Middle East Burning

With nearly 20 Bible prophecy books published, Mark Hitchcock has distinguished himself as a trustworthy and solidly biblical prophecy teacher. Middle East Burning helps make sense of the bewildering firestorms raging in the Arabic-Israeli world. Widespread revolutions in multiple Arab nations. New powers rising to challenge entrenched despots and ruling bodies. Bitter new conflicts further enflaming the many already in place. And a pall of uncertainty over how it will all play out. Indeed the Middle East is burning. How can we make sense of it all? At first glance the many hotspots may seem without a pattern, without rhyme or reason. But a look at Scripture helps paint a clear picture of what's taking place, giving insight on current events in Egypt, Libya, Sudan, Russia, Turkey, Iran, Syria, and more. A riveting and timely survey of things now and things to come!

The Bible and Tomorrow's Headlines

Global events over the last few decades have generated a great deal of interest in Bible prophecy. News headlines about Middle East conflicts, weapons of mass destruction, natural disasters, terrorism, pandemics, and the very real and ever present threat of another world war, just to mention a few, have many rethinking—or perhaps thinking for the first time—what it is that the Bible has to say about the end times. If you are interested in the future and are trying to make sense of everything going on around you, this book will help you understand how today's news headlines fit into what the Bible has to say about the end times. It will bring clarity to often misunderstood issues surrounding the second coming of Jesus Christ and help you navigate the exciting and challenging days to come. The Bible and Tomorrow's Headlines will provide you with a step-by-step study of what man can expect. It will help you understand: The importance of studying Bible prophecy How to interpret Bible prophecy Israel's role in world history The reasons for the Middle East crisis The signs of the times The future of the United States of America Key figures and events in the Tribulation The reasons for the Middle East crisis The Millennium kingdom

Six Days

The Six-Day War was an extraordinary human drama. It swept up a generation of Israelis and Arabs whose children still cannot live peacefully in the world the war created. Today, Israel is the superpower of the region. It has nuclear weapons but has never been able to digest the land it swallowed in 1967. However big its army, it will never be at peace or feel secure until the future of this land is settled. Forty years after the end of the six days of fighting, after thousands more deaths and the failure of years of negotiation to try to reach a political settlement, Israelis and Palestinians are fighting once again on the streets in the West Bank and Gaza. It is still a low-level conflict, but if another full-blown Middle East war breaks out, its roots will lie in those six days in June 1967. Drawing on his experiences as the BBC's former Middle East correspondent, and building on extensive original research and interviews with some of the key participants, Jeremy Bowen uses his vast array of contacts to weave together a completely convincing and compelling account, hour by hour, of the 1967 war between Israel and Egypt, Jordan and Syria. As insightful as the best modern history writing and as gripping as fiction, this is a deeply personal book.

The Late Great Planet Earth

The impact of *The Late Great Planet Earth* cannot be overstated. The New York Times called it the "no. 1 non-fiction bestseller of the decade." For Christians and non-Christians of the 1970s, Hal Lindsey's blockbuster served as a wake-up call on events soon to come and events already unfolding -- all leading up to the greatest event of all: the return of Jesus Christ. The years since have confirmed Lindsey's insights into what biblical prophecy says about the times we live in. Whether you're a church-going believer or someone who wouldn't darken the door of a Christian institution, the Bible has much to tell you about the imminent future of this planet. In the midst of an out-of-control generation, it reveals a grand design that's unfolding exactly according to plan. The rebirth of Israel. The threat of war in the Middle East. An increase in natural catastrophes. The revival of Satanism and witchcraft. These and other signs, foreseen by prophets from Moses to Jesus, portend the coming of an antichrist . . . of a war which will bring humanity to the brink of destruction . . . and of incredible deliverance for a desperate, dying planet.

The Middle East, Abstracts and Index

Sport in the Middle East has become a major issue in global affairs. The contributors to this timely volume discuss the intersection of political and cultural processes related to sport in the region. Eleven chapters trace the historical institutionalization of sport and the role it has played in negotiating "Western" culture. Sport is found to be a contested terrain where struggles are being fought over the inclusion of women, over competing definitions of national identity, over preserving social memory, and over press freedom. Also discussed are the implications of mega-sporting events for host countries, and how both elite sport policies and sports industries in the region are being shaped. *Sport, Politics and Society in the Middle East* draws on academic disciplines from the humanities and social sciences to offer in-depth, theoretically grounded, and richly empirical case studies. It employs diverse research methodologies, from ethnography and in-depth interviews to archival research, to make a lasting contribution to this critical subject.

Sport, Politics and Society In the Middle East

A lively and accessible guide to the rich literary, philosophical and artistic achievements of the notorious age of Nero.

The Cambridge Companion to the Age of Nero

The Arab Spring, the continuing Israel - Palestine conflict... why does the Middle East dominate the news headlines so often? One obvious answer is oil, the lifeblood of our modern world. The crucial importance of oil alone ensures that the Middle East will remain in the headlines for years. The Middle East is also the birthplace of the world's three great monotheistic religions—Judaism, Christianity and Islam. It has also been the battlefield for each religion—trying to control the territory they consider holy. Nowhere are these conflicts more obvious than in Israel, and specifically in Jerusalem. Whether you understand it or not, events in the Middle East are destined to affect the lives of every person on earth! Bible prophecy gives us the clues to understand what will happen. This ebook, "The Middle East in Bible Prophecy"

The Middle East in Bible Prophecy

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

The Air Force Law Review

The Past, Present, and Future—Exposed The events wracking the Middle East today are confusing to even the most avid news buff. Now all the answers to your questions are offered in just one resource. Divided into five main sections, Iran: The Coming Crisis contains the most up-to-date, thorough information available and is complete with maps, charts, and timelines for visual assistance. Iran's past, present, and future are exposed—the country's quest for nuclear weapons and support of Palestinian terror groups, its ability to "play the oil card," and Iranian president Mahmoud Ahmadinejad's apocalyptic beliefs that motivate his actions. You'll discover the truth about today's events, how they relate to Bible prophecy, and what the Bible clearly describes is yet to come. It's a crisis unlike any the world has ever faced. Are We Headed for a Nuclear Jihad? "Israel must be wiped off the map," Iran president Mahmoud Ahmadinejad said it himself. He has denied the Holocaust, and his actions are motivated by a dangerous apocalyptic view of Islam. Meanwhile, Islamic extremists are in hot pursuit of nuclear weapons as they stand as gatekeepers to the Persian Gulf oil flow. Closer to home, President Bush has stated that the greatest threat to America is nuclear terrorism. In a prophecy written over 2,500 years ago, Ezekiel 38-39 foretells Iran's future. Iran, Russia, and other Islamic nations will invade Israel in the end times. Today, the connection between Iran and Russia only grows. How close is this invasion? What will happen? Will America survive? Will the world? Mark Hitchcock, an expert in Bible prophecy, exposes Iran's past, present, and future with striking clarity. Find maps, charts, and answers to your every question inside. "I highly recommend Mark as a faithful guide to understanding current events in light of God's wonderful plan of prophecy." -Tim LaHaye, Pastor and bestselling author Story Behind the Book There seems to be no turning back from the looming crisis in the Middle East. The Islamic and political rulers of Iran are set in their ideology by principle. The West and Israel are headed for some sort of confrontation economically, socially, and likely militarily. Mark Hitchcock's background as a lawyer, pastor, and expert in Bible prophecy suits him perfectly as a Christian authority on the subject. Timing is critical, and his new book will release as more and more everyday people—Christians and non-Christians alike—realize the gravity of world events and question how they relate to Bible prophecy.

New York Magazine

Even the most seasoned Middle East observers were taken aback by the events of early 2011. Protests born of oppression and socioeconomic frustration erupted throughout the streets; public unrest provoked violent police backlash; long-established dictatorships fell. How did this all happen? What might the future look like, and what are the likely ramifications for the United States and the rest of the world? In *The Arab Awakening*, experts from the Brookings Institution tackle such questions to make sense of this tumultuous region that remains at the heart of U.S. national interests. The first portion of *The Arab Awakening* offers broad lessons by analyzing key aspects of the Mideast turmoil, such as public opinion trends within the "Arab Street"; the role of social media and technology; socioeconomic and demographic conditions; the influence of Islamists; and the impact of the new political order on the Arab-Israeli peace process. The next section looks at the countries themselves, finding commonalities and grouping them according to the political evolutions that have (or have not) occurred in each country. The section offers insight into the current situation, and possible trajectory of each group of countries, followed by individual nation studies. *The Arab Awakening* brings the full resources of Brookings to bear on making sense of what may turn out to be the most significant geopolitical movement of this generation. It is essential reading for anyone looking to understand these developments and their consequences.

New York Magazine

Abstracts from major newspapers and magazines, topically and chronologically arranged, deal with the leading issues and events of 1978 that occurred in the Middle East.

Congressional Record

The 2011 eruptions of popular discontent across the Arab world, popularly dubbed the Arab Spring, were local manifestations of a regional mass movement for democracy, freedom, and human dignity. Authoritarian regimes were either overthrown or put on notice that the old ways of oppressing their subjects would no longer be tolerated. These essays from *Middle East Report*--the leading source of timely reporting and insightful analysis of the region--cover events in Tunisia, Egypt, Bahrain, Syria, and Yemen. Written for a broad audience of students, policymakers, media analysts, and general readers, the collection reveals the underlying causes of the revolts by identifying key trends during the last two decades leading up to the recent insurrections.

The Middle East

The Persian Gulf 2020 is the eighth in the annual Persian Gulf series published by MEI@ND. It is a comprehensive analysis of India's bilateral relations with the nine countries in the Persian Gulf and the GCC and focuses on developments in 2019. It gives a comprehensive account of the internal political, economic and security situation in the Persian Gulf countries and India's strategic, political, economic and cultural engagements with the region. The book also offers policy recommendations based on the current state of affairs.

Iran: The Coming Crisis

TWENTIETH-CENTURY WAR AND CONFLICT "With rich entries that highlight the political context, strategic significance, and tactical detail of each conflict, this encyclopedia is an essential reference for students of military history and strategic studies." Theo Farrell, King's College London Drawn from the award-winning five-volume *Encyclopedia of War* (Choice Outstanding Academic Title 2013), the single-volume *Twentieth-Century War and Conflict* provides an essential guide to the conflicts and concepts that shaped warfare in the twentieth-century and up to the present day. This concise reference contains a range of entries from 1,000 to 6,000 words long, each written by a leading international scholar. This concise encyclopedia provides full coverage of global conflicts and themes in twentieth-century war. World Wars I and II are covered by 10 separate entries. Lesser conflicts are also incorporated in this volume, including the Russo-Japanese War, the Greco-Turkish War, the Falklands War, the Soviet War in Afghanistan, the Gulf Wars, and more. Issues such as chemical warfare, ethnic cleansing, psychological warfare, and women and war also receive substantial treatment, making this an invaluable resource for students and general readers alike.

The Arab Awakening

In mid-December 2010 the desperate act of a young Tunisian barely featured on the global news agenda. But it set off a chain reaction of extraordinary events that would unseat dictators, reshape the political landscape of North Africa and the Middle East and affect the lives of millions of people.

The Middle East

In 2011, a series of anti-government uprisings shook the Middle East and North Africa in what would become known as the Arab Spring. Few could predict that these convulsions, initially hailed in the West as a triumph of democracy, would give way to brutal civil war, the terrors of the Islamic State, and a global refugee crisis. But, as New York Times bestselling author Scott Anderson shows, the seeds of catastrophe had been sown long before. In this gripping account, Anderson examines the myriad complex causes of the region's profound unraveling, tracing the ideological conflicts of the present to their origins in the United States invasion of Iraq in 2003 and beyond. From this investigation emerges a rare view into a land in upheaval through the eyes of six individuals—the matriarch of a dissident Egyptian family; a Libyan Air Force cadet with divided loyalties; a Kurdish physician from a prominent warrior clan; a Syrian university student caught in civil war; an Iraqi activist for women's rights; and an Iraqi day laborer-turned-ISIS fighter. A probing and insightful work of reportage, *Fractured Lands* offers a penetrating portrait of the contemporary Arab world and brings the stunning realities of an unprecedented geopolitical tragedy into crystalline focus.

The Arab Revolts

In a unique complement of history, current events, Bible exegesis and numeric phenomena, this book examines the crisis in the world since 9/11 with challenging topics for all people of faith. (Christian)

Persian Gulf 2020

Now in its eighth edition, this is the textbook for current and future global leaders wanting to lead competently and sustainably in their business practices. Fully updated, the authors build on their forty years of teaching, researching and working with managers worldwide to bring students the latest developments in global business practice. Now including end-of-chapter reflection questions to guide topic comprehension, and directed further resources to assist individual research, this edition also sees the return of Ivey Business School and IMD cases in the book. This edition also includes a new conception of mindful global leadership as the integrating framework for execution of global strategy, highlighting the importance of a holistic approach to working across cultures and distance. Combining a wealth of theoretical knowledge with real-world examples from diverse cultures, countries and industry sectors, the practical guidance and well-chosen examples throughout the book bring key concepts to life.

Twentieth-Century War and Conflict

With more than 1,100 cross-referenced entries covering every aspect of conflict in the Middle East, this definitive scholarly reference provides readers with a substantial foundation for understanding contemporary history in the most volatile region in the world. This authoritative and comprehensive encyclopedia covers all the key wars, insurgencies, and battles that have occurred in the Middle East roughly between 3100 BCE and the early decades of the twenty-first century. It also discusses the evolution of military technology and the development and transformation of military tactics and strategy from the ancient world to the present. In addition to the hundreds of entries on major conflicts, military engagements, and diplomatic developments, the book also features entries on key military, political, and religious leaders. Essays on the major empires and nations of the region are included, as are overview essays on the major periods under consideration. The book additionally covers such non-military subjects as diplomacy, national and international politics, religion and sectarian conflict, cultural phenomena, genocide, international peacekeeping missions, social movements, and the rise to prominence of international terrorism. The reference entries are augmented by a carefully curated documents volume that offers primary sources on such diverse topics as the Greco-Persian Wars, the Crusades, and the Arab-Israeli Wars.

The Arab Spring

The Dawn of the Arab Uprising sheds light on the historical background and initial impact of the mass uprisings which have shaken the Arab world since December 2010. The book brings together the best

writers from the online journal Jadaliyya, which has established itself as an unparalleled source of information and critical analysis on the Middle East. The authors, many of whom live in the countries affected, provide unique understanding and first-hand accounts of events that have received superficial and partial coverage in Western and Arab media alike. While the book focuses on those states that have been most affected by the uprisings it also covers the impact on Jordan, Saudi Arabia, Lebanon, Palestine, and Iraq. The Dawn of the Arab Uprising covers the full range of issues involved in these historic events, from political economy and the role of social media, to international politics, gender, labor, and the impact on culture, making this the ideal one-stop introduction to the events for the novice and specialist alike.

Fractured Lands

Indexes the Times, Sunday times and magazine, Times literary supplement, Times educational supplement, Times educational supplement Scotland, and the Times higher education supplement.

Jewish Observer and Middle East Review

A startling exploration of the history of the most controversial book of the Bible, by the bestselling author of *Beyond Belief*. Through the bestselling books of Elaine Pagels, thousands of readers have come to know and treasure the suppressed biblical texts known as the Gnostic Gospels. As one of the world's foremost religion scholars, she has been a pioneer in interpreting these books and illuminating their place in the early history of Christianity. Her new book, however, tackles a text that is firmly, dramatically within the New Testament canon: The Book of Revelation, the surreal apocalyptic vision of the end of the world . . . or is it? In this startling and timely book, Pagels returns The Book of Revelation to its historical origin, written as its author John of Patmos took aim at the Roman Empire after what is now known as "the Jewish War," in 66 CE. Militant Jews in Jerusalem, fired with religious fervor, waged an all-out war against Rome's occupation of Judea and their defeat resulted in the desecration of Jerusalem and its Great Temple. Pagels persuasively interprets Revelation as a scathing attack on the decadence of Rome. Soon after, however, a new sect known as "Christians" seized on John's text as a weapon against heresy and infidels of all kinds—Jews, even Christians who dissented from their increasingly rigid doctrines and hierarchies. In a time when global religious violence surges, Revelations explores how often those in power throughout history have sought to force "God's enemies" to submit or be killed. It is sure to appeal to Pagels's committed readers and bring her a whole new audience who want to understand the roots of dissent, violence, and division in the world's religions, and to appreciate the lasting appeal of this extraordinary text.

Near East/North Africa Report

The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

Three Religions One Temple Mount

A study of the Arab Spring and its aftermath alongside the revolutions of the 1970s. The revolutionary wave that swept the Middle East in 2011 was marked by spectacular mobilization, spreading within and between countries with extraordinary speed. Several years on, however, it has caused limited shifts in structures of power, leaving much of the old political and social order intact. In this book, noted author Asef Bayat—whose *Life as Politics* anticipated the Arab Spring—uncovers why this occurred, and what made these uprisings so distinct from those that came before. *Revolution without Revolutionaries* is both a history of the Arab Spring and a history of revolution writ broadly. Setting the 2011 uprisings side by side with the revolutions of the 1970s, particularly the Iranian Revolution, Bayat reveals a profound global shift in the nature of protest: as acceptance of neoliberal policy has spread, radical revolutionary impulses have diminished. Protestors call for reform rather than fundamental transformation. By tracing the contours and illuminating the meaning of the 2011 uprisings, Bayat gives us the book needed to explain and understand our post-Arab Spring world. Praise for *Revolution without Revolutionaries* "Bayat is in the vanguard of a subtle and original theorization of social movements and social change in the Middle East. His attention to the lives of the urban poor, his extensive field work in very different countries within the region, and his ability to see over the horizon of current paradigms make his work essential reading." —Juan Cole, University of Michigan "An astute analyst of the Middle East, Asef Bayat is one of the very few researchers equipped to historicize the region's contemporary uprisings. In

Revolution without Revolutionaries, he deftly and sympathetically employs his own observations of Iran, immediately before and after the 1979 revolution, to reflect on the epochal shifts that have re-worked the political regimes, economic structures, and revolutionary imaginaries across the region today.” —Arang Keshavarzian, New York University “Bayat provocatively questions the Arab Spring’s apparent moderation, tracing its softness to decades of neoliberalism that have undermined the national state and discarded old-fashioned forms of revolutionary violence. This groundbreaking book is not an obituary for the Arab Spring but a hopeful glimpse at its future.” —Olivier Roy, author of *The Failure of Political Islam*
