### Understanding the Tarot Court

Just who are those kings, queens, knights, and pages in the Tarot deck? Generally considered the most difficult part of the Tarot to interpret, they actually represent different characters or personalities that are aspects of ourselves. They also serve as teachers or projections of our own unacknowledged qualities. Two esteemed Tarot scholars unmask the court cards with details not found in any other book. Discover your signifier and your nemesis. Compare the differences among the cards in well-known decks. Match the court cards with the zodiac signs, the Myers-Briggs personality types, and the Jungian archetypes. Learn a variety of spreads that reveal childhood issues, career destiny, and a storytelling spread to spark the creative writing process.

### Your Spirit Within

Tarot is not about memorizing meanings of cards and reciting them to someone although that is how you begin. It is about interpreting the messages you receive when using the cards. What psychic abilities do you have? When you see the right image or hear the right words that resonate within your soul, you will know which way to turn. You will be prompted into action. What happens when you do tap into your intuitive side? How do you interpret the messages you receive? Patrizia Barcatta shows you how

her journey unfolded and in turn shows you a path to follow. This book guides you through a voyage of self-discovery.

Thus, accessing our unconscious through the Tarot can play a crucial role in our psychological and spiritual development. The kit contains: \* The 22 Major Arcana cards and 56 Minor Arcana cards \* An 80pp guidebook that gives insight into the history, symbolism and psychology of the Tarot, explains how to integrate the Tarot into your own life for self-discovery and positive change, and provides traditional layouts to guide you in your journey

## Everything Tarot Book

If your tarot cards could speak, what questions would they ask? Questions are powerful catalysts for introspection and self-growth. They can lead us in surprising directions. Or reconnect us to long-buried truths. It is important to take time in our lives every so often to check in with ourselves and meditate on the thoughts and feelings that well-thought-out questions can generate. Usually we expect tarot cards to provide us with answers. In this book however, you will see that the cards themselves generate questions that you can use as prompts for journaling and discussion.

## Self Discovery

In this book I want to share with you something new, a healing revelation. A Tarot life saver. I want to show you how working with a pack of Tarot cards could help change you. I want to explain to you how it can transform your way of thinking and how forming a relationship with the Tarot can heal you. It can heal your emotional suffering, release physical pain, and bring forth revelations. This can be achieved simply by changing your thought processes. The effect and the results can be dramatic. When people think of the Tarot it generally conjures up an image of divination and fortune telling. We would all like to be able to do readings for ourselves and others. The aim of this book is to share with you a process that is easy to do and which will help you connect to the cards, and that by using this process you will experience accuracy and insight into your readings by forming your own personal meanings to the Tarot cards. By connecting to a place within you all the answers to your questions can be found, to everything. This place is also where illness stems from but it is also the place from where healing comes. Looking at an image on a Tarot card for ten minutes at a time and focusing on one Tarot card a week has the possibility to bring major changes to the way you see yourself, your life and others. In this book we shall be looking at illness, its possible causes, give examples of illnesses, and then look at how to start perceiving illness differently. We will be looking at becoming more aware of where illness comes from, so you can start to control it, rather than it controlling you. I know it sounds amazing, scary and crazy. It is a dramatic claim, but trust me and read on, for I have taught this process to others and I have seen the results. To know ourselves makes us better equipped to know others and to understand

more clearly the lives we live. This understanding then helps us to be able to make better life choices for ourselves which can then impact positively on those around us. This book is for you.

The easy, effective system outlined in *1-2-3 Tarot* will have you giving accurate readings right away without having to memorize anything. The key to this unique system is the Tarot sentence. A card's complex significance boils down to three elements: identity, action, and direction. You'll learn how to interpret the collective meanings of three-card sets within a variety of spreads designed to answer any question. A quick-reference table that includes reversed meanings saves you the trouble of flipping through the book while you're in the middle of a reading. The imagery of the tarot is based on ancient wisdom and the phenomenon of archetypes—universal roles and symbols that we all connect to on some level.
