My People are Rising

A compelling look at the rise and fall of the Black Panther generation, through the eyes of a founding member.

Will You Die with Me?

Amid the social turmoil of the 1960s and '70s, a young man in California found his purpose in the rise of the Black Panther Party, made a deadly mistake that cost him his freedom, and ultimately got his life back, having learned the true lessons of the Buddha Samurai. By the time Flores Forbes was twenty-five years old, he had just a GED and sixty college credits to his name. But he had gone far in his chosen profession as a revolutionary. In 1977, Forbes had been in the Black Panther Party for almost a decade and had become the youngest member of the organization's central committee. In this remarkable memoir, Forbes vividly describes his transformation from an angry youth into a powerful partisan in the ranks of the black liberation movement. Disillusioned in high school by the racism in his native San Diego, he began reading Black Panther literature. Drawn to the Panthers' mission of organizing resistance to police brutality, he eagerly joined and soon found himself immersed in a culture of Mao-inspired rigor. His dedication ultimately earned him a place in the Party's elite inner circle as assistant chief of staff, charged with heading up the "fold" -- the heavily armed military branch dubbed by Huey P. Newton the "Buddha Samurai." "My job was one of the most secretive in the party," writes Forbes, "and to this day most of the people who were in the Party over the years had not a clue as to what I really did..." With intimate portraits of such BPP leaders as Elaine Brown, Eldridge Cleaver, and Huey P. Newton, *Will You Die with Me?* is a riveting firsthand look at some of the most dramatic events of the last century and a brutally honest tale of one man's journey from rage to redemption.

That They May Face the Rising Sun

Considered by many to be the finest Irish writer now working in prose, John McGahern's *That They May Face the Rising Sun* vividly brings to life a whole world and its people with insight and humour and deep sympathy. Joe and Kate Rutledge have come to Ireland from London in search of a different life. In passages of beauty and truth, the drama of a year in their lives and those of the memorable characters that move about them unfolds through the action, the rituals of work, religious observances and play. By the novel's close we feel that we have been introduced, with deceptive simplicity, to a complete representation of existence - an enclosed world has been transformed into an Everywhere. 'It is a simple and ordinary story, calmly, wryly crafted with subtle detail - and therein lies McGahern's genius. As sharply, brilliantly observed as any he has written . . . McGahern, a supreme chronicler of the ordinary . . . has created a novel that lives and breathes as convincingly as the characters who inhabit it.' Irish Times

Tell Them We Are Rising

tell them we are rising ""The inspiring story of how one woman gave back.""--Ed Bradley ""This is a heartwarming story about struggle, survival, and achievement. If we didn't know people like this in our lives, we would want to invent them. What more could one ask? A good story told with a

deft hand."--William H. Gray III President, United Negro College Fund ""An inspiring account of an African American educator determined to make a difference in the lives of indifferent students."--Kirkus Reviews ""Tell Them We Are Rising is a wonderful, inspiring story of service, commitment, generosity, love, and hope. It is written with the humor, wisdom, and grace of a bygone era, yet spiced with the ultramodern savvy and the future-oriented vision of a twenty-year-old. What an extraordinary woman! What an extraordinary life!"--Chaka Fattah U.S. Representative (Pennsylvania)

My People Are Rising

The founder of the Black Panther Party's Seattle chapter recounts his life on the frontlines of the Black Power Revolution. Growing up in Seattle in the 1960s, Aaron Dixon dedicated himself to the Civil Rights movement at an early age. As a teenager, he joined Martin Luther King on marches to end housing discrimination and volunteered to help integrate schools. After King's assassination in 1968, Dixon continued his activism by starting the Seattle chapter of the Black Panther Party at the age of nineteen. In *My People Are Rising*, Dixon offers a candid account of life in the Black Panther Party. Through his eyes, we see the courage of a generation that stood up to injustice, their political triumphs and tragedies, and the unforgettable legacy of Black Power. "This book is a moving memoir experience: a must read. The dramatic life cycle rise of a youthful sixties political revolutionary, my friend Aaron Dixon." —Bobby Seale, founding chairman and national organizer of the Black Panther Party, 1966 to 1974

Into This Night We Are Rising

This is an art therapy expression book for 5-8 year old children affected by parental or family members opioid abuse.

We Are Rising Stars

This utterly unconventional narrative of reinvention begins with the young MacDonald's first forays outside the soul-crushing walls of Southie's Old Colony housing project. He provides one-of-a-kind 1980s social history and a powerful glimpse of what punk music was for him.

Easter Rising

This pictorial history tells the story of the revolutionary Black Panther Party in the words of its co-founder, Bobby Seale. Coming toward the end of America's epic Civil Rights Movement, the Black Panther Party was one of the most creative and influential responses to racism and inequality in American history. They advocated armed self-defense to counter police brutality, and initiated a program of patrolling the police with shotguns—and law books. In words and photographs, *Power to the People* explores the impact and achievements of this revolutionary organization. The words are Seale's, with contributions by other former party members. The photographs are by Stephen Shames, the Panther's most trusted documentarian. *Power to the People* is a testament to their warm association, combining Shames's memorable images with Seale's colorful in-depth commentary culled from many hours of conversation. Shames also interviewed major party figures for this volume, including Kathleen Cleaver, Elbert "Big Man" Howard, Ericka Huggins, Emory Douglas, and William "Billy X" Jennings. His photography is supplemented with Panther ephemera and graphic art.

Power to the People

Seeks to explain the 'Flynn effect' (massive IQ gains over time) and its consequences for gender, race and social equality.

Are We Getting Smarter?

This poignant personal survival story is intertwined with the thousands of resilient Indigenous Nations that resisted genocide for generations and continue to. Against all odds, we are still here, as a great awakening descends upon humanity. Out of the darkness we arise! Not only as survivors, but as prophesy; like the white buffalo whose presence heralds in an era of massive transformation and reconciliation! Those who unshackle their chains unlock a limitless potential to embody their full multidimensional beings. For each of us must choose between two paths, as Mother Earth begins to shake her blanket....

Thunderbird Rising

Esperanza Rising joins the Scholastic Gold line, which features award-winning and beloved novels. Includes exclusive bonus content! Esperanza thought she'd always live a privileged life on her family's ranch in Mexico. She'd always have fancy dresses, a beautiful home filled with servants, and Mama, Papa, and Abuelita to care for her. But a sudden tragedy forces Esperanza and Mama to flee to California and settle in a Mexican farm labor camp. Esperanza isn't ready for the hard work, financial struggles brought on by the Great Depression, or lack of acceptance she now faces. When Mama gets sick and a strike for better working conditions threatens to uproot their new life, Esperanza must find a way to rise above her difficult circumstances—because Mama's life, and her own, depend on it.

Esperanza Rising (Scholastic Gold)

The Wexford Rising of 1798 was the most bloody campaign in Irish history since the Williamite wars. In little than a month, over 30,000 people died. The Rising, which had been launched on a tide of revolutionary optimism, ended in slaughter. After this, the first republican revolt, Irish history was changed forever.

The People's Rising

Jane and Luca's story continues ... but not quite as they had planned. When challenges and threats from the immortal world of Nissilum rip the young lovers apart, Jane is bereft. Without Luca's dancing green eyes, and gentle smile, Jane feels lost, sad and alone. But then a trip to Paris with her grandmother thrusts her in the path of the amiable Soren - a kindred spirit who may be just the distraction she needs ... Meanwhile in Nissilum, Luca struggles with the loyalties and expectations that come with being a part of the immortal world. A world that is about to be shaken at its very core: rumblings of mounting unrest are spreading, and with rumours of an angel rebellion growing no creature is safe - especially not a mortal girl who has fallen in love with a wolf boy...

Dark Heart Rising

In this contemporary fantasy, Maya's search for her missing father puts her at the center of a battle between our world, the Orishas, and the mysterious and sinister Dark world.

Maya and the Rising Dark

"Polaris Rising is space opera at its best, intense and addictive, a story of honor, courage, betrayal, and love. Jessie Mihalik is an author to watch."--Ilona Andrews, #1 New York Times bestselling author A space princess on the run and a notorious outlaw soldier become unlikely allies in this imaginative, sexy space opera adventure—the first in an exciting science fiction trilogy. In the far distant future, the universe is officially ruled by the Royal Consortium, but the High Councillors, the heads of the three High Houses, wield the true power. As the fifth of six children, Ada von Hasenberg has no authority; her only value to her High House is as a pawn in a political marriage. When her father arranges for her to wed a noble from House Rockhurst, a man she neither wants nor loves, Ada seizes control of her own destiny. The spirited princess flees before the betrothal ceremony and disappears among the stars. Ada eluded her father's forces for two years, but now her luck has run out. To ensure she cannot escape again, the fiery princess is thrown into a prison cell with Marcus Loch. Known as the Devil of Fornax Zero, Loch is rumored to have killed his entire chain of command during the Fornax Rebellion, and the Consortium wants his head. When the ship returning them to Earth is attacked by a battle cruiser from rival House Rockhurst, Ada realizes that if her jilted fiancé captures her, she'll become a political prisoner and a liability to her House. Her only hope is to strike a deal with the dangerous fugitive: a fortune if he helps her escape. But when you make a deal with an irresistibly attractive Devil, you may lose more than you bargained for . . .

Polaris Rising

An engaging study of the nerd in American popular culture and throughout history discussed in such contexts as the rise of online gaming, the science fiction club, ethnicity, Asperger's syndrome, autism, and high school and college debating.

American Nerd

For fans of Alex Rider, Young Bond and Cherub, this exciting action-adventure is the first children's book by astronaut Tim Peake and bestselling author Steve Cole, and it's based on space-age science and technology. When Danny is kidnapped by Adi - who can run through brick walls and make cars drive on water - he realises that all humans are in danger. Adi is part of a super-advanced hive mind, the Swarm, which intends to protect the Earth from the environmental catastrophe caused by the human race. Adi - Alien Digital Intelligence in the form of a girl - can bend the laws of physics and control digital data, but as a digital being she wants to know what it's like to be human. Which is where Danny comes in. But what exactly is the 'help' the secretive Swarm is offering? Can Danny and his friend Jamila help Adi stop the Swarm Agents and give humanity a second chance?

NEW YORK TIMES BESTSELLER • Read with Jenna Book Club Pick as Featured on Today • From the author of Daisy Jones & The Six and The Seven Husbands of Evelyn Hugo . . . ONE OF THE BEST BOOKS OF THE YEAR: The Washington Post, Time, Marie Claire, PopSugar, Parade, Teen Vogue, Self, She Reads • “Irresistible . . . High drama at the beach, starring four sexy, surfing siblings and their deadbeat, famous-crooner dad.”—People Four famous siblings throw an epic party to celebrate the end of the summer. But over the course of twenty-four hours, the family drama that ensues will change their lives forever. Malibu: August 1983. It's the day of Nina Riva's annual end-of-summer party, and anticipation is at a fever pitch. Everyone wants to be around the famous Rivas: Nina, the talented surfer and supermodel; brothers Jay and Hud, one a championship surfer, the other a renowned photographer; and their adored baby sister, Kit. Together the siblings are a source of fascination in Malibu and the world over—especially as the offspring of the legendary singer Mick Riva. The only person not looking forward to the party of the year is Nina herself, who never wanted to be the center of attention, and who has also just been very publicly abandoned by her pro tennis player husband. Oh, and maybe Hud—because it is long past time for him to confess something to the brother from whom he's been inseparable since birth. Jay, on the other hand, is counting the minutes until nightfall, when the girl he can't stop thinking about promised she'll be there. And Kit has a couple secrets of her own—including a guest she invited without consulting anyone. By midnight the party will be completely out of control. By morning, the Riva mansion will have gone up in flames. But before that first spark in the early hours before dawn, the alcohol will flow, the music will play, and the loves and secrets that shaped this family's generations will all come rising to the surface. Malibu Rising is a story about one unforgettable night in the life of a family: the night they each have to choose what they will keep from the people who made them . . . and what they will leave behind.

Malibu Rising

"The opposite of love is not hate. The opposite of love is indifference." Elie Wiesel, Holocaust survivor, Author and Nobel Peace Prize Laureate The predominant attitude over the past 1,700 years among Christians toward Jews has been both indifference and hatred. The decision of the First Nicaean Council to abandon the traditional Christian Passover for Roman Easter began the divorce of the church from its Jewish roots. This decree was followed by an onslaught of Jewish suffering at the hands of Christians: the "blood libel" fallacy, the Inquisition, Martin Luther's invectives against the Jews, countless pogroms in the name of Christ, and the formation of the "German Evangelical Church" (the puppet church which Hitler used to create an "Aryan" version of Christianity, devoid of its Jewish roots). This resulted in the murder of over six million Jews in the Holocaust while the majority of the Church silently watched. The Church's legacy throughout the centuries is covered with innocent Jewish blood. In this treatise Dr. Smith explores: Anti-Semitism in the Church from the time of the Emperor Constantine to the present Eye-witness accounts by Jewish Holocaust survivors and leaders of the Resistance Current threats to Israel and the Diaspora due to an upsurge of anti-Semitism The roots and consequences of "replacement theology" in the church "Comfort Ye My People" is a source book for information on anti-Semitism in Church history and in the world today, as well as a spiritual analysis of implications arising from the divorce of Christianity from its Jewish roots. A commissioning is offered to those who would receive it to "Comfort my people" - to support and to speak out for the welfare of Israel and the Jewish people. "A must read. . . This is the "definitive" book to be read in the times in which we live to be fully aware . . . of what is happening (and has happened) behind the scenes.." The Rising

In this powerful memoir, Sandra Uwiringyimana, a girl from the Democratic Republic of the Congo, tells the incredible true story of how she survived a massacre, immigrated to America, and overcame her trauma through art and activism.

How Dare the Sun Rise

Red Rising is the story of a society in a desolate future, riven by class conflict and shaken by the tremors of an impending revolution. But more than that, it's the story of Darrow--a secret revolutionary who is inspired not only by a longing for social justice, but by lost love. It's only when Darrow's beloved wife is executed by the oppressive government that he begins to question the harsh world he lives in. Recruited by an underground revolutionary cell, Darrow is given a perilous mission: infiltrate the academy that educates this elite--and become one of them.

Black Water Rising was shortlisted for the Orange Prize, nominated for an Edgar Award, an NAACP Image Award and a Los Angeles Times Book Prize. On a dark night, out on the Houston bayou to celebrate his wife's birthday, Jay Porter hears a scream. Saving a distressed woman from drowning, he opens a Pandora's Box. Not the lawyer he set out to be, Jay long ago made peace with his radical youth, tucked away his darkest sins and resolved to make a fresh start. His impulsive act out on the bayou is heroic, but it puts Jay in danger, ensnaring him in a murder investigation that could cost him his practice, his family and even his life. Before he can untangle the mystery that stretches to the highest reaches of corporate power, he must confront the demons of his past. A provocative thriller with an exhilarating climax, Black Water Rising marks the arrival of an electrifying new talent.

WINNER OF THE EISNER AWARD • A bold and fascinating graphic novel history of the revolutionary Black Panther Party. Founded in Oakland, California, in 1966, the Black Panther Party for Self-Defense was a radical political organization that stood in defiant contrast to the mainstream civil rights movement. This gripping illustrated history explores the impact and significance of the Panthers, from their social, educational, and healthcare programs that were designed to uplift the Black community to their battle against police brutality through citizen patrols and frequent clashes with the FBI, which targeted the Party from its outset. Using dramatic comic book-style retellings and illustrated profiles of key figures, The Black Panther Party captures the major events, people, and actions of the party, as well as their cultural and political influence and enduring legacy.

How America's high standard of living came to be and why future growth is under threat In the century after the Civil War, an economic revolution improved the American standard of living in ways previously unimaginable. Electric lighting, indoor plumbing, motor vehicles, air travel, and television transformed households and workplaces. But has that era of unprecedented growth come to an end? Weaving together a vivid narrative, historical anecdotes, and economic analysis, The Rise and Fall of American Growth challenges the view that economic growth will continue unabated, and demonstrates that the life-altering scale of innovations between 1870 and 1970 cannot be repeated. Robert Gordon contends that the nation's productivity growth will be further held back by the headwinds of rising inequality, stagnating education, an aging population, and the rising debt of college students and the federal government, and that we must find new solutions. A critical voice in the most pressing debates of our time, The Rise and Fall of American Growth is at once a tribute to a century of radical change and a harbinger of tougher times to come.

"Gabrielle, Theo and Hester have grown up in an ecological catastrophe: climate change is making Earth uninhabitable. But when they join thousands of teenagers around the world in developing a strange new power - the ability to grow plants from their skin - it seems there may be hope for the planet after all. However, plenty of profit-hungry organisations would like to exploit these so-called

"Greenfingers" for their own means. As Gabrielle, Theo and Hester battle to master their new ability, and navigate first love and family expectations, can they outsmart the corporations and bring about a green rising?"--Publisher's description

Green Rising

Three siblings embark on an epic quest for a mythic grail in this first installment of Susan Cooper's epic and award-winning *The Dark Is Rising Sequence*, now with a brand-new look! All through time, the two great forces of Light and Dark have battled for control of the world. Now, after centuries of balance, the Dark is summoning its terrifying forces to rise once more...and three children find themselves caught in the conflict. The Drew siblings—Simon, Jane, and Barney—are on a family holiday in Cornwall when they discover an ancient map in the attic of the house they are sharing with their Great Uncle Merry. They know immediately that the map is special but have no way of knowing how much. For the map leads to a grail: a vital weapon for the Light's fight against evil. In taking on the quest to find the grail, the Drews will have to race against the sinister human beings who serve the dreadful power of the dark—an adventure that puts their own lives in grave peril.

Over Sea, Under Stone

In her #1 NYT bestsellers, Brené Brown taught us what it means to dare greatly, rise strong and brave the wilderness. Now, based on new research conducted with leaders, change makers and culture shifters, she's showing us how to put those ideas into practice so we can step up and lead. Leadership is not about titles, status and power over people. Leaders are people who hold themselves accountable for recognising the potential in people and ideas, and developing that potential. This is a book for everyone who is ready to choose courage over comfort, make a difference and lead. When we dare to lead, we don't pretend to have the right answers; we stay curious and ask the right questions. We don't see power as finite and hoard it; we know that power becomes infinite when we share it and work to align authority and accountability. We don't avoid difficult conversations and situations; we lean into the vulnerability that's necessary to do good work. But daring leadership in a culture that's defined by scarcity, fear and uncertainty requires building courage skills, which are uniquely human. The irony is that we're choosing not to invest in developing the hearts and minds of leaders at the same time we're scrambling to figure out what we have to offer that machines can't do better and faster. What can we do better? Empathy, connection and courage to start. Brené Brown spent the past two decades researching the emotions that give meaning to our lives. Over the past seven years, she found that leaders in organisations ranging from small entrepreneurial start-ups and family-owned businesses to non-profits, civic organisations and Fortune 50 companies, are asking the same questions: How do you cultivate braver, more daring leaders? And, how do you embed the value of courage in your culture? *Dare to Lead* answers these questions and gives us actionable strategies and real examples from her new research-based, courage-building programme. Brené writes, 'One of the most important findings of my career is that courage can be taught, developed and measured. Courage is a collection of four skill sets supported by twenty-eight behaviours. All it requires is a commitment to doing bold work, having tough conversations and showing up with our whole hearts. Easy? No. Choosing courage over comfort is not easy. Worth it? Always. We want to be brave with our lives and work. It's why we're here.'

Luigi Francis Shorty Rossi, the tough-talking, fedora-wearing star of Animal Planet's hit show *Pit Boss*, may stand only four feet tall but that hasn't stopped him from living large, becoming a successful businessman and an outspoken advocate for pit bulls, the most misunderstood breed of dog in the

world. A third generation dwarf, ex-gang member, and ex-con, Shorty knows what it's like to be misunderstood and in this candid memoir, he shares his personal story for the first time. No one expected Shorty to live let alone succeed, and yet he has, overcoming every challenge, from an abusive home to the violent streets and gangs of South Central LA, to the notorious cell blocks of Folsom Prison where he was imprisoned for attempted murder. After 10 years, 10 months, and 10 days behind bars, Shorty gained his freedom and the chance to put his entrepreneurial and negotiation skills to the test. He cut the ribbon on his own business, Shortywood, with three goals: to turn his life around, act as a talent agent for little people and establish and fund charities that advocate for, rescue and place abandoned or abused pit bulls into safe homes. In the process, he became a reality-TV star. Now, with Hercules, his rescued pit bull and newly trained service dog by his side, Shorty continues to save pits from the basements and backyards of breeders and abusers while taking on new and even bigger challenges. And nothing is gonna stand in his way. Shorty Rossi is four feet tall—and rising.

Four Feet Tall and Rising

A Book of the Year in The Observer and The Times and winner of the Visionary Honours Award. 'David Harewood writes with rare honesty and fearless self-analysis about his experiences of racism and what ultimately led to his descent into psychosis . . . This book is, in itself, a physical manifestation of that hopeful journey.' - David Olusoga, author of Black and British This powerful and provocative memoir charts critically acclaimed actor David Harewood's life from working class Birmingham to the bright lights of Hollywood. He shares insights from his recovery after an experience of psychosis and uncovers devastating family history. Maybe I Don't Belong Here is a groundbreaking account of the impact of everyday racism on Black mental health and a rallying cry to examine the biases that shape our society. As a young actor, David had a psychotic breakdown and was sectioned under the Mental Health Act. He was physically restrained by six police officers, sedated, then hospitalized and transferred to a locked ward. Only now, thirty years later, has he been able to process what he went through. What caused this breakdown and how did David recover to become a successful actor? How did his experiences growing up contribute to a rupture in his sense of his place in the world? David's compelling story poses the question: Is it possible to be Black and British and feel welcome and whole?

Maybe I Don't Belong Here

"Come join me as I take you back to Charleston, South Carolina, to my father's forge in the early 1800's. Sit with me on the woodpile as he tells a tale of faith, hope, or love." In this extraordinary collection, Charlotte Jefferies and her father Price, a former slave, introduce us to twelve best loved Bible tales, from Genesis to Daniel, and reveal their significance in the lives of African Americans--and indeed of all oppressed peoples. When Charlotte wants to understand the cruel injustices of her time, she turns to her father. Does the powerful slaveholder, Mr. Sam Riley, who seems to own all that surrounds them, also own the sun and moon? she wonders. Price's answer is to tell the story of Creation. How can God allow an evil like slavery to exist? she asks. Price responds by telling the story of the Hebrews' Exodus -- and shows Charlotte that someday their people, too, will be free. With exquisite clarity, Patricia and Fredrick McKissack and James Ransome -- a Newbery Honor winner and all Coretta Scott King Award winners -- brilliantly illuminate the parallels between the stories of the Jews and African-American history. Let My People Go is a triumphant celebration of both the human spirit and the enduring power of story as a source of strength. Our hope is that this book will be like a lighthouse that can guide young readers through good times and bad....The ideas that these ancient stories hold are not for one people, at one time, in one place. They are for all of us, for all times, everywhere. --from the Authors' Note to Let My People Go

Let My People Go

Humans now live in a super greenhouse. Seas have risen. Oceans have acidified. And the fight for resources is deadly. To ensure nothing of this magnitude ever happens again, only those with enough intelligence and heart will earn the right to bear children and heal the earth. Nine teens must face the tests of the Proving to decide who will be Bound to this new order. Four of them will challenge the system in ways even they can't imagine. Nova. The gentle soul who has everything to lose. Kian. The champion of this new world who's determined to succeed. Dex. The one who'll learn nothing is as it seems. Wren. The rebel who wants nothing to do with any of it. As the fight to breed becomes a fight to survive, rules are broken, and hearts are captured. This Proving won't just decide the future of this new order, it will decide the future of humankind.

Mentioned in the pages of the Septuagint but lost to history, the Book of the Wars has resurfaced, and its pages hold secrets--and dangers--never before seen on earth. Tasked with capturing the ancient text, former Navy SEAL Leif Metcalfe is finally given command of his own team. But their best efforts are ruined when a notorious Bulgarian operative known as "Viorica" snatches the volume right out from under them. Iskra "Viorica" Todorova is determined to use the book to secure the thing that matters most--freedom. But a series of strange storms erupts around the globe and the coming dangers foretold in the text threaten crops, lives--entire nations. Though both are haunted by secrets of the past and neither trusts the other, Leif and Iskra must form an uneasy alliance to thwart impending disaster. However, the truth hidden in two- thousand-year-old words could unleash the storm of their own destruction.

Redeeming The Time

"An important contribution to the literature on contemporary American politics. Both methodologically and substantively, it breaks new ground." —Journal of Sociology & Social Welfare When Scott Walker was elected Governor of Wisconsin, the state became the focus of debate about the appropriate role of government. In a time of rising inequality, Walker not only survived a bitterly contested recall, he was subsequently reelected. But why were the very people who would benefit from strong government services so vehemently against the idea of big government? With *The Politics of Resentment*, Katherine J. Cramer uncovers an oft-overlooked piece of the puzzle: rural political consciousness and the resentment of the "liberal elite." Rural voters are distrustful that politicians will respect the distinct values of their communities and allocate a fair share of resources. What can look like disagreements about basic political principles are therefore actually rooted in something even more fundamental: who we are as people and how closely a candidate's social identity matches our own. Taking a deep dive into Wisconsin's political climate, Cramer illuminates the contours of rural consciousness, showing how place-based identities profoundly influence how people understand politics. *The Politics of Resentment* shows that rural resentment—no less than partisanship, race, or class—plays a major role in dividing America against itself.
