Retribution: The Centurions III

The action-filled climax of the epic story of the Batavi uprising in AD 69, from the author of the bestselling Empire series. ****NOW FEATURING AN ADDITIONAL SHORT STORY**** 'A masterclass in military historical fiction' - Sunday Express Victory is in sight for Kivilaz and his Batavi army. The Roman army clings desperately to its remaining fortresses along the Rhine, its legions riven by dissent and mutiny, and once-loyal allies of Rome are beginning to imagine the unimaginable: freedom from the rulers who have dominated them since the time of Caesar. The four centurions - two Batavi and two Roman, men who were once comrades in arms - must find their destiny in a maze of loyalties and threats, as the blood tide of war ebbs and flows across Germania and Gaul. For Rome does not give up its territory lightly. And a new emperor knows that he cannot tolerate any threat to his undisputed power. It can only be a matter of time before Vespasian sends his legions north to exact the empire's retribution.

The Centurions; Or Scripture Portraits of Roman Officers

AD 69: The Rhine frontier has exploded into bloody rebellion, and four centurions who once fought in the same army find themselves on opposite sides of a vicious insurrection. The rebel leader Kivilaz and his Batavi rebels have humbled the Romans in a battle they should have won. The legions must now defend their northern stronghold, the Old Camp, from the enraged tribes of Germany, knowing that they cannot be relieved until the civil war raging to the south has been resolved. Can they defend the undermanned fortress against thousands of barbarian warriors intoxicated by a charismatic priestess's vision of victory?

Resistance

The years from the battle of Actium to the death of Nero stand at the very heart of Roman history. Yet the sources of this key period, particularly the inscriptions, papyri and coins, are not readily accessible. Crucial new discoveries remain buried in learned periodicals, and now that the study of the ancient world is widespread among those without Latin and Greek, the lack of translations is proving a serious handicap. Augustus to Nero, first published in 1985, contains numerous texts not only for students of traditional political history, but also of those interested in social and economic history. An introductory essay establishes a broad methodological framework within which each text may be understood. The focus throughout is on less well-known literary evidence: for example, the significant poetry of Crinagoras and Calpurnius Siculus. Inaccessible sources are here collected and translated: brief notes are supplied to help the reader.

The Indo-Pakistani War of 1965 witnessed some of the largest tank battles since World War II, notably between India's British-made Centurion Mk 7s and the American-made M48 Pattons fielded by Pakistan. The two countries' tank regiments, many of which shared a proud legacy in the British Indian Army, fought one another in the difficult terrain of Jammu and Kashmir, the focus of a long-running dispute between India and Pakistan. The armoured clashes at Asal Uttar, Chawinda and Phillora would demonstrate that the Centurion, with its powerful gun and lower profile, generally proved superior to the faster, lighter but overly complex Patton. Featuring full-colour artwork, expert analysis and archive photographs, this is the full story of the clash between two leading tanks of the Cold War era that were never designed to fight each other, but rather to line up on battlefields as allies.

Find What You Believe

Scott Shauf compares the portrayal of the divine in Acts with portrayals of the divine in other ancient historiographical writings, the latter including Jewish and wider Greco-Roman historiographical traditions. The divine may be represented as a single deity (in Judaism) or many (in Greek and Roman traditions) and also includes representations of angels, God's spirit, Jesus as a divine figure, or forces with divine status such as fate, chance, and providence. Shauf's particular interest is in how the divine is represented as involved in history, through themes including the nature of divine retribution, the partiality or impartiality of the divine toward different sets of people, and the portrayal of divine control over seemingly purely natural and human events. Acts is shown to be engaging historiographical traditions of the author's own day but also contributing unique historiographical perspectives. The way history is written in Acts and in the other writings is shown to be intimately tied to the understanding of the role of the divine in history.
