Juggalo

Juggalo: Insane Clown Posse and the World They Made is a vivid journey into the heart of a misunderstood subculture. Through firsthand reporting, including interviews with Violent J and Shaggy 2 Dope of the Insane Clown Posse, their friends and family, and numerous devoted fans, *Juggalo* explores the lives of the proud outsiders who are frequently labeled as a threat or dismissed as a joke. Author and journalist Steve Miller follows ICP across America, hanging out with Juggalos before and after shows, at the legendary annual Gathering of the Juggalos, and at work and home to share their stories. In addition, *Juggalo* dives deep into the FBI's misguided assault on Juggalo culture and the misidentification of this devoted group of horrorcore fans as a gang. *Juggalo* is also the chronicle of two hard-luck kids from Detroit who created an empire and became the unwitting stars of a uniquely American grassroots success story. Without the help of radio airplay and with little love from the music industry establishment, ICP went platinum and fostered one of America's most durable subcultures. *Juggalo* is required reading for the hardcore fan and pop culture buff alike, a scrupulously researched account of a subculture unlike any other -- one that so shook the establishment it launched a federal investigation -- as well as a window into the world of the Juggalos and the singular mythology of their underworld apocalypse.

You Don't Know Me but You Don't Like Me

One of Rolling Stone's 20 Best Music Books of 2013 and one of Slate's Staff Picks for Best Books of 2013 The ebook edition now includes Nathan Rabin's "Extended Jam Session"—a two-part bonus chapter about what writing this book did to (and for) his life. The first part chronicles the author's melancholy yet hilarious excursion on the maiden voyage of the Kid Rock Chillin' the Most cruise, and the second part depicts the life lessons gleaned from getting sued by American Express over the charges the author racked up writing the book. The chapter sheds new light on a singular and unique exploration of personal and musical obsession and further highlights the book's theme of transcendence through utter, abject failure. When memoirist and former head writer for The A.V. Club Nathan Rabin first set out to write about obsessed music fans, he had no idea the journey would take him to the deepest recesses of both the pop culture universe and his own mind. For two very curious years, Rabin, who Mindy Kaling called "smart and funny" in *The New Yorker*, hit the road with two of music's most well-established fanbases: Phish's hippie fans and Insane Clown Posse's notorious "Juggalos." Musically or style-wise, these two groups could not be more different from each other, and Rabin, admittedly, was a cynic about both bands. But once he gets deep below the surface, past the caricatures and into the essence of their collective cultures, he discovers that both groups have tapped into the human need for community. Rabin also grapples with his own mental well-being—he discovers that he is bipolar—and his journey is both a prism for cultural analysis and a deeply personal exploration, equal parts humor and heart.

Juggalo Country

WHOOP! WHOOP! The Insane Clown Posse calls itself "the most hated band in the world," but with 11 million albums sold, the horrorcore hip hop duo from Detroit is a widespread music phenomenon with a cult following. This book is the story of Craven Rock's journey to their annual festival, the Gathering of the Juggalos, where legions of fans in clown makeup come together every year to attend this family-reunion-like event and enjoy musical celebrities, feats of wrestling, debauchery, and most of all, a supportive, tight-knit community. Juggalos gained the political spotlight in 2017, when thousands of fans marched on Washington, DC to protest their classification by the FBI as a violent gang. Dwarfing the pro-Trump rally at the same time and place, Juggalos proved themselves to be a growing voice of dissent for some of the most neglected parts of the United States. Rock's reporting casts a light on many contradictions and perils of Juggalodom, sensitively handling questions of gender, health, religion, and what it means to be part of something. Part festival-goer's journal, part music history, part

investigative report, part social commentary, Juggalo Country takes us into the heart of a much-derided and controversial movement and shows us the redemptive power of family and community.

Insulting Music

Insulting Music explores insult in and around music and demonstrates that insult is a key dimension of Western musical experience and practice. There is insult in the music we hear, how we express our musical preferences, as well as our reactions to settings and sites of music and music making. More than that, when music and insult overlap, the effects can both promote social justice or undermine it, foster connection or break it apart. The coming together of music and insult shapes our sense of self and view of other people, underlining and constructing difference, often in terms of race and gender. In the last decade, music's power dynamics have become an increasingly important concern for music scholars, critics, and fans. Studying musicians such as Frank Zappa, Nickleback, Taylor Swift, and the Insane Clown Posse, and musical phenomena such as musician jokes, the use of music to torture people, and the playing of music in restaurants, this book shows the various and contradictory ways insults are used to negotiate those existing dynamics in and around music.

ICP

Nights and Days in a Dark Carnival is Craven Rock's manically-researched delve into the world of the Juggalos, the clown-painted fans of the rap group Insane Clown Posse. After years of obsession with the culture, Rock travels as an undercover journalist to the Gathering of the Juggalos summer festival and takes a drug-addled, drunken, and sleazy descent into the Juggalos' world, along the way trying to figure out -first-hand what attracts people to this ever-growing subculture. Collected from hazy recollections, questionable memories, and awkward interviews, Nights and Days in a Dark Carnival is a wild ride that looks deeper into the phenomenon than anything that's come before. Rock participates in the debauchery, while also examining the intricately-linked elements of class, faith, violence, and internal marketing embedded within the culture and exploring what it all says about American culture as a whole. Nights and Days in A Dark Carnival is Craven Rock's first book. His work has appeared in Da Capo Press' Best Music Writing 2008, the Monarch Review, Razorcake and Avow. He also publishes his own zine, Eaves of Ass.

Nights and Days in a Dark Carnival

In life, Edgar Vincent always maintained one great passion -- himself. A semi-successful composer, his rock star lifestyle suited him well, and his narcissistic outlook ensured he was a man with few concerns. Callous comments, thoughtless promiscuity, binge drinking, and excess sufficient to shame Caligula were standard Saturday night fare. Sundays for Edgar had always been a painful haze of sickness and regret. So when Edgar finds himself in the cloudy planes of the afterlife on one particularly bleak Sunday morning, he determines that to find peace, he must put aside his ever-present hangover and try to figure out how he got to this point and where hes meant to be going now. But as Edgar makes his way through this surreal spiritual realm, he realizes that facing his death is hardly as difficult as facing himself. Heaven, however, presents Edgar with an unending smorgasbord of hedonistic delights, so hes in no particular hurry to change his self-serving ways. After all, considering hes already dead, what more could he possibly stand to lose?

Edgar's Worst Sunday

Frequently hilarious, sometimes disturbing, always entertaining, these fascinating stories of the chaos that lies on the fringe of our daily lives will have you wondering just what we're capable of. This updated edition of Lost at Sea includes the complete text of Frank: The True Story that Inspired the Movie. Jon Ronson has been on patrol with America's real-life superheroes and to a UFO convention in the Nevada desert with Robbie Williams. He's met a man who tried to split the atom in his kitchen and asked a conscious robot if she's got a soul. Fascinated by madness, strange behaviour and the human mind, Jon has spent his life exploring mysterious events and meeting extraordinary people. Collected from various sources (including the Guardian and GQ) Lost at Sea features the very best of his adventures. Portions of this book have appeared previously, in slightly different form, in Out of the Ordinary, What I Do, the Guardian and GQ.

Lost at Sea

Kent Russell's essays take him to society's ragged edges - the places where savagery and civilization collide. Perhaps among the misfits and the misunderstood - the losers, the hardcore, the alarming, the crazed, the downright frightening - he can find a way to reconcile his uneasy adult desires and his deepest childhood demons. He goes 'horrorcore' at a four-day music festival in Illinois. He spends a long weekend getting drunk with a man who claims he has conditioned his body to withstand the bites of the most venomous snakes. He finds a castaway on a tiny atoll off the coast of Australia. He explores the Amish obsession with baseball. Bristling with violence, tragedy and humour and wit, *I Am Sorry To Think I Have Raised A Timid Son* is a raw personal journey and an unforgettable portrait of masculinity in our time, by a ferociously brilliant and distinctive young voice in literary nonfiction.

I Am Sorry To Think I Have Raised A Timid Son

Detroit Rock City is an oral history of Detroit and its music told by the people who were on the stage, in the clubs, the practice rooms, studios, and in the audience, blasting the music out and soaking it up, in every scene from 1967 to today. From fabled axe men like Ted Nugent, Dick Wagner, and James Williamson jump to Jack White, to pop flashes Suzi Quatro and Andrew W.K., to proto punkers Brother Wayne Kramer and Iggy Pop, Detroit slices the rest of the land with way more than its share of the Rock Pie. *Detroit Rock City* is the story that has never before been sprung, a frenzied and schooled account of both past and present, calling in the halcyon days of the Grande Ballroom and the Eastown Theater, where national acts who came thru were made to stand and deliver in the face of the always hard hitting local support acts. It moves on to the Michigan Palace, Bookies Club 870, City Club, Gold Dollar, and Magic Stick -- all magical venues in America's top rock city. *Detroit Rock City* brings these worlds to life all from the guys and dolls who picked up a Strat and jammed it into our collective craniums. From those behind the scenes cats who promoted, cajoled, lost their shirts, and popped the platters to the punters who drove from everywhere, this is the book that gives life to Detroit's legend of loud.

Detroit Rock City

The electric spearhead of The Beatles meteoric rise; one half of the most creative and powerful song-writing partnerships ever; figurehead of peace and an icon of generations: John Lennon's adventure through life is an immortalised legend. *Lennon on Lennon* is Jeff Burger's dazzling digest of John Lennon's views on the world around him. Sharp, insightful, contrary, witty, opinionated or downright aggressive, these illuminating interviews and quotations open a window into the musician and the man, and the volatile culture in which he lived, and died. Most of this material has never been available in print; some has remained entirely hidden until now. Jeff Burger's meticulously researched book offers a truly unique and captivating glimpse into the mind and philosophy of one of the world's most complex and inspiring talents.

Lennon On Lennon: Conversations With John Lennon

Teenage Wasteland provides memorable portraits of "rock and roll kids" and shrewd analyses of their interests in heavy metal music and Satanism. A powerful indictment of the often manipulative media coverage of youth crises and so-called alternative programs designed to help "troubled" teens, *Teenage Wasteland* draws new conclusions and presents solid reasons to admire the resilience of suburbia's dead end kids. "A powerful book."—Samuel G. Freedman, *New York Times Book Review* "[Gaines] sheds light on a poorly understood world and raises compelling questions about what society might do to help this alienated group of young people."—Ann Grimes, *Washington Post Book World* "There is no comparable study of teenage suburban culture . . . and very few ethnographic inquiries written with anything like Gaines's native gusto or her luminous eye for detail."—Andrew Ross, *Transition* "An outstanding case study. . . . Gaines shows how teens engage in cultural production and how such social agency is affected by economic transformations and institutional interventions."—Richard Lachman, *Contemporary Sociology* "The best book on contemporary youth culture."—*Rolling Stone*

Teenage Wasteland

A short history of the earliest clowns -- The despicable rogue Mr. Punch -- The unnatural nature of the evil clown -- Coulrophobia: Fear of clowns -- Bad clowns of the Ink -- Bad clowns of the Screen -- Bad clowns of the Song -- The carnal carnival: Buffoon boffing and clown sex -- Creepy, criminal, and killer clowns -- Activist clowns -- Crazed caged carny clowns -- The phantom clowns -- Troll clowns and the future of bad clowns

Bad Clowns

Pop music surrounds us - in our cars, over supermarket speakers, even when we are laid out at the dentist - but how often do we really hear what's playing? Switched on Pop is the book based on the eponymous podcast that has been hailed by NPR, Rolling Stone, The Guardian, and Entertainment Weekly for its witty and accessible analysis of Top 40 hits. Through close studies of sixteen modern classics, musicologist Nate Sloan and songwriter Charlie Harding shift pop from the background to the foreground, illuminating the essential musical concepts behind two decades of chart-topping songs. In 1939, Aaron Copland published *What to Listen for in Music*, the bestseller that made classical music approachable for generations of listeners. Eighty years later, Nate and Charlie update Copland's idea for a new audience and repertoire: 21st century pop, from Britney to Beyoncé, Outkast to Kendrick Lamar. Despite the importance of pop music in contemporary culture, most discourse only revolves around lyrics and celebrity. Switched on Pop gives readers the tools they need to interpret our modern soundtrack. Each chapter investigates a different song and artist, revealing musical insights such as how a single melodic motif follows Taylor Swift through every genre that she samples, André 3000 uses metric manipulation to get listeners to "shake it like a Polaroid picture," or Luis Fonsi and Daddy Yankee create harmonic ambiguity in "Despacito" that mirrors the patterns of global migration. Replete with engaging discussions and eye-catching illustrations, Switched on Pop brings to life the musical qualities that catapult songs into the pop pantheon. Readers will find themselves listening to familiar tracks in new ways and not just those from the Top 40. The timeless concepts that Nate and Charlie define can be applied to any musical style. From fanatics to skeptics, teenagers to octogenarians, non-musicians to professional composers, every music lover will discover something ear-opening in Switched on Pop.

Switched on Pop

After discovering a dead body in an office bathroom, hungover job interviewee Rich "Bucko" Richardson becomes suspected of the murder. What he thinks is a quest to find the real killer turns into a weeklong romp through the wilds of Portland, Oregon, complete with bike-mounted cover bands, steampunk Makers, Juggalos, SuicideGirls, meth heads, so much absinthe, and an entire city made of books. After taking the Internet by storm, Jeff Parker and Erika Moen's dirty, funny murder mystery is now the most hilarious book in comic shops! *Includes brand-new strips, commentary, and info on the real-life inspirations for Bucko! *Best new webcomic of 2011!

Bucko

This book is about the life and times I shared while I worked for the Insane Clown Posse. This book takes a look into the crazy world I lived while I was employed by Psychopathic Records. All the tours, in-store tours, promotional work, and all other crazy outings such as the first four Gathering of the Juggalos, Big Ballas X-Mas Party, and Record Release Parties. Who the hell is Tom Dub? Is he a wrestler, an actor, or just a homie from way back. Loved by few and hated by many Tom Dub worked at Psychopathic Records for 6 years and was an original Psychopathic Warrior. Also for the first time Tom Dub reveals in depth what actually happened with Twiztid and Majik Records. With nothing to gain and nothing to lose Tom Dub opens up about drug addictions, and his mental health status. He let's you know why he took such a big chance with Majik Records and how that soured his relationship with Psychopathic Records.

The Weird Accordion to AI

The inspiration for the Play It Loud exhibition at the Metropolitan Museum of Art "Every guitar player will want to read this book twice. And even the casual music fan will find a thrilling narrative that weaves together cultural history, musical history, race, politics, business case studies, advertising, and technological discovery." —Daniel Levitin, Wall Street Journal For generations the electric guitar has been an international symbol of freedom, danger, rebellion, and hedonism. In Play It Loud, veteran music journalists Brad Tolinski and Alan di Perna bring the history of this iconic instrument to roaring life. It's a story of inventors and iconoclasts, of scam artists, prodigies, and mythologizers as varied and original as the instruments they spawned. Play It Loud uses twelve landmark guitars—each of them artistic milestones in their own right—to illustrate the conflict and passion the instruments have inspired. It introduces Leo Fender, a man who couldn't play a note but whose innovations helped transform the guitar into the explosive sound machine it is today. Some of the most significant social movements of the twentieth century are indebted to the guitar: It was an essential element in the fight for racial

equality in the entertainment industry; a mirror to the rise of the teenager as social force; a linchpin of punk's sound and ethos. And today the guitar has come full circle, with contemporary titans such as Jack White of The White Stripes, Annie Clark (aka St. Vincent), and Dan Auerbach of The Black Keys bringing some of the earliest electric guitar forms back to the limelight. Featuring interviews with Les Paul, Keith Richards, Carlos Santana, Eddie Van Halen, Steve Vai, and dozens more players and creators, *Play It Loud* is the story of how a band of innovators transformed an idea into a revolution.

Being Tom Dub

The New York Times bestselling author of *Love Her to Death* shares the true-crime story of a small-town Midwestern teenager murdered by her own friends. Sixteen-year-old Adrienne Reynolds couldn't unravel the twisted tangles of jealousy and domination complicating her new life in East Moline, Illinois. What began as a fresh start after a troubled home life in Texas ended with Adrienne's body charred, stuffed into garbage bags, and scattered. It seemed the work of hardened criminals, but the truth was far more astonishing: her own "best friends" choked Adrienne to death and cut her up. Now, master crime writer M. William Phelps recounts this horrific saga of teen lust and violence in every gripping detail. Praise for *Too Young to Kill* "Phelps is the Harlan Coben of real-life thrillers." —Allison Brennan, New York Times bestselling author of *Tell No Lies* Includes sixteen pages of revealing photos

Play It Loud

Gangs continue to commit criminal activity, recruit new members in urban, suburban, and rural regions across the United States, and develop criminal associations that expand their influence over criminal enterprises, particularly street-level drug sales. The most notable trends for 2011 have been the overall increase in gang membership, and the expansion of criminal street gangs' control of street-level drug sales and collaboration with rival gangs and other criminal organizations.

Too Young to Kill

A postmodern masterpiece about fraud and forgery by one of the most distinctive, accomplished novelists of the last century. *The Recognitions* is a sweeping depiction of a world in which everything that anyone recognizes as beautiful or true or good emerges as anything but: our world. The book is a masquerade, moving from New England to New York to Madrid, from the art world to the underworld, but it centers on the story of Wyatt Gwyon, the son of a New England minister, who forsakes religion to devote himself to painting, only to despair of his inspiration. In expiation, he will paint nothing but flawless copies of his revered old masters—copies, however, that find their way into the hands of a sinister financial wizard by the name of Reckitt Brown, who of course sells them as the real thing. Dismissed uncomprehendingly by reviewers on publication in 1955 and ignored by the literary world for decades after, *The Recognitions* is now established as one of the great American novels, immensely ambitious and entirely unique, a book of wild, Boschian inspiration and outrageous comedy that is also profoundly serious and sad.

2011 National Gang Threat Assessment

A memoir about a shy, bullied young man who gets through the trials and tribulations of life with the aid of the music and persona of the musician Prince.

The Recognitions

The extraordinary new Lucas Davenport thriller from the number one New York Times bestselling author and Pulitzer Prize-winner John Sandford. They call them Travelers. They move from city to city, panhandling, committing no crimes—they just like to stay on the move. And now somebody is killing them. Lucas Davenport's adopted daughter, Letty, is home from college when she gets a phone call from a woman Traveler she'd befriended in San Francisco. The woman thinks somebody's killing her friends, she's afraid she knows who it is, and now her male companion has gone missing. She's hiding out in North Dakota, and she doesn't know what to do. Letty tells Lucas she's going to get her, and, though he suspects Letty's getting played, he volunteers to go with her. When he hears the woman's story, though, he begins to think there's something in it. Little does he know. In the days to come, he will embark upon an odyssey through a subculture unlike any he has ever seen, a trip that will not only put the two of them in danger—but just may change the course of his life. Praise for John Sandford: 'Wry humour, a fully realized lead, and tense atmospherics . . . Sandford effortlessly conjures up the rhythms

and personalities of a small town in one of his best outings to date' Publishers Weekly 'Crime writer John Sandford is one of the best around' Sun 'Tough, engrossing and engaging, Sandford writes superb thrillers' Literary Review 'Delivers twists to the very last sentence' Daily Mail 'That rare beast - a series writer who reads like a breath of fresh air' Daily Mirror 'Few do it better than Sandford' Daily Telegraph 'An exciting and superbly elegant demonstration of the intelligent crime writing that has helped John Sandford sell an estimated 33 million books' Guardian

Purple Bananas

NOW A MAJOR MOTION PICTURE, STARRING JASON SEGAL AND JESSE EISENBERG, DIRECTED BY JAMES PONSOLDT An indelible portrait of David Foster Wallace, by turns funny and inspiring, based on a five-day trip with award-winning writer David Lipsky during Wallace's Infinite Jest tour In David Lipsky's view, David Foster Wallace was the best young writer in America. Wallace's pieces for Harper's magazine in the '90s were, according to Lipsky, "like hearing for the first time the brain voice of everybody I knew: Here was how we all talked, experienced, thought. It was like smelling the damp in the air, seeing the first flash from a storm a mile away. You knew something gigantic was coming." Then Rolling Stone sent Lipsky to join Wallace on the last leg of his book tour for Infinite Jest, the novel that made him internationally famous. They lose to each other at chess. They get iced-in at an airport. They dash to Chicago to catch a make-up flight. They endure a terrible reader's escort in Minneapolis. Wallace does a reading, a signing, an NPR appearance. Wallace gives in and imbibes titanic amounts of hotel television (what he calls an "orgy of spectatorship"). They fly back to Illinois, drive home, walk Wallace's dogs. Amid these everyday events, Wallace tells Lipsky remarkable things—everything he can about his life, how he feels, what he thinks, what terrifies and fascinates and confounds him—in the writing voice Lipsky had come to love. Lipsky took notes, stopped envying him, and came to feel about him—that grateful, awake feeling—the same way he felt about Infinite Jest. Then Lipsky heads to the airport, and Wallace goes to a dance at a Baptist church. A biography in five days, Although Of Course You End Up Becoming Yourself is David Foster Wallace as few experienced this great American writer. Told in his own words, here is Wallace's own story, and his astonishing, humane, alert way of looking at the world; here are stories of being a young writer—of being young generally—trying to knit together your ideas of who you should be and who other people expect you to be, and of being young in March of 1996. And of what it was like to be with and—as he tells it—what it was like to become David Foster Wallace. "If you can think of times in your life that you've treated people with extraordinary decency and love, and pure uninterested concern, just because they were valuable as human beings. The ability to do that with ourselves. To treat ourselves the way we would treat a really good, precious friend. Or a tiny child of ours that we absolutely loved more than life itself. And I think it's probably possible to achieve that. I think part of the job we're here for is to learn how to do it. I know that sounds a little pious." —David Foster Wallace

Gathering Prey

In the Zombie apocalypse the last vampire on Earth has a hell of time keeping his food alive... A Vampire In Zombieland Coburn's been dead now for close to a century, but seeing as how he's a vampire and all, it doesn't much bother him. Or at least it didn't, not until he awoke from a forced five-year slumber to discover that most of human civilization was now dead – but not dead like him, oh no. See, Coburn likes blood. The rest of the walking dead, they like flesh. He's smart. Them, not so much. But they outnumber him by about a million to one. And the clotted blood of the walking dead cannot sustain him. Now he's starving. And on the run. And more pissed-off than a beestung rattlesnake. The vampire not only has to find human survivors (with their sweet, sweet blood), but now he has to transition from predator to protector – after all, a man has to look after his food supply.

Although Of Course You End Up Becoming Yourself

Black Crowes drummer and cofounder Steve Gorman shares the band's inside story in this behind-the-scenes biography, from their supernova stardom in the '90s to exhilarating encounters with industry legends. "This book is literally the Angela's Ashes of rock memoirs. .. I absolutely loved this book." -BILL BURR, comedian "I couldn't put the book down-absolutely unbelievable read!" -JOHN MCENROE, New York Times bestselling author of But Seriously and You Cannot Be Serious "I honestly couldn't put [this book] down. Made me nostalgic, sad, and happy too." -CHRIS SHIFLETT, lead guitarist of Foo Fighters "Essential reading for rock fans everywhere." -BRIAN KOPPELMAN, co-creator and showrunner of Billions For more than two decades, The Black Crowes topped the charts, graced the

cover of Rolling Stone, and reigned supreme over MTV and radio waves alike with hits like "Hard to Handle," "She Talks to Angels," and "Remedy." But as the old cliché goes, stardom can be fleeting, and the group's success slowly dwindled as the band members got caught up in the rock star world and lost sight of their musical ambition. On any given night, they could be the best band you ever saw-or the most combative. Then, one last rift in 2013 proved insurmountable for the band to survive. After that, The Black Crowes would fly no more. Founding member Steve Gorman was there for all of it-the coke- and weed-fueled tours; the tumultuous recording sessions; the incessant fighting between brothers Chris and Rich Robinson; the backstage hangs with legends like Robert Plant, Jimmy Page, and the Rolling Stones. As the band's drummer and voice of reason, he tried to keep The Black Crowes together musically and emotionally. In *Hard To Handle*-the first account of this great American rock band's beginning, middle, and end-Gorman explains just how impossible that job was with great insight, candor, and humor. They don't make bands like The Black Crowes anymore: crazy, brilliant, self-destructive, inspiring, and, ultimately, not built to last. But, man, what a ride it was while it lasted.

Double Dead

Founder of one of the most influential and successful rock bands of all time, legendary Led Zeppelin guitarist Jimmy Page has nevertheless remained an enigma. In this definitive and comprehensive biography of his life so far, Chris Salewicz draws on his own interviews with Page and those closest around him to unravel the man behind the mystery.

Hard to Handle

Whoop Whoop! that's right Killer Coloring made a Juggalo coloring book! This coloring book is made with images gathered from the gathering of the juggalos, the juggalo march and many live shows. Pride and love to all the juggalos and juggalettes out there keeping the family alive for all these years. Made by Ninjas For Ninjas Grab your colored pencils and get to it!

Jimmy Page: The Definitive Biography

These unflinching portraits of Juggalos capture with honesty and sensitivity the community that makes up a vibrant American subculture. The Gathering of the Juggalos has been called the most controversial music festival in the world, headlined by the most hated band in the world, and attended by the most notorious subculture in the world. Each summer, thousands of Juggalos congregate at a privately owned campground, on the Illinois border of the Ohio River, to party. In an article in the *Village Voice*, Camille Doderó described the five-day festival as a "shantytown psycho-porn amusement park." Yet the Juggalos themselves, along with their leaders--notorious horrorcore rap group Insane Clown Posse--testify to the loyalty, goodwill, and camaraderie that emanate throughout the crowd. This intimate portrait of the Gathering presents Daniel Cronin's images of men, women, and children sitting in tents and cars, swimming in a brackish lake, painting each other's faces and, often, staring back at the camera communicating their defiance and pride. AUTHOR: Daniel Cronin's photographs have appeared in the *Wall Street Journal*, the *San Francisco Chronicle*, the *Portland Mercury*, and *Portland Monthly Magazine*. He lives in Portland, Oregon. Camille Doderó is a Staff Writer at the *Village Voice* covering contemporary culture and music. 50 colour illustrations

Killer Coloring Juggalo Edition

A couple's future hangs in the balance as they wait for a train in a Spanish café in this short story by a Nobel and Pulitzer Prize-winning author. At a small café in rural Spain, a man and woman have a conversation while they wait for their train to Madrid. The subtle, casual nature of their talk masks a more complicated situation that could endanger the future of their relationship. First published in the 1927 collection *Men Without Women*, "Hills Like White Elephants" exemplifies Ernest Hemingway's style of spare, tight prose that continues to win readers over to this day.

The Gathering of the Juggalos

"In what is the most comprehensive biography of the group to date, Browne compiles a fun and fast-paced music history.... an authoritative chronicle." --Publishers Weekly The first and most complete narrative biography of Crosby, Stills, Nash and Young, by acclaimed music journalist and Rolling Stone senior writer David Browne Even in the larger-than-life world of rock and roll, it was hard to imagine four more different men. David Crosby, the opinionated hippie guru. Stephen Stills, the perpetually

driven musician. Graham Nash, the tactful pop craftsman. Neil Young, the creatively restless loner. But together, few groups were as in sync with their times as Crosby, Stills, Nash and Young. Starting with the original trio's landmark 1969 debut album, the group embodied much about its era: communal musicmaking, protest songs that took on the establishment and Richard Nixon, and liberal attitudes toward partners and lifestyles. Their group or individual songs—"Wooden Ships," "Suite: Judy Blue Eyes," "After the Gold Rush," "For What It's Worth" (with Stills and Young's Buffalo Springfield), "Love the One You're With," "Long Time Gone," "Just a Song Before I Go," "Southern Cross"—became the soundtrack of a generation. But their story would rarely be as harmonious as their legendary and influential vocal blend. In the years that followed, these four volatile men would continually break up, reunite, and disband again—all against a backdrop of social and musical change, recurring disagreements and jealousies, and self-destructive tendencies that threatened to cripple them both as a group and as individuals. In *Crosby, Stills, Nash and Young: The Wild, Definitive Saga of Rock's Greatest Supergroup*, longtime music journalist and Rolling Stone writer David Browne presents the ultimate deep dive into rock and roll's most musical and turbulent brotherhood on the occasion of its 50th anniversary. Featuring exclusive interviews with David Crosby and Graham Nash along with band members, colleagues, fellow superstars, former managers, employees, and lovers—and with access to unreleased music and documents—Browne takes readers backstage and onstage, into the musicians' homes, recording studios, and psyches, to chronicle the creative and psychological ties that have bound these men together—and sometimes torn them apart. This is the sweeping story of rock's longest-running, most dysfunctional, yet pre-eminent musical family, delivered with the epic feel their story rightly deserves.

Hills Like White Elephants

Have you ever heard the phrase "It's easier to ask forgiveness than permission?" Violating consent isn't limited to sexual relationships, and our discussions around consent shouldn't be, either. To resist rape culture, we need a consent culture—and one that is more than just reactionary. Left confined to intimate spaces, consent will atrophy as theory that is never put into practice. The multi-layered power disparities of today's world require a response sensitive to a wide range of lived experiences. In *Ask*, Kitty Stryker assembles a retinue of writers, journalists, and activists to examine how a cultural politic centered on consent can empower us outside the bedroom, whether it's at the doctor's office, interacting with law enforcement, or calling out financial abuse within radical communities. More than a collection of essays, *Ask* is a testimony and guide on the role that negated consent plays in our lives, examining how we can take those first steps to reclaim it from institutionalized power.

Crosby, Stills, Nash and Young

A "fun and colorful" biography of the accordion-toting comedy legend—with rare photos, lyrics, lists, tweets, and more from Al himself (Publishers Weekly). The undisputed king of pop-culture parody, "Weird Al" Yankovic has sold more comedy recordings than any other artist in history, receiving three Grammy Awards (and fourteen nominations) in the process. This is a comprehensive illustrated tribute to this icon of the American humor landscape, the man behind such classics as "Eat It," "Amish Paradise," and "White & Nerdy." Covering more than three decades of hilarious songs, videos, and concert performances, and his life story in words and pictures—and featuring an introduction, lists, tweets, and photo captions from Yankovic himself—*Weird Al: The Book* is the ultimate companion piece to an extraordinary career. "Part biography and part pop culture museum . . . a treat." —Huffington Post

Ask

"[Ballingrud's] evocative and strangely beautiful."—Publishers Weekly (starred review) "Nathan Ballingrud is one of my favorite contemporary authors and any time he's got a new book out I run to the front of the line. His work is elegant and troublingly, wonderfully disturbing."—Victor LaValle, award-winning author of *The Changeling* "Nathan Ballingrud's brilliant fiction brims with imagination, integrity (I do not use that term lightly), and an authentic world-weary dread that bores directly into your heart. With *Wounds* you'll gladly follow Nathan to Hell and (maybe) back."—Paul Tremblay, award-winning author of *The Cabin at the End of the World* and *A Head Full of Ghosts* "Nathan Ballingrud is one of my favorite short fiction writers." —Jeff VanderMeer, New York Times bestselling author of *Annihilation* and *Borne* "Stretch[es] the boundaries of the genre by employing these grand, horrific worlds. 'The Butcher's Table' reminds me of the first time I read Clive Barker's 'In the Hills, the Cities.' It's horrifying, but there's beauty." —The New York Times "In only two slender collections,

Nathan Ballingrud has emerged as one of the field's most accomplished short story writers." —The Washington Post "Ballingrud's work isn't like any other."—Cory Doctorow, Boing Boing "One of the most disquieting and memorable short story collections to come out this year."—The New York Review of Books "Wounds: Six Stories from the Border of Hell is without a doubt one of the best, most accomplished horror collections in recent memory."—Hellnotes "Wounds will no doubt be remembered as one of the most disquieting and memorable short story collections to come out this year."—New York Journal of Books "There's enough nightmare fuel here to inspire weeks of insomnia — all told with an even hand with a penchant for precise storytelling. How else do you chart the furthest reaches of the uncanny?"—Tobias Carroll, Vol. 1 Brooklyn A gripping collection of six stories of terror—including the novella "The Visible Filth," the basis for the upcoming major motion picture—by Shirley Jackson Award-winning author Nathan Ballingrud, hailed as a major new voice by Jeff VanderMeer, Paul Tremblay, and Carmen Maria Machado—"one of the most heavyweight horror authors out there" (The Verge). In his first collection, North American Lake Monsters, Nathan Ballingrud carved out a distinctly singular place in American fiction with his "piercing and merciless" (Toronto Globe and Mail) portrayals of the monsters that haunt our lives—both real and imagined: "What Nathan Ballingrud does in North American Lake Monsters is to reinvigorate the horror tradition" (Los Angeles Review of Books). Now, in Wounds, Ballingrud follows up with an even more confounding, strange, and utterly entrancing collection of six stories, including one new novella. From the eerie dread descending upon a New Orleans dive bartender after a cell phone is left behind in a rollicking bar fight in "The Visible Filth" to the search for the map of hell in "The Butcher's Table," Ballingrud's beautifully crafted stories are riveting in their quietly terrifying depictions of the murky line between the known and the unknown.

In one of the most no-holds-barred memoirs you're likely to read, Robin Quivers, mystery woman of "The Howard Stern Show\

Wounds

"Eazy-E, Dr. Dre, Ice Cube, MC Ren, and DJ Yella caused a seismic shift in hip-hop when they decided to form N.W.A in 1986. Suddenly rap became gangsta and relevant on the West Coast. With their hard-core image, bombastic sound, and lyrics that were by turns poetic, lascivious, socially conscious, and downright in-your-face, N.W.A spoke the truth about life on the streets of Compton, California--at the time a hotbed of poverty, drugs, gangs, and unemployment. Their hood tales offered a sharp contrast to the cozy, comfortable images of thriving middle-class life emanating from television screens across America. For the group, making music was not about being nice or projecting a false reality. It was all about expressing themselves. Through firsthand interviews and exhaustive research, Los Angeles Times music reporter Gerrick D. Kennedy transports readers back in time and offers a front-row seat to N.W.A's early days and the drama and controversy that followed the incendiary group as they rose to become multiplatinum artists. Kennedy leaves nothing off the table in his pursuit of the full story behind the group's most pivotal moments, including Ice Cube's decision to go solo after their debut studio album became a smash hit, the forming of Ruthless Records, the group's confrontation with the FBI over their inflammatory lyrics, incidents of physical assault, Dr. Dre's decision to launch Death Row Records with Suge Knight, N.W.A's impact on the 1992 LA riots, Eazy-E's battle with AIDS, and much more. A riveting and illuminating work of music journalism, [this book] captures a defining moment in rap music, when N.W.A made it altogether social, freaky, enterprising, and gangsta. They forced us all to take notice. For that reason alone, their story must be told."--Dust jacket flap.

Quivers

From Nathan Rabin, the man who literally wrote the book ON, and with "Weird Al" Yankovic in the form of 2012's *Weird Al: The Book* returns with the ultimate guide to the man and his music.

Parental Discretion Is Advised

New York Times—bestselling author of *The Psychopath Test* Jon Ronson writes about the dark, uncanny sides of humanity with clarity and humor. *Lost at Sea*—now with new material—reveals how deep our collective craziness lies, even in the most mundane circumstances. Ronson investigates the strange things we're willing to believe in, from robots programmed with our loved ones' personalities to indigo children to the Insane Clown Posse's juggalo fans. He looks at ordinary lives that take on extraordinary perspectives. Among them: a pop singer whose greatest passion is the coming

alien invasion, assisted-suicide practitioners, and an Alaskan town's Christmas-induced high school mass-murder plot. He explores all these tales with a sense of higher purpose and universality, yet they are stories not about the fringe of society. They are about all of us. Incisive and hilarious, poignant and maddening, revealing and disturbing—Ronson writes about our modern world, and reveals how deep our collective craziness lies, and the chaos stirring at the edge of our daily lives.

The Weird Accordion to AI

The legendary punk and new wave alternative weekly magazine *Slash* was founded in Los Angeles in 1977 by Steve Samiof, and published a total of 29 print issues before its demise in 1980 (though it had a second life as the punk label *Slash Records*, which was eventually bought by Warner Bros. Records in 1999). In its brief run, *Slash* defined the punk subculture in Los Angeles and beyond with the comic strip *Jimbo* by Gary Panter and photographs by Melanie Nissen, the cofounding publisher and longtime photo editor. Writing by Jeffrey Lee Pierce, Chris D., Pleasant Gehman and Claude "Kickboy Face" Bessy explored reggae, blues and rockabilly in addition to punk and new wave. *Slash* diagnosed the nascent punk scene's challenge to the music industry and established its own oppositional voice in the editorial of its very first issue, staking a position against disco, Elvis and concept albums, and declaring: "Enough is enough, partner! About time we squeezed the pus out and sent the filthy rich old farts of rock 'n' roll to retirement homes in Florida where they belong." *Slash: A Punk Magazine From Los Angeles, 1977–80* pays homage to the magazine's legacy with facsimile reproductions of every cover from the publication's run and reprints of some of the magazine's best articles and interviews. These are interspersed with new essays, reportage and oral histories from Exene Cervenka, KK Barrett, Gary Panter, Vivien Goldman, Richard Meltzer, Cali Thornhill DeWitt, Chris D., Bryan Ray Turcotte, Chris Morris, Ann Summa and Allan MacDowell, among others, telling the story of this critical chapter in the history of American media.

Lost at Sea

"Chalk up another winner for [John Sandford] and his all-too-human hero" (Richmond Times-Dispatch) in the #1 New York Times bestselling *Prey* series. After one troubled college-age student disappears and two are found slashed to death, Lucas Davenport finds himself hunting what appears to be a modern-day Jack the Ripper. Unfortunately the clues aren't adding up—and then there's the young Goth girl who keeps appearing and disappearing. Where does she come from? Where does she go every night? And why does Lucas keep getting the sneaking suspicion that there is something else going on here? Something very bad, very dark, and as elusive as a phantom...
