The Furry Adventures and Tales of Flippy-Floppy Mopsy-Boo

The Furry Adventures and Tales of Flippy-Floppy Mopsy-Boo is a 15-book series that tells the charming stories of Flippy-Floppy Mopsy-Boo, a young angora rabbit who is full of adventures and antics. In this tale, Flippy-Floppy Mopsy-Boo visits the local pediatrician's office where he works as a therapy animal, providing support and encouragement to all of the young patients who visit. With his upbeat attitude and gentle kindness, Flippy-Floppy Mopsy-Boo helps kids feel better about a trip to the doctor's office. This book is a wonderful teaching tool for young pre-readers from 0 - 6.

The Furry Adventures and Tales of Flippy-Floppy Mopsy-Boo

The Furry Adventures and Tales of Flippy-Floppy Mopsy-Boo is a 15-book series starring the charming angora rabbit Flippy-Floppy Mopsy-Boo. The bunny, a certified therapy rabbit, experiences a wide range of adventures with his mom and dad from a visit to the animal humane society picnic to art projects with his mom to an adventurous afternoon at the beach. In this charming book, the 3rd in the series, Flippy-Floppy Mopsy-Boo visits a Mommy & Me Yoga class and learns about the many benefits of yoga. This book, with its colorful illustrations, is a great read-along for parents and pre-readers and young readers from 0 - 6 years old.

Green Gold

Apart from water, tea is more widely consumed than any other food or drink. Tens of billions of cups are drunk every day. How and why has tea conquered the world? Tea was the first global product. It altered life-styles, religions, etiquette and aesthetics. It raised nations and shattered empires. Economies were changed out of all recognition. Diseases were thwarted by the magical drink and cities founded on it. The industrial revolution was fuelled by tea, sealing the fate of the modern world. Green Gold is a remarkable detective story of how an East Himalayan camellia bush became the world's favourite drink. Discover how the tea plant came to be transplanted onto every continent and relive the stories

of the men and women whose lives were transformed out of all recognition through contact with the deceptively innocuous green leaf.

Taking it All in

All material in this book originally appeared in The New Yorker Includes index.

How the Mind Works

An assessment of human thought and behavior explores conundrums from the mind's ability to perceive three dimensions to the nature of consciousness, in an account that draws on beliefs in cognitive science and evolutionary biology.

Aseptolin

In May 2005 Penguin will publish 70 unique titles to celebrate the company's 70th birthday. The titles in the Pocket Penguins series are emblematic of the renowned breadth of quality of the Penguin list and will hark back to Penguin founder Allen Lane's vision of good books for all'. Award-winning writer and psychologist Steven Pinker has continually shown that provocative, complex ideas can be translated into bestsellers. In this extract from How the Mind Works he takes us deep into the human psyche as he considers people's desire for happiness, the power of the emotions and how love can come to conquer all.

Hotheads

This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Achtung-Panzer!

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. The Complete Rhyming Dictionary and Poet's Craft Book

Mysterious bruises and significant pain plague Sybil as she tries to navigate a new world of magic. After attending a moon ritual hosted by her crush, Sadie, she slowly discovers that she now wields the power of a magic phrase, and anything she wants, can be hers. Just as her realization is taking hold, a dark witch called Luna, pretending to be her mentor, tries to steal her power. It's up to Sybil to work with her newly-formed coven to stop the dark witch from stealing the power and causing harm. Along the way she learns about betrayal, love, and the value of family and friendship.

The Animals of the World. Brehm's Life of Animals

Moving to the Hebrides in the late 1960's and creating a croft on North Uist.

Playing Witch

Daisy the Dummy Fairy has a very special job to do. When children grow big enough to give away their dummies, she flutters into their house at night to collect them, leaving every child a surprise to find in

the morning! Daniel has just turned two and is ready to give away his dummies ... What will happen when he meets Daisy the Dummy Fairy?

And We in Dreams

New edition! Convenient listing of words arranged alphabetically by rhyming sounds. More than 55,000 entries. Includes one-, two-, and three-syllable rhymes. Fully cross-referenced for ease of use. Based on best-selling Merriam-Webster's Collegiate® Dictionary, Eleventh Edition.

Annulosa. [By W. E. Leach. Extracted from vol. 1 of the Supplement to the Encyclopædia Britannica.]

The current work is part of a projected series exploring the history of the British Empire through the archives of a single family. This volume provides an account of my childhood, the companion volume, covering the period 1949 - 55, is *Dragon Days*, written with Jamie Bruce-Lockhart, whose *Different Days* completes the 'Dragon Triptych'.

Memlinc

Ally knows her super-efficient big sis Linn finds their chaotic family a bit ... exasperating. But when Linn falls for Q, the tearaway lead singer in a local band, all her sensible ways go out of the window. Everyone else can see that Q's a creep, but does Ally have the courage to burst Linn's heart-shaped bubble?

Daniel and the Dummy Fairy

'Dazzling...Pinker's big idea is that language is an instinct...as innate to us as flying is to geese...Words can hardly do justice to the superlative range and liveliness of Pinker's investigations' - Independent
'A marvellously readable book...illuminates every facet of human language: its biological origin, its uniqueness to humanity, its acquisition by children, its grammatical structure, the production and perception of speech, the pathology of language disorders and the unstoppable evolution of languages and dialects' - Nature

Merriam-Webster's Rhyming Dictionary

Perspectives on Discourse Analysis: Theory and Practice provides the student/reader with the basic theoretical knowledge and the empirical tools of some of the most relevant approaches to the analysis of discourse. It has been mainly conceived of as a general (university) course on Discourse Analysis, but it can also be useful for any person or group whose main concern is to acquire the basic necessary knowledge and skills for analyzing any type of discourse. The subject matter of the book could not only be of use for linguists or prospective linguists: given its interdisciplinary character, its findings can be (and in fact are) used and applied by practitioners and scholars from different fields, such as sociology, psychology, medical science, computer science, and so on. Thus the book can be used by any person who, having certain linguistic knowledge, is interested in exploring the fascinating world of discourse. All the chapters contain both a theoretical and an empirical section, the latter containing examples of analysis, as well as exercises (Practice) and self-evaluation questions, whose answers can be found at the end of the book (in the Practice key and Key to self-evaluation questions sections). The book is divided into 12 chapters. The first two introduce basic information about discourse analysis and text linguistics, as well as the necessary techniques for gathering data, including a very brief introduction to corpus linguistics. Chapters 3-11 present and discuss some of the most prominent and well-known approaches to discourse analysis, namely Pragmatics, Interactional Sociolinguistics, Conversation Analysis, The Ethnography of Communication, Variation Analysis and Narrative Analysis, Functional Sentence Perspective, Post-Structuralist Theory and Social Theory, Critical Discourse Analysis and Positive Discourse Analysis, and Mediated Discourse Analysis. Finally, Chapter 12 deals with crucial and further issues, such as the type of discourse chosen for the analysis, the strategies and functions of discourse, or the problem of choosing an appropriate unit of analysis which will suit the aims of research. *Perspectives on Discourse Analysis: Theory and Practice* may prove of value to all those who are professionally involved in the area of discourse and pragmatic studies, or simply to those who wish to acquire the necessary basic knowledge and techniques for analyzing any type of discourse, from medical, journalistic or political discourse to computer-mediated, humoristic, or hegemonic discourse (where the use and abuse of power is an important issue), just to name a few of the innumerable possibilities. A desirable and intended effect of this book is also the development of an open and tolerant

mind, which will eventually lead to a better understanding of the different and varied manifestations of language, culture and communication in human society.

Algeria

This refreshing guide has been written by Alan Macfarlane, a Fellow of King's College for over forty years and currently a Life Fellow and Emeritus Professor of Anthropology. It is written in collaboration with Patricia McGuire, the King's College Archivist, illustrated by Bridget Strevens Marzo who studied at King's, and assisted by the Fellow Librarian Peter Jones.

Dorset Days

Engagement in meaningful activity is an important aspect of human existence, regardless of one's cognitive abilities. Even in the later stages of dementia, people can still be engaged in activities at a level that allows them to be successful. In fact in these later stages, where cognitive abilities may be waning, the need for activity becomes greater, as cognitive stimulation helps preserve what skills remain. For care staff looking after older people, many of whom may have some degree of dementia, coming up with ideas for activities of a suitable level to keep their residents engaged and stimulated can be challenging. The Activity Year Book solves this problem, offering week by week themed activities. From Valentine's Day quizzes to Bonfire Night word searches, it has activities relating to every important date in the calendar, and also encourages reminiscence and discussion around these events. This book will be invaluable to care staff looking for a simple way of improving the lives of their residents, week by week, all year round.

Sisters, Super-Creeps and Slushy, Gushy Love Songs

"Acharnians" is the earliest of the existent comedies of Aristophanes, produced in 425 BCE. It is a direct attack on the folly of war. The story deals with an Athenian farmer, Dikaiopolis, who surprisingly obtains a private peace treaty with the Spartans and enjoys the benefits of peace despite resistance from some of his fellow Athenians. This drama is celebrated for its absurd humor and its innovative appeal for an end to the Peloponnesian War.

Antistudent

"Fletcherism: what it is: or, How I became young at sixty" by Horace fletcher is a fascinating book on nutrition and diet. The author here relates briefly the story of his regeneration, of how he rescued himself from the prospect of an early grave, and brought himself to his present splendid physical and mental condition. He tells of the discovery of his principles, which have helped millions of people to live better, happier, and healthier lives. The book is a good fit if you are concerned about health and diet.

The Language Instinct

"Farm life in central Michigan." Cf. Hanna, A. Mirror for the nation.

Perspectives on Discourse Analysis

Brutified is a collection of poetry written by the author Robert Benefiel. The poems contained within it are from a larger cache of poems written in 2019. The pieces themselves range from narrative to abstract, bibliographical to fictionalized, allowing for a fuller range of expression and voice. What each piece carries is the idea of surviving the brutality of the world, others, and even one's self, in hopes of gaining insight and retaining one's compassion. Whether the piece is addressing the idea of finding one's own art at a junk store, or stumbling across a love note written before, but after, a lover has left them, or even watching a young midget be chased through the mall, the author never ceases to try and present the emotion and meaning at the core of each piece in a blatant yet subtle way.

King's College Cambridge

We know our children are special, and now, author and illustrator Nancy Tillman expresses this universal feeling in the most touching of ways: Every child is born with a crown. The crown is everything that gives us unique value. Our crown will always be with us wherever we go, whatever we do. The Crown on Your Head is a perfect gift for baby showers, graduation, and for any other occasion to tell dear ones that they are loved.

The Activity Year Book

This book is a reference book, and as such it has been arranged to facilitate finding specific information.

Neohellenism

A new title in the bestselling finger puppet series! Tiny tots can enjoy swimming among the fish with Little Shark in this simple, comforting story. The book features a permanently attached plush finger puppet and peek-a-boo holes in every page, giving parents and children a fun, interactive way to play and read together.

The Acharnians

Fletcherism: What It Is; Or, How I Became Young at Sixty
