Capsule Wardrobe

Is your closet jam-packed and yet you have absolutely nothing to wear? Can you describe your personal style in one sentence? If someone grabbed a random piece from your closet right now, how likely is it that it would be something you love and wear regularly? Our choice of clothing reflects not only our fashion sense but also our personality. For example, you can easily distinguish between a serious, conservative business person and an artistic free spirit simply by the way they are dressed. In either of these cases, and everything in between, the majority of people tend to either try to keep up with the latest fashion trends, or they try to make a statement by breaking fashion norms. Like it or not, the common tendency among women is to buy clothing and accessories on a whim. Although men are capable of this as well, it seems to be a problem that is much more prevalent for women. When we see something we like, we buy it even if we don't know when or where to wear it. To justify these impulse purchases we simply tell ourselves that we'll find some use for it in the future. Because of this reckless habit, we have piles of clothes in our closets waiting to be worn. How many times have you found yourself frustrated looking for the right clothes to wear? Why is it that after digging through your closet for half an hour, you still can't find "anything good to wear?" If this describes a scenario that you're all-too familiar with, then it's time to admit it: you have a wardrobe problem that needs to be addressed immediately. This may sound far-fetched, but a wardrobe problem can negatively affect your day by causing a great deal of unnecessary anxiety. If you haven't picked out your outfit the night before, you find yourself stressed out first thing in the morning as you try to determine what to wear. This is not exactly the best way to start your day. After work has concluded, you may have realized that the stress caused by your dysfunctional wardrobe has caused more damage to your day than you could ever expect. Armed with this realization, you know it's time to do something drastic. Perhaps by now you have already thought of throwing away everything in your closet and starting a whole new wardrobe

from scratch. Well that's a start, but what's next? Chances are it won't be long before you resume your old habit of filling up your closet with useless clothes and, voila! You're back at it with the same old wardrobe dilemmas. Here's a better solution: A capsule wardrobe is the answer to your problems! Although it may be hard to believe that just a few dozen well-chosen clothing items and accessories can keep a woman properly dressed for any occasion, that's exactly what a capsule wardrobe does. Not only will it prevent you from buying the wrong clothes, it will also spare you from the stress caused by having a dysfunctional wardrobe with too many choices. With this book, you will understand how to create the wardrobe combination of your dreams and say goodbye to your frustrations. It's time to clean up your closet, declutter your mind, and spice up your personal style. If you are not satisfied with your purchase, we offer you a 30-day money back guarantee. A capsule wardrobe is a limited selection of interchangeable clothing pieces that complement each other. These are often classic pieces that do not go out of style and are primarily composed of neutral colors. A capsule wardrobe allows you to create a variety of different outfits with a small selection of clothes. Unless you already have an outfit in mind, you will probably be opening all the drawers, and starting to throw articles of clothing on your bed to see if something goes well together. Does any of this sound familiar to you? Now, just imagine if you could open your wardrobe and see all the items inside it without any difficulty. How easy would it be if you could pick two things that you know will go well together? Wouldn't that be amazing?

Project 333

Wear just 33 items for 3 months and get back all the JOY you were missing while you were worrying what to wear. In Project 333, minimalist expert and author of Soulful Simplicity Courtney Carver takes a new approach to living simply--starting with your wardrobe. Project 333 promises that not only can you survive with just 33 items in your closet for 3 months, but you'll thrive just like the thousands of women who have taken on the challenge and never looked back. Let the de-cluttering begin! Ever ask yourself how many of the items in your closet you actually wear? In search of a way to pare down on her expensive shopping habit, consistent lack of satisfaction with her purchases, and ever-growing closet, Carver created Project 333. In this book, she guides readers through their closets item-by-item, sifting through all the emotional baggage associated with those oh-so strappy high-heel sandals that cost a fortune but destroy your feet every time you walk more than a few steps to that extensive collection of never-worn little black dresses, to locate the items that actually look and feel like you. As Carver reveals in this book, once we finally release ourselves from the cyclical nature of consumerism and focus less on our shoes and more on our self-care, we not only look great we feel great-- and we can see a clear path to make other important changes in our lives that reach far beyond our closets. With tips, solutions, and a closet-full of inspiration, this life-changing minimalist manual shows readers that we are so much more than what we wear, and that who we are and what we have is so much more than enough.

Decluttering Clothes The Easy Way

Have you ever felt like you have too many clothes but nothing to wear? Well, you're not alone. According to California Closets, the average woman only wears 20 percent of her clothing. This is the first book to help you come full circle and solve your clothing clutter problem once and for all. The book gives you the whys and the reasons you are in this position. There is a chapter on the evolution of fashion to help you understand even more. The next step is decluttering your clothes where she presents multiple methods making one suitable for you.
