Four Past Midnight - Stephen King

1 Jan 1990 — Stephen King ... At midnight comes the point of balance. Of danger. The instant of utter stillness when between two beats of the heart, an alternative reality can slip through, like a blade between the ribs, and switch you into a new and terrifying world.

BOOK REVIEW: FOUR PAST MIDNIGHT BY STEPHEN KING

The #1 New York Times bestseller—four chilling novellas from Stephen King that will “grab you and not let go” (The Washington Post). Three Past Midnight: "The Library Policeman" is set in Junction City, Iowa, an unlikely place for evil to be hiding. But for small businessman Sam Peebles, who thinks he may be losing his mind, another enemy is hiding there as well--the truth. If he can find it in time, he might stand a chance.

Four Past Midnight

24 Mar 2013 — They discover the plane passed through a rip in time and are stuck in the past. They survived because they were asleep. They need to find a way to go back through the time rip and return to the present. It won't be easy because The Langoliers, strange creatures who devour the past are closing in.

Review: Four Past Midnight | literaryelephant - WordPress.com

26 Nov 2013 — It's a great idea, with the execution both grounded and terrifying. Several of our natural fears are preyed upon – flying, being alone, creatures with scary teeth – but there's a great second level of terror being worked into the story: the fear of losing (or wasting) time.
