They're not getting the nutrition they need.

that one in three children are stunted, wasted or overweight?

And two in three children are not getting the diets they need in early childhood

are more expensive than unhealthy diets?

Providing access to nutrition throughout childhood from conception to adolescence

But we cannot win the battle on our own.

We need governments to show political will

and invest in nutrition policies, programmes and interventions affordable and sustainable food and diets

We need to make children's nutrition a top priority across food systems
