For fans of Julia Baird's *Phosphorescence*, Sarah Wilson's *This One Wild and Precious Life* or Leigh Sales' *Any Ordinary Day* comes an unforgettable and poignant exploration of the healing power of nature. 'A tender, touching and at times bloody funny meditation on life. And death. And how to live.' David Wenham 'For as long as I can remember, there has always been just the three of us. Three sisters. Only a year between each. Inseparable. It's been like that for almost 50 years ... Until my youngest sister walked out into her suburban backyard and took her life. Turning to her urban landscape for solace, Indira found herself drawn to a fig tree overlooking Sydney harbour. A connection began to build between the two - one with a fractured heart, the other a centurion offering quiet companionship while asking nothing in return. As Indira grappled with her heartbreak, an unnoticed universe of infinite beauty revealed itself: pale vanilla clouds pirouetting across the sky, resilient weeds pushing through cracks in the footpath, the magical biodiversity of tiny puddles. With the help of a posse of urban guides, she began to explore how nature - whatever bits of nature are within reach - can heal us during life's darker chapters, whether nursing a broken heart or an anxious mind. *The Space Between the Stars* is a heart-rending, at times funny, and uplifting tribute to love and our innate need to connect to the natural world, a celebration of the reassuring cycle of renewal that sustains and nourishes us all. 'As long as you can see the stars, you can never truly be lost.'

### A Sister's Promise

Combining the social commentary of *The Handmaid's Tale* with the white-knuckled thrills of *Red Rising*, this epic space opera filled with "lush prose" (Publishers Weekly) follows a comfort woman as she claims her agency, a soldier questioning his allegiances, and a non-binary hero out to save the solar system. First Sister has no name and no voice. As a priestess of the Sisterhood, she travels the stars alongside the soldiers of Earth and Mars—the same ones who own the rights to her body and soul.

She is commanded to spy on Captain Ren by the Sisterhood, but soon discovers that working for the war effort is much harder when you're falling in love. Lito val Lucius climbed his way out of the slums to become an elite soldier of Venus but was defeated in combat by none other than Saito Ren, resulting in the disappearance of his partner, Hiro. ### The Space Between

Rarely does an inspirational book come along that touches both the heart and the soul while delving deeply into the workings of humanity. *The Space Between* is a book about life. It challenges the reader to look at life from a different perspective; that life is truly simple and far less complicated if we choose to make it so. Written as a narrative in discussions with his grandchildren, Lorenzo takes you through life from arrival to departure while poignantly challenging many of the human systems we have adopted that serve to keep us enslaved, dependent and hindering us from living life to the fullest. Through discussion and youthful curiosity the characters take you deep inside yourself challenging you to throw off self imposed shackles and to rediscover your true self. Brimming with insights, parables and astonishing real life experiences the reader is carefully guided from a unique perspective that upends many of the things in life we take for granted. It expertly unravels many of life's myths and brilliantly demonstrates that life is not a struggle and that we alone are responsible for living a life that is full, rich and overflowing with happiness. This book is a timely, powerful, thought provoking and compelling must read for everyone.

### When We Were Sisters

**The Sisters' Story - Legend of Queen Brighton and Sister Jasmine** This is the story of two sisters who are born into a peaceful and beautiful isolated valley. But fate or Providence has a job for each of them far from home. The story tells of how they find a path over the forbidding crags that hem their valley in, although nobody else believed it even existed, and so they make their way at last to the kingdom their ancestors fled from long ago, though as yet they do not know any of their history. The girls grow into women; they were teenagers when they set out from home, and each finds what seems to be a place in life and a destiny - yet it is not to be. The older meets her prince charming and marries him. For a while they reign happily enough, yet we see the cares and responsibilities that they bear as the rulers. The younger chooses another path and so they go their separate ways, as siblings generally do. In differing ways also, grave trials and despair come to each. Each wrestles with hopelessness and

temptations, yearning for the childhood love with which they supported each other, but not finding it. So, still separated, each makes at length for home and peace, where they are reconciled and spend their days fruitfully in happiness, although the way home is not easy either. The story is about conquest and overcoming, through courage, honesty, faith and love. It is about how two innocents go into the World and gain much, and lose much too. They return home, yet in the wisdom each has learned, the gifts they bring from the outside back to their rustic valley are only beneficial. They also leave behind something of the simple, honest and kindly ways of the Valley in the lands they visited. This is not an allegory, although there may be parallels drawn about choices and their consequences and the sincere effort that repentance and returning may require. It is not a fairy story either - there is no fairy godmother, no wizard and no magic unless it be the magic conjured by love for another, and courage and a good heart. It is a story embodying hope and purpose, even when the actors in the story do not know at that time what it may be.

### The Space Between

Perhaps the most vital, emotionally complex, and lasting attachments between women occur between sisters. Whether as best friends or antagonists, "sisters remain entangled in a common tapestry of mutual experience and remembrance, family and history," according to author Eva Rueschmann. Although many of the women-centered films in the last three decades depict the relationship between sisters as a pivotal aspect of a character's psychological development, the now substantial body of feminist film criticism has not taken up this theme in any sustained way. In *Sisters on Screen*, Eva Rueschmann explores the sister bond in a wide range of modernist feature films that depart from the conventional cinematic rendering of women's lives. Drawing on the psychoanalytic concept of intersubjectivity, this book emphasizes the role of a woman's relationship and inner world in her continual quest for self-knowledge. Offering an original and absorbing perspective on women's filmic images, *Sisters on Screen* reveals how post-1960s cinema has articulated the ways in which biological sisters negotiate mutuality and difference, co-author family histories, and profoundly shape each other's political and personal identities. The films in focus question standards of femininity as they probe into memory, fantasy, and desire, bringing women's realities into view in the process. Structuring her discussion in terms of life-cycle stages—adolescence and adulthood—Rueschmann offers an in-depth discussion of such films as *An Angel at My Table*, *Double Happiness*, *Eve's Bayou*, *Gas Food Lodging*, *Heavenly Creatures*, *Little Women*, *Marianne and Julianne*, *Paura e amore*, *Peppermint Soda*, *The Silence*, *Sweetie*, and *Welcome to the Dollhouse*. Rueschmann draws upon the works of filmmakers from the 1970s to the 1990s. Some of the directors included in her study are Allison Anders, Gillian Armstrong, Ingmar Bergman, Jane Campion, Peter Jackson, Mina Shum, Diane Kurys, Kasi Lemmons, Todd Solondz, and Margarethe von Trotta. *Sisters on Screen* will appeal to anyone interested in women's studies, film studies, psychology, psychoanalytic readings of cinema, women directors, and international modern film. Author note: Eva Rueschmann is Assistant Professor of Cultural Studies at Hampshire College.

This book puts forward a more considered perspective on 3D, which is often seen as a distracting gimmick at odds with artful cinematic storytelling. Owen Weetch looks at how stereography brings added significance and expressivity to individual films that all showcase remarkable uses of the format. *Avatar*, *Gravity*, *The Hole*, *The Great Gatsby* and *Frozen* all demonstrate that stereography is a rich and sophisticated process that has the potential to bring extra meaning to a film's narrative and themes. Through close reading of these five very different examples, *Expressive Spaces in Digital 3D Cinema* shows how being sensitive to stereographic manipulation can nuance and enrich the critical appreciation of stereoscopic films. It demonstrates that the expressive placement of characters and objects within 3D film worlds can construct meaning in ways that are unavailable to 'flat' cinema.

## Expressive Spaces in Digital 3D Cinema

Brothers and sisters are so much a part of our lives that we can overlook their importance. Even scholars of the family tend to forget siblings, focusing instead on marriage and parent-child relations. Based on a wealth of family papers, period images, and popular literature, this is the first book devoted to the broad history of sibling relations, spanning the long period of transition from early to modern America. Illuminating the evolution of the modern family system, *Siblings* shows how brothers and sisters have helped each other in the face of the dramatic political, economic, and cultural changes of the eighteenth and nineteenth centuries. The book reveals that, in colonial America, sibling relations offered an egalitarian space to soften the challenges of the larger patriarchal family and society, while after the Revolution, in antebellum America, sibling relations provided order and authority in a more democratic nation. Moreover, Hemphill explains that siblings serve as the bridge between generations. Brothers and sisters grow up in a shared family culture influenced by their parents, but they are different from their parents in being part of the next generation. Responding to new economic and political conditions, they form and influence their own families, but their continuing relationships with brothers and sisters serve as a link to the past. Siblings thus experience and promote the new, but share the comforting context of the old. Indeed, in all races, siblings function as humanity's shock-absorbers, as well as valued kin and keepers of memory. This wide-ranging book offers a new understanding of the relationship between families and history in an evolving world. It is also a timely reminder of the role our siblings play in our own lives.

## A Clasp for Heirs (A Throne for Sisters—Book Eight)

When it comes to conversations around politics and religion, it's obvious we have a problem. This is for people who want to be part of a solution.

A NEW YORK TIMES NOTABLE BOOK OF THE YEAR “[A] skillfully crafted gothic mystery . . . Johnson pulls off a great feat in this book.” —Financial Times “It reminded me, in its general refusal to play nice, of early Ian McEwan.” —The New York Times Book Review “Johnson crafts an aching thriller about the dangers of loving too intensely.” —Time From a Booker Prize finalist and international literary star: a blazing portrait of one darkly riveting sibling relationship, from the inside out. “One of her generation’s most intriguing authors” (Entertainment Weekly), Daisy Johnson is the youngest writer to have been shortlisted for the Man Booker Prize. Now she returns with *Sisters*, a haunting story about two sisters caught in a powerful emotional web and wrestling to understand where one ends and the other begins. Born just ten months apart, July and September are thick as thieves, never needing anyone but each other. Now, following a case of school bullying, the teens have moved away with their single mother to a long-abandoned family home near the shore. In their new, isolated life, July finds that the deep bond she has always shared with September is shifting in ways she cannot entirely understand. A creeping sense of dread and unease descends inside the house. Meanwhile, outside, the sisters push boundaries of behavior—until a series of shocking encounters tests the limits of their shared experience, and forces shocking revelations about the girls’ past and future. Written with radically inventive language and imagery by an author whose work has been described as “entrancing” (The New Yorker), “a force of nature” (The New York Times Book Review), and “weird and wild and wonderfully unsettling” (Celeste Ng), *Sisters* is a one-two punch of wild fury and heartache—a taut, powerful, and deeply moving account of sibling love and what happens when two sisters must face each other’s darkest impulses.

## The Space Between Us: How Jesus Teaches Us to Live Together When Politics and Religion Pull Us Apart

What happens if we read nineteenth-century and Victorian texts not for the autonomous liberal subject, but for singularity—for what is partial, contingent, and in relation, rather than what is merely "alone"? *Feminine Singularity* offers a powerful feminist theory of the subject—and shows us paths to thinking subjectivity, race, and gender anew in literature and in our wider social world. Through fresh,

sophisticated readings of Lewis Carroll, Christina Rossetti, Charles Baudelaire, and Wilkie Collins in conversation with psychoanalysis, Black feminist and queer-of-color theory, and continental philosophy, Ronjaunee Chatterjee uncovers a lexicon of feminine singularity that manifests across poetry and prose through likeness and minimal difference, rather than individuality and identity. Reading for singularity shows us the ways femininity is fundamentally entangled with racial difference in the nineteenth century and well into the contemporary, as well as how rigid categories can be unsettled and upended. Grappling with the ongoing violence embedded in the Western liberal imaginary, Feminine Singularity invites readers to commune with the subversive potentials in nineteenth-century literature for thinking subjectivity today.

## Sisters

Experience the grandeur of the remote Scottish Highlands and Madrid in this USA TODAY bestselling “beautifully written...magical adventure” (Woman’s World) following two women connected across time and distance as they search for the truth of their place in the world. Tiggy D’Aplièse spends her days reveling in the raw beauty of the Scottish Highlands, where she works at a deer sanctuary. But when the sanctuary is forced to close, she decides to take a job as a wildlife consultant on the vast estate of the elusive and troubled Charlie Kinnaird. She has no idea that the move will not only irrevocably alter her future, but also bring her face-to-face with her past. At the estate, she meets Chilly, an elderly Romani man who fled from Spain seventy years earlier. He tells her that not only does she possess a sixth sense passed down from her ancestors, but it was foretold long ago that he would be the one to send her back home. Back in 1912, in the poor Romani community outside the city walls of Granada, Lucía Amaya-Albaycin is born. At the tender age of ten, Lucía is whisked away by her ambitious father to dance in the flamenco bars of Barcelona. And while Lucía perfects her skills—eventually becoming the greatest flamenco dancer of her generation—tensions in Spain boil over into civil war, forcing Lucía and her troupe of dancers to flee for their lives. As they travel in search of a safe haven, Lucía’s long-held dream of going to New York may be in grasp. But to pursue it, she must choose between her love for her career and the man she adores. “A breathtaking adventure brimming with cruelty, tragedy, passion, [and] obsession” (Lancashire Evening Post, UK), *The Moon Sister* follows these two women on their journey to discover their true destinies—but at the risk of potentially losing the men they had hoped to build futures with.
