The major question to ask is what am I BECOMING

Design your OWN LIFE PLAN

You cannot change your destination overnight

If you're not willing to risk the unusual you'll have to settle for the ordinary

You're not a tree!

Either you run the day or the day runs you

Discipline is EVERYTHING

Imagination is more important than knowledge.

Imagination is everything. It is the preview of life's coming attractions.

we cannot create anything new.

Imagination is the preview of life's coming attractions

there are no limits.

no limit to how high we could soar

We need to let go of our need to fit in...

and we must imagine the life we really want.

We only get one shot at this miracle of human life.

stuff their dreams in the closet

It really is that simple.

It really is a choice...

Very few of us believe we are a walking miracle.

They say the only things guaranteed in life are death and taxes.

No matter what or who the opposition

and true to what is right.

Do the right thing by others.

Live your life with purpose

We cannot solve our problems with the same thinking we used

Insanity: doing the same thing over and over again

we must try new things.

But if life is not going the way you planned

a different approach.

Never stop learning

You will find a way.

A person who never made a mistake never tried anything new.

Don't let anyone discourage you because of mistakes.

The important thing is not to stop questioning.

Never stop questioning everything in your life.
