The books commonly called Apocrypha...are no part of the canon of the Scripture...

The authority of the Holy Scripture...ought to be believed, and obeyed...

those things which are necessary to be known, believed, and observed for salvation are so clearly propounded, and opened in some place of Scripture or other

The infallible rule of interpretation of Scripture is the Scripture itself.

The supreme judge by which all controversies... are to be determined, and...are to be examined...can be no other but the Holy Spirit speaking in the Scripture.

God has revealed in the Bible everything that is needed for our salvation, and to enable us to worship there is absolutely no room...for new revelations... for our salvation and...the acceptable worship of God

This inner light ...would divert attention from the perfection of the Bible...

the Bible is a complete and perfect rule. ...[S]ince the completion of the canon of Scripture... there are no new revelations... none are to be expected or admitted

Path of the Puritan

Whats driving the moral decline of America? What lies behind the radical changes in our societys values? This is the sweeping saga of one mans lifelong struggle against a sinful world. A New Englander and a descendent of the Puritans, his Christian battle leads him to some startling conclusions about modern teaching and how though often presented as science it has changed the very foundations of human thought, casting mankind in a different and godless light. Sure to be controversial, this novel nonetheless provides food for thought to a world starving for answers.

The Puritan Path: Photographs of Puritan Sites

Godly Learning attempts to establish the relationship which Puritans worked out between faith and reason in the eighty years before the Civil War. This was a period of rapid expansion of educational facilities, of a clash between humanist values of the Renaissance and the fideism of the Reformation, and of confrontations between traditionalist (primarily Aristotelian) approaches to knowledge and the more experimental path signalled by Bacon. Taking an existential approach to the question of meaning, Puritans sought their solution in the development of a covenant theology based on a life of active faith. They argued vehemently that natural reason was incapable of finding the path to salvation and only faith could regenerate reason to its proper capabilities. At the same time, Puritans emphasised the value of learning for comprehension of Scripture and preparation of sermons. Starting with a fresh approach to the question of defining Puritans, Godly Learning proceeds to delineate the infrequently

studied puritan mentalité which informed the better-known public political and ecclesiological positions. Not since the work of Perry Miller has there been such a thorough attempt to comprehend the Puritan view of reason, and the implications of that view.

Godly Learning

The first rule of combat is: know your enemy. We don't talk a lot about sin these days. But maybe we should. The Puritans sure did—because they understood sin's deceptive power and wanted to root it out of their lives. Shouldn't we want the same? Though many books have been written on the "doctrine of sin," few are as practical and applicable as this one. In *Knowing Sin*, Mark Jones puts his expertise in the Puritans to work by distilling the vast wisdom of our Christian forebears into a single volume that summarizes their thought on this vital subject. The result isn't a theological tome to sit on your shelf and gather dust, but a surprisingly relevant book to keep by your bedside and refer to again and again. You'll come to understand topics like: Sin's Origin Sin's Grief Sin's Thoughts Sin's Temptations Sin's Misery Sin's Secrecy and of course . . . Sin's Defeat! None of us is free from the struggle with sin. The question isn't whether we're sinful, it's what we're doing about it. Thanks be to God, there is a path to overcoming sin. And the first step on that path to victory is knowing what we're up against. Start *Knowing Sin* today!

Knowing Sin

Originally published in 1967, this book is a history of church puritanism as a movement and as a political and ecclesiastical organism; of its membership structure and internal contradictions; of the quest for 'a further reformation'. It tells the fascinating story of the rise of a revolutionary moment and its ultimate destruction.

The Elizabethan Puritan Movement

The first part of a trilogy. Chronicles the events of a young English Puritan, as he leaves his home in England to start a new life in the wilds of America.

Leaving Southfields

This book presents a fresh appraisal of the vibrant and diverse culture of Stuart Puritanism, provides a historiographical and historical survey of current issues within Puritanism, critiques notions of Puritanisms, which tend to fragment the phenomenon, and introduces *unitas within diversitas* within three divergent Puritans, John Downname, Francis Rous, and Tobias Crisp. This study draws on insights from these three figures to propose that seventeenth-century English Puritanism should be thought of both in terms of *Familienähnlichkeit*, in which there are strong theological and social resemblances across Puritans of divergent persuasions, and in terms of the greater narrative of the Puritan Reformation, which united Puritans in their quest to reform their church and society.

Puritanism in the Old World and in the New, from Its Inception in the Reign of Elizabeth to the Establishment of the Puritan Theocracy in New England

Excerpt from *Historic Pilgrimages in New England: Among Landmarks of Pilgrim and Puritan, Days and of the Provincial and Revolutionary Periods* The path of the first Pilgrim exploration party. - Iſy Cape Cod to Plymouth. - pilgrim traces along shore. The spirituall man's directorie, guiding a Christian in the path that leads to true blessedness. With a recommendatory address by J. Gere

Reveals a much neglected strand of puritan theology which emphasised the importance of inner happiness and personal piety.

Unity in Diversity

Nicholas Byfield (1579-1622) was a fiery Reformed minister of the Gospel and scholarly puritan divine. He was extremely popular in his day, and widely respected as a studious theologian and deep preacher of the Word. What is the first thing a person who desires to be saved should do? Byfield teaches that he should first inquire, "What should he do to be rid of those many sins he is guilty of?" To be rid of such sins is being rid of their danger and guilt, and from their power and dominion. For many people, for many Christians, this is something they have not yet done. In this work, Byfield has gathered for us, out of the whole Bible, a catalog of those sins which in God requires we repent of. They are sins we must take special notice of so that we can confess them and avoid them. Byfield describes these sins in the expressed words of the bible so that you might see the Lord himself describing our offenses. Byfield surveys the entire bible and demonstrates particular offenses plainly proven to be sins. He shows by expressed Scriptures what course we may distinctly take to be rid of all our sins. This is a course that cannot fail us, being grounded on the most evident biblical directions, which God himself has prescribed to us. What Christian would not want to be rid of all their sins? Who has made such a catalogue of them to repent effectively by the power of God's Spirit? This work is a comfortable and safe path through the word of God that leads directly to Jesus Christ. When a Christian follows the evident directions of God's Word in these weighty matters, he walks safely. He walks in the good way, the way of life, and the way of peace. In this path Byfield assures us that the reader will see and experience the salvation of God through Christ. To follow these directions soundly, is to keep our souls, and in this, all God's ways will be mercy and truth to us.

Tales of the Puritans

This book explores the history of the Puritans in Holland, England, and America. It provides a detailed account of their beliefs, practices, and struggles, and offers insight into their impact on society and culture in each of these countries. This book will be of interest to anyone with an interest in religious history or the Puritan movement. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

The Puritan and His Daughter

God's call to the sinner to turn and live is serious and demands a response. In a clear, compelling, and passionate way, Nathaniel Vincent explains the foolishness of continuing in the pathway of evil, the stubborn disposition of natural man to continue in this way, the gracious and repeated call of God to turn, and the wonderful remedy found in Christ. In typical Puritan fashion, Vincent also draws out the several applications, or uses, of this doctrine. Table of Contents: 1. God's Call to Turn 2. The Way of Evil is the Way of Death 3. Death as a Result of One's Choice 4. God's Repeated Call to Turn from Death to Life 5. Concluding Applications Series Description Interest in the Puritans continues to grow, but many people find reading these giants of the faith a bit unnerving. This series seeks to overcome that barrier by presenting Puritan books that are convenient in size and unintimidating in length. Each book is carefully edited with modern readers in mind, smoothing out difficult language of a bygone era while retaining the meaning of the original authors. Books for the series are thoughtfully selected to provide some of the best counsel on important subjects that people continue to wrestle with today.

Tales of the Puritans

In the present day, many professing Evangelicals believe that "salvation" stems from a superficial display of moral behavior, believe in Jesus and nothing more is required in the life of a Christian. Roberts viewed this approach as the efforts of a natural man attempting to accumulate merit before God to secure eternal life – a deceptive scheme crafted by the devil for the unsuspecting soul. His book aims to guide sinners away from these innate inclinations and towards Jesus Christ. It's more than a mere invitation to Christ; it's a robust tool designed to jolt the sinner's understanding into grasping the fundamental aspects of the Gospel of Jesus Christ concerning sin and salvation. This book serves as a heartfelt guide, mapping the path for the natural man towards the redeeming grace of King Jesus. Some have remarked that this particular book stands as an unparalleled exhortation in the lineage of Christian literature. It explores deeply the covenant of God, detailing the ways and means through

which a sinner, guided and changed by God, can achieve salvation. It elucidates the path to saving grace and to the sole Redeemer of God's chosen, with what many believe to be some of the most compelling and poignant directives and descriptions in the Gospel. Its impact has been compared to, and some say even exceeds, the urgency found in Alleine's "Alarm to Unconverted Sinners." Roberts' primary aim with this work was to not only spark interest in Christ among sinners but also to guide them towards the sole means of salvation. This was achieved through targeted, potent, straightforward, and factual sermonizing and writing. It's likely that you have never encountered such preaching or writing before. As the Scriptures are thoroughly explored, they reveal the essence of Gospel beauty, glorifying Christ in their accuracy, fervor, and theological depth. Christians and non-Christians will find themselves transformed by this work if they take it to heart sincerely. After reading his twenty-four specific directions for discovering the true, biblical Christ, readers will inevitably find themselves either closer to heaven or closer to hell.

Historic Pilgrimages in New England

The latter half of the seventeenth century saw the Puritan families of England struggle to preserve the old values in an era of tremendous political and religious upheaval. Even non-conformist ministers were inclined to be pessimistic about the endurance of 'godliness' - Puritan attitudes and practices - among the upper classes. Based on a study of family papers and other primary resources, Trevor Cliffe's study reveals that in many cases, Puritan county families were playing a double game: outwardly in communion with the Church, they often employed non-conformist chaplains, and attended nonconformist meetings.

The Puritan Dilemma

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. Thomas Cartwright and Elizabethan Puritanism, 1535-1603

Selected essays offer historical interpretations of the Puritans and their way of life.

Puritanism and the Pursuit of Happiness

In the seventeenth-century English Atlantic, religious beliefs and practices played a central role in creating racial identity. English Protestantism provided a vocabulary and structure to describe and maintain boundaries between insider and outsider. In this path-breaking study, Heather Miyano Kopelson peels back the layers of conflicting definitions of bodies and competing practices of faith in the puritan Atlantic, demonstrating how the categories of "white," "black," and "Indian" developed alongside religious boundaries between "Christian" and "heathen" and between "Catholic" and "Protestant." Faithful Bodies focuses on three communities of Protestant dissent in the Atlantic World: Bermuda, Massachusetts, and Rhode Island. In this "puritan Atlantic," religion determined insider and outsider status: at times Africans and Natives could belong as long as they embraced the Protestant faith, while Irish Catholics and English Quakers remained suspect. Colonists' interactions with indigenous peoples of the Americas and with West Central Africans shaped their understandings of human difference and its acceptable boundaries. Prayer, religious instruction, sexual behavior, and other public and private acts became markers of whether or not blacks and Indians were sinning Christians or godless heathens. As slavery became law, transgressing people of color counted less and less as sinners in English puritans' eyes, even as some of them made Christianity an integral part of their communities. As Kopelson shows, this transformation proceeded unevenly but inexorably during the long seventeenth century.

Delivered From All Our Sins

Dr. Ryken's presentation of the Puritan view and style of life is perceptive and accurate. He allows them to speak for themselves on topics ranging from "Church and Worship" to "Money" and "Marriage and Sex". While criticizing the Puritans for their faults, the author paints a sympathetic portrait of them.

The Puritan Spirit

'Puritan' was originally a term of contempt, and 'Puritanism' has often been stereotyped by critics and admirers alike. As a distinctive and particularly intense variety of early modern Reformed Protestantism, it was a product of acute tensions within the post-Reformation Church of England. But it was never monolithic or purely oppositional, and its impact reverberated far beyond seventeenth-century England and New England. This Companion broadens our understanding of Puritanism, showing how students and scholars might engage with it from new angles and uncover the surprising diversity that fermented beneath its surface. The book explores issues of gender, literature, politics and popular culture in addition to addressing the Puritans' core concerns such as theology and devotional praxis, and coverage extends to Irish, Welsh, Scottish and European versions of Puritanism as well as to English and American practice. It challenges readers to re-evaluate this crucial tradition within its wider social, cultural, political and religious contexts.

The Valley of Vision

The Puritan in Holland England and America

Seventeenth-century England has been richly documented by the lives of kings and their great ministers, the nobility and gentry, and bishops and preachers, but we have very little firsthand information on ordinary citizens. This unique portrait of the life, thought, and attitudes of a London Puritan turner (lathe worker) is based on the extraordinary personal papers of Nehemiah Wallington—2,600 surviving pages of memoirs, religious reflections, political reportage, and letters. Coming to maturity during the reign of James I, Wallington witnessed the persecution of Puritans during Archbishop Laud's ascendancy under Charles I, welcomed what he thought would be the godly revolution brought by the Long Parliament, and watched with increasing disillusionment the failure of that dream under the Rump republic and the Cromwellian Protectorate. The author reconstructs Wallington's inner world, allowing us to see what an ordinary man made of a lifetime of reading Puritan doctrine and listening to the sermons of Puritan preachers. For the first time we can penetrate the mind of one of those who made up the London mob calling for the end of episcopacy and the death of the Earl of Strafford in 1641, who welcomed the revolution, if not the war that followed, and who finally came to approve the death of his king.

Turn and Live

Timely wisdom on the universal nature of the struggle to live a godly life.

The Natural Man Directed to Jesus Christ

Richard Byfield (1598-1664), was a Calvinistic Westminster Puritan, an ejected minister, and sat in the Westminster Assembly. "The Light of Faith and Way of Holiness" is a Christian manual showing the path the Christian must take in order to believe, strive, earnestly contend and suffer in the present age in which he lives for the glory of God and the praise of Jesus Christ. Byfield teaches how one is to live in all estates, conditions and degrees of relation according to a true and real biblical faith. He works from the text, "And a highway shall be there, and a way, and it shall be called the way of Holiness; the unclean shall not pass over it, but it shall be for those: the wayfaring men, though fools, shall enter in

it," (Isa.35:8). This is a classic puritan work that is applicable for all ages of Christian growth. This work is not a scan or a facsimile, and has an active table of contents in all electronic versions.

The Puritan Experience

In 1558, the death of Bloody Mary and the accession of Elizabeth I to England's throne offered new hope to thousands of exiled Protestants who returned to Britain en masse. Their aim -- to see Christ's Church purified. Reformation and Revival tells their story, chronicling the tragedies and triumphs that the Puritans experienced as they engaged the English Crown and the established Church on matters of Christian faith and practice. An excellent survey of the Puritan's struggle for religious liberty and impact on Western culture, Reformation and Revival offers readers a window into the Puritan world that gave us the likes of Bunyan, Baxter, Owen, and Cromwell on Britain's shores, as well as such leaders as Winthrop and the Mathers who established the great Puritan settlement in North America.

The Puritan Gentry Besieged, 1650-1700

The aim in preparing this work of sermons has been to publish some of the best sermons of the reformed pulpit (or reformed teaching) from the halls of church history - sermons that line up with biblical exegesis and reformation teaching. It is believed that these sermons will be found valuable as examples of great preaching. They will be without a doubt helpful to those who seek reading expositions of the Word of God for the upbuilding of personal character and for strengthening their Christian faith to walk more closely with Jesus Christ. The sermons have been chosen in some cases for their literary and rhetorical excellences, but in every case for their helpfulness in solving some of the problems of Christian living and reformation to glorify God. This volume contains some never before published sermons such as those by Simeon Ashe, Lazarus Seamen, Alexander Henderson and John Hooper, and some important sermons such as the ones by John Calvin and Savanarola. This is not a scan or facsimile, and contains an active table of contents for electronic versions.
