Die Polizei geht von einem Unfall aus, denn das Wetter war schlecht und die Stege rutschig. Doch Jo glaubt nicht an diese Theorie und beginnt selbst zu ermitteln. Dabei stößt er auf Dinge, die er vielleicht besser unberührt gelassen hätte. Denn seine Gegner aus der Fischindustrie sind mächtig und skrupellos ...

#### Fly Away, Pigeon

Tells the heart-wrenching story of a family torn between emigration and immigration and paints evocative portraits of the former Yugoslavia and modern-day Switzerland. In this novel, Melinda Nadj Abonji interweaves two narrative strands, recounting the history of three generations of the Kocsis family and chronicling their hard-won assimilation. Originally part of Serbia's Hungarian-speaking minority in the Vojvodina, the Kocsis family immigrates to Switzerland in the early 1970s when their hometown is still part of the Yugoslav republic. Parents Miklos and Rosza land in Switzerland knowing just one word--"work." And after three years of backbreaking, menial work, both legal and illegal, they are finally able to obtain visas for their two young daughters, Ildiko and Nomi, who safely join them. However, for all their efforts to adapt and assimilate they still must endure insults and prejudice from members of their new community and helplessly stand by as the friends and family members they left behind suffer the maelstrom of the Balkan War. With tough-minded nostalgia and compassionate realism, *Fly Away, Pigeon* illustrates how much pain and loss even the most successful immigrant stories contain. It is a work that is intensely local, while grounded in the histories and cultures of two distinct communities. Its emotions and struggles are as universal as the human dilemmas it portrays.

#### Truth is Silenced

For years, psychotherapists have known that Laura Perls was actively involved in the development of what today is known as Gestalt therapy, although her husband, Frederick Perls, officially authored the foundational texts. Laura Perls's own professional publications are succinct and appreciated, but they are not numerous. The present volume, comprising Laura Perls's heretofore unpublished writing, including journal entries, letters, poems, translations, short stories, and drafts for lectures and publications, offers a very personal perspective on one of the founders of Gestalt therapy. The extensive interview that Daniel Rosenblatt conducted with Laura Perls in 1972, published here for the first time in English, complements her literary texts, and provides valuable background information. Laura Perls's history spans two world wars, flight from Nazi persecution, life on three continents, and many new beginnings. Together with her known works, these literary texts reflect the emergence of women into professional and public life during the 20th century by giving the reader insight into this time period and the influence of a woman on the development of a major school of Humanistic Psychology. The rich cultural background from which Laura Perls benefited and the authors whose works inspired her resonate in her literary texts, a treasure chest of personal reflections during the decades of her life.

from 1946 to 1985. In addition, a general overview of her life is provided, her theoretical and practical contributions to the origins and development of Gestalt therapy are described, and her legacy to the field of Gestalt therapy is elucidated. Laura Perls was known for making the New York Institute for Gestalt Therapy a viable and important teaching community. For decades, she was the keeper of the flame of this foundational Gestalt institute. Best known for her concepts of contact and support, the creative use of experiments, and productive use of embarrassment, Laura Perls's literary texts are finally made available here.

### Timeless Experience

"One of those rare biographical novels that bring a whole world to life in a way that lingers in memory."  
--Jay Parini, author of *Borges and Me* This absorbing, sensitive novel portrays a famed author in a moment of crisis: an aging Hugo von Hofmannsthal returns to a summer resort outside of Salzburg that he visited as a child. But in the spa town where he once thrilled to the joys of youth, he now feels unproductive and uninspired, adrift in the modern world born after World War One. Over ten days in 1924 in a ramshackle inn that has been renamed the Grand Hotel, Hofmannsthal fruitlessly attempts to complete a play he's long been wrestling with. The writer is plagued by feelings of loneliness and failure that echo in a buzz of inner monologues, imaginary conversations and nostalgic memories of relationships with glittering cultural figures. *Palace of Flies* conjures up an individual state of distress and disruption at a time of fundamental societal transformation that speaks eloquently to our own age.

"Slam-bang... superb... masterful... gripping... marvelous."—Washington Post How is tonight different from all other nights? After this harrowing mission, Jacob is recruited to pursue another enemy agent—this time not to murder the spy, but to marry her. Based on real historical figures, this eagerly awaited novel from award-winning author Dara Horn delivers multilayered, page-turning storytelling at its best.

### All Other Nights: A Novel

In this "slyly subversive, semi-autobiographical" novel "of Arab Israeli life," a Palestinian man struggles against the strict confines of identity (Publishers Weekly). In Sayed Kashua's debut novel, a nameless anti-hero contends with the legacy of a grandfather who died fighting the Zionists in 1948, and a father who was jailed for blowing up a school cafeteria in the name of freedom. When the narrator is granted a scholarship to an elite Jewish boarding school, his family rejoices, dreaming that he will grow up to be the first Arab to build an atom bomb. But to their dismay, he turns out to be a coward devoid of any national pride; his only ambition is to fit in with his Jewish peers who reject him. He changes his clothes, his accent, his eating habits, and becomes an expert at faking identities, sliding between different cultures, schools, and languages, and eventually a Jewish lover and an Arab wife. With refreshing candor and self-deprecating wit, *Dancing Arabs* is a "chilling, convincing tale" of one man's struggle to disentangle his personal and national identities, only to tragically and inevitably forfeit both (Publishers Weekly). "Rings out on every page with a compelling sense of human truth" —Kirkus Reviews "Despite its dark prognosis, there is a lightness and dry humor that lifts it with the kind of wings its protagonist once hoped for." —Booklist

Wilhelm Raabe's novel entitled *Der Hungerpastor* (1864) is a classic example of the so-called "poetic realism" to which many - primarily bourgeois - German writers were devoted between 1850 and 1890. --- Wilhelm Raabe (1831 - 1910) became famous following the publication of his first novel, *Die Chronik der Sperlingsgasse* (The Sparrow Lane Chronicle), in 1856. His late works are known for their social criticism, while earlier novels, such as *The Hunger Pastor*, were intended to be primarily educational. --- With the figure of Hans Unwirsch in *The Hunger Pastor*, Raabe completely lives up to his motto - "Look up to the stars. Pay attention to the streets." The budding pastor, who was born into poverty, "hungers" for knowledge and a respected place in society, but he constantly stumbles over obstacles that his own life, as well as the lives of his family and friends, place before him. --- Raabe's rambling style makes his works difficult reading for many contemporary readers. In this version of *The Hunger Pastor*, several chapters have therefore been summarized by the translator, while the most important ones are published in their original length. --- Despite some anti-Semitic elements, which were commonly found in the works of some 19th century bourgeois writers in Germany, *The Hunger Pastor* is and remains a German literature classic.

'You empower yourself and then you reach out to others.' Uplifting life lessons from one of the greatest leaders the world has ever known... through the eyes of the grandson whose life he changed forever. In his book *Going to the Mountain*, Ndaba Mandela shares the story of his coming-of-age alongside South Africa's rebirth. It is a remarkable journey, and one that took him from the violent, segregated Soweto ghettos to his grandfather's presidential home. As a young boy, Ndaba was constantly shunted from place to place. But at eleven years old he was unexpectedly invited to live with his grandfather, Nelson Mandela, even though he had met him only once before, during a prison visit. And, slowly, they built a relationship that would affect both of them profoundly. Ndaba's teenage years were complicated, but as he approached his twenty-first birthday, Mandela decided that Ndaba was finally ready to 'go to the mountain' – a test of courage during which you become a man. At the end of this gruelling ritual journey, the elders of the Mandelas' tribe gathered and Ndaba's grandfather was there, as ever, to share his greatest life lessons. From Nelson Mandela, Ndaba learned the spirit of endurance, the triumph of forgiveness, the power of resistance and the beauty of reconciliation. And as Mandela grew older, Ndaba had the chance to repay his grandfather's love and support by demonstrating the ways in which he'd understood all that he had taught him. Intimate and inspirational, *Going to the Mountain* is a powerful reminder of how one person can impact profoundly on another, and a testament to the awesome power within us to change ourselves and our world.

### The Philosopher's Kiss

New Hollywood extends from the radical gestures of the 'Hollywood Renaissance' of the late 1960s and early 1970s to the current dominance of the corporate blockbuster. Geoff King covers new Hollywood dynamically and accessibly in this thoroughly modern introductory text. He discusses diverse films as well as the film-makers and film companies, focusing on the interactions between the film texts, their social contexts and the industry producing them. Using examples across Hollywood and its genres, King reveals how the positions of studios within media conglomerates, together with the impact of television, advertising and franchising on the New Hollywood, shape the form and content of the films.

### Another Way to Fall

This volume focuses on how power relationships affect border integration in the fields of political cooperation (with specific focus on local government), spatial planning, language policies and practices and environmental management. While integration processes differ in each of these fields, the common thread that they share is that local power relationships affect integration in each of these arenas.

### Don't Breathe a Word

"I want to turn back the hands on the clock and change it all, make it different; three friends who meet up by chance in an old city and share a beer and laugh at old stories and jokes. But it wasn't like that; and the clock has no hands, so I can't turn them back." [p.171] Alex Carlise has returned to a place he thought he'd never see again, outside of his dreams. As he walks the ochre-dusted road to the house in which he grew up, the memories of his young life in a small Italian town push all other thoughts out of his head: thoughts about the major exhibition of his artwork opening soon in London, thoughts of the myriad things he should be doing in preparation—everything subsides to make room for the warm flood of a time long past. When he opens the door to the now-deserted house, he is suddenly seven again. There is Jamie, his first friend, his best friend; Anna, his first love; and the delicious days they spent exploring the valley and swimming in the cerulean blue Mediterranean Sea. It all comes back to Alex in a way he can neither control nor discern. But the memories are insistent, demanding. Soon Alex loses entire hours to the past, overwhelmed by the haunting memories of a youth turned tragic. Alex remembers the day he, Jamie, and Anna went to their favorite place, an abandoned church far up in the hills. There they stumbled upon a man, injured and sick. From this discovery, a series of events tumbled forth that would change them all forever. Alex now realizes that he must confront the truth about himself, about the echoes of the past that still haunt him, and about the friends whose legacy has meant only devastation. Guy Burt's vision of youth is piercingly accurate, and his sense of how time can play tricks on the mind is startling. Haunting, eerie, and remarkably assured, *The Clock Without Hands* will resonate with the child that hides inside your own memories.

### The Pilot and the Puck-Up

In 2030, the world's population will be a staggering eight billion people. Of these, two-thirds will live in cities, and most will be poor. With limited resources, this uneven growth will be one of the greatest challenges faced by societies across the globe. Over the next years, city authorities, urban planners and designers, economists, and many others will have to join forces to avoid major social and economical catastrophes, working together to ensure these expanding megacities will remain habitable. To engage this international debate The Museum of Modern Art presents Uneven Growth, Tactical Urbanisms for Expanding Megacities, its third iteration in the 'Issues in Contemporary Architecture' series. Following the same model as the critically acclaimed Rising Currents: Projects for New York's Waterfront and Foreclosed: Rehousing the American Dream, Uneven Growth brings together an international group of scholars, practitioners, and experts of architecture and urbanism in a series of workshops, an exhibition, and a publication to focus on how emergent forms of tactical urbanism can address the increasing inequality of urban development around the globe. Featuring proposals for six global metropolises - New York, Mumbai, Rio de Janeiro, Istanbul, Hong Kong and Lagos - each developed by a team pairing local practitioners with international researchers, Uneven Growth documents the brainstorming sessions and workshops. Interviews with each team and essays by leading scholars on the issue make the publication a rich resource for students and professionals alike, and a catalyst for worldwide change.
