Les carnets secrets de Lionel Jospin

Aussi étonnant que cela puisse paraître, notre vénéré Premier ministre Lionel Jospin aurait, dit-on, coutume de se "lâcher" en privé. D'être un type poilant. Une sorte de luron particulièrement joyeux. Imaginez un peu : derrière l'image austère du surdoué de Cintegabelle se cacherait en fait une nature de plaisantin, ignorée de tous ! C'est ainsi qu'entre deux dossiers pénibles, comme pour circonscrire cet air chagrin qu'on lui connaît, le chef du gouvernement aime à plaisanter, à faire le pitre, à péter les plombs quelques instants. On dit d'ailleurs qu'il aime plus que tout railler les opposants politiques, ses amis ou même ses ministres les plus fidèles ! C'est ainsi qu'un proche de Lionel Jospin, dont nul ne se méfiait dans les hautes sphères du pouvoir, a pu discrètement recueillir ce florilège surprenant des meilleures histoires drôles du frisé de Matignon. Vive la République ! Vive la France !

Les meilleures blagues de Lionel Jospin

Sous la forme d'un récit à la première personne, l'auteur raconte la première année de gouvernement de Lionel Jospin.

Les carnets secrets de Lionel Jospin

L'Académie des Sciences Morales et Politiques de l'Institut de France a décerné le Prix Jean Sainteny 2010 à cet ouvrage De la fin de l'Empire colonial en 1946, à la fermeture du Centre d'Expérimentations du Pacifique (CEP) en 1996 et à l'Accord de Nouméa en 1998, la France n'a cessé de recomposer - souvent par à-coups - sa politique avec ses territoires du Pacifique Sud, ce qui n'a pas manqué d'attirer l'attention et les critiques, parfois violentes, des États et des territoires de la région. La définition et l'articulation des politiques intérieure et extérieure de la France dans le Pacifique Sud sont au coeur du présent ouvrage et posent la question des enjeux nationaux, régionaux et internationaux dont furent investies les îles françaises. Ainsi, l'implantation du CEP en Polynésie française, noyau de la politique de puissance et d'indépendance nationale de la France, a constitué un sujet de fort ressentiment des Océaniens à l'encontre de la France. Ce rejet du nucléaire a peu à peu conduit à la remise en cause de la présence territoriale de la France dans la région, d'autant que la revendication d'indépendance faisait basculer la Nouvelle-Calédonie dans la violence, au cours des années 1980. Parallèlement, durant les quarante années pendant lesquelles ont eu lieu les essais atomiques, Paris n'a pas perçu ses îles océaniques comme des entités particulières mais les a davantage administrées comme les maillons d'un même Archipel, au service de ses ambitions de puissance.

L'archipel de la puissance?

Des Français, bien plus nombreux qu'on ne le croit, ont fait l'Amérique du Nord. Le Québec et l'Acadie, bien sur ; mais aussi les États-Unis. Ils ont parcouru à la pagaie des fleuves et des lacs immenses, défriché des forêts, sillonné la Prairie, fondé des villes et des villages par milliers, fraternisé avec les Indiens plus qu'aucune autre nation européenne ne le fit jamais outre-Atlantique, joué un rôle militaire décisif dans la naissance de la jeune République américaine, contribué à façonner son industrie, son commerce, sa culture et son aventure vers l'Ouest. D'origine française, La Nouvelle-Orléans, Lafayette, Baton Rouge, Saint Louis, Vincennes, Prairie du Chien, Sainte Geneviève ? Bien sur; mais aussi Chicago, Detroit (et Chevrolet, et Cadillac !), le Maine, le Vermont; Juneau, la capitale de la si lointaine Alaska; Pittsburgh, Kansas City, Milwaukee; et jusqu'au plan de la ville de Washington ! Et des millions de citoyens américains, parmi lesquels de nombreux Indiens, mais aussi le mythique Davy Crocket (David de Croquetagne)... Ces Français qui ont fait l'Amérique méritaient bien qu'on raconte leur prodigieuse épopée, où, comme toujours, la grande Histoire se nourrit d'un nombre incalculable de pittoresques aventures individuelles.

Ces Français qui ont fait l'Amérique

Les États-Unis sont-ils un don du Mississippi, comme on a pu le dire de l'Égypte pour le Nil ? En tout cas le grand fleuve a joué dans leur histoire, territoriale et militaire, politique et économique, culturelle et humaine, un rôle capital. Le Mississippi a été à la fois le lieu et l'enjeu de beaucoup de combats décisifs pour la formation des USA d'aujourd'hui : du choc entre puissances européennes, dont la France, avec ou sans les Amérindiens peuplant ses rives depuis des millénaires, à la lutte pour l'égalité raciale, en passant par la Guerre de sécession et les grandes mutations industrielles, agricoles, technologiques, démographiques, et bien sur politiques. Si l'histoire du Mississippi est un roman, et même un roman... fleuve, elle jette sur l'Amérique d'aujourd'hui, pour comprendre ses confrontations les plus actuelles, une indispensable lumière. Bernard Brigouleix et Michèle Gayral sont l'un et l'autre journalistes et écrivains, passionnés d'histoire américaine. Le premier a notamment travaillé de longues années au Monde et dans différentes radios, et a été directeur de l'information de Radio France Internationale, où la seconde a longtemps été en charge du secteur des Amériques. Ils signent là leur troisième ouvrage commun aux éditions du Rocher.

Mississippi

A la veille de l'élection présidentielle, une plongée au centre du pouvoir de la Ve République, l'Elysée, doublée d'un balayage de 170 ans d'histoire. Qui aurait imaginé qu'un palais bâti sous la Régence pour les besoins d'une chasse serait un jour le cœur du pouvoir ? Il est vrai que l'Élysée, avant d'être la citadelle du monarque élu de la Ve République, fut le miroir de l'impuissance des régimes précédents. Près de cent soixante-dix années, entrecoupées de coups de force, d'émeutes et de guerres, séparent en effet l'entrée de Louis Napoléon Bonaparte dans la nouvelle résidence d'État jusqu'à celle, au printemps prochain, du huitième président de la Ve République. Faut-il que le premier des Français soit élu, et par qui ? Quelle est la réalité de son pouvoir sous la IIIe République ? En est-il réduit à " inaugurer les chrysanthèmes " dans les années 1950 ? Pourquoi de Gaulle n'aime-t-il pas ce palais ? Ce dernier est-il si peu fonctionnel et onéreux ? Pourquoi changer la durée du mandat ? À quoi

servent les premières dames ? Y a-t-il une vie après l'Élysée ? C'est à toutes ces questions, entre roman national, querelles institutionnelles, rivalités des hommes, et parfois théâtre de boulevard, que répondent ces récits vifs et ces portraits à la pointe sèche.

L'Élysée. Vérités et légendes

Pendant douze ans un homme a pratiqué l'espionnage au sommet de la République. À la tête des Renseignements généraux, Yves Bertrand a laissé des traces involontaires des méthodes employées par la dernière police politique d'Europe. Les carnets à spirale qu'il noircissait chaque jour sont la boîte noire d'un régime où tous les coups sont permis : élimination des rivaux politiques du président, de Pasqua à Jospin ; intoxication de journalistes complaisants ; notes sur la vie sexuelle des personnalités en vue, enquêtes sur les ministres dont il dépendait ; remontées très sélectives de l'information dans la hiérarchie ; provocations en tous genres au profit de l'Élysée ... Ancien commissaire aux Renseignements généraux, Patrick Rougelet a combattu Yves Bertrand et ses méthodes. Parce qu'il connaît ce monde de l'intérieur, il a pu reconstituer la réalité que décrivent les quelque 2000 pages de ces carnets. Elle est effrayante. Un document choc sur la police politique sous le règne de Chirac.

Jean-Christophe Mitterrand, Jacques Attali, Charles Pasqua, Jean-Charles Marchiani, Pierre Falcone, Arcadi Gaydamak, Paul-Loup Sulitzer sont les principaux prévenus du procès de l'Angolagate, une affaire de ventes d'armes à l'échelle planétaire. Pourquoi tant de personnalités se retrouvent-elles sur le banc des accusés ? Que dissimule ce procès fleuve et flamboyant dont certains aspects rappellent l'affaire Clearstream ? L'accusation prétend qu'il y a eu "trafic d'armes \

1961-1989, Berlin

La 4ème de couv. indique : "En France, dans les années 1986-1997, l'ère Mitterrand voit se succéder des Premiers ministres Rocard, Cresson, Bérégovoy dans le climat délétère né des « affaires », tandis que la rivalité entre Jacques Chirac et Edouard Balladur, « amis » de trente ans, divise la droite, sur fonds de règlements de comptes et chausse-trappes. Ailleurs, nous assistons à la chute du mur de Berlin, à la disparition de l'URSS, en passant par l'élargissement de l'Europe ou l'engagement militaire des Occidentaux au Moyen-Orient. Jamais le talent de chroniqueuse de Michèle Cotta n'aura mieux convenu qu'à cette saga riche en témoignages inédits, en portraits colorés et anecdotes épicées. Journaliste politique (presse, radio, télévision), dirigeante de chaîne publique, Michèle Cotta a été présidente de la Haute Autorité de l'Audiovisuel (ancêtre du CSA). Elle est aujourd'hui directrice générale de la holding JLA, éditorialiste au *Nouvel économiste* et à *Direct soir*. Les Carnets noirs de la République

En un demi-siècle, le paysage politique et médiatique français a subi une métamorphose totale. La communication, outil essentiel du pouvoir – qui l'a longtemps dirigée – est désormais une arme à double tranchant, formidablement rapide mais insaisissable, dont les retournements inattendus rendent l'usage plus complexe et plus éphémère. De Charles de Gaulle à François Hollande, Joseph Daniel nous fait revivre les grands moments de la communication du pouvoir, à travers les écrits et les écrans, les discours et les duels en direct, les styles et les corps, les mots et les gestes, sans oublier les coulisses. Il compose un tableau fourmillant d'anecdotes et de situations souvent saisies sur le vif, dans un style élégant et précis. Ces exemples multiples étayent une analyse rigoureuse et novatrice des bouleversements apportés par la domination de la télévision, puis l'irruption d'Internet. Bouleversements qui s'accompagnent d'un éclatement des repères : du temps maîtrisé et organisé au " temps réel " et aux contraintes de l'immédiateté ; des décors des palais de la République à l'obsession du " terrain " et aux échanges mondialisés. Le pouvoir est-il encore maître de sa communication ? Joseph Daniel a consacré une grande partie de sa carrière à la communication politique, notamment comme dirigeant du SID (actuel SIG, Service d'information du Gouvernement) de 1981 à 1986, puis responsable de la Communication de la Présidence de l'Assemblée Nationale de 1988 à 1992. Membre du Conseil supérieur de l'audiovisuel (CSA) de 1999 à 2005, il a enseigné à Sciences Po Paris.

Nouveau Paris Match

Dix années de rebondissements incessants de la vie politique autour de plusieurs moments- clefs : Première étape : la cohabitation. Deux ans après son élection, Jacques Chirac dissout l'Assemblée nationale. Les socialistes, contre toute attente, gagnent les élections législatives. Une nouvelle cohabitation commence : à la différence des deux qui l'ont précédée, elle durera cinq ans. Derrière les sourires des cérémonies officielles et des réunions internationales, le Président et son Premier ministre sont comme chien et chat. Dans cet échange de coups permanents, Jospin tient bon et s'affirme : les sondages font de lui pendant des mois le Premier ministre le plus durablement populaire de la Ve République. Deuxième étape : la défaite historique de la gauche en 2002. La dilution progressive de la « gauche plurielle », une mauvaise campagne du dirigeant socialiste, une campagne efficace du Président qui n'a pas perdu la main, et la montée surprise de Jean-Marie Le Pen aboutissent à l'élimination de la gauche au deuxième tour, traumatisme dont celle-ci n'est toujours pas sortie. Troisième étape : l'épreuve de force entre Nicolas Sarkozy et Jacques Chirac tourne à l'avantage du premier qui élimine l'un après l'autre ses rivaux, prend les commandes de l'UMP dont il va faire le levier de son élection de 2007. Une nouvelle génération politique arrive sur le devant de la scène. Les « quinquas » sont désormais en piste. Le vainqueur de l'élection de 2012 est parmi eux. Portaits, coups fourrés, coups tordus, coups heureux aussi jalonnent ce tome IV des Cahiers secrets de la Ve République.

Angolagate

" Théoriquement les Renseignements généraux (RG) travaillent pour l'État. Or, ils ont collaboré non pas pour l'État mais pour le pouvoir en place. Les RG étaient là uniquement pour renseigner les amis au sommet du pouvoir. C'est extrêmement inquiétant parce qu'on arrive à dresser un parallèle avec la police politique des pays de l'Est durant la guerre froide. Ça pose des problèmes évidents sur la façon dont la démocratie opère, ou pas, en France. " Éric Halphen, juge d'instruction, notamment en charge des affaires Chirac. Charger Valérie Trierweiler pour atteindre François Hollande, trouver la source des commérages sur le couple Nicolas-Cécilia Sarkozy, identifier le père de l'enfant de Rachida Dati, discréditer les révolutionnaires, des gauchistes de Mai 68 en passant par Coluche jusqu'aux Gilets jaunes... Telles sont les missions très spéciales des RG – devenus aujourd'hui le Renseignement territorial (RT). Officiellement, ils agissent dans le cadre de l'État de droit. En réalité, ils donnent souvent dans le tordu et ne s'embarrassent pas avec la vie des autres. Tous les coups sont permis. Ce service, qui tournait à plein régime en France il y a encore dix ans, n'existait nulle part ailleurs... sauf dans les dictatures. Pour la première fois, de nombreux acteurs de cette police de 1968 à l'ère Macron ont accepté de se livrer. Ils ont le sens du devoir chevillé au corps mais parfois aussi une habileté de Pieds nickelés ! Ils racontent comment ils voulaient tout savoir sur tout le monde. Au nom de la défense de la République, bien sûr.

La Parole présidentielle. De la geste gaullienne à la frénésie médiatique

La multiplication des scandales politiques, ces dernières années, s'est accompagnée d'un soupçon récurrent sur la nature et le lieu du vrai pouvoir. La presse a évoqué à maintes reprises cette basse police politique en dénonçant les « officines » et les cabinets noirs, hauts lieux de la politique des années Chirac, sans pour autant lever le mystère sur cette réalité. La mairie de Paris, bastion, voire forteresse, en a abrité plus d'une pendant les années où ce dernier préparait ses campagnes pour la présidentielle. Informelle, insaisissable et cultivant le flou, une officine dissimule par principe et nécessité sa véritable activité. Elle se cache dans les replis les plus ordinaires d'une société commerciale ou de relations publiques, d'une association ou n'est qu'un point de ralliement, une adresse. Elle peut se loger dans un service public ou même s'articuler autour d'un seul homme. Que fait une officine ? Elle sert aux basses œuvres de la politique, ne recule pas devant le chantage, la manipulation, l'intoxication et lance sans regrets opérations de déstabilisation ou de dénigrement. Elle fabrique des lettres (dénonciation fiscale par exemple), des pamphlets anonymes ou encore de vrais-faux casiers judiciaires. En politique comme en affaire, tous les coups sont permis... Frédéric Charpier a mené une longue enquête, recueilli de nombreux témoignages et consulté une quantité incalculable de documents, dont les 2400 pages des fameux « carnets Bertrand » pour tenter de lever le voile sur les coulisses occultes des années Chirac, du réseau de barbouzes orchestré par Jacques

Foccard jusqu'aux méandres de l'affaire Clearstream. Frédéric Charprier, journaliste d'investigation, a publié au Seuil *Génération Occident* (2005), *La CIA en France* (2008), *Une Histoire de fous. Le roman noir de l'affaire Clearstream* (2009) et *L'Économie c'est la guerre* (2012).

Un an de nouveautés

« Le succès, c'est d'aller d'échec en échec sans perdre son enthousiasme » disait Churchill. Il n'y a pas de carrière politique sans échec. Tous les aspirants au pouvoir l'ont un jour ou l'autre vécu. Mais comment l'affronter ? Et comment y survivre ? De la défaite de Sarkozy à celles, répétées, de Ségolène Royal, des rêves présidentiels fracassés de François Bayrou à ceux d'un Rocard, des carrières promises à Laurent Fabius et Alain Juppé au naufrage de DSK, la journaliste Clélie Mathias analyse leurs erreurs de stratégie et leurs blessures. Au fil de nombreux entretiens, cette minutieuse enquête révèle des hommes et des femmes singulièrement différents de ce que nous laissent entrevoir les médias, et pour qui l'échec, loin d'être un frein, a souvent été l'occasion d'une renaissance.

Dans l'oeil des RG

In this series of dialogues, Derrida discusses and elaborates on some of the central themes of his work, such as the problems of genesis, justice, authorship and death. Combining autobiographical reflection with philosophical enquiry, Derrida illuminates the ideas that have characterized his thought from its beginning to the present day. If there is one feature that links these contributions, it is the theme of singularity - the uniqueness of the individual, the resistance of existence to philosophy, the temporality of the singular and exceptional moment, and the problem of exemplarity. The second half of this book contains an essay by Maurizio Ferraris, in which he explores the questions of indication, time and the inscription of the transcendental in the empirical. A work of outstanding philosophy and scholarship, the essay is developed in close proximity to Derrida and in dialogue with figures such as Plato, Aristotle, Plotinus, Kant, Hegel and Heidegger. It thereby provides a useful introduction to the philosophy of one of Italy's most prominent philosophers as well as an excellent complement to Derrida's own ideas. A Taste for the Secret consists of material that has never before appeared in English. It will be of interest to second-year undergraduates, graduate students and academics in philosophy, modern languages, literature, literary theory and the humanities generally.

Le 6 mars 2017, en pleine affaire Fillon, alors qu'Alain Juppé vient d'annoncer qu'il renonce à se poser en challenger du candidat de la droite, François Bayrou confie à Michèle Cotta : " Tout ceci n'a aucune logique. Je suis sans explication. On est dans le stupéfiant ! " Cette formule pourrait résumer le mélange de sidération et de curiosité passionnée que n'a cessé d'éprouver la journaliste, comme bon nombre de Français, face aux incroyables péripéties qui ont marqué la dernière élection présidentielle et abouti à la victoire inattendue d'un novice. Au cours de ses nombreux échanges avec les principaux acteurs de cette singulière période, Michèle Cotta éclaire le comportement de ceux qui, à droite comme à gauche, ont assisté impuissants à l'irrésistible ascension d'Emmanuel Macron. Dans ce journal, elle montre un François Hollande empêtré dans son impopularité, comme assommé par la défection des frondeurs socialistes et surtout par la trahison de son ancien collaborateur. Un Manuel Valls choisissant à contretemps de se porter candidat à la place de celui dont il fut le Premier ministre. Un François Fillon se jetant au-delà de toute mesure dans un combat où il perdait chaque jour du terrain. Une Marine Le Pen s'écroulant au moment stratégique du débat de l'entre-deux-tours. Un Jean-Luc Mélenchon dopé par l'effondrement de la social-démocratie en France et s'imaginant prendre à l'Élysée la place de son pire adversaire. À partir des multiples témoignages qu'elle a recueillis sur le vainqueur du 7 mai 2017, Michèle Cotta brosse l'image d'un " tueur souriant \"

L'Événement du jeudi

Epouse de Lionel Jospin, la philosophe S. Agacinski livre ses réflexions, réactions et émotions consignées au jour le jour pendant la campagne présidentielle. S'y reflètent sa vision du combat politique et de ses répercussions médiatiques ainsi que le sens de son engagement auprès du candidat socialiste.

" J'ai toujours eu un faible pour les petites portes: c'est ma façon d'accéder aux grandes" Ainsi s'exprime dans ces Mémoires à vif le dernier grand directeur des Renseignements généraux (RG). Douze ans durant à la tête de ce service mythique, Yves Bertrand a été sèchement démis de ses fonctions par Nicolas Sarkozy. À l'automne 2008, la saisie par la Justice de ses carnets de notes personnels l'a précipité au coeur du scandale. - Homme le mieux renseigné de France la veille encore, il s'est soudain retrouvé au coeur d'une véritable tornade médiatique. Dans ces entretiens, Yves Bertrand révèle ce qu'il n'a pas écrit dans ses carnets. Il évoque Nicolas Sarkozy, son pire détracteur, Jacques Chirac, qu'il a servi, Charles Pasqua, qui s'est servi de lui, Lionel Jospin, qui le trouvait diabolique. Il revient sur tout ce qui faisait son quotidien aux RG: l'argent des politiques, les frasques du show-biz, la vie privée des personnalités, la chasse aux scoops des journalistes, et tous les coups bas qui rythment depuis trente ans la vie politique française. - On entre dans ce livre par la petite porte et on y accède aux grands secrets de ce pays.

Les Officines. Trente ans de barbouzeries chiraquiennes

Voici un livre exceptionnel : il retrace l'épopée de la DGSE – le service de renseignement français à l'international – et des services qui l'ont précédée. Cette centrale d'espionnage et de contre-espionnage est en effet l'héritière d'une longue histoire commencée dans la Résistance contre les nazis. S'appuyant sur des archives originales accumulées pendant près de quatre décennies, les trois meilleurs spécialistes du sujet brosent le portrait des hommes et des femmes des services, narrent leurs opérations clandestines sur tous les continents et livrent des dizaines de témoignages inédits. Nourrie de révélations, de récits spectaculaires, de mises en perspective novatrices, de détails techniques, cette somme retrace une aventure qui court sur sept décennies et constitue désormais une référence sans équivalent.

And of Course the Challenge once You Find Them Is You Have To Read Them To Figure Out What They Say and this Is Also Not So Easy because Often the Writing Is Torn I Mean this One Is Pretty

Clear What's Available Is Clear but You Know What Was over Here or on the Lines above or in Long You Know We Don't Know but You Get What You Get and You Try and Work with It One Hopes One Would Find More Complete Documents and I Think Is My Last Slide I'll Show You a More Complete Document That I Found Guess What in all Places Chicago

That this Was What You Should Do Well these Chains of Authority Then Were Scrutinized by Muslim Scholars They Said Well You Know It Says It Went from a to B to C but B You Never Studied with C C Died before B Was Born You Know So this Is a Weak Hadith It Can't Be True so They Did that Kind of You Know that's Due Diligence It Was Formally and They Constructed End Collection of Hadith Which Is like One Percent of the Total Number Which Were Considered the Sound Hadith Someone Had Strong Chains of Authority but Even in those Collections of Sound Hadith We There Are Many that We Know Must Be Fabricated Where the Prophet Is Seen as Predicting Things That Happened Two Hundred Years after His Death I Mean Yeah He Was a Prophet but I Really Don't Think He Foresaw Authorizes the Best of the Feasting

But They Also Look at the Body of Text and They Try To Coordinate Them and One Thing We Can Do by Looking at these Analysis Try To Decide When this Hadith Went into Circulation We Can See if You Have Many Different Transmissions of It You Can See How the Chains of Authority Kind Of Converge on Someone and that Person Is Probably the Person Who Put It into Circulation Even though He Said He Got It from Three Generations Earlier if You Don't Have any Other Transmissions Probably He Put It into Circulation so He either Made It Up or His Teacher Made It Up and He Spread It So One More Question and Open Up to the Floor cuz They're a Lot Smarter People Out There than Me and It Struck Me When You Put Up One of Your Slides
