It's a mandatory course for anyone who wants to work as a bartender, server, or manager in a licensed establishment in Ontario.

Build your resume and make yourself a more attractive job candidate

One thing to note is that the Smart Serve Course is not only beneficial for those who work in the hospitality industry, but also for those who own or manage licensed establishments that serve alcohol.

Another important aspect of the Smart Serve Course is that it emphasizes the importance of responsible service of alcohol, which includes serving alcohol in moderation and only to those who are of legal drinking age.

By promoting responsible alcohol service, the course helps to prevent the negative consequences that can come from excessive alcohol consumption, such as impaired driving, violence, and health problems.

A Smart Serve certification can help you to create a safe and responsible environment for your customers and staff.

Event Coordinator - If you're interested in event planning, a Smart Serve certification can be a valuable asset.

Many events, such as weddings and corporate events, involve serving alcohol, and having a Smart Serve certification can demonstrate your commitment to responsible alcohol service.

Sommeliers are responsible for selecting and recommending wines and other alcoholic beverages to customers, and a Smart Serve certification can demonstrate your knowledge of responsible alcohol service.

To maintain their certification, those who complete the course must also complete a refresher course every three years to stay up-to-date with any changes in laws and regulations related to alcohol service in Ontario.

It covers a wide range of topics related to responsible alcohol service, and can help you build your skills, protect yourself and your employer from legal liability, and make yourself a more attractive job candidate.
