My Pretty Pony

A previously unpublished tale, woven by the master storyteller Stephen King, about the relativity of time--given yet another dimension by Barbara Kruger's urgent and elegant illustrations and graphics. 25 two-color reproductions.

Stephen King's Battleground

King's short story is presented along with the filmmakers and artists involved in the adaptation of Battleground. Includes interviews, photographs, and story boards.

Nightmares & Dreamscapes

Including the story "Dolan's Cadillac," this anthology includes vampire thrillers, mysteries reminiscent of Sir Arthur Conan Doyle, a teleplay from "Tales of the Darkside," and a nonfiction Little League story, along with King's own reflections.

The Talisman; Black House

Four novellas from Stephen King bound together by the changing of seasons, each taking on the theme of a journey with strikingly different tones and characters. This gripping collection begins with "Rita Hayworth and the Shawshank Redemption," in which an unjustly imprisoned convict seeks a strange and startling revenge--the basis for the Best Picture Academy Award-nominee The Shawshank Redemption. Next is "Apt Pupil," the inspiration for the film of the same name about top high school student Todd Bowden and his obsession with the dark and deadly past of an older man in town. In "The Body," four rambunctious young boys plunge through the facade of a small town and come face-to-face with life, death, and intimations of their own mortality. This novella became the movie Stand By Me. Finally, a disgraced woman is determined to triumph over death in "The Breathing Method."--Provided by publisher.

Different Seasons

This Penguin 60s book contains a short story taken from Nightmares And Dreamscapes.

Nightmares & Dreamscapes

Longtime residents of Harper's Cove believe that something is wrong with the Widow's Point Lighthouse. Some say it's cursed. Others claim it's haunted. Originally built in 1838, three workers were killed during the lighthouse's construction, including one who mysteriously plunged to his death from the catwalk. That tragic accident was never explained, and it was just the beginning of the terror. In the decades that followed, nearly two dozen additional deaths occurred in or around the lighthouse including cold-blooded murder, suicide, unexplained accidents and disappearances, the slaughter of an entire family, and the inexplicable death of a Hollywood starlet who was filming a movie on the grounds. The lighthouse was finally shuttered tight in 1988 and a security fence was erected around the property. No one has been inside since. Until tonight. Thomas Livingston is the acclaimed author of thirteen books about the supernatural and this evening he will enter the Widow's Point Lighthouse, searching for material for his next bestseller. He will be locked inside for the weekend with no way of contacting the outside world. And although no human has stepped foot inside the structure in nearly three decades, Livingston will not be alone.

Umney's Last Case

From the undisputed master of modern American horror: His first collection of short stories showcases the darkest depths of his brilliant imagination and will "chill the cockles of many a heart" (Chicago Tribune). • INCLUDES THE STORY "THE BOOGEYMAN" – NOW A MAJOR MOTION PICTURE FROM 20th CENTURY STUDIOS Originally published in 1978, *Night Shift* is the inspiration for over a dozen acclaimed horror movies and television series, including *Children of the Corn*, *Chapelwaite*, and *Lawnmower Man*. Here we see mutated rats gone bad ("Graveyard Shift"); a cataclysmic virus that threatens humanity ("Night Surf," the basis for *The Stand*); a possessed, evil lawnmower ("The Lawnmower Man"); unsettling children from the heartland ("Children of the Corn"); a smoker who will try anything to stop ("Quitters, Inc."); a reclusive alcoholic who begins a gruesome transformation ("Gray Matter"); a man convinced that a crack in the closet is responsible for the murder of his children ("The Boogeyman"); and many more shadows and visions that will haunt you long after the last page is turned.

Widow's Point

A Collection of Dreamscapes by Christina Sng is an exploration of the darkness inside us, the shadow-self that screams and begs, forever fighting to claw itself out. It's a siren song of transformation, an uncovered diary that bleeds fairy tales and dystopias, and it reads like a grimoire full of spells and curses that bring monsters and madmen to life. Between these pages, readers will meet women who hide behind the taste of poisoned apples, who set themselves on fire, who weep at riverbanks, the taste of freedom too much to swallow, too heavy to bear. They will be whisked away to faraway lands and unimaginable worlds, the drip of fog-soaked dreams a steady flow down their throats while they choke on betrayal and bathe in the waters of tears twice cried. Sng's poems are a blend of dark fantasy and science fiction, a changeling's whisper and an ogre's cry. They are both subtle and violent, and they weave themes of empowerment and strength through stars and earthquakes, forcing us to push away the rubble and look at what we've had to do to survive. They are the sacrifice in the forest and the haunting in the house, every gasp and ancient fear a reflection of the violence we've had to bury deep inside ourselves, all those battle cries and reimagined dreams we desperately try to forget. Here, Sng marries blood and magic, forever walking hand-in-hand with scar and ash, their imprints both a nightmare and a blessing, a dream and the truth. Swallow them carefully. Once they're inside you, there's no getting them out.

Night Shift

Stephen King's apocalyptic vision of a world blasted by virus and tangled in an elemental struggle between good and evil remains as riveting and eerily plausible as when it was first published. Soon to be a television series. 'THE STAND is a masterpiece' (Guardian). Set in a virus-decimated US, King's thrilling American fantasy epic, is a Classic. First come the days of the virus. Then come the dreams. Dark dreams that warn of the coming of the dark man. The apostate of death, his worn-down boot heels tramping the night roads. The warlord of the charnel house and Prince of Evil. His time is at hand. His empire grows in the west and the Apocalypse looms. When a man crashes his car into a petrol station, he brings with him the foul corpses of his wife and daughter. He dies and it doesn't take long for the virus which killed him to spread across America and the world.

A Collection of Dreamscapes

'As good as any modern fiction you will read this year' Sunday Times, Best new short story collections A wife compulsively digs in her garden. Two brothers, long estranged, reunite for a terse, heady summer. A woman flies to Krakow to see her adult son. At dusk, a teenage girl pushes her dying mother out into the sea. A small boy sits on his own in the cinema, entranced by the cowboys who light up the screen. With these short stories, Tim Pears illuminates a series of blazing moments in quiet lives – the tragic, strange, funny and beautiful fragments that make and unmake us – and shines a light into the gulfs that lie between us and those who should know us best.

It is September 1939. Shortly after war is declared, Anthony Rhodes is sent to France, serving with the British Army. His days are filled with the minutiae and mundanities of Army life – friendships, billeting, administration – as the months of the 'Phoney War' quickly pass and the conflict seems a distant

prospect. It is only in the spring of 1940 that the true situation becomes clear; the men are ordered to retreat to the coast and the beaches of Dunkirk, where they face a desperate and terrifying wait for evacuation.

This inspiring compilation of the most innovative projects in digital art covers the work of the artists and creatives at the forefront of this aesthetic. Discover Filip Hodas and his captivating pop culture dystopia artwork series, explore Massimo Colonna's surrealist urban landscapes and dive into the abstract compositions of Ezequiel Pini, founder of Six N. Five studio. *Dreamscapes & Artificial Architecture* presents the work of leading creatives from across the globe, exploring the infinite ways to conceptualize utopian oases and dystopian nightmares. With their roots in spatial design, their ideas present a new creative current defined by the fusion of digital techniques such as computer rendering and 3D art, and an aesthetic that moves between fantasy and reality. Freed from the constraints of the physical world, these dreamscapes expand the possibilities for architecture and interior design.

Roland is the last of his kind, a "gunslinger" charged with protecting whatever goodness and light remains in his world—a world that "moved on," as they say. Now, in the graphic novel series adaptation Stephen King's *The Dark Tower: The Drawing of the Three*, originally published by Marvel Comics in single-issue form and creatively overseen by Stephen King himself, the full story of Roland's saga continues. Sumptuously drawn by Piotr Kowalski, Jonathan Marks, Juanan Ramirez, and Cory Hamscher, plotted by longtime Stephen King expert Robin Furth, and scripted by New York Times bestselling author Peter David, *The Drawing of the Three* adaptation is an extraordinary and terrifying journey—ultimately introducing a generation of new readers to Stephen King's modern literary classic *The Dark Tower*, while giving longtime fans thrilling adventures transformed from his blockbuster novels.
