The Welfare State Has Always Been about Economic Efficiency As Well as Social Equity and a Related Point That It's Always Served the Interests of the Rules As Well as the Ruled So To Be for the Welfare State despite these Kinds of Locations To Be for the Welfare State Is Not Therefore To Be on the Side of the Angels It's To Be in Favor of the Social Control of Economic Processes Rather than Favor Rather than Being in Favor of Entrusting these Processes to the Private Choices of Economic Actors

Okay the the Their Work Including Section of What I Want To Say Merely Sums Up in a Sociological Theorem the Argument That I Want To Make throughout and the Argument Is this but the Welfare State Is Not a Policy Option That We'Re Free To Adopt or Reject at Will nor Is the Welfare State a Phase of Post-War History That We'Re Now Leaving behind the Warfare State Is Instead a Fundamental Dimension of Modern Government Absolutely Integral to the Economic Functioning and the Social Health of Capitalist Societies and We Can Make this Claim I Think in the Most Concise Form by Stating that in Such Societies in Modern Developed Capitalist Societies the Welfare State Is What Emile Durkheim Described in the Rules of Sociological Method as a Normal Social Fact And that Continues To Be True Even after Three Decades of Anti Welfare State New Liberal Policies in the Us the Uk and throughout the Developed World the Second Test Is More Complicated and More Theoretical How Can We Show that the Welfare State Is Essential to the Functioning of Developed Capitalist Societies How Can We Demonstrate as Durkheim Would Have Put It that It's Bound Up with the Fundamental Conditions of Social Life That's a Theoretical Question Not an Empirical One To Answer It I Think We Need To Recall some of the Harsher Characteristics of Capitalist Economies and Competitive Markets Features that We Often Forget Precisely

In Other Words To Avoid Self-Destruction Capitalism Needs a Set of Countervailing Forces and the Welfare State Is the Collective Name That We Give to these Forces the Social Regulation of Markets the Social Insuring of Workers the Public Provision of Social Services and Protections in Short the Welfare State in One or Other of Its Variants Is Our Established Means of Restraining the Antisocial Dynamics and the Destructive Externalities That Are the Essence of Free-Market Capitalism so Critics of this Arrangement Critics of the Welfare State Describe It as Being a Hindrance to Economic Vitality but the Durkheimian Sociological Analysis of Just Sent Out Suggest the Exact Contrary Critics of the Welfare State Describe It as Being a Hindrance to Economic Vitality but the Durkheimian Sociological Analysis of Just Sent Out Suggest the Exact Contrary that the Welfare State Is an Essential Means of Sustaining the Vitality of Capitalism so Welfare State Programs May Be and They Are Inherently Problematic and Non-Ideal but They'Re Also an Essential Counterweight to the Non Ideal and Problem Prone Capitalist Economies That Couldn't Exist without Them So once We Establish that Social Fact and Put an End to the Destructive Dismissal of the Welfare State Project Some of these Operating at the Level of the National Government and a Uk Law like the Factory Action Example but Also Many of Them Operating the Municipal Level Is Kind of Various Forms of Social Provision without Which You Know Economies and Capless Are Actors Couldn't Got Going So There's Never Been a Vision of Self-Regulating Free Market Lacey Fair Society That's Always Been a Kind of Myth and an Ideal and Maybe of an Aspiration of Certain Kind of Social Groups and Economic Actors the Victorian Welfare State Is a Boot by Robert Stearic Roberts That Describes all of the Characteristics That Already Existed in the Victorian Era That Give the Lie to Kind of Less Affair in Its Extensive Principled Form so that's Exactly Right that the Interesting Question for Historians Is When Do these Specific Public Interventions To Restrain

But It Seems to Me that It Takes Almost a Polar Opposite Approach to the One You Took In Culture of Control That and the Kind of Question That Not about Crime Punishment but about Political Economy and Culture in General the Kind of Approach That Comes from the Culture of Control and Wonder How You Would Answer the Questions That He To Answer There When You've Constructed this in a Sense Opposite Argument of Constructing an Ideal Type and Arguing that It's in some Sense Essential What that Leaves Out It Seems to Me Is without Going to the Extremes of Work on Are Saying that There's Fundamental Transformation Something Has Happened that You Trace So Effectively in the Culture of Control and the World of Discourse

What that Leaves Out It Seems to Me Is without Going to the Extremes of Work on Are Saying that There's Fundamental Transformation Something Has Happened that You Trace So Effectively in the Culture of Control and the World of Discourse and of Economic Management and So on Is Fundamentally Different Now than It Was in the 1940s and 1950s It's Not To Say that the Welfare State Has Been Eliminated or You Know It's Been Transformed Exactly as You Say but There Has Been this Massive Change and It Seems to Me Very Difficult To Explain in the Terms of Saying that Somehow the Welfare State Is Wrong as the Functional

I Think that Question Is Big Enough That I Withdraw My Previous Idea Taking Two or Three David and so that There's a Really Interesting Question for Me To Think about and I Hadn't I Quite Myself Focused on these Are Polar Opposite Nature of My Thinking from One Project to the Next Lurching around Thinking this than Thinking that but Um I Can I Think Frame It this Way What What I Want To Do Is Something That Can Be Framed under You Know Foucauldian Notion of the History of the Present I Want To Understand as or How We'Re Governed Today and How

Is a Critique of Welfare Government That Is as It Were Fold It into and Modifies Welfare Government

Rather than Has Displaced It So in in some Sense What I Want To Do Is Period Eyes and Frame the Present in that Larger Context and Ask the Question What Hasn't Hasn't Changed as a Result of the Kind of Transformations I Was Describing the Culture of Control So Sometimes One's Asking about Change Sometimes We'Re Asking about Continuity the the Big Picture Has To Be a Combination of these Things We'Re Not Nothing Is Unchanged by Transformations Everything Exists in a New Set of Structure and Relationships Nevertheless
