Sometimes they even let their chance slip, because they are afraid of embarrassment and negative feedback from the one they adore. An adequate alternative to a face-to-face confession is the love letter. Writing a love letter is a meaningful art and it offers a great possibility to reveal one's affection for the receiver without evoking shameful situations and awkward moments that may hurt one's own feelings. By writing creatively, using the right selection of words and good argumentation, a love letter can be more than just a declaration of love. They often relinquish a moment of mystery, excitement and surprise and many people keep them lifelong as their secret treasures. In fact, writing good love letters is a demanding task even for advanced students. It might take hours of practice, drafting and rewriting to create an emotional and inspirational love letter. This paper will be about teaching intermediate students in the English foreign language (EFL) classroom, how to write a love letter. Love Letters

Under the shadow of the turbulent 1960s, this is my story of a journey through village India as an American Peace Corp Volunteer. I graduated college in 1966 with no idea of what I wanted to do in life. I asked the Peace Corps to send me to a place that was more different than anything I had ever known. I got what I asked for. India unfolded into a kaleidoscope of fascinating people and unforgettable scenes in a culture that never failed to amaze me. The sights, smells, and sounds of village India offer the backdrop of what happened, some stories quite incredible, but all true. After two years, I was infused with the spiritual and mystical quality that was, and still is, India--something that is almost beyond explaining. It cannot be found by touring India or even visiting an ashram, but only by living there, learning the local language, and being with Indians in their homes and work. Forty-four years

after leaving the Peace Corps I returned to village India. Surprisingly, very little had changed. All of the profits from the sale of this book will be donated to the Vishwa Bharati non-profit village school in Anavatti, India; and to the School of Social Work at the University of North Carolina Wilmington, to support students and faculty in visiting India.

But, here, there is no provision to explain the summary of said novels. The scope of my imagination can understand the only those people who have studied his novels, because that novels contains the series of imaginations and subjects that the Hollywood films can also take inspiration from this work.
