## Sextrology

The Eastern erotic traditions of both China and India classify sexual temperament according to one's date of birth and astrological sign, thus matching couples appropriately. This book introduces these concepts to Western readers who are interested in finding erotic fulfillment by understanding the sexual aspects of astrology. By understanding how the zodiac signs interact with each other, the reader will unlock the secrets of sexual satisfaction.

## Sextrology

We've all done it: glanced casually at the horoscope pages, secretly hoping the stars will forecast our fame and fortune. Yet the zodiac can tell us far more than this, revealing even our most intimate secrets. Sextrology is a highly intelligent and enlightening guide to sex and the sexes using a wholly original astrological philosophy. In frank, sophisticated and uninhibited language, the authors profile each gender's zodiac sign and uncover the naked truth behind the make-up of each one. Sextrology will help you better comprehend your and others' sexual character, improve your understanding of relationship roles and find out what to expect from the special person in your life. From fantasies to favourite positions, erogenous zones to emotional needs, Starsky and Cox leave no stone unturned in their titillating examination that will once again have people asking, 'what's your sign?'

## Mars and Sex

The Edgar award-winning author and astrologer unlocks the mystery of sexual compatibility, energy, and happiness. In Mars and Sex, renowned astrologer and author Trish MacGregor will help even the most sexually reticent awaken their capacity for intimacy and love. What turns you on? What are you looking for in a partner? Great sex or great romance or a combination of the two? Each of us has a sexual blueprint that describes our strengths and insecurities, our emotional investment in sex, whether we tend toward monogamy or variety, possessiveness or detachment, and what we're looking for in a partner. In Mars and Sex, Trish MacGregor guides you in exploring your sexuality according to the potential promised in the combined energies of your sun sign and the sign that Mars was in when you

were born. As Freud said, "Sex is everything...who we are in bed is who we are in life." But even Freud would be astonished at how our sexual blueprint plays out in daily life. Our sexuality manifests itself in our hobbies, creative interests, politics, and our worldview. It influences the products we buy, the movies we see, the books we read. It lies at the heart of who we are as individuals and as a culture. And yet most of us are clueless about those deeper forces inside ourselves. We stumble around in the dark, hoping that we will find the right sexual or romantic partner or some combination of the two, but all too often we make the wrong choices. The secret of sexual and romantic compatibility lies in the 144 combinations of the Sun and Mars—your sexual blueprint. Once you understand it, fulfillment in the bedroom—and in life—is just a heartbeat away.

Synastry is the branch of astrology that tells us how we relate to other people. How Joe relates to Mary & what Mary may think of that. In this complete, classic guide to astrology & relationships, Robson goes far beyond the usual "his planets vs: her planets." He studies the overall weight of the two charts, the fertility of the inner planets, the condition of the 7th house. He compares her-planets-to- his-planets as well as his-houses-to-her-houses. Robson considers how strongly the individual wants relationships - and how many, whether he/she will marry early or late - or not at all, the likelihood of children, the possibility of divorce. He gives rules for wedding dates. In an extraordinary appendix, he lists some

266 classified rules & aphorisms, culled from many ancient sources. This is perhaps the finest book ever written on astrology & relationships. About the author: Vivian Erwood Robson lived from 1890 to 1942. By trade he was a librarian. Like many librarians he had a natural bent for research, and, in his particular case, astrology. He studied ancient astrologers closely, including Ptolemy & William Lilly. His books on electional astrology, fixed stars, and relationships, are 20th century classics.

A nationally known astrologer explores the connection between spiritual emergencies at age 30, 40, and 50 and key astrological passages of Saturn, Uranus, and Chiron. • Provides techniques for directing the kundalini energy released during planetary passages for optimal personal and psychic development. • Includes charts for birth years starting in 1930 so that readers can determine the timing of their planetary passages. • By Barbara Hand Clow, author of the bestselling *Pleiadian Agenda* (60,000 copies sold). Kundalini--the energy of eros that lies at the base of the spine--can be overwhelming once activated. Times of activation coincide with the key astrological passages of Saturn, Uranus, and Chiron in one's birth chart and are often experienced as periods of spiritual emergency, confusion, and imbalance. In *Liquid Light of Sex*, Barbara Hand Clow opens up new dimensions for understanding what occurs during these key life passages, which most of us experience three times in our lives. In the author's words, "we form at age 30, we transform at age 40, and we transmute at age 50." Focusing on the transformation at age 40--the time of imbalance and spiritual confusion often referred to as the "midlife crisis"--she explores how kundalini energy, the liquid light of sex, can be creatively channeled by unblocking the chakras. Offering effective methods for achieving physical, emotional, and spiritual growth during this important life passage, *Liquid Light of Sex* presents a roadmap for using celestial cycles to navigate positively and productively in times of great life change.
