Lost Ships

This lavishly illustrated volume documents the stories behind the most fascinating and historically significant shipwrecks of all time, brought to life by a world-class maritime archaeologist. 250 illustrations, many in color.

The Atlas of Shipwrecks & Treasure

This is a comprehensive illustrated guide to ships lost at sea and the treasures they have yielded, from Roman ships laden with bronze statues to the gold-carrying blockade runners of World War II.

Lost Treasure Ships of the Twentieth Century

This lavishly illustrated profile of 18 of the greatest shipwrecks of our century is filled with intriguing accounts of lost treasure, dramatic sinkings, heroic feats of survival, and technically sophisticated salvage operations. 160 photos, many in color. 18 maps.

The Titanic and Other Lost Ships

History meets archaeology in this fantastic book. Uncover the secrets behind the world's lost towns, tombs shipwrecks and treasures. Find out how archaeologists discovered these priceless finds and uncover captivating historical facts. Transport yourself back through time and be blown away with what you can discover. Experience the life and times of the past with every page turn. Through engaging photography and detailed animation, historical events and figures can jump off the page and into the minds of young readers. These four subject areas are placed in context by their own timeline, whilst the glossary helps the reader to develop their understanding of new and unfamiliar terms.

Sea Search

Sea stories taken from the archives of Treasure Seekers magazine document the demise of lost ships, the horror of sea tragedy and the lure of mysterious hidden treasure.

Treasures of the Spanish Main

This is a story about the lust for gold and treasure," Fine writes. In the 1600s and 1700s, Spain dominated the oceans with its fleet of galleons. Coming to the New World, these ships filled their holds with gold and silver and treasures beyond imagining. The seaway between Spain and the New World was dubbed The Golden Highway. On their journeys back across the seas, many were wrecked on reefs or destroyed by hurricanes. The watery depths now hold their treasures. Today, treasure divers seek their fortunes by attempting--sometimes successfully, sometimes fatally--to retrieve these hordes of riches. In *Treasures of the Spanish Main*, readers relive each voyage of long ago as well as witness the modern wreck diver's efforts to extract their secrets. Included are: The 1622 fleet * The Concepcion * The Maravillas * The Shipwreck off Jupiter Beach * The San Jose * the 1715 Fleet * and the 1733 Fleet. The voyages of centuries ago come alive with Fine's excellent historical detail. Readers will experience the wild storms and the results of unfortunate choices made by long-ago sailors. The eccentric treasure hunters of today, along with those of the past, create a mosaic of suspense and drama on the high seas. A must for everyone interested in pirates, treasure, sailing, history, or just plain fun.

The Complete Idiot's Guide to Sunken Ships and Treasures

Provides information about some of the most famous shipwrecks, including the Titanic, the Mary Rose, and the HMS Bounty, while offering tips on where to find the treasures from these sunken ships.

Thomas & Friends Fall 2015 Movie

Buried treasure, a lost ship and a wily modern-day pirate are the exciting elements in this Step Into Reading, Step 1 leveled reader that is based on the brand-new Thomas & Friends movie, Sodor's Legend of the Lost Treasure.

The Lost Ship (Thomas and Friends)

This unique book encompasses in a single volume data including lists of ships and ship types in the service of King James I and Charles I, as well as the East India Company. The bare facts are enlivened by logs and narratives from shipwreck survivors relating the perils of seeking the Northwest Passage or sailing to India. The author has found that many facts have been distorted on informative websites as a result of incomplete and embellished information. This book attempts to correct those errors. For each of the wrecks contained in this book, Mr. Taylor has attempted, if the wording of the documents is ambiguous, to determine the fate of these ships based on only the facts as they were recorded at the time. If in doubt, he would explain his reasoning. In his efforts to collect and share all sailing and wreck-related data in this volume, Mr. Taylor has reviewed hundreds of electronic and hard-copy manuscript archival collections and travelled to view rare and wonderful, sometimes hand-illuminated, manuscripts that have not been digitized. However, as much as he would like to believe he has uncovered everything, it is easy to imagine that more details could come to light at some time. Treasure has different meanings to different people. Some of these wrecks contain Spanish reales ("pieces of 8"), jewels, gold and silver bars that could not be recovered at the time and have since been forgotten. Written records of such events were reviewed by fewer people over the centuries and ended up buried in dark archives, until now. But some of us define treasure as knowledge, ensuring that facts are presented correctly to future generations. This is the goal Mr. Taylor strives for in these volumes.

Ships and Shipwrecks of the Early Stuart Dynasty

Account of the rich trading history of the Spice Route. Attracting thousands of ships, shipwrecks & the treasures that still lie undisturbed beneath the waters of Southeast Asia.

The Atlas of Shipwreck and Treasure

The vast hidden world of sunken treasure. With less than 2% of the world's ocean depths explored to date, a myriad of unimagined mysteries and treasures await discovery. *Treasure Lost at Sea* chronicles the excitement of underwater archaeology and search for treasure. The book recounts the major periods and geographic locations of shipwrecks. Chapters include: The classical world Scandinavian shipwrecks The age of discovery The Spanish galleons Bermuda, graveyard of ships Privateers, pirates and mutineers Deep-water shipwrecks (Bismarck, Titanic, and others) Port Royal: The sunken city The lively text details the potential treasure as well as the political turf wars, technological limitations, and forces of nature that threaten any mission's success. Humanity's long history of exploration, civilization,

trade and war is littered with sunken vessels. Colorful and richly illustrated, *Treasure Lost at Sea* will inspire a new generation of underwater archaeologists.

Shipwrecks & Sunken Treasure in Southeast Asia

Based on the exceptional and fascinating eyewitness account of a seventeenth-century Spanish padre, Dave Horner's *Shipwreck* is the absorbing and true story of two immense galleons that were lost (along with hundreds of passengers and millions of pesos in treasure) to disasters at sea. *Shipwreck* is an extraordinary literary adventure which interweaves accounts of the many attempts throughout the past three centuries to recover the sunken treasure, including the recent discovery and salvage of one of the galleons by Dave Horner himself. *Shipwreck* is an outstanding history of true adventure on the high seas, past and present, which is wonderfully enhanced for the reader with 50 photographic illustrations, six maps, four line drawings, seven appendices, as well as bibliographies of archival sources, institutions, original documents or primary works, and a general listing of thematically appropriate titles for further suggested readings.

Treasure Lost at Sea

Tells the stories behind the discoveries of famous shipwrecks from around the world, introducing some of the people who have made the salvage of shipwrecks their life's work, describing ancient and modern underwater exploration techniques, and looking at many of the valuable artifacts that have been pulled from the deep.

Shipwreck

The seas of northern Europe are probably the most heavily traveled in recent millennia, and there are literally thousands of wrecks lying in what is relatively shallow water. Among these a significant proportion may be regarded as high-value--either in financial terms or because of their potential contribution to historical knowledge--but few have been precisely located. This book identifies 500 such sites, giving concise details of ship, voyage, cargo and current state of knowledge. This represents a large proportion of the most valuable wrecks in the designated area. The book is also introduced by twenty detailed case-studies of wrecks chosen to illustrate the range of problems--and rewards--likely to be encountered by anyone diving on these sites. These include a variety of ship types, from a Roman trading vessel to a German liner sunk in the Baltic by the Russians in 1945. Well written and heavily illustrated, this book is both a practical guide for divers and an entertainment for armchair adventurers.

The Search for Sunken Treasure

Perhaps the greatest of all treasures are those which were lost in sunken ships hidden undisturbed within the ocean bottoms. This story is about one of those long lost ships.

Lost Treasure Ships of the Northern Seas

Describes the search for shipwrecks and sunken treasure, from the Anegada Passage in the Caribbean to the area near Cape Horn at the tip of South America.

The Treasure of the San Marco

The author of *Hidden History* offers a fascinating tour through centuries of buried riches, stolen artifacts, and other true tales of treasure. The allure of treasure has captivated people for centuries. But is it purely a desire for wealth that draws us to tales of hidden riches, or is it also the romantic appeal of uncovering lost ancient artifacts? The stories behind the loss and recovery of ancient treasures often read like historical suspense fiction. In *Ancient Treasures*, readers discover the true histories of lost hoards, looted archaeological artifacts, and sunken treasures, including: The Sevso Treasure, a hoard of large silver vessels from the late Roman Empire—estimated to be worth \$200 million—looted in the 1970s and sold on the black market. The Amber Room, a chamber decoration of amber panels backed with gold leaf and mirrors, stolen by the Nazis in 1941 and brought to the castle at Königsberg in Russia, from which it disappeared. The fabulous wealth of Roman and Viking hoards buried in the ground for safekeeping, only to be unearthed centuries later by humble metal detectorists. The wrecks of the Spanish treasure fleets, whose New World plunder has been the target of elaborate salvage attempts by modern treasure hunters

Sunken Ships & Treasure

"In the 1500s, British ships plied the seas laden with precious spices, Spanish silver, war matériel, and adventurous souls. Many went to the bottom, leaving only tantalizing hints, sparse records and a few legends. This unique collection of logs, data and narratives from 1547-1603 brings them to life"--

Ancient Treasures

Track pirate gold and misplaced riches across 168 counties in this comprehensive guide to the lost treasures of Texas. Countless fortunes have disappeared into the vast expanse of the Lone Star State. The history of the coast is cluttered with shipwrecks like that of the 1554 Spanish fleet. Even when pirates such as Jean Laffite managed to get their ill-gotten gains ashore, their loot vanished just as completely as if it had sunk beneath the waves. Entire mines, including the ventures of Jim Bowie and San Saba Presidio, have been reclaimed by the earth. The unmarked caches of bandits like Jesse James and Pancho Villa still bedevil the dreams of treasure seekers today. W. Craig Gaines reveals what has been lost, what has been found and what remains to be recovered.

Ships and Shipwrecks of the Late Tudor Era

A dramatic period in the maritime history of England and Europe, in the late Tudor era sailors ventured far from shore for commerce and conquest. Taylor documents ship types and names, cargoes and weaponry, crew complements, storms and battles, with log entries and previously unpublished narratives and maps of possible wreck sites collected from the period 1547 to 1603.

Lost Texas Treasure: Sunken Ships, Rawhide Maps and Buried Plunder

A collection of fascinating true stories about the mysteries of hidden shipwrecks and lost treasure in the Great Lakes.

Ships and Shipwrecks of the Late Tudor Dynasty

A collection of fascinating true stories about the mysteries of shipwrecks and lost treasure in the Outer Banks.

Shipwrecks and Lost Treasures, Great Lakes

When you think of a shipwreck, what image springs to mind? A tall sailing ship on the rocks, or perhaps the sinking Titanic surrounded by lifeboats? Historian Richard M. Jones has put together 50 stories of lost ships throughout history that are among the most important, infamous and in some cases tragic ships in the whole of history. When did two liners collide and lead to one of the greatest rescues in history? How did a Scotsman become an American hero against his own country? Which warship sank with gold bullion on board during the Second World War? This book tells the story of these fascinating cases plus many more, explores the largest shipwrecks, the treasure wrecks and the ones that are talked about still as the most famous. Starting at the tiny island of Alderney in 1592, we take a journey through history, through the First and Second World Wars, into the age of the passenger ferry and finally to the modern day migrant issues in the Mediterranean Sea. Never before have these fifty wrecks come together in a book that really brings home to the reader just how many lost vessels there are, how deadly many can be and what this teaches us today about our own history.

Shipwrecks and Lost Treasures - Outer Banks

In more than 250 photographs, drawings, and illustrations, "America's Lost Treasure" chronicles the sinking and recovery of the "Central America"

The 50 Greatest Shipwrecks

From aerial survey to zoology, Part I of this two-part encyclopedia covers all aspects of underwater archeology, treasure hunting and salvaging. For example, entries are included for different types of artifacts, notable treasure hunters, the various salvaging equipment, and techniques in mapping and excavating. Part II covers the shipwrecks themselves, dividing them into 13 geographical categories. Beginning with the northernmost category (Canada) and ending with the southernmost (South America), every known shipwreck--both identified and unidentified--receives an entry in alphabetical order under its appropriate geographical category. Entries are by name, such as Andrea Gail, Titanic, and

Queen Ann's Revenge. Unidentified is used when a shipwreck's name remains unknown. Entries give the nationality (e.g., Spanish, British, American), type (schooner, frigate, brig are three), function (examples: slave transportation, piracy, fishing), location and history of the shipwreck.

America's Lost Treasure

Is there buried treasure on the Island of Sodor? Thomas isn't sure, but he's going to find out! But there are others out there hunting for the pirates' treasure too... whatever will happen if they find it first? Fans of Thomas & Friends can relive all the action from the hit movie in this action-packed storybook!

Encyclopedia of Western Atlantic Shipwrecks and Sunken Treasure

A riveting history and maritime adventure about priceless masterpieces originally destined for Catherine the Great. On October 1771, a merchant ship out of Amsterdam, *Vrouw Maria*, crashed off the stormy Finnish coast, taking her historic cargo to the depths of the Baltic Sea. The vessel was delivering a dozen Dutch masterpiece paintings to Europe's most voracious collector: Catherine the Great, Empress of Russia. Among the lost treasures was *The Nursery*, an oak-paneled triptych by Leiden fine painter Gerrit Dou, Rembrandt's most brilliant student and Holland's first international superstar artist. Dou's triptych was long the most beloved and most coveted painting of the Dutch Golden Age, and its loss in the shipwreck was mourned throughout the art world. *Vrouw Maria*, meanwhile, became a maritime legend, confounding would-be salvagers for more than two hundred years. In July 1999, a daring Finnish wreck hunter found *Vrouw Maria*, upright on the sea floor and perfectly preserved. *The Tsarina's Lost Treasure* masterfully recounts the fascinating tale of *Vrouw Maria*—her loss and discovery—weaving together the rise and fall of the artist whose priceless masterpiece was the jewel of the wreckage. Gerald Easter and Mara Vorhees bring to vivid life the personalities that drove (and are still driving) this compelling tale, evoking Robert Massie's depiction of Russian high politics and culture, Simon Schama's insights into Dutch Golden Age art and art history, Gary Kinder's spirit of, danger and adventure on the beguiling Archipelago Sea.

Sodor's Legend of the Lost Treasure Thomas Movie Storybook

Shares stories of shipwrecks, including the Titanic, the Mary Rose, and the Monitor.

Clive's Lost Treasure

"Titanic meets Tom Clancy technology" in this national-bestselling account of the SS *Central America's* wreckage and discovery (People). September 1875. With nearly six hundred passengers returning from the California Gold Rush, the side-wheel steamer SS *Central America* encountered a violent storm and sank two hundred miles off the Carolina coast. More than four hundred lives and twenty-one tons of gold were lost. It was a tragedy lost in legend for more than a century—until a brilliant young engineer named Tommy Thompson set out to find the wreck. Driven by scientific curiosity and resentful of the term "treasure hunt," Thompson searched the deep-ocean floor using historical accounts, cutting-edge sonar technology, and an underwater robot of his own design. Navigating greedy investors, impatient crewmembers, and a competing salvage team, Thompson finally located the wreck in 1989 and sailed into Norfolk with her recovered treasure: gold coins, bars, nuggets, and dust, plus steamer trunks filled with period clothes, newspapers, books, and journals. A great American adventure story, *Ship of Gold in the Deep Blue Sea* is also a fascinating account of the science, technology, and engineering that opened Earth's final frontier, providing "white-knuckle reading, as exciting as anything . . . in *The Perfect Storm*" (Los Angeles Times Book Review). "A complex, bittersweet history of two centuries of American entrepreneurship, linked by the mad quest for gold." —Entertainment Weekly "A ripping true tale of danger and discovery at sea." —The Washington Post "What a yarn! . . . If you sign on for the cruise, go in knowing that you're going to miss meals and a lot of sleep." —Newsweek

The Tsarina's Lost Treasure

Chronologically arranged descriptions cover such shipwrecks as ancient Phoenician merchant ships, Roman galleys, Chinese trading vessels, and the Bismark

The Sinking of the Titanic and Other Shipwrecks

Rule number 27: Don't trust the weird Sisters. Or maybe it's don't steal from gangsters. Either way...words to live by. The Lyra is safe. And so is Alek Wa's secret. His mission is over, and he can

leave the ship. But he's not sure he wants to. And when the Sisters of Elazir drop them into the Green Zone, Alek's stomach sinks. The last time he was here, he fled with his life and barely got away. Rebeka Mino isn't happy to be in the Green Zone, ruled by gangsters and reprobates. She can survive it though — she's been there before. But then things go from bad to worse: her ex shows up with a treasure map to a fabled ship. With the Lyra back in working order, Tink has no desire to chase after mythical treasure ships. She wants life to get back to normal: odd jobs, the occasional salvage and tinkering in her engine room. But with her secret exposed and unwelcome guests, she doubts if things can ever go back to normal...and Alek Wa is still onboard. When the gangsters start shooting, their only escape might be to find a lost ship in a dark grave. Can Alek outrun his past? Can Rebeka's ex survive their reunion? Can they uncover the mystery ship and its treasure? Most importantly, can they get out with their lives? Find out in this edge-of-your-seat sequel to *A Dead Ship in the Deep Black*!

Ship of Gold in the Deep Blue Sea

Buried treasure, a lost ship, and a wily modern-day pirate are the exciting elements of a brand-new Thomas & Friends movie, "*Sodor's Legend of the Lost Treasure*." This ebook is based on the Little Golden Book retelling of the movie story and will thrill train-obsessed boys and girls ages 2 to 5.

The Search for Sunken Treasure

Discusses buried treasures along the Atlantic coast, describing the types of treasures and attempts to retrieve them

A Lost Ship in a Dark Grave

Molly Coolridge is surprised when she receives a diary written in a code taught to her by her late husband during their courtship. Curious, Molly begins to unravel a fascinating story written by the captain of a British ship that sunk a Spanish merchant vessel off Canada's west coast in 1811. The ship was filled with gold and apparently the captain, her husband's ancestor, was up to some pretty unsavoury business. Could the diary be authentic? If so, had anyone found the treasure? These were only some of the questions Molly and her son, Ben, ask themselves as they prepare to begin their archival hunt for records to verify this strange story. Meeting Amy, a young history teacher visiting from Canada, they discover she has some useful information and contacts and invite her along. She tells them that this area of the Pacific Coast is known as the 'Graveyard of the Pacific' due to the strong currents and wild weather that has always played havoc with shipping and caused thousands of known shipwrecks throughout history. With international and historical flavour, utilizing some well-known facts concerning the Spanish government's continued thirst for knowledge of their lost ships, the authors weave an entertaining and exciting tale of modern treachery, romance and mystery as two conniving factions battle it out to be the first to locate the treasure ship. Diverse characters, a thought-provoking story with real locations and an element of the Keystone Cops will have you eagerly turning the pages. Having revived his early style of a plot riddled with drama and intrigue, as in his first popular series, the 4-book 'Lizzie Series,' Whittle has once again received rave reviews delighting both new readers and loyal fans (teen to older adult). 'Race for a Treasure' is a particular favourite among male readers.

Sodor's Legend of the Lost Treasure (Thomas & Friends)

The Treasure Galleons
