Close to the Bone

"A thrilling journey. . . . A must-read." Freida Pinto "How fortunate a thing it is, when life alters you without warning." Lisa Ray is one of India's first supermodels. She's also an acclaimed actor, a cancer survivor, a mother of twins born through surrogacy, a lifelong student, and a person of no fixed address. She is a woman who has lived many lives. And this is her story. Unflinching and deeply moving, Close to the Bone traces Lisa Ray's serendipitous life, from her childhood in Canada as the biracial daughter of an Indian man and Polish woman, to her rise as a Bollywood star; from her battle with a rare and incurable cancer, to her journey to find identity and belonging, both in the world and in her own body. Transporting and atmospheric, it takes readers across the globe: Toronto in the 1970s, when Lisa was searching for place and purpose; the intense, frenetic streets of Bombay, where, young and unmoored, she became a peer of some of the biggest names in the Bollywood industry; the lush sensuality of Colombo and a film role that changed the course of her career; and in London, where she simultaneously found her footing in drama school and lost herself in an abusive relationship. It is a storied life, and one whose adventures teach Lisa that in the brightest and darkest moments, no matter where she travels to, she can always find her way back home—to herself. At once charming and wise, intimate and gut-wrenchingly honest, Close to the Bone is a revealing travelogue of the soul—a brave and inspiring story of a life lived on one's own terms.

The Unbroken Beauty of Rosalind Bone

'Small Things Like These meets Under Milk Wood - this slim but devastating novel captures an entire village, an entire world, and the many ways in which a woman can be trapped. A real gem.' RUTH GILLIGAN, author of *The Butchers* A wonderful novella, full of atmosphere and feeling' SARA BAUME, author of *A LINE MADE BY WALKING* 'Beautiful, incredibly painterly and full of breathtaking details. A devastating portrait of a particular place, which draws you in with its brutality and beauty' CARYL LEWIS, author of *DRIFT* 'Incredibly assured, carefully observed, full of heart. A quietly devastating read which lingers long after the final page' JAN CARSON, author of *THE RAPTURES*

Tucked into the Welsh valleys and encircled by silver birch and pine, the village of Cwmcysgod may appear a quiet, sleepy sort of place. But beneath the surface, tensions simmer, hearts ache, and painful truths threaten to emerge. Sixteen-year-old Catrin Bone knows only what she has been told. Now, she is beginning to question her small world, and a version of the past that seems to entrap and embitter her reclusive mother, Mary. Mary had a sister once, a girl of unparalleled beauty. Why did she disappear from the village in a shroud of shame all those years ago - and where is she now? Meanwhile the Clements brothers, skint and all out of hope, run rampant across the hills and lanes. And old Dai Bevel, whose frailty masks a dark history, dreams of a girl he used to know... The sins of the past are approaching, for it takes a village: to raise a child, to bring down a woman, to hide something monstrous and to look the other way. In this tender, sly, exquisitely wrought novella, a unique cast of characters give voice to their versions of the truth. But it is the story of Rosalind Bone, of her strength and of all that she has endured, that rises above the rest, shimmering with hope and possibility...

Red at the Bone

A NEW YORK TIMES BESTSELLER A NEW YORK TIMES NOTABLE BOOK OF THE YEAR "A spectacular novel that only this legend can pull off." -Ibram X. Kendi, #1 New York Times-bestselling author of *HOW TO BE AN ANTIRACIST*, in *The Atlantic* "An exquisite tale of family legacy....The power and poetry of Woodson's writing conjures up Toni Morrison." – People "In less than 200 sparsely filled pages, this book manages to encompass issues of class, education, ambition, racial prejudice, sexual desire and orientation, identity, mother-daughter relationships, parenthood and loss....With *Red at the Bone*, Jacqueline Woodson has indeed risen — even further into the ranks of great literature." – NPR "This poignant tale of choices and their aftermath, history and legacy, will resonate with mothers and daughters." –Tayari Jones, bestselling author of *AN AMERICAN MARRIAGE*, in *O Magazine* An unexpected teenage pregnancy pulls together two families from different social classes and explores their histories — reaching back to the Tulsa race massacre of 1921 -- and exposes the private hopes, disappointments, and longings that can bind or divide us from each other, from the New York Times-bestselling and National Book Award-winning author of *Another Brooklyn* and *Brown Girl Dreaming*. Moving forward and backward in time, Jacqueline Woodson's taut and powerful new novel uncovers the role that history and community have played in the experiences, decisions, and relationships of these families, and in the life of the new child. As the book opens in 2001, it is the evening of sixteen-year-old Melody's coming of age ceremony in her grandparents' Brooklyn brownstone. Watched lovingly by her relatives and friends, making her entrance to the music of Prince, she wears a special custom-made dress. But the event is not without poignancy. Sixteen years earlier, that very dress was measured and sewn for a different wearer: Melody's mother, for her own ceremony-- a celebration that ultimately never took place. Unfurling the history of Melody's family — reaching back to the Tulsa race massacre in 1921 -- to show how they all arrived at this moment, Woodson considers not just their ambitions and successes but also the costs, the tolls they've paid for striving to overcome expectations and escape the pull of history. As it explores sexual desire and identity, ambition, gentrification, education, class and status, and the life-altering facts of parenthood, *Red at*

the Bone most strikingly looks at the ways in which young people must so often make long-lasting decisions about their lives--even before they have begun to figure out who they are and what they want to be.

She is Beautiful recaptures the very essence of true beauty through the eyes of a loving God. It addresses the struggles women of color have in today's society as they seek the confidence and boldness to be authentic and appreciative of their cultural differences. The author points them back to their Creator and reminds them of His loving intent for their good. This small but potent book is perfect for recalibrating your view of self through the eyes of a God who affectionately calls us His beloved. The author states, "The Beauty of a woman can be described in Adam's examination of Eve, "And Adam said, this is now bone of my bones, and flesh of my flesh: she shall be called Woman, because she was taken out of Man." (Genesis 5:23 KJV). What Adam saw looking back at him was so intimate and personal; he describes her as bone of my bone flesh of my flesh. I believe in that moment he saw

more than just her outward beauty; Adam saw the essence of who Eve was. Adam saw her worth at first glance, and the fact she was made for him. That she..... woman was a priceless jewel, he saw her fullness. Here she stood the mother of all creation a great and marvelous mystery. Through this creature man would be born. Throughout time she would fulfill her role in creation becoming the help meet God intended for Adam. In Unity, they would rule with dominion and power over this world. Staring back at him, Adam saw something so deep and profound; this beautiful Eve could become a birthing station for all the Kingdom of God. As we take this journey together I want us to understand as women we were created for a very specific reason. viii In your DNA lies the ability to create, not only from a natural standpoint of bringing life into this world but we also have a spiritual womb which nurtures the things and ideas of God to help bring forth the Kingdom of God. Within you, you can birth nations all for the glory of God. You possess the tenacity to travail and bring the very will of God into fruition. It is time for us to rise and understand this beautiful mystery, the mystery of her beauty!" You are beautiful to God, He intended it to be that way!

From the bestselling, award-winning David Almond comes a book of hope and joy: under a boundless starry sky, the unforgettable Sylvia Carr finds out what it means to be brave. For readers of Michael Morpurgo and Katherine Rundell, from the author of the beloved Skellig. She felt like a ghost. She woke in the night. What was that music? Sylvia has never been so far away. Her mother has brought her to this village, this place of silence and dark, endless forest, and she yearns for the city, the bright lights, her friends, even a phone signal. Late one night she hears the music, a weird jagged spiralling sound. It is played by Gabriel, a troubled, beautiful boy. Gabriel uses the strangest of flutes, a hollow bone. Play it well enough, he says, and you cross the borders between the living and the dead. Sylvia knows she'll follow him into the depths of the forest. But will they ever find their way out again? Praise for David Almond: "A master storyteller." Independent "Spell-binding... impossible to resist... breathless,

intoxicating prose. [Almond's] books seem to exist in their own otherworldly universe, outside all the trends in modern publishing, yet resolutely of the now." Glasgow Herald "David Almond's books are strange, unsettling wild things - unfettered by the normal constraints of children's literature. They are, like all great literature, beyond classification." Guardian "[David Almond] is that rare thing - a writer of lucid, mature elegance, who can still see the world through adolescent eyes." Daily Telegraph

The Healthy Skeptic explores who these health promoters are—from journalists and celebrities to industry-funded groups and consumer activists—what their motives are, and how they are spinning us in ways we often don't realize. This treasure trove of little-known facts, written by a seasoned health reporter, provides invaluable tips, tools, and resources to help readers think more critically about what they're being told. Becoming a healthy skeptic is vital, Davis argues, because following the right advice can have a profound impact on overall health and longevity. IN TEN ENTERTAINING CHAPTERS, ROBERT J. DAVIS DISCUSSES: * Diets and why they don't work * Dietary supplements * The campaign to reduce cholesterol * Celebrity exhortations to "get tested" * Sunscreen and its promoters' claims * The antichemical activists

Fast, funny, always near the knuckle. The best kind of food writing - it makes you hungry' Elizabeth Luard 'While all good food writers are humorous, few are so riotously, effortlessly entertaining as Ruth Reichl. [She] is also witty, fair-minded, brave, and a wonderful writer' *New York Times Review of Books* At an early age, Ruth Reichl discovered that 'food could be a way of making sense of the world. If you watched people as they ate, you could find out who they were.' Her deliciously crafted memoir, *Tender at the Bone*, is the story of a life determined, enhanced, and defined in equal measure by a passion for food, unforgettable people and the love of tales well told. Beginning with Reichl's mother, the notorious food poisoner known as the Queen of the Mold, Reichl introduces us to the fascinating characters who shaped her world and her tastes, from the gourmand Monsieur du Croix, who served Reichl her first soufflé, to those at her politically correct table in Berkeley who championed the organic food revolution in the 1970s. Spiced with Reichl's infectious humour and sprinkled with her favourite recipes, *Tender at the Bone* is a witty and compelling chronicle of a culinary sensualist's coming-of-age.

As Evie grows stronger there remains one problem her new parents can't fix for her: a revenge that must be taken. And it seems that the Dragon is the one to take it. Sofi and the Bone Song

A riveting, scandle-filled biography of the most famous nude model in America, Audrey Munson (1891-1996) whose beauty brought her extraordinary success and great tragedy. Many readers will recognize Audrey Munson, even without knowing her name. She was America's first supermodel. Munson's beauty, though, was also her curse, exactly as a fortune teller predicted in her youth. Her looks won her entry to high society, but at a devastating cost. In 1919 she became a recluse, eventually being admitted to an asylum where she remained until her death. This is her story.

The Curse of Beauty

Finalist for the Shirley Jackson Award: "Beautiful and brutal nightmares . . . made all the more terrifying by the history in which they're grounded." —Publishers Weekly, starred review Three neighboring villages on the Ukrainian/Romanian border are the final refuge for the last of the mythical creatures of Eastern Europe. Now, on the eve of the war that may eradicate their kind—and with the ruthless Night Police descending upon their sanctuary—they tell their stories and confront their destinies. The Rusalka, the beautiful, vengeful water spirit who lives in lakes and ponds and lures men and children to their deaths. The Vovkulaka, who changes from her human form into that of a wolf and hides with her kind deep in the densest forests. The Strigoi, a revenant who feasts on blood and twists the minds of those who love, serve, and shelter him. The Drevniye, an apparition that impersonates its victim and draws him into a web of evil in order to free itself. And the Bone Mother, a skeletal crone with iron

teeth who lurks in her house in the heart of the woods, and cooks and eats those who fail her vexing challenges. Bone Gap

Featuring “Good Bones”—called “Official Poem of 2016” by the BBC/Public Radio International. Maggie Smith writes out of the experience of motherhood, inspired by watching her own children read the world like a book they've just opened, knowing nothing of the characters or plot. These are poems that stare down darkness while cultivating and sustaining possibility, poems that have a sense of moral gravitas, personal urgency, and the ability to address a larger world. Maggie Smith's previous books are *The Well Speaks of Its Own Poison* (Tupelo, 2015), *Lamp of the Body* (Red Hen, 2005), and three prize-winning chapbooks: *Disasterology* (Dream Horse, 2016), *The List of Dangers* (Kent State, 2010), and *Nesting Dolls* (Pudding House, 2005). Her poem “Good Bones” has gone viral—tweeted and translated across the world, featured on the TV drama *Madam Secretary*, and called the “Official Poem of 2016” by the BBC/Public Radio International, earning news coverage in the *New York Times*, *Washington Post*, *Slate*, the *Guardian*, and beyond. Maggie Smith was named the 2016 Ohio Poet of the Year. “Smith's voice is clear and unmistakable as she unravels the universe, pulls at a loose thread and lets the whole thing tumble around us, sometimes beautiful, sometimes achingly hard. Truthful, tender, and unafraid of the dark....”—Ada Limón “As if lost in the soft, bewitching world of fairy tale, Maggie Smith conceives and brings forth this metaphysical Baedeker, a guidebook for mother and child to lead each other into a hopeful present. Smith's poems affirm the virtues of humanity: compassion, empathy, and the ability to comfort one another when darkness falls. ‘There is a light,’ she tells us, ‘and the light is good.’”—D. A. Powell “Good Bones is an extraordinary book. Maggie Smith demonstrates what happens when an abundance of heart and intelligence meets the hands of a master craftsperson, reminding us again that the world, for a true poet, is blessedly inexhaustible.”—Erin Belieu
