Rainbows from Heaven

What would you do if God gave you a sneak peak of life in Heaven? This is the inspirational fictional story of a small-town newspaper reporter who has spent years covering the same events in rural southern Indiana. He has longed for a change, possibly moving on to bigger and better stories from a larger paper in a bigger city. He finds himself covering a sudden snow and ice storm that came from out of nowhere. After a sixteen-hour day, his vehicle slides on invisible ice and slams into a telephone pole. What happens next is simply amazing, and he finds out what everyday life is like on the other side.

Rainbows in Heaven

Families are made in Heaven. That was never so apparent as it was for Lynn Ellen Doxon and Robert Habiger in the creation of their family through the adoption of three girls from the Ukraine. Lynn and Robert's journey takes them halfway around the world and lasts for two and a half years. In that time they learn lessons of perseverance, faith, love, hope and surrender to God's will. The laws and economy of Ukraine are unstable, the officials fearful and suspicious and the circumstances wearisome. At times it seems like the whole world is attempting to block the adoption. Lynn shares the humor, the joy, the fear and the anger she experiences in the process of adopting her daughters. She opens herself up, showing that while she and Robert did not do everything right, continued trust in each other, prayer and belief in their love for the girls would see Lynn's dream of a family come true.

Rainbows from Heaven

Can we see water nymphs? Of course! Do they talk to us? Yes! There is so much more to our lives than buildings, traffic, TV, phones, etc. All these things are manmade, making them pretty much one-dimensional. Now, it's time to reveal the other dimensions to children of all ages, and that's exactly what this series is written to do! This first book in a new series - The Nature Realms - came from one day when Poet and Children's Author Ellen Hawkins was driving her car across a bridge and saw thousands of tiny silver water nymphs, their tingling vibrations of light dancing on the water. Collaborating with International Bestselling Author and Illustrator D. D. Scott, this series was born of their desire to show children our lost heritage of nature, showing them how we can each walk hand-in-hand with this Divine Teacher. Per the authors ... These books open up layer after layer of the new worlds that exist within our higher self. We are indeed beings of a multi-dimensional universe and multiple universes. And, inside our hearts and minds, and yours too, there are many keys to many doors which lead to these glorious, magic-filled realms. The veils between the worlds have been peeled back, allowing us to enter the secret world of nature. There we can see, feel, and know the Creator. It makes our hearts expand and burst open with even more love to share these stories with you, helping you know that there are so many touches of magic here on our Earth, magic that you, too, can feel, if you have the heart to do so. ABOUT THE AUTHORS: Ellen Hawkins is a regression surrogate, who accesses the Akashic records to find energy patterns from past lives that are impacting her clients at this moment. She and her partner Paul work together to clear and forgive the energy that is impacting their clients in a negative way in this lifetime. She's been doing this for over 40 years with wonderful results. In addition to her healing services, she is available for speaking engagements and classes. She's also been writing poetry and short stories, and now children's books, her entire life, despite struggling with dyslexia. D. D. Scott is an International Bestselling Author, Writing & Publishing Coach, and Self-Publishing Strategist. With 39 books in 7 genres and over 1.4 million copies sold, she's been blessed to be an Amazon Top 10 Bestseller (multiple times) as well as a #1 Barnes & Noble bestseller. She is also the Founder and CEO of LetLoveGlow Author Services, where she lights the publishing path for hundreds of authors. And she's thrilled to now be an Illustrator, too!

Water Nymphs

Standing in the Great Room at my home, I see a rainbow, appearing between the mirrors on my living room wall. I note that the six colors of the chakra system are in the correct sequence: red, orange, yellow, green, blue, and lilac at the top of the rainbow. Looking at my watch, the time is 5:50 p.m. The rainbow disappears, and now, none can be seen. The time is 5:55 p.m. Next, almost immediately, two rainbows appear. The first one is on the back of the Great Room Wall to the right above the sofa while I stand there facing the mirrors. The second rainbow appears on the lamp. Both of them contain the six colors of the chakra system in the chronological order. I am left wondering if these visuals are the light of God giving me the go ahead for putting my writings into the hands of the people. Since the chakra system and the rainbow are both utilized in my writings, I believe this sign is from God and no accident.

A Touch of Love from Heaven

Inspirational Poetry, "Rainbow of my Soul" offers the reader a view into a soul anchored in deep love and faith. This firm foundation delightfully colors the pages with hope, renewal, passion, desires, dreams, sincere thoughts and true emotions. Join me on a personal journey of emotions; my heart embracing the beloved melodies of my soul, dancing with my faith, giving birth to my dreams with awakened passion flowing through me in a rainbow of colors and hope. -Inspired by Yanni, Nature and God!

Rainbow Of My Soul

We read in the book of Genesis that God made a covenant with Noah. He promised never to destroy all flesh again with a worldwide flood. God put the rainbow in the clouds as a reminder that He would never flood the whole earth again because of the promise He made to Noah. In the current day and age, a lot of children don't even know where the rainbow came from. A lot of adults don't know what the rainbow represents. I felt I should write this book so the eyes of many children would be opened to the biblical truths about God's rainbow. As parents, we need to fill our children with the Word of God—the only thing that can give our children life everlasting. What a beautiful gift God gave us when He provided us with the covenant of the rainbow! Every once in a while, the Lord will bless us with a little bit of heaven when He puts His rainbow in the clouds. Author: Ann Wilson Illustrator: Pam Day

God's Rainbows Are Forever

Where do our beloved pets go when they die? Halo and the Rainbows takes an amazing journey with one boy and his beloved dog, Halo. In the future, life on Earth has changed drastically, and having a dog as a pet is an exception, not the rule. Evan is a lonely young boy in a new earth, yearning for friends. His parents finally decide that Evan should have a pet, so they find a beautiful dog for him to adopt. He and Halo become fast friends, but as the little dog grows older, Evan's parents notice that Halo is slowing down. They worry about how Evan will deal with the loss of his beloved friend. But there is another, more sinister force at work. Halo and the Rainbows is an inspiring story of an unseen and amazingly beautiful world where angels, rainbows, crystal seas, and a rain of diamond tears reflect the design of a divine creator. Your heart can be touched with peace as a grieving young boy is comforted by the lessons he learns in this journey into the territory of a faithful God.

The Rainbow and the Rose

Written over a period of more than 50 years, *The Shadow of Rainbows: 100 Life Poems* by Evelyn Bell is a collection which ranges from fanciful word-plays to thoughtful and deeply emotional expressions. Disappointments in romantic love inspired many poems, but most deal more broadly with people and relationships. An appreciation of nature and beauty is expressed in most of Bell's work. Sporadic rhymes and surprising punchlines are common to her style. While living in San Francisco during the mid-1970's, Evelyn penned 200 poems during a 12 month period. A small selection of these appear in Chapter 2. After returning from California to Florida, family losses took a heavy toll. The writer shares her sorrows as willingly as her laughter. Whether dealing with impending divorce, office politics, romantic foibles, wrenching sentiment or simple silly things, all form the spectrum of an honest response to the writer's richly experienced life.

The Shadow of Rainbows

I have entitled my book of poems *My Rainbows* for a reason-that is what they are. When I was a child my Grandmother told me that at the end of a rainbow there was a pot of gold. I believed that for a long time, and one day I asked my mother if it was so. Her answer was, "Well, there just might be but the only thing about that is you can never reach the end of a rainbow-it disappears too fast." The pot of gold at the end of *My Rainbows* can be reached. The gold paves those streets of gold called Heaven. Hopefully, you will enjoy reading *My Rainbows* in which I have reminisced about my growing up years in the country, my love of nature, and, most importantly, my faith in God. Hopefully, *My Rainbows* will strengthen your faith and you will determine to meet me there at the end of the Rainbow.

My Rainbows

Valerie Klimaszewski, is an aspiring author, of the riveting, and sometimes, raw glimpse into the "dark night of the soul:" *Rainbows: From Brokenness to Blessings*. The book captures the attention of the reader so profoundly, that it is difficult to put down. It reaches into the core of one's innermost being. This book will touch the hearts of all of us, especially those mourning the loss of a loved one or parents grieving the loss of their child. After reading it, one will be blessed to see that God is still making miracles; creating something beautiful out of our ashes.

Redbirds and Rubies and Rainbows

Rainbows through the Storm shares a mother's story of her struggle with grief and faith. Her family endured one of life's worst nightmares, the deaths of two children.

Rainbows

Blessings are at the end of the rainbow, a pot full of blessings. The colors have meanings in the rainbow that you see. Red is life, the blood of Jesus, orange is for healing, yellow is the sun, green is nature,

blue is art, indigo is harmony, and violet is the spirit. It is the promises from God that you get a second chance in life. He will be there for you always and forever. Rainbows come after the rain; you see the blessings from it. Let the rain pour on you, without the umbrella, it is after the storm is over. When the rainbows come out, let the colors hit your heart. Put those colors in your heart and heal, bring the sun out, let everyone know the blood of Jesus, tell everyone that God created the heaven and the earth. Just let the rainbow shine in you!!! The blessings will come!!!

The Rainbow and the Rose

"To grow through the ugly in our lives, we have to go through the ugly in our lives. You can't cover it up and hide it. You can't pretend it's not there. You can't bury it and just walk away. If you don't go through it, it will be there until you give it space and time to heal. I would spend my entire life on earth broken, for even just one second of the immeasurable peace that's to come. That same peace of Heaven that my grandpa was so sure about." -An Inch from Heaven I met the Lord for the first time just over six years ago at a concert that I wasn't even sure I wanted to go to. From that moment on, I've had some of the most wild experiences that I finally--begrudgingly--compiled into this book here. Depression. Hope. Identity crisis. Redemption. Addiction. Healing. Death. Promise. "An Inch from Heaven is an open, honest telling of what life with the Lord really looks like through the eyes of a twenty-something with nothing to lose. It's not all rainbows and unicorns floating around the earth until Heaven. It's heartbreak and hope mixed into almost every single day. It's real." My hope with An Inch from Heaven is that readers walk away from it understanding just how close the Lord really is to them, and that they feel the comfort that I felt in learning it all throughout my experiences here in this book. Heaven really isn't that far away.

The Child & the Rainbow

Because her friend dared her to do so, a fifty-year-old woman gets a tattoo of rainbow-colored angel wings. From that point, she is propelled on a journey that reveals a world of spiritual forces, both good and evil. One by one, seven angels deliver a message to the woman, and her life is interrupted. As her journey progresses, she learns how situations and events in her life have allowed her to develop certain character traits and under-develop others. Rainbows bring the woman promises of hope and strength, while rodents sneak in and try to steal them away. Fortunately, the messages delivered by the angels prepare her for the battles she must face.

The Apocalypse Explained According to the Spiritual Sense in which are Revealed the Arcana which are There Predicted and Have Been Hitherto Deeply Concealed Translated from a Latin Work of Emanuel Swedenborg

If you are one of those people who never give poetry a chance, this is your sign to try it. This playful compilation of poetry by the famous children's book author contains countless relatable themes and useful thoughts. The poems revolve around many topics, especially motherhood, love, religion, upbringing, married life, nature, and death. Follow Nesbit's journey as she tries to make sense of the world around her through an easy rhyming style. In her poem "Confessions," she uncovers that her own flaws as a human might also reveal something about life itself. In another poem named "Work," she worries about the endless repetitions of daily tasks known to us all, but she finds comfort in the small things in life, something many of us should try! Born in Kennington in 1858, Edith Nesbit wrote and co-authored over 60 beloved adventures at the beginning of the 20th century. Among her most popular books are "The Story of the Treasure-Seekers" (1899), "The Phoenix and the Carpet" (1904), and "The Railway Children" (1906). Many of her works became adapted to musicals, movies, and TV shows. Along with her husband Hubert Bland, she was among the first members of the Fabian society - a socialist debating club. A path in London close to her home was named "Railway Children Walk" in her honor, manifesting her legacy as one of the pioneers within the children's fantasy genre.

Rainbows of Hope, will hang a rainbow in the window of your soul to shine on the stormiest of days. Its photos and poems will hold you in security and give you radiant hope. This is God's promise to you in the first book of the Bible, Genesis 9:13, a promise wrapped in a covenant of kindness. The rainbow poems will sing your soul awake. Poetry matches experience with reality, seeing the relationships between the invisible and visible. Nature poems, using rainbow images that bridge heaven and earth, teach us that all things, are inter-related and inter-connected as one. Rainbows weave Beauty and Wonder into the ever widening circles of our lives making us healthier, happier, and more creative-moving us toward more hope filled lives. _____ Dwayne Cole and his wife, Beth met while they were both in seminary studying for the Master of Divinity degree. God's Rainbow Book

This book was written while sue was going through 9 years of seeing family members die with cancer. Her first writing was my father dedicated to her father that died with cancer. At times of holidays or just when she had a special thought she would write it down. Her mother talked her into publishing her writings but did not get to see this happen. She passed away in May of this year. Sue continues her mother's dream and passes her writings on to you to read.

The Apocalypse Explained According to the Spiritual Sense

Rainbows & Tears was inspired by the old Indian saying, "Your soul would have no rainbow if your eyes had no tears." It is too easy to let our losses and sorrows overshadow the true gifts in our lives. Though you may be in a dark place, the stars will shine and the sun will rise if you let it. Happiness comes from within and from the love and laughter of friends and family for they are your rainbows and will share your tears. The words and emotions are universal and all will relate to the losses and the joys expressed in Rainbows & Tears. About the Author Sue Lucas grew up in Chicago, Illinois, but now makes her home in Villa Rica, Georgia, along with her husband of 49 years and her two dogs. She has three daughters. One lives in South Carolina, one is in Georgia, and one lives in Heaven. These three beautiful girls have given her eight grandchildren. Sue first discovered poetry in the fourth grade when her class studied the poetry of Eugene Field, specifically "The Sugar Plum Tree" and "Little Boy Blue." Fifty-nine years later, the latter is still her favorite poem. In fifth grade, she wrote, produced, narrated, and starred in her production of "Life in a Medieval Castle." Unfortunately, it didn't make it to Broadway, but she has been writing poetry ever since. Recently, Sue experienced an unimaginable sadness with the untimely death of her daughter. Poetry is the expression of her inner feelings and she personally shares her own rainbows and tears with you in her book.
