El Yoga de Jesus: Claves Para Comprender Las Enseanzas Ocultas de Los Evangelios

Contains selected excerpts from Paramahansa Yogananda's book "The Second Coming of Christ: The Resurrection of the Christ Within You," which book is a commentary on the New Testament gospels and noncanonical source material, focusing on the quest to uncover the original teachings of Jesus.

The Yoga of Jesus

"Contains selected excerpts from Paramahansa Yogananda's book "The Second Coming of Christ: The Resurrection of the Christ Within You," which book is a commentary on the New Testament gospels and noncanonical source material, focusing on the quest to uncover the original teachings of Jesus"--Provided by publisher.

Whispers from Eternity

"... A compilation of extracts from [the author's] writings, lectures, and informal talks."--Dust jacket.

Inner Peace

When Big Frog and Little Frog find themselves in deep trouble, they will need persistence and hope to survive in this new telling of an old fable.

Two Frogs in Trouble

"Contains selected excerpts from Paramahansa Yogananda's complete commentary on the Bhagavad Gita: 'God talks with Arjuna: the Bhagavad Gita--a new translation and commentary.' Also, Yogananda's original translation of the Bhagavad Gita into English is included in uninterrupted sequential form"--Provided by publisher.

The Yoga of the Bhagavad Gita

En este volumen, Paramahansa Yogananda restablece las enseñanzas originales de Jesús y explica la ciencia universal que subyace a sus milagros de curación divina y salvación de almas. Llevando al lector a un viaje intensamente enriquecedor que incluye la infancia y juventud de Jesús, los años perdidos* en la India y el Sermón del Monte, Paramahansa Yogananda dilucida los profundos significados espirituales que se hallan en el fondo de conceptos mal comprendidos tales como: El bautismo y nacer de nuevo; La Trinidad (el Padre, el Hijo y el Espíritu Santo) y el papel de Satanás; El karma y la reencarnación; El cielo y el infierno*; Cómo orar; Cómo utilizar el poder curativo del pensamiento y de la fuerza vital; Los métodos que le permiten a toda alma alcanzar la Conciencia Crística. Según las propias palabras de Paramahansa Yogananda: Estas enseñanzas han sido enviadas para explicar la verdad tal como Jesús quería que fuera conocida por el mundo; no tienen el propósito de iniciar

un nuevo cristianismo, sino el de dar a conocer lo que Cristo realmente enseñó: cómo llegar a ser un Cristo, cómo hacer resucitar al Cristo Eterno en el interior de nuestro propio Ser*

La Segunda Venida de Cristo, Vol. 1: Un Revelador Comentario Sobre Las Enseñanzas Originales de Jesús

A collection of meditations reveal hidden laws for harnessing thought to heal the body, develop confidence, awaken wisdom, and cure bad habits.

Scientific Healing Affirmations

Where There is Light is a wisdom-filled volume of selections from the writings and lectures of Paramahansa Yogananda. This New Expanded Edition includes two new chapters, beginner's meditation instructions, and additional quotations from works by Yogananda that had not yet been published when Where There is Light was first released in 1988. The book includes chapters on, finding wisdom and strength to make life's decisions, the antidote for stress, worry, and fear, transforming our failures into success, security in an uncertain world and understanding death.

Where There Is Light

One of the twentieth century's greatest spiritual teachers will show you how to quiet your constant, worrying thoughts in Learning to Silence the Mind: Wellness Through Meditation. The mind, says Osho, has the potential to be enormously creative in dealing with the challenges of everyday life, and the problems of the world in which we live. The difficulty, however, is that instead of using the mind as a helpful servant we have largely allowed it to become the master of our lives. Its ambitions, belief systems, and interpretations rule our days and our nights—bringing us into conflict with minds that are different from ours, keeping us awake at night rehashing those conflicts or planning the conflicts of tomorrow, and disturbing our sleep and our dreams. If only there was a way to switch it off and give it a rest! Finding the switch that can silence the mind—not by force or performing some exotic ritual, but through understanding, watchfulness, and a healthy sense of humor—is meditation. A sharper, more relaxed and creative mind—one that can function at the peak of its unique intelligence—is the potential. The book includes a link to tutorials on OSHO Nadabrahma Meditation. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the Sunday Times of London as one of the “1000 Makers of the 20th Century” and by Sunday Mid-Day (India) as one of the ten people—along with Gandhi, Nehru, and Buddha—who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of all ages in virtually every country of the world.

Learning to Silence the Mind

“One of our great visionaries.” —Dr. Wayne W. Dyer “A rare blend of scientist, visionary, and scholar.” —Deepak Chopra A scholar and New York Times–bestselling author shares his shocking theory of an ancient language—found in the decoded elements of our DNA—that shines new light on the mysteries of existence. What would it mean to discover an ancient language—a literal message—hidden within the DNA of life itself? What we once believed of our past is about to change. A coded message has been found within the molecules of life, deep within the DNA in each cell of our bodies. Through a remarkable discovery linking Biblical alphabets to our genetic code, the “language of life” may now be read as the ancient letters of a timeless message. Regardless of race, religion, heritage, or lifestyle, the message is the same in each cell of every woman, child, and man, past and present. Sharing all-new, fascinating research, Gregg Braden discusses the life-changing discovery that led him from a successful career in the aerospace and defense industries to an extensive 12-year study of the most sacred and honored traditions of humankind.

The God Code

At the beginning of the twentieth century psychologists discovered ways and means to measure intelligence that developed into an obsession with IQ. In the mid 1990's, Daniel Goleman popularised research into emotional intelligence, EQ, pointing out that EQ is a basic requirement for the appropriate use of IQ. In this century, there is enough collective evidence from psychology, neurology, anthropology and cognitive science to show us that there is a third 'Q', 'SQ' or Spiritual Intelligence. SQ is uniquely

human and, the authors argue, the most fundamental intelligence. SQ is what we use to develop our longing and capacity for meaning, vision and value. It allows us to dream and to strive. It underlies the things we believe in, and the role our beliefs and values play in the actions that we take and the way we shape our lives.

Spiritual Intelligence

The Complete Book of Spells, Ceremonies, and Magic

Presents the Swiss psychologist's thoughts, experiences, and everything he felt after a period of time spent seeing visions, hearing voices, and inducing hallucinations.

The Red Book: A Reader's Edition

In one of his most significant pieces of non-fiction, the mind behind *Brave New World* presents a thorough and articulate comparison of different forms of mysticism. Written for an audience presumed to be primarily familiar with Christianity, *The Perennial Philosophy* aims to extract greater theological truths from the common threads found across religions, and to explore how they can be used to judge mankind (and how it often fails to meet the standards set). It primarily consists of quotations taken from famous figures within each tradition, with short connecting passages written by Huxley. Random House of Canada is proud to bring you classic works of literature in ebook form, with the highest quality production values. Find more today and rediscover books you never knew you loved.

The Perennial Philosophy

In one of the first attempts to bring an integral dimension to sociology, Ken Wilber introduces a system of reliable methods by which to make testable judgments of the authenticity of any religious movement. *A Sociable God* is a concise work based on Wilber's "spectrum of consciousness" theory, which views individual and cultural development as an evolutionary continuum. Here he focuses primarily on worldviews (archaic, magic, mythic, mental, psychic, subtle, causal, nondual) and evaluates various cultural and religious movements on a scale ranging from egocentric to ethnocentric to worldcentric to Kosmic. By using this integral view, Wilber hopes, society would be able to discriminate between dangerous cults and authentic spiritual paths. In addition, he points out why these distinctions are crucial in understanding spiritual experiences and altered states of consciousness. In a lengthy new introduction, the author brings the reader up to date on his latest integral thinking and concludes that, for the succinct and elegant way it argues for a sociology of depth, *A Sociable God* remains a clarion call for a greater sociology.

A Sociable God

After two volumes of autobiography, Hans Kung now writes a short personal statement of his Christian belief.

What I Believe

In this deeply learned book, poet and translator Robert Bly offers nothing less than a new vision of what it is to be a man. Bly's vision is based on his ongoing work with men and reflections on his own life. He addresses the devastating effects of remote fathers and mourns the disappearance of male initiation rites in our culture. Finding rich meaning in ancient stories and legends, Bly uses the Grimm fairy tale "Iron John," in which the narrator, or "Wild Man," guides a young man through eight stages of male

growth, to remind us of archetypes long forgotten-images of vigorous masculinity, both protective and emotionally centered. Simultaneously poetic and down-to-earth, combining the grandeur of myth with the practical and often painful lessons of our own histories, Iron John is a rare work that will continue to guide and inspire men-and women-for years to come.

The Perfect Marriage

Seeing the radiant face of Ma Anandamayi and hearing her laughter you guess that she is an incarnation of Joy. Touched by the caress of Her glance you know that her heart is overflowing with love for all beings. Listening to Her teaching so simple and clear you understand that She is in possession of all Wisdom. But one cannot say whether it is Joy, Love or Wisdom that is the source of all this for with Her all there are inextricably and indissolubly mingled one could not exist without the others. The joy which Ma anandmayi lives is not that which we know in worldly life, where pleasure and pain, hope, regret and disillusionment, attraction and repulsion follow on each other's heels, born one of another. Nor is it an egocentric calm of stoic rigidity that erects around itself a rampart of indifference. Hers is an overflowing, irrepressible joy that expresses itself in gaiety, that knows no obstacles, because it is deeply rooted in the Absolute, beyond the dualities of good and evil, of 'I' and 'not-I', of pleasant and unpleasant, because its unshakable base is Love and Wisdom.

Tertium Organum

This is the story of LSD told by a concerned yet hopeful father, organic chemist Albert Hofmann, Ph.D. He traces LSD's path from a promising psychiatric research medicine to a recreational drug sparking hysteria and prohibition. In LSD: My Problem Child, we follow Dr. Hofmann's trek across Mexico to discover sacred plants related to LSD, and listen in as he corresponds with other notable figures about his remarkable discovery. Underlying it all is Dr. Hofmann's powerful conclusion that mystical experiences may be our planet's best hope for survival. Whether induced by LSD, meditation, or arising spontaneously, such experiences help us to comprehend "the wonder, the mystery of the divine, in the microcosm of the atom, in the macrocosm of the spiral nebula, in the seeds of plants, in the body and soul of people." More than sixty years after the birth of Albert Hofmann's problem child, his vision of its true potential is more relevant, and more needed, than ever.

Iron John

The real story behind the Tavistock Institute and its network, from a popular conspiracy expert The Tavistock Institute, in Sussex, England, describes itself as a nonprofit charity that applies social science to contemporary issues and problems. But this book posits that it is the world's center for mass brainwashing and social engineering activities. It grew from a somewhat crude beginning at Wellington House into a sophisticated organization that was to shape the destiny of the entire planet, and in the process, change the paradigm of modern society. In this eye-opening work, both the Tavistock network and the methods of brainwashing and psychological warfare are uncovered. With connections to U.S. research institutes, think tanks, and the drug industry, the Tavistock has a large reach, and Tavistock Institute attempts to show that the conspiracy is real, who is behind it, what its final long term objectives are, and how we the people can stop them.

Life and Teaching of Sri Anandamayi Ma

This acclaimed volume is the first to provide a comprehensive overview of Jerzy Grotowski's long and multi-faceted career. It is essential reading for anyone interested in Grotowski's life and work. Edited by the two leading experts on Grotowski, the sourcebook features: *essays from the key performance theorists who worked with Grotowski, including Eugenio Barba, Peter Brook, Jan Kott, Eric Bentley, Harold Clurman, and Charles Marowitz *writings which trace every phase of Grotowski's career from his 'theatre of production' to 'objective drama' and 'art as vehicle' *a wide-ranging collection of Grotowski's own writings, plus an interview with his closest collaborator and 'heir', Thomas Richards *an array of photographs documenting Grotowski and his followers in action *a historical-critical study of Grotowski by Richard Schechner.

Claves del yoga

A favorite of spiritual seekers across generations and around the world, the classic devotional guide is now available in this beautiful gift edition. Here, Yogananda presents his clear conviction that we can know and speak with God directly, and receive divine responses to our prayers.

LSD, My Problem Child

An eye-opening biography of one of the most influential psychiatrists of the modern age, drawing from his lectures, conversations, and own writings. "An important, firsthand document for readers who wish to understand this seminal writer and thinker." —Booklist In the spring of 1957, when he was eighty-one years old, Carl Gustav Jung undertook the telling of his life story. *Memories, Dreams, Reflections* is that book, composed of conversations with his colleague and friend Aniela Jaffé, as well as chapters written in his own hand, and other materials. Jung continued to work on the final stages of the manuscript until shortly before his death on June 6, 1961, making this a uniquely comprehensive reflection on a remarkable life. Fully corrected, this edition also includes Jung's VII Sermones ad Mortuos.

Tavistock Institute

From the pulpits to the op-ed pages, several messages about religion in the U.S. are heard again and again: It's said that Americans are flocking to churches and other religious institutions in greater numbers than ever before, that non-Christian faiths are growing rapidly, and that a new religious fervor among the young is filling up the pews. All of these frequently heard messages are incorrect, according to this book. The book, by professors Barry A. Kosmin and Ariela Keysar of Trinity College in Hartford, Conn., is based on a major national survey which they conducted. The U.S. Census is prohibited from asking questions about religion, so this survey, the American Religious Identification Survey, contains the most complete and reliable source of data on religion in America today. This book argues that religion in America can best be understood as a product on offer in the marketplace of ideas. It says that "religious ferment in America is as strong as it has ever been, so whatever you learned about religion in the U.S. a generation ago is out of date."

An Open Letter to Confused Catholics

Drawing on insights from quantum physics, deep ecology, and the new cosmology, they articulate a new vision of liberating action. Hathaway and Boff lay out a path of spiritual renewal, ecological transformation, and authentic liberation.

The Grotowski Sourcebook

La Segunda Venida de Cristo, Vol. 3 is the last volume in this unprecedented masterwork of inspiration on the Four Gospels by Paramahansa Yogananda. The English edition: *The Second Coming of Christ* (\$58.00 ISBN:9780876125557) has sold over 50,000 copies. Sales of *La Segunda Venida de Cristo* are expected to be strong. Yogananda's commentary is truly revelatory and timely, delving into the real meaning of Jesus' teachings, takes the reader on a revelatory journey, verse by verse, through the four Gospels. Dispelling centuries old misconceptions and dogma, this monumental work is destined to leave an indelible mark on the way the world views the teachings of Jesus Christ. Topics covered in depth include: Baptism The Holy Ghost Meditation Forgiveness of Sins Reincarnation Heaven and Hell Born Again Day of Judgment Resurrection

How You Can Talk with God

This is a translation of one of Guenon's most significant works. It contains chapters with titles such as: *The Science of Letters*; *Symbolic Weapons*; and *The Symbolism of the Zodiac among the Pythagoreans*. The work aims to give new meaning to so many of the objects involved in daily life.

Memories, Dreams, Reflections

This extraordinary treatise explores parallel passages from the Bible and the Hindu scriptures to reveal the essential unity of all religions. Swami Sri Yukteswar is renowned as the revered guru of the great pioneer of yoga in the West, Paramahansa Yogananda (author of *Autobiography of a Yogi*). In this remarkable work - composed in the year 1894 at the request of the great Indian sage, Mahavatar Babaji - Sri Yukteswar outlines the universal path that every human being must travel to enlightenment. Religion in a Free Market

Deepak Chopra has written his most ambitious and important work yet -- an exploration of the idea that everyone can have the direct experience of divinity. According to Chopra, the brain is hardwired to know God. The human nervous system has seven biological responses that correspond to seven levels of divine experience. These are shaped not by any one religion, but by the brain's need to take an infinite, chaotic universe and find meaning in it. As we make sense of the swirling "quantum soup"

The Tao of Liberation

A comprehensive examination of seventy-one forms of occult activity, their effect, and deliverance from them through victory in Christ.

La Segunda Venida de Cristo, Volumen III: La Resurreccion del Cristo Que Mora En Tu Interior = the Second Coming of Christ

DigiCat Publishing presents to you this special edition of "Letters to Malcolm: Chiefly on Prayer" by C. S. Lewis. DigiCat Publishing considers every written word to be a legacy of humankind. Every DigiCat book has been carefully reproduced for republishing in a new modern format. The books are available in print, as well as ebooks. DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature.

Hidden Heart of the Cosmos

Shortly after the conquest of Granada in 1492 by the Catholic kings, Muslim subjects in Spain became known derogatorily as Moriscos, Moros, Muhammadans, Hagarans, and Saracens, despite the fact that they were forced to accept the sacrament of baptism. They were relegated to the margin of Christian society, considered aliens in their own land, and subjected to strictures and persecution. In turn, the Moriscos developed their own attitude, which they expressed in an extensive literature in *Aljamiado*, their Spanish dialect written in Arabic script. This literature was for the most part inspired by Arabic models reiterating Islamic values through the vehicles of history, legends, epic tales, stories, wisdom sayings, and sorcery. Written mostly during the fifteenth and sixteenth centuries, *Aljamiado* literature is significant for the study of cultural change. *Islam and the West: The Moriscos* is the first comprehensive study of this long-neglected subject. Chejne surveys and analyzes the self-expression of the Moriscos and assesses their status as a minority struggling for survival, placing them in the social context of ideological conflict, the clash of religions and cultures, and differing perceptions. This book provides a more complete picture of the literatures and cultures of medieval Spain.

Fundamental Symbols

"Today's Christians are largely ignorant of Satan's evil. It's why multitudes of Christians are tormented with fears, bound by addictions and sins, and torn by relationship problems. But God has given you the ultimate victory... Osteen teaches you how to have power over the enemy when the Tempter comes, how Jesus dealt with temptation, how to engage in spiritual warfare, how to demonstrate Satan's defeat, how to live a life of victory, and so much more"--Dust jacket.

The Holy Science

In the spring of 1935 Dietrich Bonhoeffer returned from England to direct a small illegal seminary for the Confessing Church. The seminary existed for two years before the Gestapo ordered it closed in August 1937. This volume includes bible studies, sermons, and lectures on homiletics, pastoral care, and catechesis, giving a moving and up-close portrait of the Confessing Church in these crucial years—the same period during which Bonhoeffer wrote his classics, *Discipleship* and *Life Together*.
