Volume for 1947 includes "A list of clandestine periodicals of World War II, by Adrienne Florence Muzzy."

Modern Jewish Studies Annual

The difficulties encountered by Italian immigrants to adjust to the American Way of Life.

Yiddish

This book is devoted to the dynamic development of retailing. The focus is on various strategy concepts adopted by retailing companies and their implementation in practice. This is not a traditional textbook or collection of case studies; it aims to demonstrate the complex and manifold questions of retail management in the form of twenty lessons, where each lesson provides a thematic overview of key issues and illustrates them via a comprehensive case study. The examples are all internationally known retail companies, to facilitate an understanding of what is involved in strategic retail management and illustrate best practices. In the third edition, all chapters were revised and updated. Two new chapters were added to treat topics like corporate social responsibility as well as marketing communication. All

case studies were replaced by new ones to reflect the most recent developments. Well-known retail companies from different countries, like Tesco, Zalando, Hugo Boss, Carrefour, Amazon, Otto Group, are now used to illustrate particular aspects of retail management.

Die Neu-eröffnete Ottomannische Pforte, Bestehend: Erstlichen, In einer Grund-richtigen, und aus eigener Erfahrung gezogenen Beschreibung Dess gantzen Türckischen Staats- und Gottesdiensts; Daraus zu ersehen: Dieses grossen Reichs Macht und Bewalt, besondere Regiments-Form, Politische Maximen und Reglen, deren Convenientz mit der Mahumetischen Religion alle Staats- Hof-Kriegs- und Justiz-Bediente, dero Aemter und Verrichtungen, alle Gubernamenten und Provintzen samt deren jährlichen Intraden, sonderheitlich die Erzieh- und Unterweisung, der in die Sclaveren gebrachten Jugend, dess gantzen Serrails Beschaffenheit, und dess Frauenzimmers Art zu leben, auch von ihrem Unterrricht und Bedienung, etc. etc. Die vornehmste Stück und Artickul der Mahumetischen Lehre, darunter verborgene Politische Griffe, Art der Mosqueen, Gotes-Häuser, und deren Einkünffte, die vornehmsten Ceremonien deess Gebetts, der Beschneidung, Feste, Allmosen, Wallfahrten, etc. nichte miinder alle unter den Türcken befindliche Secten und Orden. Insider-Tipps und noch viel mehr: Erleben Sie mit MARCO POLO Rumänien intensiv von den Stränden am Schwarzen Meer bis zu den urwüchsigen Landschaften in Rumäniens "wildem Westen" - mit dem MARCO POLO Reiseführer kommen Sie sofort in Rumänien an. Erfahren Sie, welche Highlights Sie neben dem Urwald Caraorman im Donaudelta und Ceau?escus großewahnsinnigem Parlamentspalast in Bukarest nicht verpassen dürfen, dass Sie im kuriosen Salzbergwerk Turda unter Tage nicht nur Boot fahren, sondern sogar Minigolf spielen und Ihre Kinder auf dem Spielplatz Karussell fahren können, und wo die Zünftigen der Zünftigen vor einer Raftingtouren auf den Wildbächen der Karpaten sich erst noch ihr eigenes Floß zimmern. Mit den MARCO POLO Ausflügen und Touren erkunden Sie Rumänien auf besonderen Wegen und mit den Low-Budget-Tipps sparen Sie bares Geld. Die Insider-Tipps der Autorin lassen Sie Rumänien individuell und authentisch erleben. In jedem Band gibt es einen übersichtlichen Reiseatlas und eine herausnehmbare Faltkarte, in die natürlich auch die Ausflüge & Touren eingetragen sind.

Ulrich's International Periodicals Directory

First published by the Combat Studies Institute Press. The resulting anthology begins with a general overview of urban operations from ancient times to the midpoint of the twentieth century. It then details ten specific case studies of U.S., German, and Japanese operations in cities during World War II and ends with more recent Russian attempts to subdue Chechen fighters in Grozny and the Serbian siege of Sarajevo. Operations range across the spectrum from combat to humanitarian and disaster relief. Each chapter contains a narrative account of a designated operation, identifying and analyzing the lessons that remain relevant today.

Die Neu-eröffnete Ottomannische Pforte

An essential part of the Air War College curriculum consists of the study of military history and specific campaigns. Part 1 of this manuscript presents an attempt to clarify the relationship between air power and maneuver warfare since 1939, a subject that derives its importance from the fact that maneuver warfare has been the U.S. Army's official doctrine since the early eighties and remains so to the present day. Part 2 contains the collective wisdom of the military doctrine analysis of the Air University on the same subjects, as well as the way in which we have presented them.

Die Neu-eröffnete Ottomannische Pforte

Charts the transnational story of Romanian Germans in modern Europe - their migration, their position as a minority, and their memories.

Subject Catalog

This three-volume encyclopedia, abridged from a 30-volume set in Hebrew and with a foreword by Elie Wiesel, chronicles Jewish life before and during the Holocaust. Arranged alphabetically by town, thousands of entries explore centuries of Jewish life. Some entries, particularly for large cities, provide information on Jewish residents as early as the Middle Ages and discuss the fate of Jews during the

Black Death persecutions (1348-1349) and various pogroms from the 17th to 20th centuries. Each entry provides information on the town's Jewish inhabitants on the eve of German occupation, gives the dates of Jewish roundups and mass executions and estimates how many Jews from that community survived the war. Includes more than 600 black-and-white photographs.

Aussenhandel

A painstaking look into everything that has to do with medieval towns in the lesser-known Romanian Principalities of Wallachia and Moldavia. A new and fascinating perspective on the history of the urban world in Central and South-Eastern Europe.

Guide to Microforms in Print

This book provides an account of the development of European culture and society during the Bronze Age, the time span between c. 2000 and 700 BC. It was a period of remarkable innovation, seen for instance in the development and growth of metallurgy as a major industry, the spread of trading contacts, the origins of urbanism and the beginnings of social stratification. The study is divided chronologically into two, the earlier and later Bronze Age, giving a clear picture of the nature of the radical changes which occurred in the period as a whole. The geographical area covered, from the Atlantic shores across Europe into the Soviet Union and from northern Scandinavia to the Mediterranean, is too vast to be taken as one unit, and has been broken down into five regions; each is discussed in terms of settlement form, burial practices, ritual and religious sites, material culture, economic and social background, and trading patterns. The book describes and develops common themes that link together the different areas and cultural groups, rather than taking the typographical approach often adopted by Bronze Age specialists, and uses the results of radiocarbon dating to establish an objective chronology for the period. The text is generously illustrated and fully documented with radiocarbon dating tables and extensive bibliography. Our understanding of Bronze Age Europe is still increasing, but no other book of this scope had been written before this, in 1979. It is a major study of its time of interest to anyone looking beyond popular accounts of the day.

Motion Pictures of German Origin

This international bestseller plumbs recently opened archives in the former Soviet bloc to reveal the accomplishments of communism around the world. The book is the first attempt to catalogue and analyse the crimes of communism over 70 years.

Strategic Retail Management

An authoritative study of World War I's often-overlooked Romanian front. In contrast to the trench-war deadlock on the Western Front, combat in Romania and Transylvania in 1916 foreshadowed the lightning warfare of World War II. When Romania joined the Allies and invaded Transylvania without warning, the Germans responded by unleashing a campaign of bold, rapid infantry movements, with cavalry providing cover or pursuing the crushed foe. Hitting where least expected and advancing before the Romanians could react even bombing their capital from a Zeppelin soon after war was declared the Germans and Austrians poured over the formidable Transylvanian Alps onto the plains of Walachia, rolling up the Romanian army from west to east, and driving the shattered remnants into Russia. Prelude to Blitzkrieg tells the story of this largely ignored campaign to determine why it did not devolve into the mud and misery of trench warfare, so ubiquitous elsewhere. "This work will stand as the definitive study of the Central Powers part of the campaign for some time to come." —Journal of Military History "Barnett's book is a valuable addition to the field. He writes well and with authority. He has been able to illuminate a little-known corner of the First World War and provide a state-of-the-art operational history combining detailed narrative with prescient analysis." —American Historical Review
