The Life of Thomas, Lord Cochrane, Tenth Earl of Dundonald

This Elibron Classics title is a reprint of the original edition published by Richard Bentley in London, 1869.

Life of Thomas, Lord Cochrane, Tenth Earl of Dundonald

A lavishly presented atlas of the English Civil Wars, the conflicts that ravaged the countryside of England, Scotland, Wales, and Ireland from 1639 to 1651. The English Civil Wars (1638–51) comprised the deadliest conflict in history fought on British soil, in which brother took up arms against brother, father fought against son, and towns, cities, and villages fortified themselves in the cause of Royalists or Parliamentarians. Although much historical attention has focused on the events in England and the key battles of Edgehill, Marston Moor, and Naseby, this was a conflict that engulfed the entirety of the Three Kingdoms and led to a trial and execution that profoundly shaped the British monarchy and Parliament. This beautifully presented atlas tells the whole story of Britain's revolutionary civil war, from the earliest skirmishes of the Bishops Wars in 1639–40 through to 1651, when Charles II's defeat at Worcester crushed the Royalist cause, leading to two decades of Stuart exile. Each map is supported by a detailed text, providing a complete explanation of the complex and fluctuating conflict that ultimately meant that the Crown would always be answerable to Parliament.

The Life of Thomas, Lord Cochrane, Tenth Earl of Dundonald, G C B

One of the literary world's great deceptions was perpetrated when Thomas Hardy wrote his *Life* in secret for publication after his death as an official biography. Since the true circumstances of its composition have been known *The Early Life and Later Years of Thomas Hardy*, published over the name of Florence Emily Hardy, has frequently been referred to as Hardy's autobiography. But this is not the whole truth: Florence altered much of what Hardy meant to appear in his 'biography'. Through careful examination of pre-publication texts, Michael Millgate has retrieved the text as it stood at the time of Hardy's final revision. For the first time *The Life and Work of Thomas Hardy* can be read as a true work of autobiography - an addition to the Hardy canon.

The Life of Thomas, Lord Cochrane, Tenth Earl of Dundonald ...

A biography of Roman Catholic martyr and saint, Thomas More, discussing his formidable intellect, political skill, and the steadfast faith that resulted in his beheading when he refused to follow King Henry VIII's lead in severing England's ties to the Roman Catholic Church.

The Life of Thomas, Lord Cochrane, Tenth Earl of Dundonald: Completing the Autobiography of a Seaman.

Thomas Stukeley was one of the most colourful characters of the Elizabethan age, whose exploits as mercenary, pirate, forger, colonial adventurer, political advisor, diplomat and traitor brought him fame and notoriety throughout Europe. In this new biography, Professor Tazon makes extensive use of previously neglected documents from British, Spanish and Italian archives to produce a much more rounded and complete portrait of Stukeley and the events in which he participated. He portrays Stukeley as a real figure, urging the reader to view in parallel English, Spanish, Irish and wider European history.

The Life of Thomas, Lord Cochrane, Tenth Earl of Dundonald, Completing 'The Autobiography of a Seaman', by the Eleventh Earl and H.R.F. Bourne

In 1588, the year of the Spanish Armada, Thomas Stapleton sat down to write the book *Tres Thomae*; his subject was the life and works of St. Thomas the Apostle, St. Thomas of Canterbury, and Sir Thomas More. He wrote it in Latin (as More had done with his *Utopia*) since a knowledge of English was a rare accomplishment among European scholars and readers. Apart from its entertainment value as an account of More's life, the book is also a document of great importance; his list of sources is impressive since it includes many of the exiled members of More's circle from whom he gathered the information treasured in their memories. Most valuable of all was the collection of letters preserved by John Harris, More's secretary; from these, Stapleton gives us more than thirty letters or extracts from letters not to be found elsewhere. Apart from such documentary evidence, the book also gives us the recollections of those who were intimate members of More's household; it records the reputation Thomas More had gained within a half century of his death and it emphasizes the remarkable place that he had achieved in the popular mind even before any written account of his life was available. The fascination of the life of a man who preferred to obey the law of God rather than the command of a king has not diminished with the passage of time. That such a life should be the subject of awards for its portrayal on stage and screen is not only a testimony to the incomparable artistry of an actor and a playwright; it is, as well, an acknowledgement of (in the words with which Stapleton brings his book to a close), the admiration of modern man for the life, the character, the achievements, and the glorious martyrdom of that noble and illustrious man, Sir Thomas More.

The Life and Times of Sir Thomas Gresham

The stories of Thomas the Tank Engine and his friends have delighted generations of children and adults, but what do we know of the man who created them? A devoted pastor and family man, the Reverend W Awdry first started telling the stories in order to amuse his own children, with no idea that the characters would lead to a global phenomenon that now, seventy years after their first appearance, shows no signs of waning. In this fascinating and warm biography, prolific author Brian Sibley brings to life one of the most eminent children's writers of the twentieth century, tracing his story from his Edwardian childhood through his time at University and into World War 2. A convinced pacifist, Awdry was thrown out of one curacy and denied another, because of his beliefs. Never afraid to fight for what he thought was right, he argued with his publishers and his illustrators, demanding the best for his favourite creations - the trains and their friends.

The Life of Thomas, Lord Cochrane, Tenth Earl of Dundonald

This book is part of the TREDITION CLASSICS series. The creators of this series are united by passion for literature and driven by the intention of making all public domain books available in printed format again - worldwide. At tredition we believe that a great book never goes out of style. Several mostly non-profit literature projects provide content to tredition. To support their good work, tredition donates a portion of the proceeds from each sold copy. As a reader of a TREDITION CLASSICS book, you support our mission to save many of the amazing works of world literature from oblivion.

My Own Life and Times, 1741-1814

This biography explores the fascinating life of Lord Strathcona, a Scottish businessman and philanthropist who played a significant role in the development of Canada. From his early years in Scotland, to his success in the fur trade and railway industry in Canada, this book offers a comprehensive look at Strathcona's life and legacy. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. The Life of Thomas, Lord Cochrane, Tenth Earl of Dundonald

Colm Tóibín has called Thomas Moore ‘the most influential figure in shaping the Irish political psyche’. In *Bard of Erin*, Ronan Kelly tells the story of Moore’s extraordinary life – from humble beginnings in Dublin to glittering social and literary success in London (at one point his popularity was eclipsed only by that of Sir Walter Scott and his close friend Lord Byron). Ronan Kelly’s biography is a gripping and definitive account of a great romantic figure.
