today's German literary fiction deals with questions of German victimhood.

## Germans as Victims in the Literary Fiction of the Berlin Republic

"Discusses Kristallnacht, a four-day pogrom instigated by the Nazis against Germany's Jews, including stories from the victims, witnesses and perpetrators of the attack, and how it marked the beginning of the Holocaust"--Provided by publisher.

## Kristallnacht

For decades, historians have debated how and to what extent the Holocaust penetrated the German national consciousness between 1933 and 1945. How much did "ordinary" Germans know about the subjugation and mass murder of the Jews, when did they know it, and how did they respond collectively and as individuals? This compact volume brings together six historical investigations into the subject from leading scholars employing newly accessible and previously underexploited evidence. Ranging from the roots of popular anti-Semitism to the complex motivations of Germans who hid Jews, these studies illuminate some of the most difficult questions in Holocaust historiography, supplemented with an array of fascinating primary source materials.

## The Germans and the Holocaust

How the Holocaust is depicted and memorialized is key to our understanding of the atrocity and its impact. Through 18 case studies dating from the immediate aftermath of the genocide to the present day, *Holocaust Representations in History* explores this in detail. Daniel H. Magilow and Lisa Silverman examine film, drama, literature, photography, visual art, television, graphic novels, memorials, and video games as they discuss the major themes and issues that underpin the chronicling of the Holocaust. Each chapter is focused on a critical debate or question in Holocaust history; the case studies range from well-known, commercially successful works about the Holocaust to controversial examples which have drawn accusations of profaning the memory of the genocide. This 2nd edition adds to the mosaic of representation, with new chapters analysing poetry in the wake of the Holocaust and video games from the here and now. This unique volume provides an unmatched survey of key and controversial Holocaust representations and is of vital importance to anyone wanting to understand the subject and its complexities.

## Holocaust Representations in History

This TRILOGY that we present to you as a collection of photographs, documents, and artifacts, showing the tragic stories of persecution and holocaust that took place before and during the greatest conflict in the human history of the Second World War. We believe that this publication is needed especially now when the memory of the cruelty and the true picture of the Second World War are blurred. While there have been thousands of books written about the Second World War, and in spite of mounds of documentary evidence, testimony, and archival film and photographs, there continues to exist those

that deny that the Holocaust actually happened by attempting to further their cause with made-up stories and falsehoods

### A Glimpse of Evil

"Before the Holocaust opens a window on the turbulent history of German Jewry between 1870 and 1939 through three autobiographies: Käte Frankenthal, a physician, health reformer, and social democratic politician from Berlin; Max Moses Polke, a lawyer and Zionist supporter from Breslau; Joseph Benjamin Levy, a teacher and cantor from Frankfurt am Main. These autobiographies reveal some of the lives that were possible for German Jews in the years between the establishment of the Reich in 1871, when they were finally granted full political and civic rights, and the assumption of power by the National Socialists in 1933. They provide insight into the society of Germany during the imperial period and World War I, the unsettled politics and social and economic upheaval of the Weimar years (1919-1933), and the circumstances that led to the rise of the National Socialists. Finally, they chronicle the assault on the Jewish community between 1933 and 1939, a period that paved the way for the systematic genocide that soon followed"--P. [4] of cover.

### Before the Holocaust

This landmark book is the first comprehensive account of the lives of the Jews who remained in Germany immediately following the war. Gathering never-before-published eyewitness accounts from Holocaust survivors, Michael Brenner presents a remarkable history of this period. While much has been written on the Holocaust itself, until now little has been known about the fate of those survivors who remained in Germany. Jews emerging from concentration camps would learn that most of their families had been murdered and their communities destroyed. Furthermore, all Jews in the country would face the stigma of living, as a 1948 resolution of the World Jewish Congress termed it, on "bloodsoaked German soil." Brenner brings to life the psychological, spiritual, and material obstacles they surmounted as they rebuilt their lives in Germany. At the heart of his narrative is a series of fifteen interviews Brenner conducted with some of the most important witnesses who played an active role in the reconstruction--including presidents of Jewish communities, rabbis, and journalists. Based on the Yiddish and German press and unpublished archival material, the first part of this book provides a historical introduction to this fascinating topic. Here the author analyzes such diverse aspects as liberation from concentration camps, cultural and religious life among the Jewish Displaced Persons, antisemitism and philosemitism in post-war Germany, and the complex relationship between East European and German Jews. A second part consists of the fifteen interviews, conducted by Brenner, with witnesses representing the diverse background of the postwar Jewish community. While most of them were camp survivors, others returned from exile or came to Germany as soldiers of the Jewish Brigade or with international Jewish aid organizations. A third part, which covers the development of the Jewish community in Germany from the 1950s until today, concludes the book.

### After the Holocaust

The second and concluding volume of the definitive two-volume account of the Holocaust With THE YEARS OF EXTERMINATION, Friedlander completes his work on Nazi Germany and the Jews. The book describes and interprets the history of the persecution and murder of the Jews throughout occupied Europe. The implementation of German extermination policies and measures depended on the submissiveness of political authorities, the assistance of local police forces and the passivity or co-operation of the populations, primarily of their political and spiritual elites. The implementation also depended on the readiness of the victims to submit to orders, often with the hope of modifying them or surviving long enough to escape the German vice. This multifaceted representation - at all levels and in all different places - enhances the perception of the magnitude, complexity and interrelatedness of the multiple components of this history. Based on a vast variety of documents and an overwhelming choir of voices, Friedlander manages to avoid domesticating the memory of unparalleled and horrific events. The convergence of these various aspects gives THE YEARS OF EXTERMINATION its unique auality. In this work the history of the Holocaust has found its definitive representation.

## Nazi Germany And the Jews: The Years Of Extermination

The grandson of two people who left Nazi Germany on board the St. Louis, which was turned away from Cuba, the United States and Canada and ultimately resulted in their being sent to Auschwitz, replicates their six-week journey in remembrance. 30,000 first printing.

## Alex's Wake: The Tragic Voyage of the St. Louis to Flee Nazi Germany--And a Grandson's Journey of Love and Remembrance

"A touching story of heroism and loss, a testament to the strength of the human spirit and the power of love to transcend the most unthinkable circumstances." —Pam Jenoff, New York Times bestselling author of *The Lost Girls of Paris* From the internationally bestselling author of *The Orphan Collector* comes a haunting and lyrical tale of love and humanity in a time of unthinkable horror. The debut novel from a powerful voice in historical fiction, this resonant and courageous saga of a young German woman during World War II and the Holocaust is a must-read for fans of *The Tattooist of Auschwitz* and *The Alice Network*. "Bloom where you're planted," is the advice Christine Bölz receives from her beloved Oma. But seventeen-year-old domestic Christine knows there is a whole world waiting beyond her small German village. It's a world she's begun to glimpse through music, books—and through Isaac Bauerman, the cultured son of the wealthy Jewish family she works for. Yet the future she and Isaac dream of sharing faces greater challenges than their difference in stations. In the fall of 1938, Germany is changing rapidly under Hitler's regime. Anti-Jewish posters are everywhere, dissenting talk is silenced, and a new law forbids Christine from returning to her job—and from having any relationship with Isaac. In the months and years that follow, Christine will confront the Gestapo's wrath and the horrors of Dachau, desperate to be with the man she loves, to survive—and finally, to speak out. Set against the backdrop of the German homefront, this is an unforgettable novel of courage and resolve, of the inhumanity of war, and the heartbreak and hope left in its wake. "A haunting and beautiful debut novel." —Anna Jean Mayhew, author of *The Dry Grass of August* "Ellen Marie Wiseman boldly explores the complexities of the Holocaust. This novel is at times painful, but it is also a satisfying love story set against the backdrop of one of the most difficult times in human history." —T. Greenwood, author of *Keeping Lucy*

## Germans and Jews Since the Holocaust

*Between Dignity and Despair* draws on the extraordinary memoirs, diaries, interviews, and letters of Jewish women and men to give us the first intimate portrait of Jewish life in Nazi Germany. Kaplan tells the story of Jews in Germany not from the hindsight of the Holocaust, nor by focusing on the persecutors, but from the bewildered and ambiguous perspective of Jews trying to navigate their daily lives in a world that was becoming more and more insane. Answering the charge that Jews should have left earlier, Kaplan shows that far from seeming inevitable, the Holocaust was impossible to foresee precisely because Nazi repression occurred in irregular and unpredictable steps until the massive violence of November 1938. Then the flow of emigration turned into a torrent, only to be stopped by the war. By that time Jews had been evicted from their homes, robbed of their possessions and their livelihoods, shunned by their former friends, persecuted by their neighbors, and driven into forced labor. For those trapped in Germany, mere survival became a nightmare of increasingly desperate options. Many took their own lives to retain at least some dignity in death; others went underground and endured the fears of nightly bombings and the even greater terror of being discovered by the Nazis. Most were murdered. All were pressed to the limit of human endurance and human loneliness. Focusing on the fate of families and particularly women's experience, *Between Dignity and Despair* takes us into the neighborhoods, into the kitchens, shops, and schools, to give us the shape and texture, the very feel of what it was like to be a Jew in Nazi Germany.

## The German Jewish Source Book

A distinguished group of scholars from Germany, Israel and right across the United States are brought together in *Nazi Law* to investigate the ways in which Hitler and the Nazis used the law as a weapon, mainly against the Jews, to establish and progress their master plan for German society. The book looks at how, after assuming power in 1933, the Nazi Party manipulated the legal system and the constitution in its crusade against Communists, Jews, homosexuals, as well as Jehovah's Witnesses and other religious and racial minorities, resulting in World War II and the Holocaust. It then goes on to analyse how the law was subsequently used by the opponents of Nazism in the wake of World War

Two to punish them in the war crime trials at Nuremberg. This is a valuable edited collection of interest to all scholars and students interested in Nazi Germany and the Holocaust.

### The Plum Tree

Going beyond the fanatical anti-Semitism of Hitler and his chiefs, Schleunes analyzes "the internal structure of the [Nazi] regime, the role of its bureaucracies, and the rivalries between competing power groups ... to trace the early stages of discrimination against Jews and their exclusion from public life that led ultimately to their deaths."--p.vii.

### Between Dignity and Despair

"... stimulating and important anthology..." -- Holocaust and Genocide Studies "... a useful and competent volume that can serve as a good introduction to scholarship on the aftermath of the Holocaust." -- Times Literary Supplement More than 50 years after the end of World War II, how do we look back upon and understand the nature and consequences of that catastrophic event? What kind of historical consciousness has developed over the past half century with respect to the Nazi destruction of European Jewry? These questions are explored by a distinguished international group of scholars who draw on history, literature, memory, memorials, and the representation of the Holocaust in the culture to assess the impact of the Holocaust on postwar consciousness.

The New Rail Line under Construction in Jerusalem

And Recently There's Been Other Work Coming Out that You Know Takes as You Said a More Kind of Pessimistic View and It's You Know of Course You Can't Write this History without Knowing What Happens during the Holocaust and It's Clear that by the Late 30s these Figures Themselves Are Aware that There Was a Kind of Looming Crisis but of Course That Doesn't Mean that They You Know Can Ever Envision the Kind of Crisis That We Know Would Engulf Them So I Did Try to You Know this Is Something I Struggled with To Try To Write without this Kind of Back Shadowing of of Looking at It from Their Perspectives

You Know Who's Going To Read this Book and He Says Well It Doesn't Matter if no One Is Interested Now because Eventually American Jewels Will Realize They CanNot Understand Themselves if They Don't Understand East Europe Their East European Roots and for that They Will Have To Know Yiddish Sir Press One Last Question Answer My Question Has To Do with It's Kind of a Follow Up in some Ways to What Masha Leon Was Referring to during that Period of Not Sure How Long It Was a Year a Year and a Half on the Soviet Union Occupied Ill Know before the Nazi Onslaught Evo as My Understanding Continue To Exist in a Distorted Form It Wasn't Completely Abolished Could You Tell Us Anything about What Evil Looked like and What It Did during the Period under Soviet Occupation with the Second Questions

After the War Starts When Germany Is Occupying the Western Part of Poland like Yeltsin Low-Tech like Like North Prelutsky Who Eventually Gets a Chair in Yiddish at the University Something That Would Have Been Unthinkable When Vilna Was Part of Poland so There's a Kind of Brief Twilight Period Where There's Actually Almost a Kind of Resurgence of Evos Work but Then the Soviets Come In and Then It's under Soviet Occupation for About a Year and during that Time the Soviets the Incorporate Yivo into Analogous Soviets the Structure for Soviet Academic Institution so Yivo Have

Loses Its Independence

You You Meet with Them You Try To Get a Sense of How Their Mind Works and Then over the Course of a Year or Two a Topic Is Formed and and Then You Live with a Topic in Your Own Way as the Student Does Immensely More Intently and the Student Learns Immeasurably More about the Topic than You Know and and Uh and Then if You'Re Fortunate You You Live in Close Intellectual Relationship with that Students as the Years Go By as He or She Is Tenured as He or She Produces a Wonderful Book and if You'Re Extraordinarily Fortunate You Get To Sit on a Stage at a Moment like this and Hear Your Student Speak with Such Consummate Authority about the Topic the Topics That You Hold Most Dear this this Was an Extraordinary Opportunity and and before We Call on Jonathan Brent To Say some Last Words about Evo Today and before Cecile Signs Many Many Many Dozens of Books outside We'D Like To Present Cecile the Star of the Evening with What Stars Are Presented with Alina Now Now To Seal What Will You Sing

There Were Many Elderly People There Who I Was Certain Knew Far More about Yiddish and about Their Culture than I Did and at the End of It I Remember So Distinctly and So Piercingly this Elderly Lady Raised Her Hand and Said What We Are Talking about Today and We Were Talking about Simple Things like Sholem Aleichem and on Ski and Parrots and We Were Talking about Basic Subjects of Yiddish Culture and Jewish Culture of Eastern Europe and She Said after All these Years I Now Realize There Is a Big Hole

This Is One of the Things It Seems to Me that Duke Knopf Was So Acute about Which Is that without a Past You Have no Future and Evos Task Is To Help Restore that Past Two Vast Multitudes of Jews Who Exist in this Limbo State in American Culture That Is a State in between Being Something and Being Almost Something and It's a It's It's a It's a State That Makes It Possible for Us To Be Tranquilized To Be Sort Of Anesthetized Constantly because Life Is So Good You Get Up You Put On Your Shoes You Brush Your Teeth You Take a Shower You Go To Work You Come Home You Pay Your Rent You Don't Really Have To Think about Anything

And It Is Evos Task To Be a Place Where that Knowledge Is Available and So To Answer the Question That Was Asked Earlier What Are We Doing We Are Reviving Our Educational Programs We Have Now Three Visiting Professors Scholars the First Is the Crown Hill Professor the Second Will Be the Ratner Professorship in East European Jewish Literature and the Third Will Be the A-Train Professorship in Yiddish Language in Linguistics Which Will Start Next Year We'Ve Started a Winter Program That Is Not Based on Yiddish but Is Based on a Variety of Themes That
